BRIEF FACTS OF THE CASE

The consignment covered under the aforesaid Bill of Entry were flagged pursuant to NCTC Alert No. 2025-26/IMP/2597 dated 06.08.2025, which indicated potential risks of mis-declaration and concealment of prohibited or restricted goods. The importer, M/s. BCM Enterprises (IEC: GMNPS5095A), is a Delhi-based firm that filed the Bill of Entry on a self-filing basis. These consignment pertain to container bearing numbers MSBU7320077 lying at FAST TRACK CFS Pvt. Ltd., Adani Port SEZ, Mundra.

The table below summarizes the goods as described on the invoice, packing list, and BE **3688539 dated 04.08.2025**

The consignments were examined on 21.08.2025 and 22.08.2025 at the SEZ unit of Fast Track CFS Pvt. Ltd., Adani Port in the presence of Shri Chirag Sudhakar More,

Deputy Manager (Operations), Fast Track CFS, and Shri Narendersinh Gamubha Jadeja, Authorized Representative of M/s. BCM Enterprises.

External inspection revealed no signs of tampering or hidden cavities, and all seal numbers matched those declared in the respective Bills of Lading. The containers were then opened, destuffed sequentially, and goods were arranged and examined in detail against the corresponding invoice, packing list, and Bill of Entry to verify quantity, weight, description, and packing marks.

2. Action taken/ Examination findings:

2.1 Regarding Bill of Entry (BE) 3688539 dated 04.08.2025, the declared weight is 26,923 kgs. The SEZ Unit weight slip shows 28,460 kgs, and the weight found during examination is 28,390 kgs. The following observations are made during the examination, which compared the BE and the packing list.

Item-wise verification reveals several **misdeclarations**. For polyester knitted fabric, 845 rolls weighing 12,300 kgs are found as against 48 cartons (660 kgs) declared, showing an excess of 797 rolls. In the case of zippers, against a declaration of 300 cartons (5,459 kgs), only 96 cartons (3,250 kgs) are found, resulting in a shortage of 204 cartons. For saw blades, 156 cartons containing 17,400 pcs (3,200 kgs) are found against the declaration of 400 cartons (60,792 pcs), indicating a shortage of 244 cartons. Submersible pumps also reflect misdeclaration, with 170 cartons containing 680 pcs (2,860 kgs) found against 586 cartons (1,908 pcs) declared, leading to excess cartons.

2.3 In the case of the Polyester Knitted Fabric, the exact nature and characteristics of the material cannot be ascertained through visual examination. Accordingly,

representative samples are drawn in triplicate for laboratory testing to determine the precise nature and composition of the goods, in the presence of the aforementioned persons.

3. Investigations Conducted:-

3.1 After that the sample send for testing purpose to CRCL, Kandla vide test memo no. 176/26.08.2025 dated 27.08.2025. The CRCL, Kandla vide Lab No: 4911 dated 17.09.2025 reported the findings as detailed in Table below:-

Sr. B/E No. Report
No. and date

1 3688539 04.08.2025 The sample as received is in the form of a cut piece of white **knitted fabric** having printed **cut pile** on one side. The base fabric is composed of **polyester filament** yarn together with the lycra and pile is made of polyester fiber.
GSM (as such) = 283.0
Width (Selvage to Selvage) = 158 cm
% Composition
Total polyester = 95.92%
Lycra = Balance.
Hazardous dye (Banned Aromatic Amines) not detected in the sample.
Note = A separate report is issued for NABL Accredited parameters.

3.2 The test report was shared with the importer via e-mail dated 25.09.2025; however, no response has been received from their end. As per the findings of the test report, the goods have been identified as "Pile polyester filament printed knitted fabric", classifiable under CTH 60019200 (of man-made fibres).

Heading 6001 covers "Pile fabrics, including long pile fabrics and terry fabrics, knitted or crocheted," and sub-heading 600110 specifically pertains to "Long pile fabrics."

