A	File No.	GEN/ADJ/COMM/47/2024-ADJN-O/o-Commr-Cus-Kandla
B	Order-in-Original No.	KND-CUSTM-000-COM-09-2025-26
C	Passed by	M. Ram Mohan Rao, Commissioner of Customs, Custom House, Kandla.
D	Date of Order	30.06.2025
E	Date of Issue	02.07.2025
F	SCN No. & Date	GEN/ADJ/COMM/47/2024-ADJN dated 25.01.2024
G	Noticee / Party / Importer / Exporter	M/s. Sheel Oil and Fats Pvt. Ltd and others

1. This Order-in-Original is granted to the concerned free of charge.
2. Any person aggrieved by this Order - in - Original may file an appeal under Section 129 A (1) (a) of Customs Act, 1962 read with Rule 6 (1) of the Customs (Appeals) Rules, 1982 in quadruplicate in Form C. A. -3 to:

Customs Excise & ServiceTax AppellateTribunal, West Zonal Bench,
2ndFloor, Bahumali Bhavan Asarwa,
Nr.Girdhar Nagar Bridge,GirdharNagar, Ahmedabad-380004
3. Appeal shall be filed within three months from the date of communication of this order.
4. Appeal should be accompanied by a fee of Rs.1000/- in cases where duty, interest, fine or penalty demanded is Rs. 5 lakh (Rupees Five lakh) or less, Rs. 5000/-in cases where duty, interest, fine or penalty demanded is more than Rs. 5 lakh(Rupees Five lakh) but less than Rs.50 lakh (Rupees Fifty lakhs) and Rs. 10,000/- in cases where duty, interest, fine or penalty demanded is more than Rs. 50 lakhs(Rupees Fifty lakhs). This fee shall be paid through Bank Draft in favour of the Assistant Registrar of the bench of the Tribunal drawn on a branch of any nationalized bank located at the place where the Bench is situated.
5. The appeal should bear Court Fee Stamp of Rs.5/-under Court Fee Act whereas the copy of this order attached with the appeal should bear a Court Fee stamp of Rs.0.50 (Fifty paisa only) as prescribed under Schedule-I, Item 6 of the CourtFees Act, 1870.
6. Proof of payment of duty/fine/penalty etc. should be attached with the appeal memo.
7. While submitting the appeal, the Customs (Appeals) Rules, 1982 and the CESTAT (Procedure) Rules, 1982 should be adhered to in all respects.
8. An appeal against this order shall lie before the Appellate Authority on payment of 7.5% of the duty demanded wise duty or duty and penalty are in dispute, or penalty wise if penalty alone is in dispute.

Brief facts of the case:

The information gathered by the Directorate of Revenue Intelligence(referred as 'DRI' hereinafter) indicated that M/s. Tata International Limited, Office No. 11, Ground Floor, Plot No. 40, Sector 8, Gandhidham, Kachchh-370201 (IEC 388024291), (herein after referred as 'M/s TIL' for sake of brevity), have imported 20300 MTs goods consisting of 75% RBD Olein (i.e. Refined Bleached and Deodorised Palm Olein) by mis-declaring the same as "Crude Palm Oil (Edible Grade) in Bulk" (herein after referred to as 'CPO') in the vessel "MT-Distya Pushti", at Deendayal Port, Kandla with intent to evade Customs duty. The intelligence also indicated that a Singapore based trading entity M/s. Glentech Ventures PTE Ltd. Singapore (referred as 'M/s. GVPL' hereinafter) (Indian sister concern M/s. Glentech Industries Private Limited(referred as 'M/s. GIPL')),whose operations were managed by Shri Sudhanshu Agarwal and was looking into purchase of the said cargo from Indonesian Mill Owners and sell to M/s. TIWA, UAE(referred as 'M/s. TIWA' hereinafter) who in turn would sell the consignment to its Indian Counterpart/sister concern M/s. TIL, India. It was also gathered that Master of the vessel along with the Chief Officer of the vessel had manipulated the documents related to the said consignment on the vessel for mis-declaration of the goods.

2. Acting on the said intelligence, the vessel "MT-Distya Pushti" was boarded by the Officers of DRI, Gandhidham Regional Unit along with officers of Customs House, Kandla and Chemical Examiner, CRCL, Kandla under Panchnama dated 02/03.01.2022 **[RUD No. 01]**. During the course of search/rummaging of the vessel, various documents such as (1) Pre cargo meeting documents, (2) Manifest, (3) Mate receipt, (4) Tanker Bill of Lading at Port of Kuala Tanjung, Indonesia, (6) Statement of the Facts, (7) Notice of readiness, (8) Letter of Protest showing 69 MTs shortage of loaded RBD Olein, (9) Testing and sampling reports were taken and placed in a file marked as "Made up file containing e-mail printouts and print outs of ledgers, Pro-forma Invoices, Sales Contract etc." and the same were retrieved alongwith other documents, as mentioned in the Panchnama dated 02/ 03.01.2021.

2.1 Shri Bhaskar, Master of the Vessel "MT-Distya Pushti" also provided the STOWAGE plan of the vessel and informed that there were 16 Tanks for storage of the cargo in the Vessel. Out of the 16 tanks only 15 were loaded with cargo having quantity around 20300 MT and one tank was empty. During the course of Panchnama , printouts of documents/files available in computer system installed in ship's office were taken. During scrutiny of the files available in the ship's office of the vessel, two documents namely pre cargo meeting for Dumai Port, Indonesia and Kuala Tanjung port, Indonesia which were containing description of cargo as CPO and RBD Palmolein& PFAD respectively were found. Shri Jyotiyan Kulmohit, Chief Officer of the vessel MT Distya Pushti confirmed that the said documents pertained to the cargo loaded on the vessel. During search, the Master of the vessel, Shri Bhaskar informed that their management team of M/s. Phelix Shipping Ventures Pvt. Ltd had directed them not to disclose the actual load port documents to anyone. During the course of rummaging, a sealed packet was found in the cabin of the Chief Officer who stated that the said packet contained the actual load port documents having correct description and other particulars. The said envelope was marked as "VOY-07/2021, DUMAI & KUALA TANJUNG, CPO, RBD & PFAD, NOT TO BE

USED, FOR REFERENCE ONLY". The documents contained in the said sealed packet were having description of goods as CPO for Dumai Port and RBD Palm Olein & PFAD for Kuala Tanjung port. The documents contained in the sealed packet were placed in a made-up file marked as Made-Up File-2.

2.2 The DRI and Customs officers again boarded the vessel 'MT-Distya Pushti' and examined the cargo in the presence of master of the vessel and others under Panchnama dated 03/04.01.2022 **[RUD No. 02]** to draw representative samples from each of the 15 tanks in triplicate in which the cargo imported by M/s. TIL., had been stored. During Panchnama total 45 representative samples (03 from each tank) from 15 tanks were drawn and sealed with CUSTOM lac seal.

2.3 Another simultaneous search was carried out by DRI officers on 02.01.2022 under running Panchnama dated 02.01.2022 **[RUD No.03]** at the residence premises of Shri Sudhanshu Agarwal situated at House No. 801, Earth Court-1, Jaypee Greens, Greater Noida, GautamBudh Nagar - 201308 (UP) and office premises of M/s.GIPL, situated at No. 508, 5th Floor, Wegmans Business Park, Plot No. 3, Sector-Knowledge Park-III, Surajpur Kasna Main Road, Greater Noida, GautamBudh Nagar-201308 (UP). During the course of search, various documents as mentioned in the Panchnama were withdrawn for further investigation.

2.4 During Panchnama proceeding Shri Sudhanshu Agarwal informed that he looks after the work of four companies namely M/s.GIPL (engaged in trading of Mentha Oil and Palm Oil), M/s. GVPL (engaged in facilitating activity related to charter vessel to M/s. TIL), M/s. Glentech Global Ltd. and M/s. Pt Glentech Global Resources, Indonesia.

2.5 Another simultaneous search was carried out by DRI officers on 03.01.2022 under Panchnama dated 03.01.2022 **[RUD No.04]** at the office premises of M/s. Midas Tankers Pvt. Ltd & M/s. Phelix Shipping Ventures Pvt. Ltd., both situated at 617, the Great Eastern Galleria, Nerul Sector 4, Navi Mumbai 400706. During the Panchnama proceedings the e-mail id accounts@phelixship.com in respect of the office correspondence of M/s. Midas Tankers Pvt. Ltd was opened and print outs of certain emails were taken and placed in two made up files.

2.5.1 During the Panchnama proceedings, on being inquired about the documents viz. Bill of Lading and other shipping documents, Shri Sanjay Ganpat Shedekar informed that the same are available at the premises of M/s. Phelix Shipping Ventures Pvt Ltd., situated at 207 of The Great Eastern Galleria. The premises of M/s. Phelix Shipping Ventures Pvt. Ltd., situated at 207 of The Great Eastern Galleria were also searched. During the Panchnama proceedings, printouts relevant to the inquiry were taken from the mail id: technical@phelixships.com. During the Panchnama ,printouts relevant to the inquiry were taken out from the mail id operations@midasship.com and the same were resumed under Panchnama dated 03.01.2022.

2.6 TESTING OF SAMPLES:

2.6.1 The said vessel contained 15 tanks of imported goods. The samples from each tank were systematically drawn under above Panchnama dated 03/04.01.2022. These samples along with the samples handed over by the captain of the vessel ‘MT Distya Pushti’, during his statement dated 02/03.01.2022 were sent to CRCL, Vadodara for testing. After analysis of the samples, test reports No. RCL/2242 to RCL/2260 of samples were submitted by the Chemical Examiner. **[RUD No. 05].**

2.6.2 On perusal of the test report of the sample “Slop P” **[RUD No. 06]**, which was handed over by the Captain of the vessel during his statement dated 02/03.01.2022, describing the same as “PFAD”, it appears that the goods have the characteristics of Palm Fatty Acid Distillate (PFAD).The parameters are as under: -

- | | | |
|----|-----------------------------|----------------|
| 1. | Moisture content | = 0.05% |
| 2. | Saponification value | = 200.6 |
| 3. | Iodine Value | = 52.7 |
| 4. | Acid Value | = 208.5 |
| 5. | Free Fatty Acid | = 95.1% |
| | (As Palmitic Acid) | |

Image1: Scanned image of Test Report issued by CRCL Vadodara.

