BRIEF FACTS OF THE CASE

M/s. Shreenathji Extrusion, 188/6/3, Karan Nagar, Opp., Ramdev Tekra, Ramdev Pir Temple, Chhatral-Kadi Road, Kadi, Dist-Mehsana-382715 (IEC: 0815005016) (hereinafter referred to as the 'Importer'), have imported following consignments of metallic Scrap from M/s. Gabani Limited, 1107 Winfield Commercial Building 6-8 Prat Avenue, TST, KL, Hong Kong, and M/s. Golden Metals Company, West Bank, Nablus, P.O. Box 688, Israel, as detailed in Table-A, below and for clearance thereof, filed Bill of Entry detailed in Table-B, Below through Customs Brokers mentioned against respective Bill of Entry.

Table-A

3	4818756 dated 02.11.2026	22530	70518.9	CHA:-N. Sudhakaran

2. However, before doing goods registration in above Bills of Entry, the Importer approached Customs vide letters dated 21.10.2026 and 03.11.2026, informing that the above consignments have been imported without Pre-shipment Inspection Certificates by the exporter (M/s. Gabani Limited, 1107 Winfield Commercial Building 6-8 Prat Avenue, TST, KL, Hong Kong and M/s. Golden Metals Company, West Bank, Nablus, P.O. Box 688, Israel) at the load port due to unforeseen circumstances prevailing in the exporting country during the relevant

period, despite their best efforts and continuous follow-up with the concerned parties.

3. Imports into India and exports out of India are regulated by Foreign Trade Policy notified by Government of India under Section 5 of the Foreign Trade (Development & Regulation) Act, 1992, as amended. Procedures to be followed by an exporter or importer or by any Licensing/Regional Authority or by any other authority for purposes of implementing provisions of FT (D&R) Act, and FTP are contained in Handbook of Procedures issued by Director General of Foreign Trade (DGFT) under Para 1.03 of FTP. Further, Para 2.32 of Foreign Trade Policy (FTP for short) read with Para 2.51 of Handbook of Procedures, requires that any consignment of any form of metallic waste or scrap coming to India is subjected to Inspection by a Pre-Shipment Inspection Agency, notified for the purpose by Directorate General of Foreign Trade, for confirming that the consignment does not contain hazardous, toxic waste, radioactive contaminated waste/scrap containing radioactive material, any types of arms, ammunition, mines, shells, live or used cartridge or any other explosive material in any form either used or otherwise. Para 2.32 of FTP and relevant clauses of Para 2.51 of Handbook of Procedures are reproduced below.

Para 2.32 of Foreign Trade Policy:

Import of any form of metallic waste, scrap will be subject to the condition that it will not contain hazardous, toxic waste, radioactive contaminated waste/scrap containing radioactive material, any types of arms, ammunition, mines, shells, live or used cartridge or any other explosive material in any form either used or otherwise as detailed in Para 2.51 of Handbook of Procedures.

Para 2.51 (d) of Handbook of Procedures (which deals with Scrap in un-shredded from)

(d) Import of un-shredded compressed and loose form of metallic waste, scrap shall be subject to the following conditions: -

(i) At the time of the clearance of goods, importer shall furnish to the Customs pre-shipment inspection certificate as per the format in Appendix 2H from any of the Inspection& Certification agencies given in Appendix-2G to the effect that the consignment does not contain any type of arms, ammunition, mines, shells, cartridges, or any other explosive material in any form either used or otherwise, and that the consignment was checked for radiation level and it does not contain radiation level (gamma and neutron) in excess of natural background. The certificate shall give the value of background radiation

level at that place as also the maximum radiation level on the scrap.

..

4. Therefore, provisions of Para 2.32 of FTP and Para 2.51 (d)(i) of Handbook of Procedures (HBoP make it clear that any metallic scrap being imported into India is required to be inspected for presence of arms/ammunition and radioactive contaminated waste before shipment into India and the Importer has to produce A certificate in prescribed format (Appendix 2H) confirming these facts. The agencies which can carry out such inspections are notified by DGFT in Appendix G to HBoP.

5. Since, goods covered under Bills of Lading listed in Table A above have been imported into India without the valid PSIC certificates, the impugned goods are liable for confiscation under Section 111(d) of the Customs Act, 1962, for having been imported in contravention of Provisions of Foreign Trade (Development & Regulation) Act, 1992 read with relevant provisions of FTP and HBoP. Further, since the M/s. Shreenathji Extrusion have failed to follow procedure prescribed, under Foreign Trade Policy, for import of metallic scrap, they have rendered the goods liable for confiscation under Section 111 (d) and are thus liable for penalty under Section 112(a) (i) of the Customs Act, 1962.