In contrast, the importer had declared the goods as "Polyester Knitted Fabrics" under CTH 60063400. Although there is a variation between the declared description and the test report findings, both fall under different Customs Tariff Headings (CTHs). Accordingly, duty is to be assessed based on the correct classification CTH 60019200 (of man-made fibres) of the imported goods as determined by the test results.

3.3 As per the test reports and Customs Tariff, most appropriate CTH for the goods imported by the importer appears to be declared as above are not correct. The correct classification of the fabrics is 60019200

Table-B

Sr. No	BE No. & Container Number	Description of Goods - As per Test Report	Correct HSN
1	3688539 dated 04.08.2025 (TLLU8729058)	"Pile polyester filament printed knitted fabric"	60019200

3.4 In view of the above, Shri Rahul Sharma, proprietor of M/s. BCM Enterprises, in his statement dated 25.09.2025 has accepted the test report. Accordingly, it appears that the importer has misclassified and misdeclared the goods in respect of their nature,

composition, description and quantity. The imported goods, declared as “Polyster Knitted Fabric (CTH 60063400)” in the said Bill of Entry, thus appear to be incorrectly declared.

3.5 The importer declared the goods as “**Decorative Accessories (CTH 95059090)**”, which fall under the category of festive, carnival, or other entertainment articles. However, upon physical examination, it was found that the goods were actually **artificial flowers (CTH 67021090)**. Although there is a variation in the description and the goods fall under different Customs Tariff Headings (CTH), the rate of duty applicable under both classifications is the same.

3.6 Rejection of declared value & Redetermination of Assessable Value:

Rule 3 of the Customs Valuation (Determination of Price of Imported Goods) Rules, 2007 (hereinafter referred to as “the CVR, 2007”) provides the method of valuation. Rule 3(1) of the CVRs, 2007 provides that subject to Rule 12, the value of imported goods shall be the transaction value adjusted in accordance with provisions of Rule 10. Rule 3(4) *ibid* states that if the value cannot be determined under the provisions of sub-rule (1), the value shall be determined by proceeding sequentially through Rule 4 to 9 of CVR, 2007. Whereas, it appears that, transaction value in terms of Rule 3 of the CVR, 2007, is to be accepted only where there are direct evidences with regard to the price actually paid or payable in respect of the imported goods by the importer. Whereas, in the present case, it appears that, there is reasonable doubt regarding the truth and accuracy of the declared value as the goods have been found to be mis-declared in terms of quantity, and hence the transaction value appears to be liable to be rejected in terms of Rule 12 of the CVR, 2007. Since the items found during the examination with no specification, the valuation of the same could not be determined in terms of Rule 4 to 8 of the CV Rules, *ibid*. Therefore, valuation of the goods appears liable to be done under residual method of valuation provided under Rule 9 of the CV Rules *ibid* and accordingly, opinion of the empanelled Chartered Engineer was sought for determination of the value of the imported goods. The Chartered Engineer vide his Report No. – VC/CFS/MUN/BE/@TKS486799*/3688539/X/2025-26 Date: 10/10/2025 has suggested the value of the imported goods as 72554 USD as detailed in Table-C below:-

3.8 The duty on the imported goods requires re-determination based on the applicable rates. Accordingly, there appears to be a case of non/short levy of Customs duty as declared by the importer. The details of duty re-determined/calculated on the basis of test reports are furnished in **Table-F** below:-

3.9 Statement of Shri Rahul Sharma, proprietor, M/s. BCM Enterprises, G-79, Vijay Chowk, Office No. B-104, Laxmi Nagar, Delhi - 110092, recorded on 25.09.2025, He perused the CRCL, Kandla, test reports no. 4911 dated 17.09.2025 and agreed with the findings given in report. In the statement, he inter-alia stated that:-