Perusal of the above test report confirms that PFAD was loaded on the vessel at load port.

2.6.3 Similarly, on perusal of the test report of the sample "7P" [RUD No. 07], which was handed over by the captain of the vessel during his statement dated 02/03.01.2022, describing the same as "RBD", it appears that the goods meet the requirement of RBD Palmolein.

The scanned image of the above said test report is reproduced herein below:

REPORT OF LABORATORY ANALYSIS

ULR No.: TC844219000001711F
Lab.No. RCL/DRI/AZU/2244

Date: 04.02.2022

Report of Laboratory Analysis

Discipline: Chemical Testing

Group: Oil & Fats

Test Report No.: RCL/DRI/AZU/2244

Date of Issue: 04.02.2022

Part A: Particular of sample

Sample submitted by : IO, DRI/AZU

Your ref:-DRI/AZU/GI-02/INT-22/2021

Address: DRI/AZU

Sample Drawn by: Customer

Sample described as: Crude Palm Oil

Mark Sample No.: 7P

Colour & form of sample: Pale yellow turbid oily liquid Date of Receipt: 06.01.2022

Report of Laboratory Analysis:

The sample is in the form of pale yellow turbid oily liquid. It is free from sediments, suspended and other foreign matter, separated water, added colouring and flavouring substances.

Opinion: Above analyzed parameters reveals that the sample u/r meets the requirement of RBD Palmolein as per the standards laid down under regulation 2.2.1 (16) of food safety and standards (food products standards and food additives) Regulation, 2011 and provision of food safety and standards act 2006.

Sealed remnant sample returned herewith.

- Note 1. Tested Sample(s) not drawn by the laboratory.
 2. Test results relate to the submitted sample(s) only.
 3. Test report shall not be reproduced except in full, without written approval of the laboratory.

Image2: Scanned Image of Test Report issued by Head/ Chemical Examiner, C.Ex. & Customs Laboratory, Vadodara

As per the opinion offered in the aforementioned test report submitted by the Head/ Chemical Examiner, C.Ex.& Customs Laboratory i.r.o. sample “7P”, reveals that *“the sample meets the requirement of RBD Palmolein”*. Perusal of the above test report confirms that the sample meets the requirement of RBD Palmolein and accordingly it appears that the RBD Palmolein was loaded on the vessel at load port.

2.6.4 The samples of the goods imported by declaring the same as CPO were drawn under Panchnama dated 03/04.01.2022. As per the opinion offered by the Head/ Chemical Examiner, C.Ex.,& Customs Laboratory Vadodara in the test report of the sample “7S/S-1” [RUD No. 08], *“the sample does not meet the requirement of Crude Palm Oil & Palm Oil (Raw)”*. It is further submitted that the *“Carotenoids content in the sample is below the limit; Palm Oil normally contains 500-700 ppm carotenoids. In view of the above it is concluded that*

[illegible]

ULR No.: TC844219000001695F

13	Carotenoids	mg/kg	500-700 Ref. Bailey's Industrial Oil and Fat Products ,Vol.-2	106.3	FSSAI Manual of Methods of Analysis Food Year 2016 (Oil and Fats), M – 36
14	Deterioration of Bleachability Index (DOBI)	-	1.68-2.30=Poor grade 2.31 -2.92=Fair grade 2.93-3.24=Good grade >3.24 =Excellent grade	0.57	ISO-17932:2011(EN)

Opinion: Above analyzed parameters reveals that the sample u/r does not meet the requirement of Crude Palm Oil & Palm Oil (Raw) as per norms under the regulation 2.2.1 (16) of food safety and standards (food products and food additive) Regulation, 2011 and provision of food safety and standards act 2006 and rules made there under & IS-8323-2018 respectively .

2. Carotenoids content in the sample u/r is below the limit. However, crude palm oil normally contains 500-700 ppm carotenoids (Ref. Bailey's Industrial Oil and Fat Products, Vol.-2 page 340).

In view of the above, it is concluded that sample u/r is an admixture of Crude Palm Oil, Palmolein and other palm based oil.

Sealed remnant sample returned herewith.

- Note 1. Tested Sample(s) not drawn by the laboratory.
2. Test results relate to the submitted sample(s) only.
3. Test report shall not be reproduced except in full, without written approval of the laboratory.

2 | Page

Image3: - Scanned image of one of test reports given by Head/ Chemical Examiner Gr.I, C.Ex. & Customs, Vadodara.(remaining all reports attached in RUDs)

The perusal of the test reports suggest that the goods imported by M/s. TIL, by declaring the same as Crude Palm Oil, do not conform to the parameters of Crude Palm Oil & Palm Oil (raw), but is an admixture of Crude Palm Oil, Palmolein and other palm based oil. The test reports of other samples drawn under Panchnama dated 03/04.01.2022 confirms that in all the samples, the Carotenoid content is below the limit. Thus, from the test reports,

it appears that M/s. TIL have mis-declared the goods imported by them as Crude Palm Oil.

2.6.5 From the test reports as discussed hereinabove, it appears that the goods imported by M/s. TIL by declaring the same as Crude Palm Oil do not possess the characteristics of Crude Palm Oil, but, is an admixture of Crude Palm Oil, Palmolein and other palm based oil. On the contrary, from the test report of samples handed over by the Captain of the vessel, it appears that RBD and PFAD were also loaded on the vessel at load ports. Thus, it appears that the goods imported by M/s. TIL is not Crude Palm Oil but is an admixture of Crude Palm Oil, Palmolein and other palm-based oil, but, in order to escape from the payment of duties at higher rates, M/s. TIL have knowingly declared the goods as CPO.

2.7. FILING OF BILLS OF ENTRY:

2.7.1 M/s. TIL filed 83 Bills of Entry all dated 16.12.2021. On perusal of the details of Bills of Entry it appears that M/s. TIL have filed above Bills of Entry by declaring the goods as "CRUDE PALM OIL (EDIBLE GRADE) IN BULK" and have classified the product under CTH 15111000. The declared quantity is 20300.234 MT and assessable value was Rs. 203,84,62,207/-.

2.8 Seizure and Provisional Release of imported goods vide 'MT Distya Pushti':

2.8.1 The evidences/documents, gathered/recovered during Panchnama dated 02/03.01.2022, prima-facie suggest that 4999.869 MT CPO was loaded from Dumai Port, Indonesia and 15000.225 MT Refined Bleached Deodorised Palmolein (RBD Palmolein) and 300.140 MT Palm Fatty Acid Distillate (PFAD) were loaded from Kuala Tanjung Port, Indonesia on the said vessel "MT Distya Pushti". The preliminary investigation revealed that blending of the above goods was done on the vessel during its voyage from Kuala Tanjung Port, Indonesia to Kandla Port, India in the ratio of 24.7% CPO, 74.1% RBD and 1.2% PFAD.

2.8.2 Thus, it appeared that the importer M/s. TIL have mis-declared the goods as "Crude Palm Oil (Edible Grade) and imported by classifying the same under CTH 15111000. However, on preliminary investigation, it appeared that the goods imported by M/s. TIL fall under CTH 15119090 and not under 15111000. Thus, it appeared that the goods imported by M/s. TIL, imported vide 83 Bills of Entry, by mis-declaring the same as CPO were in contravention of provisions of the Customs Act, 1962 and therefore rendered the goods (non-seized- cleared) in past liable for confiscation under Section 111 of the Customs Act, 1962. Further, the said vessel MT Distya Pushti (IMO No. 9179127), which was used for transportation of the said mis-declared cargo also became liable for confiscation under the provisions of Section 115(2) of the Customs Act, 1962. Therefore, the said 20300.234 MT goods, having declared assessable value of Rs. 203,84,62,207/-, imported by M/s. TIL, under the said 83 Bills of Entry and also the vessel MT Distya Pushti, having insured value of Rs. 57,35,40,000/- were placed under seizure under Section 110(1) of the Customs Act, 1962, vide Seizure Memo F. No. CUS/SIIB/FUP/1/2022-SIIB-O/o Commr-Cus-Kandla dated 14.01.2022, issued by the Preventive Officer, Custom House, Kandla.

2.8.3 The goods imported and seized under Panchnama dated 02/03.01.2022 under section 110 of the Customs Act, 1962 were provisionally released on execution of PD Bond of an amount of Rs. 206,73,59,038/- and Bank Guarantee of an amount of Rs. 20,67,35,904/- on the request of the importer M/s. TIL, vide letter F. No. CUS/SIIB/FUP/1/2022-SIIB-O/o Commr-Cus-Kandla dated 03.02.2022.

2.9. SCRUTINY OF DOCUMENTS/RECORDS:

During investigation searches were conducted at various premises and statements of various persons were recorded. During searches incriminating documents were recovered/retrieved. During recording of statements also some documents were produced. The scrutiny of the records/documents revealed that the importer had imported 15000 MT RBD, 5000 MT CPO and 300 MT PFAD, which were procured/purchased from the suppliers in Indonesia.

The scrutiny of relevant documents is discussed herein below: -

2.9.1 SCRUTINY OF DOCUMENTS RESUMED FROM THE OFFICE PREMISES OF M/S. GLENTECH INDUSTRIES PVT. LTD:

The office premises of M/s. GIPL, 508, 5th Floor, Wegmans Business Park, Plot No. 3, Knowledge Park-III, Greater Noida, UP was searched under Panchnama dated 02.01.2022 and documents as mentioned in the Panchnama were resumed.

These documents contained purchase and sales invoices and various other documents such as COO certificates etc.