6. As per request of the Importer vide letters dated 21.10.2026 and 03.11.2026, the goods were allowed to be inspected by PSIA post import examination in the presence of Customs Inspector was conducted. The consignments have been inspected by PSIA M/s. Ni-Met Metals Inc. in ICD Khodiyar and as per PSIC issued by said PSIA the import consignments are, inter alia, found free from arms / ammunition and radiation levels are within normal limits.

POST-SHIPMENT INSPECTION CERTIFICATE

This post-shipment inspection certificate is issued in terms of paragraph 2.32.2 A of Handbook of Procedure (Vol.1) for import of shredded, unshredded, compressed and loose forms of metallic waste and scrap.

We, NI-MET METALS INC., conducted the for Post Shipment Inspection at ICD Khodiyar, Ahmedabad & we report as follows:

(1) I/We hereby certify that I/We have visually inspected the consignment and certify the ALUMINIUM SCRAP TREAD AS PER ISRI at ICD Khodiyar, Ahmedabad. We carried out the inspection and took the radiation readings of the background & scrap with our Radiation Check Meters. The details are as under:

(a) The import consignment is actually metallic scrap as per the internationally accepted parameters for such a classification.

(b) The consignment does not contain any symbol related to ionizing radiation and /or any marking related to transport of dangerous goods classified as class 7 as per United Nations classification.

(c) Details of Importer is as follows:

(i) Name : SHREENATHJI EXTRUSION
(ii) Address : 188/6/3, NR. GRASS INDIA, RAMDEVTEKRA, KARAN NAGAR, CHHATRAL-KADI KADI MAHESANA GUJARAT-382715 INDIA
(iii) IEC No. : 0815005016
(iv) Telephone No. : +919725008873
(v) E-mail : IMPORT_SHREENATHJI@YAHOO.COM
(vi) Gstin No. : 24ACMFS6940B1Z5
(vii) Pan No. : ACMFS6940B

(d) Type of Scrap : Unshredded

(e) Details and quantity of Import:

Description of metallic scrap	Quantity (in MTs)
ALUMINIUM SCRAP TREAD AS PER ISRI HS CODE: 76020010	13.800 MT (declared)

S.No.	CONTAINER No.

(f) (i) Country of Inspection : India
(ii) Place of Inspection : ICD Khodiyar, Ahmedabad
(iii) Date of Inspection : 05.11.2026
(iv) Duration of inspection (in hours): 2 Hours

(g) The following equipments have been used for inspecting the consignment.

(i) Make :ATOMTEX
(ii) Model :AT6130
(iii) Serial No. :20449
(iv) Last date of calibration :02-Jul-2025

Declaration

(1) The consignment does not contain any type of arms, ammunition, mines, shells, cartridges, or any other explosive material in any form, either used or otherwise, and that the consignment was checked for radiation level and it does not have radiation levels (gamma and neutron) in excess of natural background. Following are the values of:-
(i) Background radiation level at the place of examination is 0.09 µSv/h.
(ii) Maximum radiation level on the scrap is 0.08 µSv/h
The Radiation level of the consignment is within the accepted range.

(2) We hereby declare that the particulars and statements made in this certificate are true and correct and nothing has been concealed or held there from.

BoE No. 4818756 dated 02.11 .2026

The Customs examination has also found the goods as per declared description. The Importer has also provided copies of Sales Contracts dated 22.07.2026 and 05.08.2026 vide which, inter alia, mention that the consignment will not contain hazardous; toxic waste, radioactive contaminated waste/ scrap containing radioactive material, any type of arms, ammunition, mines, shells, live or used cartages or any other explosive material in any form either used or otherwise.

PERSONAL HEARINGs

7. Importer vide letters dated 21.10.2026 and 03.11.2026 had, inter-alia, conveyed their willingness to pay any penalty / fine and requested for waiver of Show Cause Notice and Personal Hearing. However, notwithstanding the request for waiver of Show Cause Notice and personal hearing, an opportunity of personal hearing was afforded in the interest of natural justice. Accordingly, Shri Viral Girishbhai Padariya, authorised representative of M/s. Shreenathji Extrusion, attended the personal hearing held on 19.11.2026 and reiterated the submissions furnished earlier vide letter dated 21.10.2026 and 03.11.2026.

DISCUSSION AND FINDINGS

8.1 I have carefully gone through the facts of the case. I find that M/s. Shreenathji Extrusion, 188/6/3, Karan Nagar, Opp., Ramdev Tekra, Ramdev Pir Temple, Chhatral-Kadi Road, Kadi, Dist-Mehsana-382715, have imported metallic scrap (details as per Table-A) and for custom clearance thereof, one Bill of Entry(as detailed in Table-B) has been filed. However, instead of proceeding for customs clearance, the Importer approached Customs, informing that the consignment of metallic scrap have been imported without Pre Shipment Inspection Certificate at the load port due to unforeseen circumstances prevailing in the exporting country during the relevant period, despite their best efforts and continuous follow-up with the concerned parties.