- The proprietor, in his statement, agreed with the examination findings and stated that the shortage appeared to have occurred due to an error or omission at the supplier's end, as the actual shipment did not match the quantities declared in the invoice and shipping documents. In respect of **Fabric**, which was found in **huge excess – 845 rolls against declared 48 rolls**, he explained that the excess quantity seemed to have been shipped **inadvertently by the overseas supplier**, and he had **no prior knowledge** of the excess at the time of filing the Bill of Entry.
- In view of the repeated mis-declarations observed across all three Bills of Entry, including shortages, excess quantities, undeclared items, and substitution of goods, the proprietor stated that they had no role in these discrepancies and were unaware of any mis-declarations at the time of filing the Bills of Entry. He further explained that the

discrepancies appeared to have arisen due to miscommunication and lapses at the supplier's end.

- When asked to clarify whether the discrepancies were due to a supplier's error, intentional misdeclaration, or any other reason, the proprietor stated that the discrepancies were solely due to errors on the part of the supplier. He further affirmed that there was no intention to misdeclare or conceal any goods and submitted the relevant purchase orders and correspondence with the supplier to substantiate his explanation.
- When asked whether he accepted the findings of the examination report regarding shortages, excess quantities, and mis-declarations under all three Bills of Entry, and whether he was willing to accept the revised classification, valuation, and pay applicable duty, fine, and penalty, the proprietor stated that they accept the findings of the Customs examination report. He further confirmed that they are willing to accept the revised classification and valuation as determined by Customs and undertake to pay all applicable duty, fine, and penalty as may be imposed. He also requested that the matter be settled without issuance of a Show Cause Notice and personal hearing.
- During the course of the statement, he stated that he had perused the test reports received from CRCL, Kandla, and confirmed that he fully agrees with the findings mentioned therein.

Rule 12. Rejection of declared value . - (1) When the proper officer has reason to doubt the truth or accuracy of the value declared in relation to any imported goods, he may ask the importer of such goods to furnish further information including documents or other evidence and if, after receiving such further information, or in the absence of a response of such importer, the proper officer still has reasonable doubt about the truth or accuracy of the value so declared, it shall be deemed that the transaction value of such imported goods cannot be determined under the provisions of sub-rule (1) of rule 3.

5. Summary of Investigations Conducted:

5.1 The consignments covered under the aforesaid Bill of Entry (BE) 3688539 dated 04.08.2025 were flagged pursuant to NCTC Alert No. 2025-26/IMP/2597 dated

06.08.2025, indicating potential risks of mis-declaration and concealment of prohibited or restricted goods. The importer, M/s. BCM Enterprises (IEC: GMNPS5095A), a Delhi-based firm, had filed the Bill of Entry on a self-filing basis. The consignment pertains to container bearing number MSBU7320077 lying at FAST TRACK CFS Pvt. Ltd., Adani Port SEZ, Mundra. The examination of the consignment was conducted on 21.08.2025 and 22.08.2025 at the SEZ unit of Fast Track CFS Pvt. Ltd., Adani Port.

5.2 Based on the examination report of **BE 3688539 dated 04.08.2025** (declared weight 26,923 kgs; SEZ unit weight 28,460 kgs; examined weight 28,390 kgs), significant discrepancies were revealed between the Bill of Entry and the packing list. The examination found **excesses** in **Fabric** (845 rolls / 12,300 KGS against 48 CTNS / 660 KGS declared, an excess of 797 rolls), **Bearings** (136 CTNS against 2 CTNS declared, an excess of 134 CTNS), and **Decorative Accessories** (1,080 KGS found against 852 KGS declared). Conversely, shortages were noted for **Zipper** (96 CTNS / 3,250 KGS found against 300 CTNS / 5,459 KGS declared, a shortage of 204 CTNS), **Saw Blade** (156 CTNS found against 400 CTNS declared, a shortage of 244 CTNS), **Pen for Stationary Items** (700 less PCS found), and **Submersible Pump** (170 CTNS / 680 PCS found against 586 CTNS / 1,908 PCS declared, leading to a shortage in quantity despite excess cartons). Overall, the examination confirms widespread misdeclaration in terms of quantity and description.