SCRUTINY OF INVOICES

2.9.1.2 File marked at Sr. No. 7 of the Annexure-A to the above Panchnama dated 02.01.2022 **[RUD NO.3]** contains documents pertaining to purchase of imported goods in Indonesia. M/s. TIWA had purchased 4999.868 MT CPO, 15000 MT RBD and 300 MT PFAD in Indonesia.

The details of the few invoices is as under: -

2.9.1.3 Page No. 85 of the above mentioned file is an invoice bearing No. CPO/I/004 showing purchase of 2499.869 MT Crude Palm Oil (Edible Grade) in Bulk. The above goods were purchased by M/s. GVPL, Singapore from M/s. PT. Kharisma Pemasaran Bersama Nusantara, Indonesia (referred as 'M/s. KPBN' hereinafter) for USD 3294827.34.

For better comprehension, the scanned image of the above invoice is reproduced below: -

M/s. TIWA had purchased 4999.868 MT CPO, 15000 MT RBD and 300 MT PFAD in Indonesia. However, in the sales invoice, they have shown sale of 15300.365 MT CPO and 4999.869 MT CPO to M/s. TIL. Thus, it appears that in order to hide the actual identity of the goods, the importer has manipulated the documents to show import of CPO instead of CPO, RBD and PFAD, actually imported by them, in order to escape from the payment of higher rate of Customs duties. For better comprehension, a flowchart depicting movement of goods under different invoices i.r.o. consignment imported vide vessel 'MT Distya Pushti V.MID-DP-07/21' is as below: -

Picture depicting movement of Goods and invoices' declaration i.r.o consignment imported vide vessel MT Ditya Pushti MID-DP-07/21

SCRUTINY OF SALES/ PUCHASE CONTRACTS

2.9.1.13 Page Nos. 15-13 of the above mentioned file is Contract Number 153/SC/FOB/INL/X/2021 dated 19.10.2021 between M/s. GVPL, Singapore (Buyer) and M/s. INL, Indonesia (Seller). The contract is for purchase of 200 MT Palm Fatty Acid Distillate @ USD 930.00 for total amount of USD 1,86,000.00 by M/s. GVPL, Singapore. The scanned image of the above contract is reproduced below:

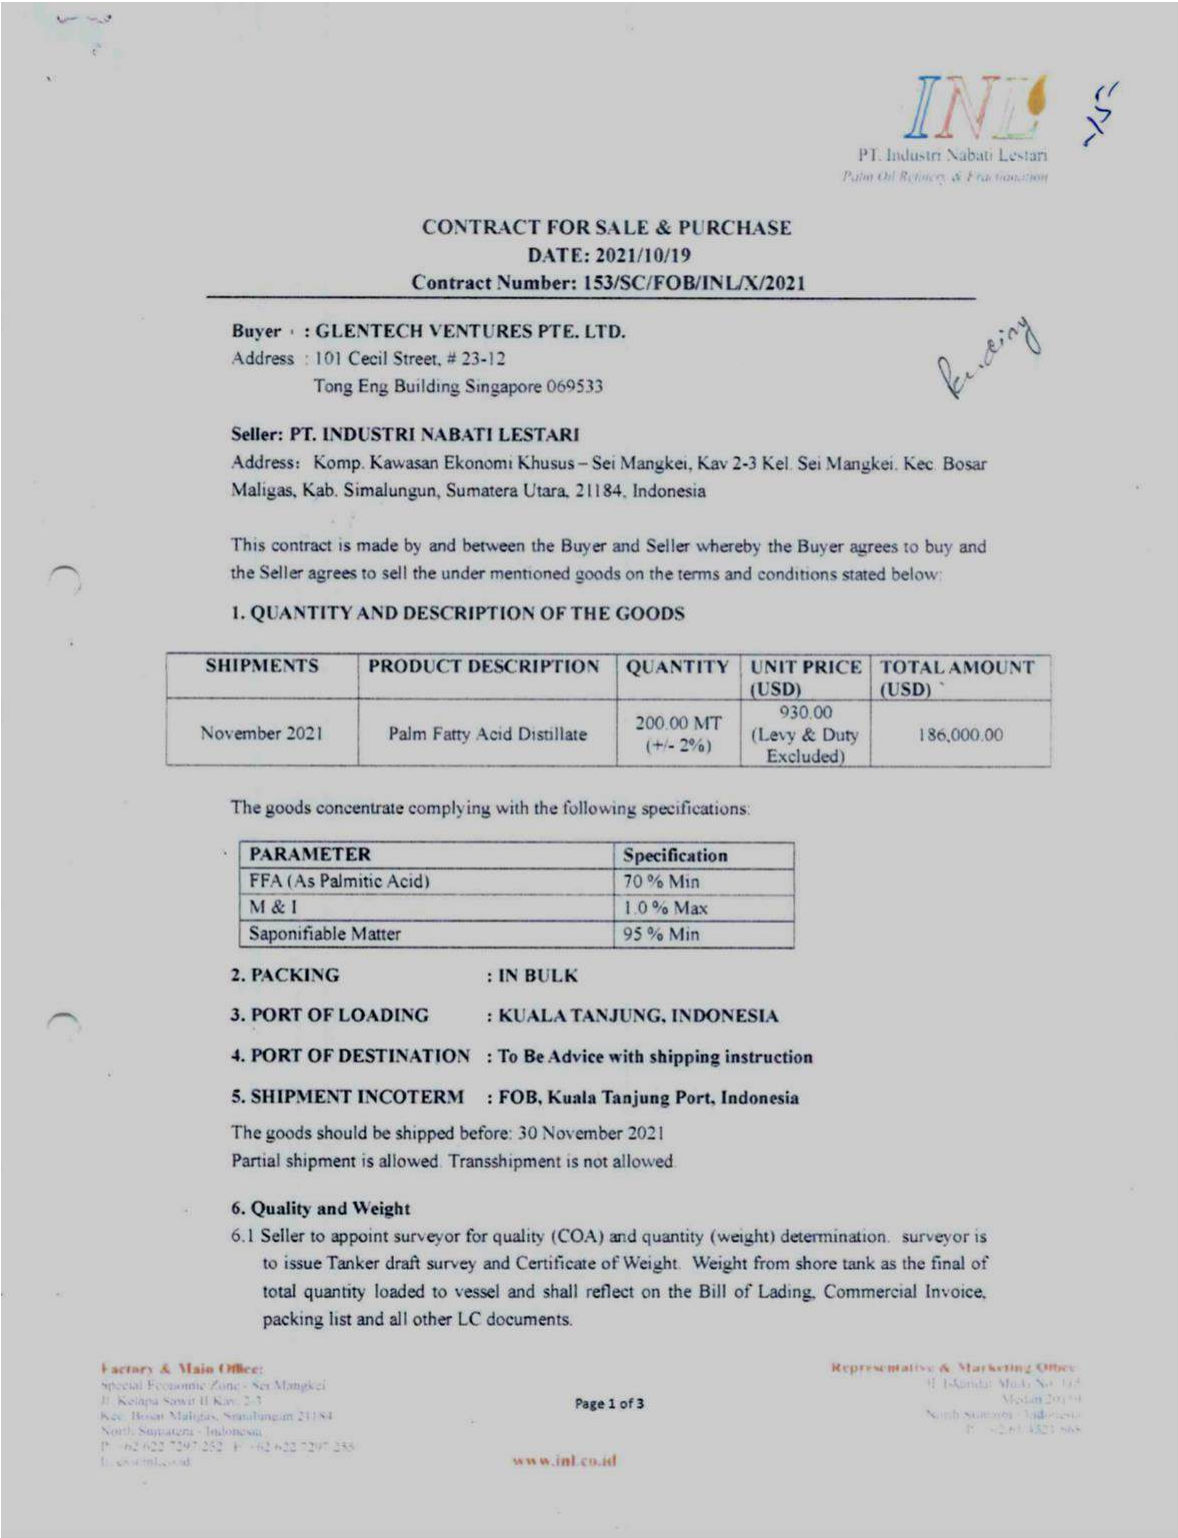

Image12: Scanned image of contractNo. 153/SC/FOB/INL/X/2021 dated 19.10.2021 for illustration purpose.

2.9.1.14 Page Nos. 12-4 of the above mentioned file are three Contracts bearing No. 154/SC/FOB/INL/X/2021 dated 19.10.2021, Contract No.146/SC/FOB/INL/ X/2021 dated 06.10.2021 and Contract No. 151/SC/FOB/INL/X/2021 dated 07.10.2021 between M/s. GVPL., Singapore (Buyer) and M/s. INL, Indonesia (Seller). Each contract is for purchase of 5000 MT RBD.