8.2 I find that the provisions of Foreign Trade Policy (Para 2.32) read with Handbook of Procedures (Para 2.51) quoted in foregoing paras make it clear that consignments of metallic scrap have to be inspected by a Pre-Shipment Inspection Agency in the country of export itself for confirming that it does not contain hazardous, toxic waste, radioactive contaminated waste/scrap containing radioactive material, any types of arms, ammunition, mines, shells, live or used cartridge or any other explosive material. Para 2.51 (d) (v)(vi) of HBoP makes it more clear, which states "Import consignments of metallic waste and scrap shall be subject to pre-shipment inspection certificate (PSIC) from the country of origin.

8.3 The importer even though have voluntarily informed the fact of consignments not being accompanied by PSIC and the consignment upon post import inspection at ICD Khodiyar by PSIA have been found to be free from arms / ammunition / radioactive material, the provisions of Foreign Trade (Development

& Regulation) Act, 1992 read FTP and HBoP have been contravened by the Importer by importing of metallic scrap into India without accompanied by valid PSIC. As such, I find that the subject import goods, are liable for confiscation under Section 111(d) of the Customs Act, 1962. The failure to follow procedure prescribed, under Foreign Trade Policy, for import of metallic scrap, is a clear omission on part of the Importer M/s. Shreenathji Extrusion. Therefore, M/s. Shreenathji Extrusion are liable for penalty under Section 112(a)(i) for having rendered the goods liable for confiscation. However, I find that the Importer did not intend to clear the consignments without prescribed inspection by PSIA and I also find that for this procedural breach the importer had voluntarily informed the fact to Customs Department. The requirement of FTP & HBoP have also been met after completion of post import inspection of goods by PSIA. The Importer vide letters dated 21.10.2026 and 03.11.2026 has also provided copy of Sales Contracts in respect of the impugned consignment which, inter alia, contain the clause that the consignment does not contain hazardous; toxic waste, radioactive contaminated waste/ scrap containing radioactive material, any type of arms, ammunition, mines, shells, live or used cartages or any other explosive material in any form either used or otherwise. In light of these facts I am inclined to be lenient in imposing fine and penalty on the Importer.

9. In view of the foregoing discussions and findings, I pass the following order:

ORDER

i. I order for confiscation of the impugned goods under Section 111(d) of the Customs Act, 1962, details as below :

SN	Description of Goods	Qty (Kgs)	Value (in Rs.)	B.E and Date
1	ALUMINIUM SCRAP TREAD AS PER ISRI	13800	41,42,305/-	4772996 dated 30.10.2026
2	ALUMINIUM SCRAP TREAD AS PER ISRI	24935	72,69,450/-	4574009 dated 22.10.2026
3	ALUMINIUM SCRAP TREAD AS PER ISRI	22530	67,62,763/-	4818756 dated 02.11.2026

However, I give the importer an option under provision of Section 125(1) of the Customs Act, 1962, to redeem the said goods on payment of redemption fine as per the details below:

SN	B.E and Date	Redemption Fine
1	4772996 dated 30.10.2026	**Rs. 30,000/- (Rupees Thirty Thousand Only)**
2	4574009 dated 22.10.2026	**Rs. 50,000/- (Rupees Fifty Thousand Only)**
3	4818756 dated 02.11.2026	**Rs. 40,000/- (Rupees Forty Thousand Only)**

ii. I impose penalty on Importer M/s. Shreenathji Extrusion, 188/6/3, Karan Nagar, Opp. Ramdev Tekra, Ramdev Pir Temple, Chhatral-Kadi Road, Kadi, Dist-Mehsana-382715 (IEC: 0815005016) under Section 112(a)(i) of the Customs Act, 1962, as detailed below :

SN	B.E and Date	Penalty under Section 112(a)(i)
1	4772996 dated 30.10.2026	**Rs. 15,000/- (Rupees Fifteen Thousand Only)**
2	4574009 dated 22.10.2026	**Rs. 25,000/- (Rupees Twenty Five Thousand Only)**
3	4818756 dated 02.11.2026	**Rs. 20,000/- (Rupees Twenty Thousand Only)**

10. This Order is issued without prejudice to any other action that may be taken against the Importer or other in respect of the imported goods under the provisions of the Customs Act, 1962 or any other law for the time being in force in India.