5.3 For the **Polyester Knitted Fabric** under BE 3688539, representative samples were sent to **CRCL, Kandla** for testing (Test Memo no. 176/26.08.2025, Lab No. 4911). The test report dated 17.09.2025 identified the goods as a cut piece of "**Pile polyester filament printed knitted fabric**" (Polyester 95.92%, Lycra balance) with a GSM of 283.0. This product is correctly classifiable under **CTH 60019200** (of man-made fibres), which covers "Pile fabrics... knitted or crocheted." The importer had declared the goods as "Polyester Knitted Fabrics" under **CTH 60063400**. Although there is a difference in CTH, the proprietor of M/s. BCM Enterprises, **Shri Rahul Sharma**, was informed of the test report on 25.09.2025 and subsequently **accepted the findings** in his statement dated 25.09.2025. Additionally, the goods declared as "**Decorative Accessories**" (**CTH 95059090**) were found to be **Artificial Flowers** (correct CTH 67021090), though the rate of duty remained the same under both classifications. Consequently, the imported goods reflect misclassification and misdeclaration in terms of their nature, composition, description, and quantity. The duty is to be assessed based on the correct classification **CTH 60019200** for the fabric and **CTH 67021090** for the artificial flowers.

5.4 These facts have been accepted in the statement by Shri Rahul Sharma, proprietor of M/s BCM Enterprises, Delhi, recorded on 25.09.2025, where he acknowledged the CRCL, Kandla test report (Lab No. 4911) and agreed with its findings. The importer has accepted the misclassification and misdeclaration of goods in respect of their nature, composition, description and quantity. The imported goods, declared as "Polyester Knitted Fabric (CTH 60063400)" and "Decorative Accessories (CTH 95059090)", are thus incorrectly declared and should be assessed under the correct CTHs.

5.5. Thus, by the act of omission and commission at the level of importer, it appears that, the importer has contravened the provisions of Section 46 and Section 17 of the Customs Act, 1962, in as much as, they failed to make correct and true declaration and information to the Customs Officer in the form of Bill of Entry and also failed to assess

their duty liability correctly and accordingly the goods imported by the importer appear liable to be confiscation under Section 111(l) and Section 111(m) of the Customs Act, 1962 and the importer M/s. BCM Enterprises have rendered themselves liable for penalty under Section 112(a)(ii) of the Customs Act, 1962. Further, it appears that the importer has used Bill of Lading, invoices and packing list while filing Bill of Entry, these documents contain incorrect or false material particulars regarding the quantity, and description of the goods imported by them. Accordingly, the importer appears to have rendered themselves liable for penalty under Section 114AA of the Customs Act, 1962.

6. Shri Rahul Sharma, proprietor of M/s BCM Enterprises, in his statement recorded on 25.09.2025, has affirmed that he fully concurs with the findings detailed in the examination report as well as the laboratory test reports. He clarified that the shortages and excesses observed in the respective Bills of Entry occurred due to inadvertent errors or omissions on the part of the overseas supplier. Shri Sharma further stated that he had no prior knowledge of these discrepancies at the time of filing the Bills of Entry and that there was no intention on his part to misdeclare or conceal any information. He also expressed his complete willingness to accept the revised customs classification and valuation of the goods as determined by the authorities. Moreover, he confirmed his readiness to pay all applicable customs duties, fines, and penalties arising from these discrepancies. In this context, Shri Sharma requested that the matter may be settled administratively, without the need for issuance of a Show Cause Notice or the conduct of a personal hearing, relying on the bona fide nature of the discrepancies and his proactive approach to compliance.