The scanned image of the above contract is reproduced below: -

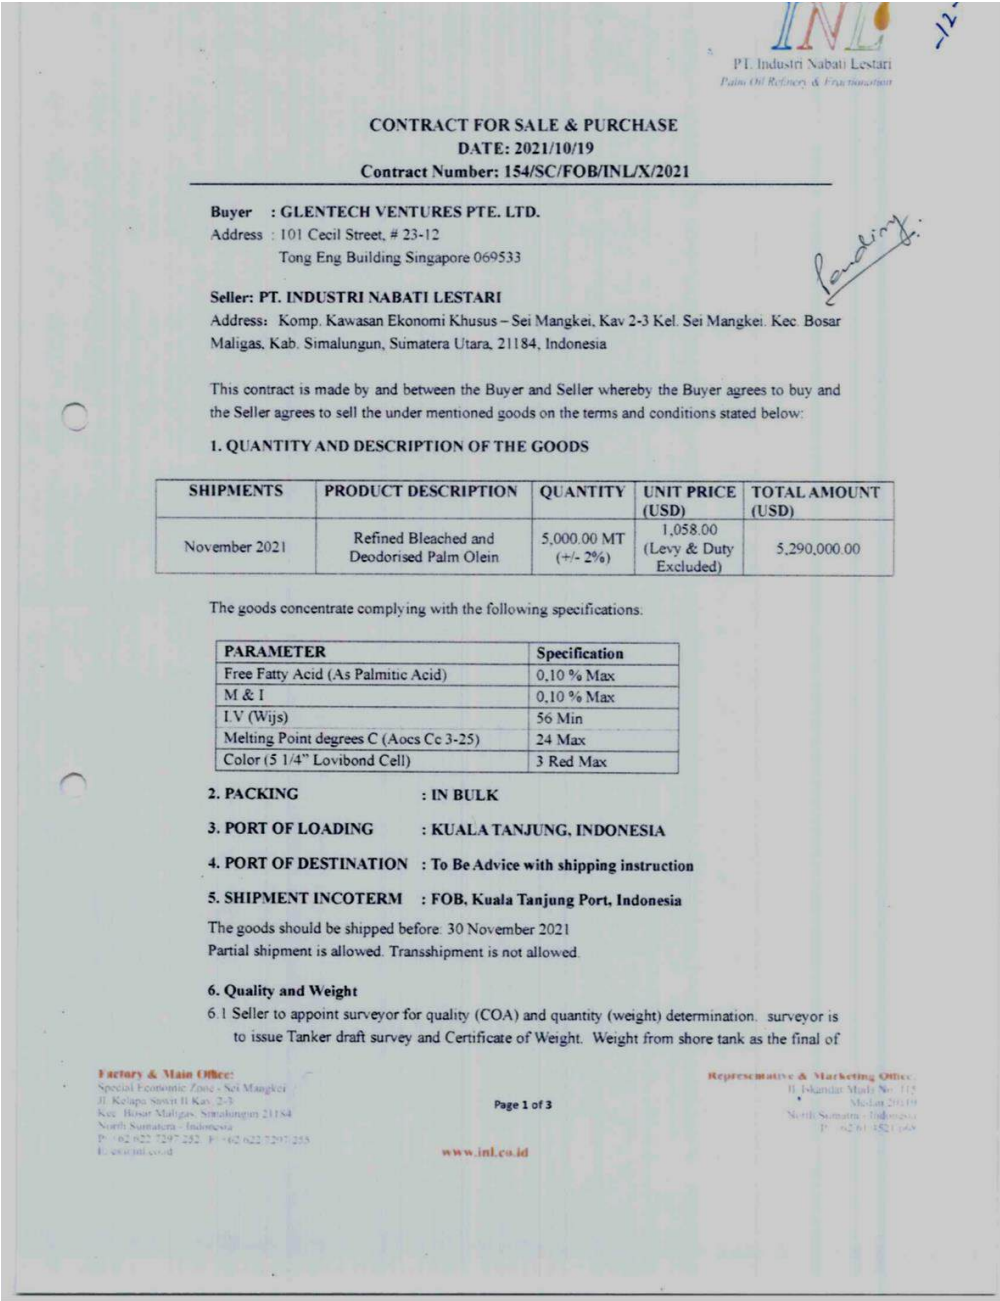

Image13: Scanned image of aforementioned contracts for purchase of 5000MT RBD Palmolein(for illustrative purpose)

The perusal of the abovementioned contracts reveals that M/s. GVPL, Singapore (Buyer) had entered into contract with M/s. INL, Indonesia (Seller) for purchase of 15000 MT RBD. Besides other particulars, the contracts also contain parameters of the goods to be purchased i.e. RBD, packing details, port of loading etc.

SCRUTINY OF SHIPPING CERTIFICATE

2.9.1.15 Page No. 81 of the above mentioned file is a Shipping Certificate dated 02.12.2021, issued by PT. Urban Shipping Agency (USA), Indonesia. As per the above certificate 2499.869 MT CPO was shipped through vessel MT Distya Pushti, Voyage No. MID-DP-07/21 from Dumai port, Indonesia. The port of discharge is Deendayal (Kandla) port, India and BL No. DUM/DEE/02 dated 01.12.2021. The scanned image of the above Shipping Certificate is reproduced below:

Witness to signature of:	By: <div><div></div><div>Name & Designation : On behalf of Owner</div></div>

PART II

1. WARRANTY.

(a) The Owner shall, before and at the commencement of the voyage, exercise due diligence to make the Vessel seaworthy, properly manned, equipped, and supplied for and during the voyage, and to make the pipes, pumps, and heater coils tight, staunch, and strong, in every respect fit for the voyage, and to make the tanks, holds, and other spaces in which cargo is carried fit and safe fit its carriage and preservation.

(b) It is understood that if the tank or tanks, into which the particular cargo covered by this Charter is to be placed, upon testing prove to be defective the Owner undertakes to execute the necessary repairs, provided repairs can be effected within 24 hours and at reasonable expense; otherwise, Owner has the option of cancelling this Charter in which case no responsibility shall rest with the Vessel, Owners, or Agents.

2. TIME FOR READINESS OF CARGO.

Charterer warrants that the cargo shall be available for loading at the designated loading port upon arrival of the Vessel within the Readiness and Cancelling date shown in Part I hereof. Any delay suffered by the Vessel for failure to conform to this warranty shall count as used laytime.

3. READINESS AND CANCELLING DATE.

Laytime shall not commence before the readiness date named in Part I, unless otherwise provided in this Charter, or unless the Charterer accepts a notice of readiness or orders or permits the Vessel to berth before that date, or otherwise waives the provisions of this paragraph. If the Vessel is not ready to load by 4.00p.m. (local time) on the cancelling date named in Part I, the Charterer shall have the

Adhar

June

Image16: Scanned images of samples from Tanker Voyage Charter Party Agreement dated 03.11.2021

As per the above agreement, 5000 MT CPO was to be loaded from Dumai port, Indonesia; 15000 MT Palm Olein and about 400 MT PFAD from Kuala Tanjung port, Indonesia. Further, as per the agreement, the Charterer has option of blending in port Klang/Tanjung Bruas. The clause reads as under:

“Charterer has option to do ITT of blending in port Klang/TanjungBruas at Charterer’s time and costs – owner is to provide minimum 2000 MT space for blending purpose.”

Another clause regarding blending of goods reads as under:

“Charterer will blend 10,000 MT Olein with 5000 MT CPO and 200 MT PFAD, and remaining 5000 MT Olein will be imported/manifested to India as Olein only – Owner confirms.”

23

Thus, as per the above clauses, the Charterer will blend the goods viz. Olein, CPO and PFAD.

2.9.1.19 Page No. 149 of the above file is print out of an e-mail correspondence dated 17.11.2021 from Amit Agarwal (operations@glentech.co) to Amit Thakkar (amit.thakkar@tatainternational.com) and others. Vide above mail, it has been instructed to open LC to PT INL for total 15250 MT (15,000 MT RBD & 250 MT PFAD). The scanned image of the above page is reproduced below:

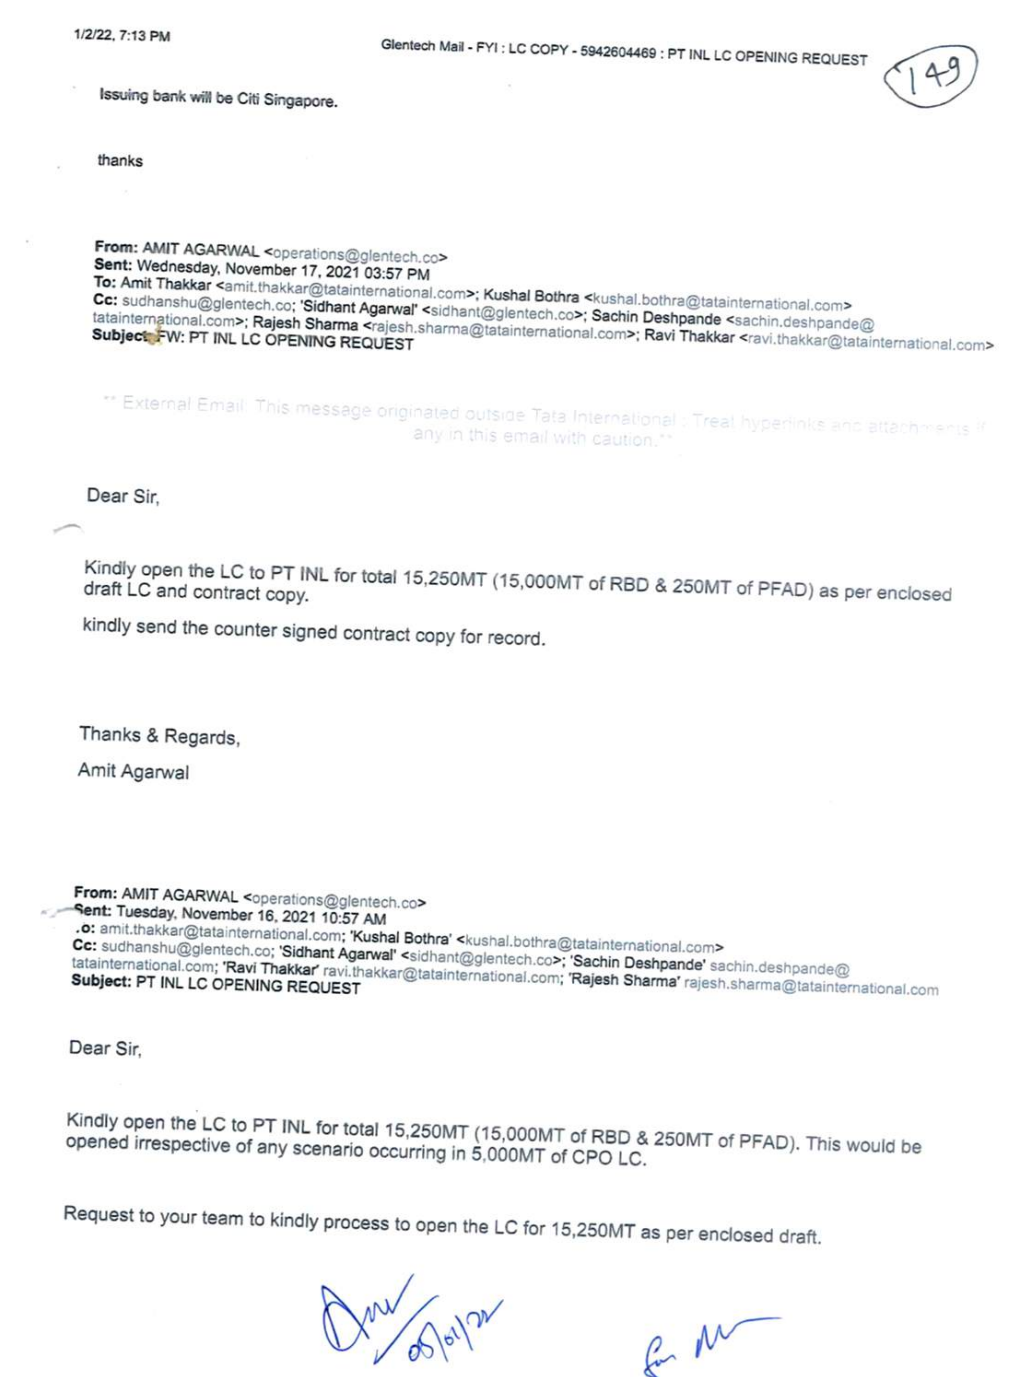

Image17: E-mail from operations@glentech.co to amit.thakkar@tatainternational.com regarding opening of LC

It is pertinent to mention here that 15000 MT RBD and 300 MT PFAD was purchased from M/s.INL, Indonesia. This e-mail confirms the fact that 15000 MT RBD and 300 MT PFAD were purchased by the supplier in Indonesia.

2.9.1.20 Page No. 151 of the above mentioned file is print out of an e-mail correspondence dated 17.11.2021 from Amit Agarwal (operations@glentech.co)

to Ravi Thakkar, Amit Thakkar of M/s.TIL. The mail suggests that details of contracts with INL have been enclosed. The details pertain to 15,000 MT RBD & 250 MT PFAD. The scanned image of the above page is reproduced below:

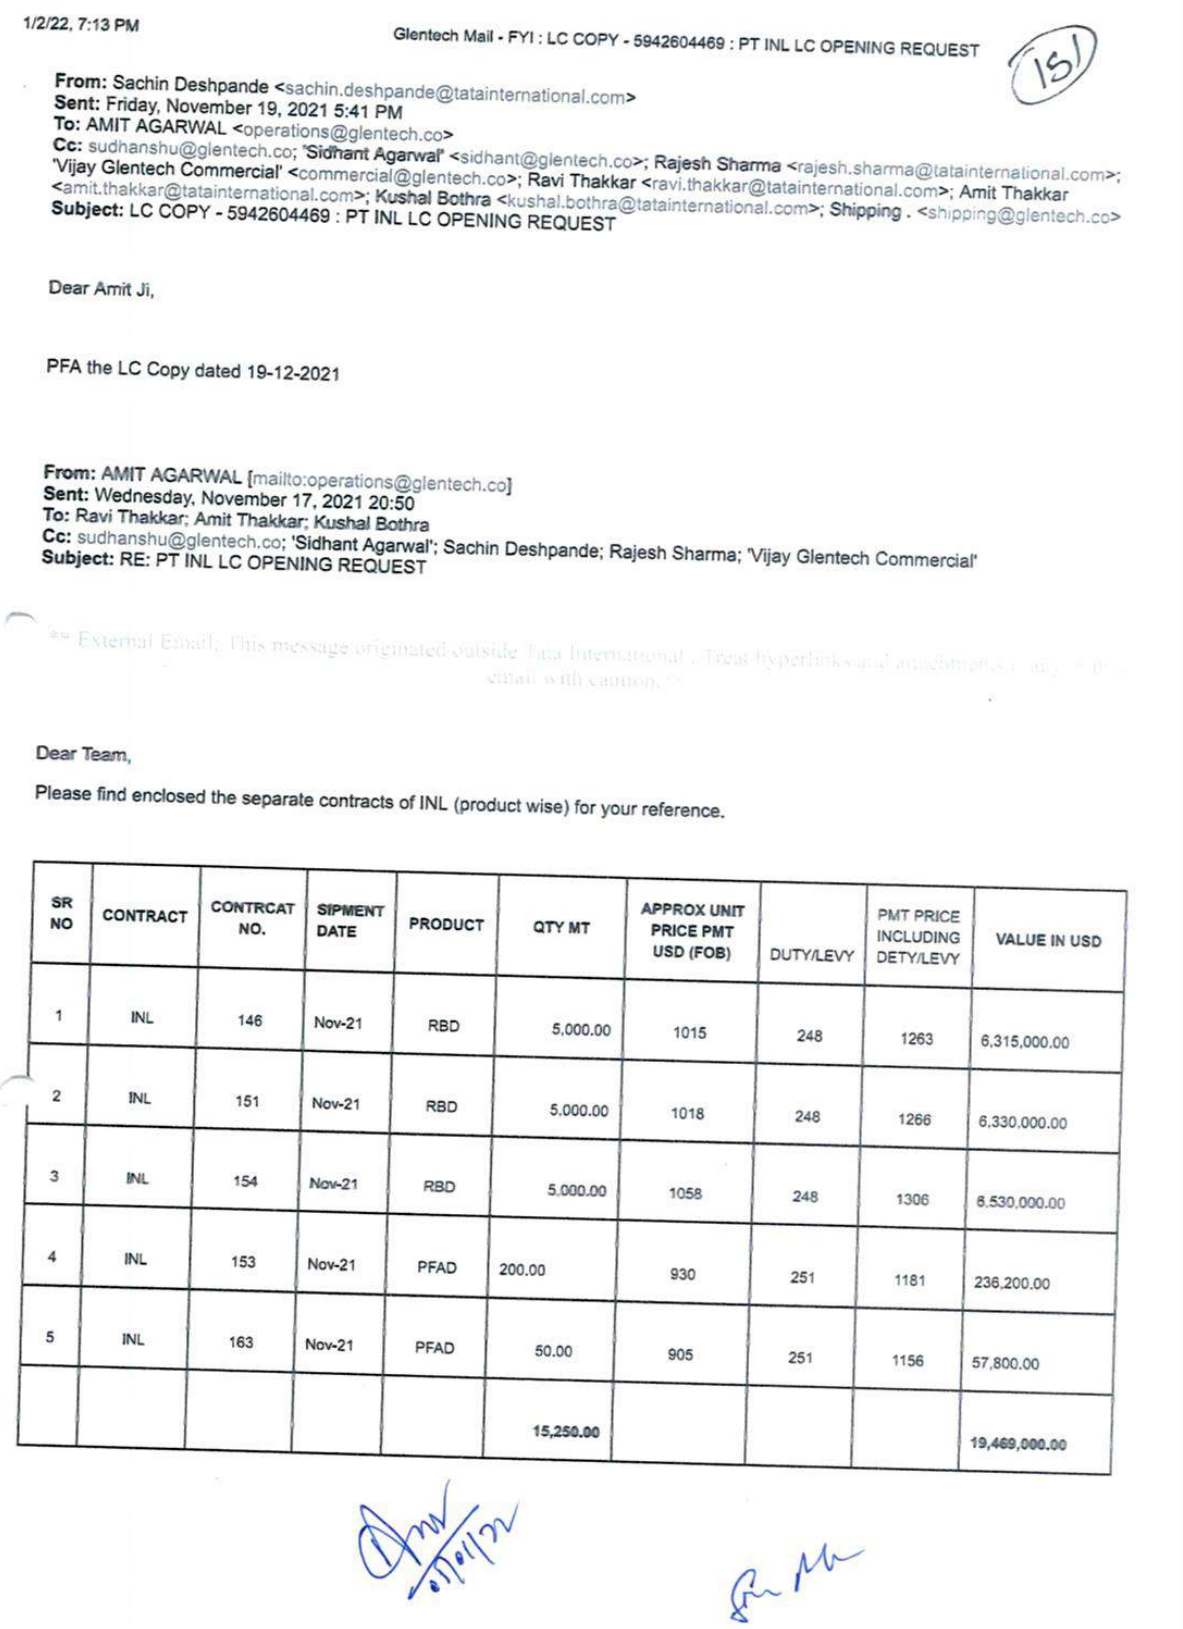

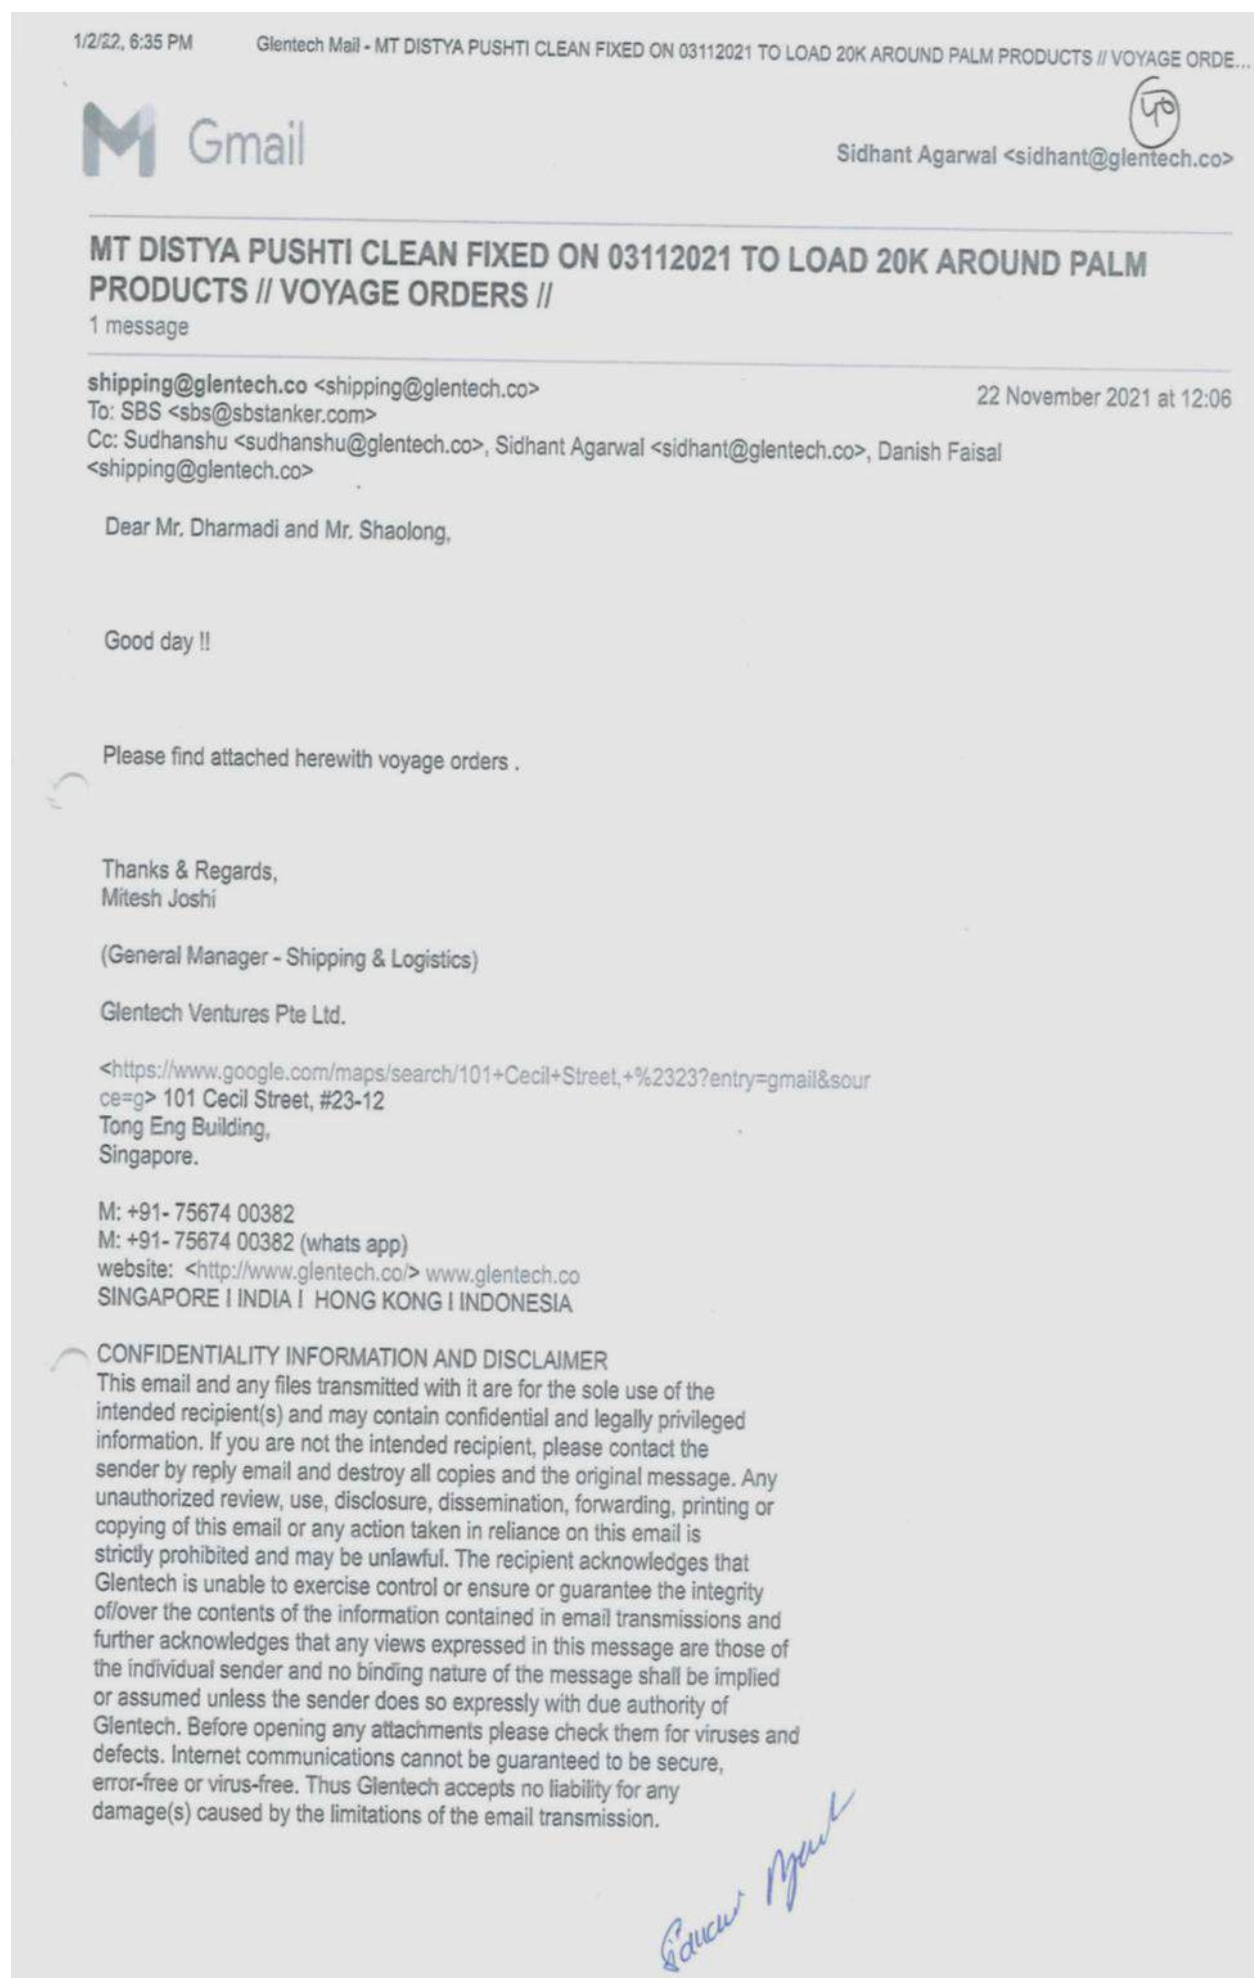

Image18: E-mail from Sachin.deshpande@tatainternational.com (Executive of M/s. TIL) to operations@glentech.co (VP, M/s. GIPL) regarding request for opening of LC.

It is pertinent to mention here that the name of the party for 15000 MT RBD and 250 MT PFAD is mentioned as “INL”, which is nothing but M/s. INL, Indonesia, from whom 15000 MT RBD and 300 MT PFAD were purchased in Indonesia.

2.9.1.21 Page Nos. 40-34 of the above mentioned file are print out of an e-mail correspondence dated 22.11.2021 from mail id shipping@glentech.co to

39

PLEASE ADVISE IN WRITING OWNERS' P AND I CLUB WORDING FOR LOI FOR NON-
PRODUCTION OF B/L AND CHANGE OF DESTINATION
IN CASE OF NEED AND ADDRESS/FAX NUMBER WHERE SAME SHOULD BE SENT.

EMERGENCY CONTINGENCY COMMUNICATION

OWNERS ARE TO FOLLOW THESE INSTRUCTIONS IN THE CASE OF AN EMERGENCY SUCH AS
COLLISION/GROUNDING/FIRE/POLLUTION OR ANY OTHER INCIDENT WHERE IMMEDIATE
ASSISTANCE IS REQUIRED OR ADVERSE MEDIA COVERAGE MAY BE EXPECTED. THE AIM OF
THESE INSTRUCTIONS IS
TO ASCERTAIN THE NATURE OF THE EMERGENCY, WHAT STEPS ARE BEING TAKEN AND
TO SPEED UP APPROPRIATE RESPONSE; THIS SHOULD BENEFIT ALL PARTIES CONCERNED.