PERSONAL HEARING AND SUBMISSIONS

7. The importer M/s. BCM Enterprises vide letter dated 13.11.2025 has submitted the following:

".....we submit that we had imported goods vide Bill of Lading No. MEDUOT158708 Dated 17/07/2025 HBL NO 177GBLBLN5C804A Dated 17/07/2025 and filed Bill of Entry No. 3688539 Dated 04/08/2025.

The valuation of the said goods has been duly carried out by a Chartered Engineer (CE). We hereby confirm that we fully agree with and accept the value determined by the Chartered Engineer.

We also request your kind office to waive the issuance of Show Cause Notice (SCN) and Personal Hearing (PH), and to decide the matter on merits.

....."

DISCUSSION AND FINDINGS

8. I have carefully gone through the records of the case and Investigation Report No. 166 dated 13.11.2025. The importer vide letter dated 13.11.2025 has requested for waiver of Show Cause Notice and personal hearing in the matter. Thus, I find that the principles of natural justice as provided under Section 122A of the Customs Act, 1962 have been

complied with and I proceed to decide the case on the basis of documentary evidence available on record. The main issues to be decided are:

- (i) Whether the declared description "Polyester Knitted Fabric" and classification CTH 60063400 for the item Sr. No. 1 of Bill of Entry No. 3688539 dated 04.08.2025 are liable to be rejected and the same are liable to be re-classified as "Pile polyester filament printed knitted fabric" under CTH 60019200 as per the test report;
- (ii) Whether the declared assessable value of Rs. **14,24,743/-** for the goods under Bill of Entry No. 3688539 dated 04.08.2025 is liable to be rejected under Rule 12 of CVR, 2007 and re-determined as **Rs. 62,97,687/-** as per the Chartered Engineer's valuation report in terms of Rule 9 of CVR, 2007;
- (iii) Whether the Bill of Entry No. 3688539 dated 04.08.2025 requires re-assessment under Section 17(4) of the Customs Act, 1962 to levy the re-determined duty;
- (iv) Whether the goods are liable for confiscation under Section 111(l) and Section 111(m) of the Customs Act, 1962;
- (v) Whether penalty under Section 112(a)(ii) and 114AA of the Customs Act, 1962 is imposable on the importer M/s. BCM Enterprises;

9.1 Regarding the first issue, I find that the importer vide Bill of Entry No. 3688539 dated 04.08.2025 has declared the item at Sr. No. 1 as "**Polyester Knitted Fabric**" under CTH 60063400. However, representative samples were sent to CRCL, Kandla for testing vide Test Memo No. 176/26.08.2025 dated 27.08.2025. The test report Lab No. 4911 dated 17.09.2025 identified the goods as "**Pile polyester filament printed knitted fabric**" with the base fabric composed of polyester filament yarn together with the lycra and pile made of polyester fiber. The total polyester content is 95.92% and Lycra balance, GSM (as such) = 283.0, Width (Selvedge to Selvedge) = 158 cm.

9.2 I find that the declared description "Polyester Knitted Fabric" does not accurately describe the actual goods imported. The test report clearly establishes that the goods are "Pile polyester filament printed knitted fabric" which is fundamentally different from the declared description. The term "Pile fabric" denotes a specific type of fabric construction where additional yarns are incorporated to create a raised surface, and the word "printed" indicates that the fabric has undergone a printing process. These characteristics were not reflected in the declared description.

9.3 I find that as per the test report and Customs Tariff, the most appropriate CTH for the goods imported by the importer is **CTH 60019200** (of man-made fibres). Heading 6001 covers "Pile fabrics, including long pile fabrics and terry fabrics, knitted or crocheted," and sub-heading 600110 specifically pertains to "Long pile fabrics." The importer had declared the goods as "Polyester Knitted Fabrics" under CTH 60063400. Although there is a variation between the declared description and the test report findings, both fall under different Customs Tariff Headings.