IN CASE OF EMERGENCY, OIL SPILL, ETC OWNERS ARE REQUIRED TO IMMEDIATELY
COMMUNICATE BY TELEPHONE TO CHARTERERS AS PER CONTACT DETAILS LISTED BELOW
AND CONFIRM IN WRITING THE FOLLOWING INFORMATION:

- NAME OF VESSEL
- DATE AND EXACT TIME OF INCIDENT
- POSITION OF THE VESSEL
- NAME/NATIONALITY AND TYPE OF OTHER
VESSEL(S) INVOLVED NATURE AND EXTENT OF DAMAGE
- WHETHER THE EMERGENCY IS ESCALATING OR UNDER CONTROL ANY
OTHER RELEVANT DETAILS RELATING TO THE INCIDENT

THANKS & BEST REGARDS

Ranjan Kumar

Image19:Scanned copy of E-mail from shipping@glentech.co to
sbs@sbs tanker.com enclosing voyage order of MT Distya Pushti.

As per the voyage order, the load ports are Dumai, Kuala Tanjung, Indonesia and Linggi Melaka, Malaysia; Cargo to be loaded is Crude Palm Oil/RBD Palmolein/PFAD; Quantity 5000 MT CPO, 15000 MT Olein, 250 MT PFAD.

As regards blending, vide aforementioned e-mails, it is mentioned that due to covid restrictions, blending operation cannot happen at Klang port and blending operation to be performed at nearby port Linggi Melaka; Blending operation will be handled by Geochem Surveyors; 10000 MT Olein will be blended with 5000 MT CPO and 250 MT PFAD and remaining 5000 MT Olein will be imported in India separately; Vessel will discharge 15000 MT CPO and 5000 MT Olein at Kandla; vessel will issue switch BL immediately after blending and sailing of vessel from Malaysia for filing IGM at discharge port; owner to issue second set (Global) Bills of Lading in Singapore or any other place required by charterers, through agents nominated by owners at the cost

which is to be mutually agreed with charterers; once the first set of Bills of Lading are surrendered, vessel owners has to issue second set of Bills of Lading to charterer simultaneously.

From the foregoing, it is safe to conclude that 5000MT CPO, 10000MT RBD Palmolein and 250MT PFAD were loaded at different ports under different B/Ls and the blending operations of 5000MT CPO, 10000MT RBD Palmolein and 250MT PFAD was undertaken onboard vessel during the voyage. As per the Switching BL Cause of the Voyage Order and Charter Party, the original Bills of lading were switched to second set of Bills of Lading showing description as CPO only which otherwise, was admixture of CPO, RBD Palmolein and PFAD.

2.9.1.22 Page No.146 of the above mentioned file is print-out of an email correspondence dated 25.11.2021 from Mr. Amit Thakkar (amit.thakkar@tatainternational.com) to Shri Sudhanshu Agarwal of M/s Glentech (Sudhanshu@glentech.co) & Shri Sidhant Agarwal of M/s. Glentech (sidhant@glentech.co) wherein discussion w.r.t. the terms for 20250MT shipment have been conveyed by Mr Amit of M/s. TIL to M/s. GIPL, as per terms: -

5000 MT CPO to be procured from M/s. KPBN; 15000MT RBD Palmolein and 250 MT PFAD from INL; Blended cargo would be 5000 MT, 10000 MT RBD Palmolein and 250 MT PFAD totalling to 15000 MT approx.; Balance 5000 MT RBD Palmolein shall be loaded separately and sold independently as RBD Palmolein; Entire cargo of 20000 MT shall be sold off before arrival of the vessel in India; Tata trade margin shall be USD 25 per MT.

The scanned image of the above mail is reproduced below: -

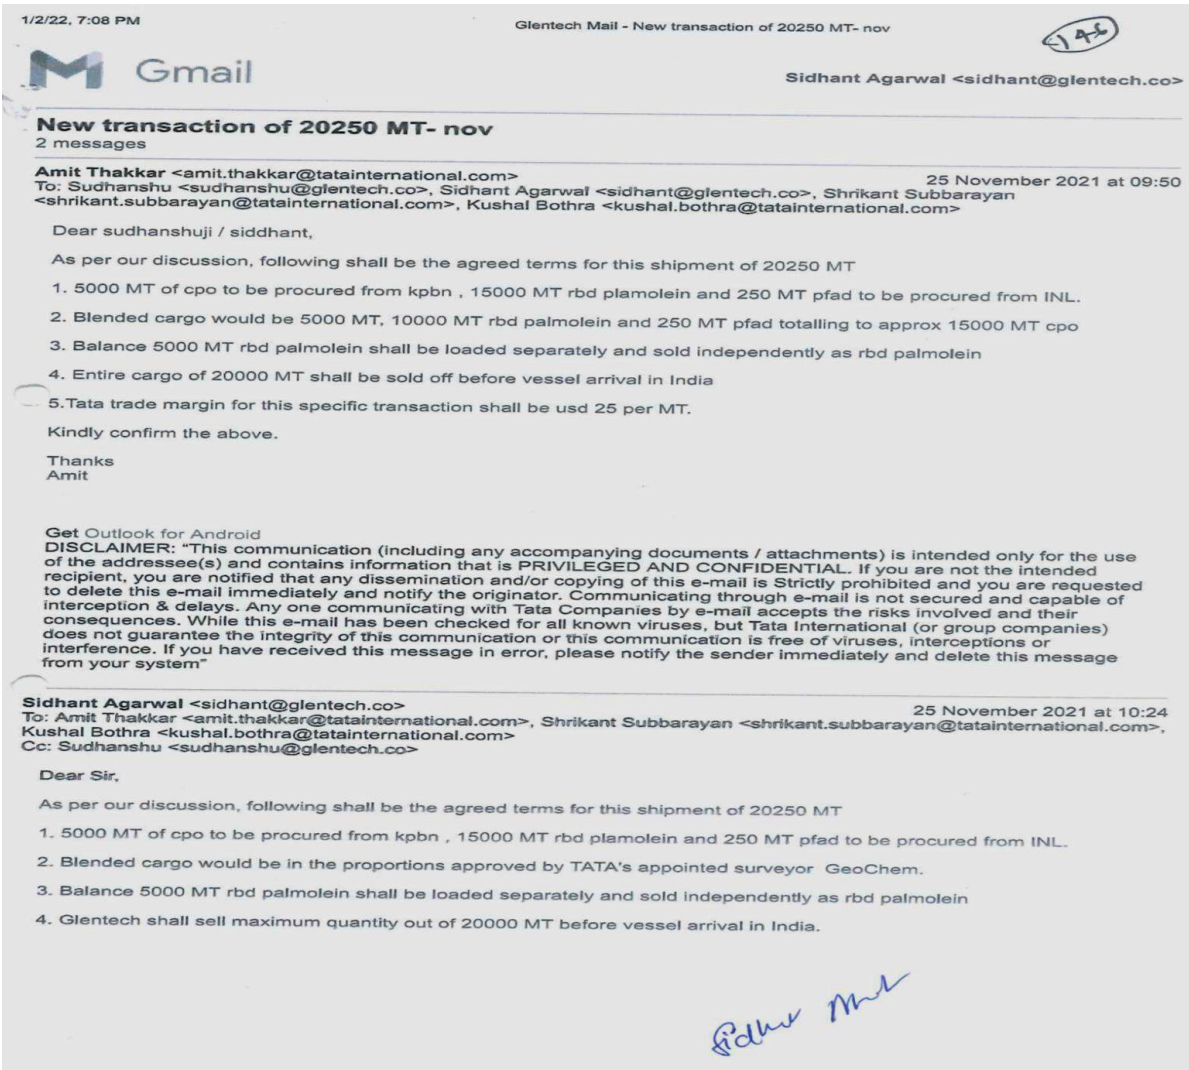

Image20: Scanned copy of the e-mail correspondence between M/s. TIL and M/s. GIPL

From the above e-mail and terms for the shipment, it is clear that it was pre-decided that 15000 MT RBD and 5000 MT CPO shall be procured separately and blended before arrival of the cargo into India.

2.9.2 SCRUTINY OF DOCUMENTS RESUMED FROM THE VESSEL MT DISTYA PUSHTI Voy. MID-DP-07/21:

The vessel Distya Pushti was boarded by the Officers of DRI, Gandhidham Regional Unit along with officers of Customs House, Kandla under Panchnama dated 02/03.01.2022. **[RUD-1]** During the course of search / rummaging of the vessel under Panchnama dated 02/03.01.2022, documents/records were withdrawn.

2.9.2.1 During the course of rummaging, a sealed packet marked as **"VOY-07/2021, DUMAI & KUALA TANJUNG, CPO, RBD & PFAD, NOT TO BE USED, FOR REFERENCE ONLY"** was recovered from the cabin of Chief Officer.

The Chief Officer informed that the said packet contained the actual load port documents having correct description and other particulars. The sealed packet was opened and the documents were placed in a file marked as **Made-Up File-2 of [RUD-1]**. The documents pertained to loading of goods CPO from Dumai Port and RBD Palm Olein & PFAD from Kuala Tanjung port.

The above file contains documents pertaining to loading of imported goods in Indonesia.

2.9.2.2 Page No. 311 of the above mentioned file is 'Statement of Facts', issued by M/s. Phelix Shipping Ventures Pvt. Ltd., showing details of loading of 15000.225 MT RBD Palmolein and 300.140 MT PFAD in vessel 'Distya Pushti' from 03.12.2021 to 06.12.2021 at Kuala Tanjung Port, Indonesia.

Dear Sir

On completion of loading, differences were observed between ship's figures and bill of lading figures as per details given here under-

S No	PRODUCT	SHIP'S RECEIVED FIGURE MT (WITH OUT VEF)	SHIP'S RECEIVED FIGURE (WITH VEF)	B/L FIGURE	DIFFERENC E(WITH OUT VEF)	DIFFERENCE (WITH VEF)
1	RBD PALMOLEIN	14951.798	14973.959	15000.225	-48.427	-26.266
					-0.323%	-0.175%

I, therefore protest the above difference. Please note that this letter is in lieu of the Clausung by me of the Bill of Lading in respect of the above-mentioned difference. It is my understanding that this procedure is in accordance with your own request and in respect of any claims which may arise out of such difference, this letter shall be regarded by you as evidence of the quantity to dispute just as if the same had been endorsed in the Bill of Lading.

OCEAN CARRIAGE STOWAGE: 3P,3S,4P,4S,5P,5S,6P,6S,7P AND 7S

This shipment of 15,000.225 Metric tons was loaded on board the Vessel as part of one original lot of 15,000.225 Metric tons stowed in 3P, 3S, 4P, 4S, 5P, 5S, 6P, 6S, 7P AND 7S with no segregation as to parcels. For the whole shipment 01 (ONE) sets of Bill of Lading have been issued for which the Vessel is relieved from all responsibilities to the extent it would be if one set only would have been issued.

The quantity, measurement, weight, gauge, quality, nature and value and actual condition of the cargo unknown to the Vessel and the Master, to be delivered to the port of discharge or so near thereof as the Vessel can safely get, always allport upon prior payment of freight as agreed. Cargo is warranted free of danger to Vessel except for the usual risks inherent in the carriage of the commodity as described.

This shipment is carried under and pursuant to the terms of the Charter dated 03RD NOVEMBER 2021 between AS PER CHARTER PARTY as Owner and AS PER CHARTER PARTY as Charterers, and all conditions, liberties and exceptions whatsoever of the said Charter apply to and govern the rights concerned in this shipment. The Clause Paramount, New Jason Clause and Both to Blame Collision Clause as set out on the reverse of this Bill of Lading are hereby incorporated herein and shall remain in effect even if unenforceable in the United States of America. General Average payment according to the York-Antwerp Rules 1974.

The Master is authorized to act for all interests in arranging for salvage assistance on terms of Lloyd's Open Form. The freight is payable discount less and is earned concurrent with loading, ship and / or cargo lost or not lost or abandoned.