9.4 I find that Shri Rahul Sharma, proprietor of M/s. BCM Enterprises, was informed of the test report on 25.09.2025 and subsequently accepted the findings in his statement dated 25.09.2025. Accordingly, it appears that the importer has misclassified and misdeclared the goods in respect of their nature, composition and description.

9.5 In view of the above, I hold that the declared description "Polyester Knitted Fabric" and declared classification CTH 60063400 are liable to be rejected and the goods are to be re-classified as "Pile polyester filament printed knitted fabric" under CTH 60019200 as per the test report findings.

10.1 Regarding the second issue, I find that the declared assessable value was **Rs. 14,24,743/-** for the goods covered under Bill of Entry No. 3688539 dated 04.08.2025. However, based on the examination, significant discrepancies were found between the declared quantity and the actual quantity found during examination. The examination found excesses in Fabric 845 rolls (12,300 KGS) against 48 CTNS (660 KGS) declared, an excess of 797 rolls, Bearing (136 CTNS against 2 CTNS declared), and shortages for Zipper, Saw Blade, Pen for Stationary Items and Submersible Pump.

10.2 I find that since the goods found on examination differ significantly from the declared goods in terms of description, quantity and nature, the declared value cannot be accepted as the true transaction value. As per Rule 12 of CVR, 2007, when the proper officer has reason to doubt the truth or accuracy of the value declared in relation to any imported goods, and after receiving further information or in the absence of a response, the proper officer still has reasonable doubt about the truth or accuracy of the value so declared, it shall be deemed that the transaction value of such imported goods cannot be determined under the provisions of sub-rule (1) of rule 3.

10.3 I find that as per Rule 3(4) of CVR, 2007, if the value cannot be determined under the provisions of sub-rule (1), the value shall be determined by proceeding sequentially through Rules 4 to 9. The subject consignment comprises goods and in the absence of credible data of import of similar/identical goods due to unique quality of goods and other constraints, the value of these goods cannot be determined under Rules 4 to 8 of CVR, 2007.

10.4 I find that accordingly, the value is to be determined under Rule 9 (Residual method) of CVR, 2007. The empanelled Chartered Engineer was engaged for valuation purposes and vide CE Report No. VC/CFS/MUN/BE/@TKS486799*/3688539/X/2025-26 dated 10/10/2025, has provided the valuation of the goods. The Chartered Engineer has determined that the suggestive CIF value of the goods is **Rs. 62,97,687/-**. The importer vide letter dated 13.11.2025 has accepted the Chartered Engineer's valuation report.

10.5 I find that the declared assessable value was **Rs. 14,24,743/-**, whereas the re-determined assessable value as per the Chartered Engineer's report is **Rs. 62,97,687/-**, showing an undervaluation of **Rs. 48,72,944/-**. This significant undervaluation, mis-declaration of description and quantity, clearly establishes that the declared value is not acceptable.

10.6 In view of the above, I hold that the declared assessable value of **Rs. 14,24,743/-** is liable to be rejected under Rule 12 of CVR, 2007 and the value is re-determined at **Rs. 62,97,687/-** in terms of Rule 9 of CVR, 2007 based on the Chartered Engineer's valuation report dated 10/10/2025.

11.1 Regarding the third issue, I find that Section 17(4) of the Customs Act, 1962 provides that "*where it is found on verification, examination or testing of the goods or otherwise that the self-assessment is not done correctly, the proper officer may, without prejudice to any*

other action which may be taken under this Act, re-assess the duty leviable on such goods." In the present case, I find that the self-assessment is incorrect and incomplete as it is based on wrong classification, incorrect quantity, and undervalued goods. The declared value has been rejected and re-determined as **Rs. 62,97,687/-** as discussed above. The duty liability needs to be re-calculated based on the re-determined assessable value.

11.2 I find that as per the re-determined assessable value of **Rs. 62,97,687/-**, the duty liability is as follows:

Sr. No.	Item Description	Total Re-determined Assessable Value (In Rs.)	BCD (in Rs.)	SWS (in Rs.)	IGST (In Rs.)	Total Re-determined Duty (In Rs.)	Declared Duty (In Rs.)	Differential Duty (In Rs.)
1	Various goods as mentioned in Table-F, supra	62,97,687/-	9,87,307/-	98,731/-	7,21,393/-	18,07,430/-	4,48,350/-	13,59,080/-

11.3 Therefore, I hold that Bill of Entry No. 3688539 dated 04.08.2025 is liable to be re-assessed under Section 17(4) of the Customs Act, 1962 and the total re-determined duty liability is Rs. 18,07,430/- as against the declared duty of Rs. 4,48,350/-, resulting in differential duty of **Rs. 13,59,080/-** (Rupees Thirteen Lakh Fifty Nine Thousand Eighty Only).

12.1 Regarding the fourth issue, I find that Section 111(l) of the Customs Act, 1962 provides for confiscation of *"any dutiable or prohibited goods which are not included or are in excess of those included in the entry made under this Act, or in the case of baggage in the declaration made under section 77."* In the present case, I find that the importer declared 48 CTNS / 660 KGS of Polyester Knitted Fabric in the Bill of Entry. However, on examination 845 rolls / 12,300 KGS of Pile polyester filament printed knitted fabric were found, resulting in an excess of 797 rolls. Further, significant excesses and shortages were found in other items as well. This clearly establishes that there were excess goods which were not included in the entry made under the Act.

12.2 I find that Section 111(m) of the Customs Act, 1962 provides for confiscation of *"any goods which do not correspond in respect of value or in any other particular with the entry made under this Act or in the case of baggage with the declaration made under Section 77 in respect thereof, or in the case of goods under transshipment, with the declaration for transshipment referred to in the proviso to sub-section (1) of section 54."* I find that in the present case, the goods do not correspond with the entry made in the Bill of Entry in multiple respects i.e. classification, description, quantity and value. I find that the importer has violated Section 46(4) of the Customs Act, 1962 by not making a true declaration as to the contents of the Bill of Entry. Further, the importer has violated Section 46(4A) of the Customs Act, 1962 by not ensuring the accuracy and completeness of the information given in the Bill of Entry. The significant discrepancies in classification, description, quantity, and value clearly establish that the declaration made was false and incorrect.

12.3 I find that the importer's acts of omission and commission have rendered the goods liable to confiscation. The excess quantity, mis-declaration of classification and description, and significant undervaluation collectively establish that the goods do not correspond with the entry made under the Act. Therefore, I hold that the goods imported vide Bill of Entry No. 3688539 dated 04.08.2025 having re-determined

assessable value of **Rs. 62,97,687/-** are liable for confiscation under **Section 111(l)** and **Section 111(m)** of the Customs Act, 1962.

12.4 Further, I note that as per Section 125(1) of the Customs Act, 1962, in case of confiscation of goods other than prohibited goods, an option to pay fine in lieu of confiscation shall be given to the owner. In the present case, since the imported goods are not prohibited goods, I find it appropriate to give the importer an option to redeem the confiscated goods on payment of appropriate redemption fine under Section 125 of the Customs Act, 1962.

13.1 Regarding the fifth issue, I find that Section 112(a)(ii) of the Customs Act, 1962 provides for penalty in the case of dutiable goods, other than prohibited goods, on any person who, in relation to any goods, does or omits to do any act which act or omission would render such goods liable to confiscation under section 111. In the present case, I find that the importer has imported mis-classified, mis-declared and undervalued goods with differential duty liability of **Rs. 13,59,080/-**. The importer's acts of declaring wrong classification, declaring incorrect quantity, and significant undervaluation have rendered the goods liable to confiscation under Section 111(l) and Section 111(m) of the Customs Act, 1962. These acts of omission and commission attract penalty under **Section 112(a)(ii)** of the Customs Act, 1962.

13.2 I find that Section 114AA provides for penalty for "use of false and incorrect material". In the present case, the importer has used invoices and packing list while filing Bill of Entry, and examination revealed significant discrepancies regarding the actual nature and particulars of the goods, including mis-declaring the classification, incorrect quantity, and significantly undervaluing the goods.

13.3 In the present case, I find that the importer knowingly suppressed material facts regarding the actual nature and particulars of the goods, including misdeclaring the classification, stating an incorrect quantity, and significantly undervaluing the goods, resulting in an undervaluation of Rs. 48,72,944/-. I find that the importer used invoices and a packing list while filing the Bill of Entry, these documents contain incorrect or false material particulars regarding the classification, quantity, and value of the imported goods, which are material particulars affecting both duty liability and assessment. Further, the importer concealed the actual quantity of the imported goods, thereby suppressing information about excess goods. This suppression of material facts regarding the classification, description, quantity, and value of the goods, and the significant undervaluation, constitutes the use of false and incorrect material particulars in documents filed for Customs purposes, thereby attracting a penalty under **Section 114AA** of the Customs Act, 1962.

13.4 Therefore, I find that penalties under **Sections 112(a)(ii)** and **114AA** of the Customs Act, 1962 are imposable upon the importer M/s. BCM Enterprises.

ORDER

14. In view of the foregoing discussion and findings, I pass the following order:

(i) I order to reject the declared description "Polyester Knitted Fabric" and classification CTH 60063400 in respect of item Sr. No. 1 of the Bill of Entry No. 3688539 dated 04.08.2025 and order re-classification of the goods as "Pile polyester filament printed

knitted fabric" under CTH 60019200 as per the test report dated 17.09.2025 issued by the CRCL, Kandla;

(ii) I order to reject the declared assessable value of **Rs. 14,24,743/-** in respect of goods covered under Bill of Entry No. 3688539 dated 04.08.2025 under Rule 12 of the Customs Valuation (Determination of Value of Imported Goods) Rules, 2007 and order re-determination of assessable value at **Rs. 62,97,687/-** (Rupees Sixty Two Lakh Ninety Seven Thousand Six Hundred Eighty Seven Only) in terms of Rule 9 of CVR, 2007:

(iii) I reject the self-assessment of Bill of Entry No. 3688539 dated 04.08.2025 and order to re-assess the same under Section 17(4) of the Customs Act, 1962. The total re-determined duty liability is **Rs. 18,07,430/-** (Rupees Eighteen Lakh Seven Thousand Four Hundred Thirty Only). The differential duty on the imported goods comes out to **Rs. 13,59,080/-** (Rupees Thirteen Lakh Fifty Nine Thousand Eighty Only);

(iv) I order to confiscate the imported goods covered under Bill of Entry No. 3688539 dated 04.08.2025 having re-determined assessable value of **Rs. 62,97,687/-** (Rupees Sixty Two Lakh Ninety Seven Thousand Six Hundred Eighty Seven Only), under Sections 111(l) and 111(m) of the Customs Act, 1962. However, I give option to the importer to redeem the said goods for home consumption under Section 125 of Customs Act, 1962 on payment of Redemption Fine of **Rs. 6,00,000/-** (Rupees Six Lakh Only);

(v) I impose penalty of **Rs. 1,30,000/-** (Rupees One Lakh Thirty Thousand Only) on the importer M/s. BCM Enterprises under **Section 112(a)(ii)** of Customs Act, 1962;

(vi) I impose penalty of **Rs. 1,00,000/-** (Rupees One Lakh Only) on the importer M/s. BCM Enterprises under **Section 114AA** of Customs Act, 1962.

15. This order is issued without prejudice to any other action that may be taken against the importer or any other person under the provisions of the Customs Act, 1962 or any other law for the time being in force in the Republic of India.