The Owners shall have an absolute lien of the cargo for all freight, dead freight, demurrage, damages for detention and all other monies due under the above-mentioned Charter or under this Bill of Lading, together with the costs and expenses, including attorneys fees, of recovering same, and shall be entitled to sell or otherwise dispose of the property liened and apply the proceeds towards satisfaction of such liability.

The contract of carriage evidenced by this Bill of Lading is between the shipper, consignee and /or owner or demise charterers of the Vessel named herein to carry the cargo described above.

It is understood and agreed that, other than said ship owner or demise charterer, no person, firm or corporation or other legal entity whatsoever, is or shall be deemed to be liable with respect to the shipment as carrier, bailee or otherwise in contract or in tort. If, however, it shall be adjudged that any other than said ship owner or demise charterer is carrier or bailee of said shipment or under any responsibility with respect thereof, all limitations of or exonerations from liability and all defences provided by law or by the terms of the contract of carriage shall be available to such other.

All of the provisions written, printed or stamped on either side hereof are part of this Bill of Lading Contract.

In Witness Whereof, the master has signed 3 (THREE) ORIGINALS
Bills Of Lading of this tenor and date, one of which being accomplished, the others will be void.

OCEAN CARRIAGE STOWAGE: SLOP P

This shipment of 250.000 Metric tons was loaded on board the Vessel as part of one original lot of 300.140 Metric tons stowed in SLOP P with no segregation as to parcels. For the whole shipment 02 (TWO) sets of Bill of Lading have been issued for which the Vessel is relieved from all responsibilities to the extent it would be if one set only would have been issued.

The quantity, measurement, weight, gauge, quality, nature and value and actual condition of the cargo unknown to the Vessel and the Master, to be delivered to the port of discharge or so near thereof as the Vessel can safely get, always afloat upon prior payment of freight as agreed. Cargo is warranted free of danger to Vessel except for the usual risks inherent in the carriage of the commodity as described.

This shipment is carried under and pursuant to the terms of the Charter dated 03RD NOVEMBER 2021 between AS PER CHARTER PARTY as Owner and S PER CHARTER PARTY as Charterers, and all conditions, liberties and exceptions whatsoever of the said Charter apply to and govern the rights concerned in this shipment. The Clause Paramount, New Jason Clause and Both to Blame Collision Clause as set out on the reverse of this Bill of Lading are hereby incorporated herein and shall remain in effect even if unenforceable in the United States of America. General Average payment according to the York-Antwerp Rules 1974.

The Master is authorized to act for all interests in arranging for salvage assistance on terms of Lloyd's Open Form. The freight is payable discount less and is earned concurrent with loading, ship and / or cargo lost or not lost or abandoned.

The Owners shall have an absolute lien of the cargo for all freight, dead freight, demurrage, damages for detention and all other monies due under the above-mentioned Charter or under this Bill of Lading, together with the costs and expenses, including attorneys fees, of recovering same, and shall be entitled to sell or otherwise dispose of the property lien and apply the proceeds towards satisfaction of such liability.

The contract of carriage evidenced by this Bill of Lading is between the shipper, consignee and /or owner or demise charterers of the Vessel named herein to carry the cargo described above.

It is understood and agreed that, other than said ship owner or demise charterer, no person, firm or corporation or other legal entity whatsoever, is or shall be deemed to be liable with respect to the shipment as carrier, bailee or otherwise in contract or in tort. If, however, it shall be adjudged that any other than said ship owner or demise charterer is carrier or bailee of said shipment or under any responsibility with respect thereof, all limitations of or exonerations from liability and all defences provided by law or by the terms of the contract of carriage shall be available to such other.

Image39: Scanned copy of ‘Tanker Bill of Lading No. DP-KTG-DEE-02 dated 05.12.2021’

2.9.3.3 Page No. 09 of the above mentioned documents is ‘Tanker Bill of Lading No. DP-KTG-DEE-03 dated 05.12.2021’ issued by M/s. PT. USDA Seroja Jaya, Kuala Tanjung. As per the said B/L, 50.140 MTS ‘PALM FATTY ACID DISTILATE (PFAD) IN BULK’ was loaded on vessel MT Distya Pushti Voy. 07/21 showing HSN 3823 19 20 from Kuala Tanjung.

The name of the shipper is M/s. INL, Indonesia and Name of the Notified Party is M/s. TIWA.

Image40: Scanned copy of Tanker Bill of Lading No. DP-KTG-DEE-03 dated 05.12.2021

2.9.3.4 Page No. 39 to 203 of the said documents are Tanker Bills of Lading No. KTG/DEE/01 to KTG/DEE/83 issued by M/s. SBS Shipbrokers PTE Ltd. B/L No. KTG/DEE/01 to KTG/DEE/20 are issued on 28.11.2021 at the DUMAI Port, Indonesia whereas B/L No. KTG/DEE/21 to KTG/DEE/83 is issued on 30.11.2021 at the KUALA Tanjung Port, Indonesia by M/s. SBS Shipbrokers PTE Ltd. B/L No. KTG/DEE/01 to KTG/DEE/80 each shows loading of 250 MTS CPO on the vessel in tanks. B/L No. KTG/DEE/81 shows loading of 200 MTS CPO on the vessel in tanks. B/L No. KTG/DEE/82 shows loading of 50 MTS CPO on the vessel in tanks. B/L No. KTG/DEE/83 shows loading of 50.365 MTS CPO on the vessel in tanks.

2.9.3.5 Comparison of Bills of Lading No. DP-KTG-DEE-01 dated 06.12.2021, DP-KTG-DEE-02 & DP-KTG-DEE-03 dated 05.12.2021 vis-à-vis B/L No. KTG/DEE/01 to KTG/DEE/20 dated 28.11.2021 and B/L No. KTG/DEE/21 to KTG/DEE/83 dated 30.11.2021:

B/L Nos. DP-KTG-DEE-01 dated 06.12.2021, DP-KTG-DEE-02 & DP-KTG-DEE-03 dated 05.12.2021	B/L Nos. KTG/DEE/01 to KTG/DEE/20 dated 28.11.2021, B/L. KTG/DEE/21 to KTG/DEE/83 dated 30.11.2021
<p>These BLs are in respect of 15000.250 MTS REFINED BLEACHED AND DEODORISED PALM OIL (EDIBLE GRADE) IN BULK loaded on vessel MT Distya Pushti Voy.07/21 showing HSN 15119037 from Kuala Tanjung and 300.140 MTS ‘PALM FATTY ACID DISTILATE (PFAD) IN BULK’ was loaded on vessel MT Distya Pushti Voy.07/21 showing HSN 3823 19 20 from Kuala Tanjung respectively.</p> <p>These BLs were kept sealed inside the cabin of the Chief Officer of the vessel and resumed under Panchnama during rummaging.</p>	<p>These BLs are in respect of 20300.365 MT CRUDE PALM OIL (EDIBLE GRADE) IN BULK loaded on vessel MT Distya Pushti Voy. 07/21 showing HSN 15111000 from DUMAI Port, Indonesia.</p> <p>These are the BLs which were meant to be submitted at Customs Port, Kandla, India and were switch BL which are switched by the vessel owner as per the terms of the charter party agreement and voyage order after blending of 15000.250 MTs RBD Palmolein, 300.140MTs PFAD, and 5000 MTS CPO., declaring entire quantity as CPO only</p>

On comparison of the “B/L DP-KTG-DEE-01 dated 06.12.2021, DP-KTG-DEE-02 & DP-KTG-DEE-03 dated 05.12.2021” with “B/L KTG/DEE/01 to KTG/DEE/20 dated 28.11.2021 and B/L KTG/DEE/21 to KTG/DEE/83 dated 30.11.2021”, it appears that the original BLs issued at the port of load are in respect of 15000.250 MTS REFINED BLEACHED AND DEODORISED PALM OIL (EDIBLE GRADE) IN BULK loaded on vessel MT Distya Pushti Voy. 07/21 showing HSN 15119037 from Kuala Tanjung port and 300.140 MTS ‘PALM FATTY ACID DISTILATE (PFAD) IN BULK’ loaded on vessel MT Distya Pushti Voy. 07/21 showing HSN 38231920 from Kuala Tanjung port whereas the latter ones are in respect of CRUDE PALM OIL (EDIBLE GRADE) IN BULK loaded on vessel MT Distya Pushti Voy. 07/21 showing HSN 15111000 from DUMAI Port, Indonesia.

From the above, it is apparent that though RBD and PFAD were loaded in the vessel at Kuala Tanjung port, the B/Ls were manipulated to show that the entire cargo loaded in the vessel was CPO.

2.9.4 SCRUTINY OF DOCUMENTS RESUMED FROM THE OFFICE PREMISES OF M/S. MIDAS TANKER & M/S. PHELIX SHIPPING VENTURES PVT. LTD:

2.9.4.1 The office premises of M/s. Midas Tanker & M/s. Phelix Shipping Ventures Pvt. Ltd were searched under Panchnama dated 03.01.2022 and documents as mentioned in the Panchnama were resumed under above Panchnama. The document at Page No. 31 and 34 are the copies of the original Bills of Lading i.e. DUM/DEE/02 and DUM/DEE/01 dated 01.12.2021

respectively. As per the above B/L 2499.869 MTS and 2500 MTS CPO were loaded from DUMAI Port, Indonesia. The name of the supplier is M/s. KPBN, Consignee is M/s. TIWA and notified party is M/s. GVPL, Singapore. Thus, it is apparent that 4999.869MTS CPO was loaded in the vessel in ‘MT Distya Pushti’ in tanks 1P, 1S, 2P, 2S.

2.9.4.2 Page No. 19 is the copy of E-mail correspondence dated 02.12.2021[**RUD-4**] from operations@midasship.com to ‘Distya Pushti-MASTER’ regarding blending of cargo. As per the above mail, the instructions for blending 15000MTS of olein with 5000 MT CPO and 250MT PFAD were communicated. The scanned image of the said page is reproduced below: -

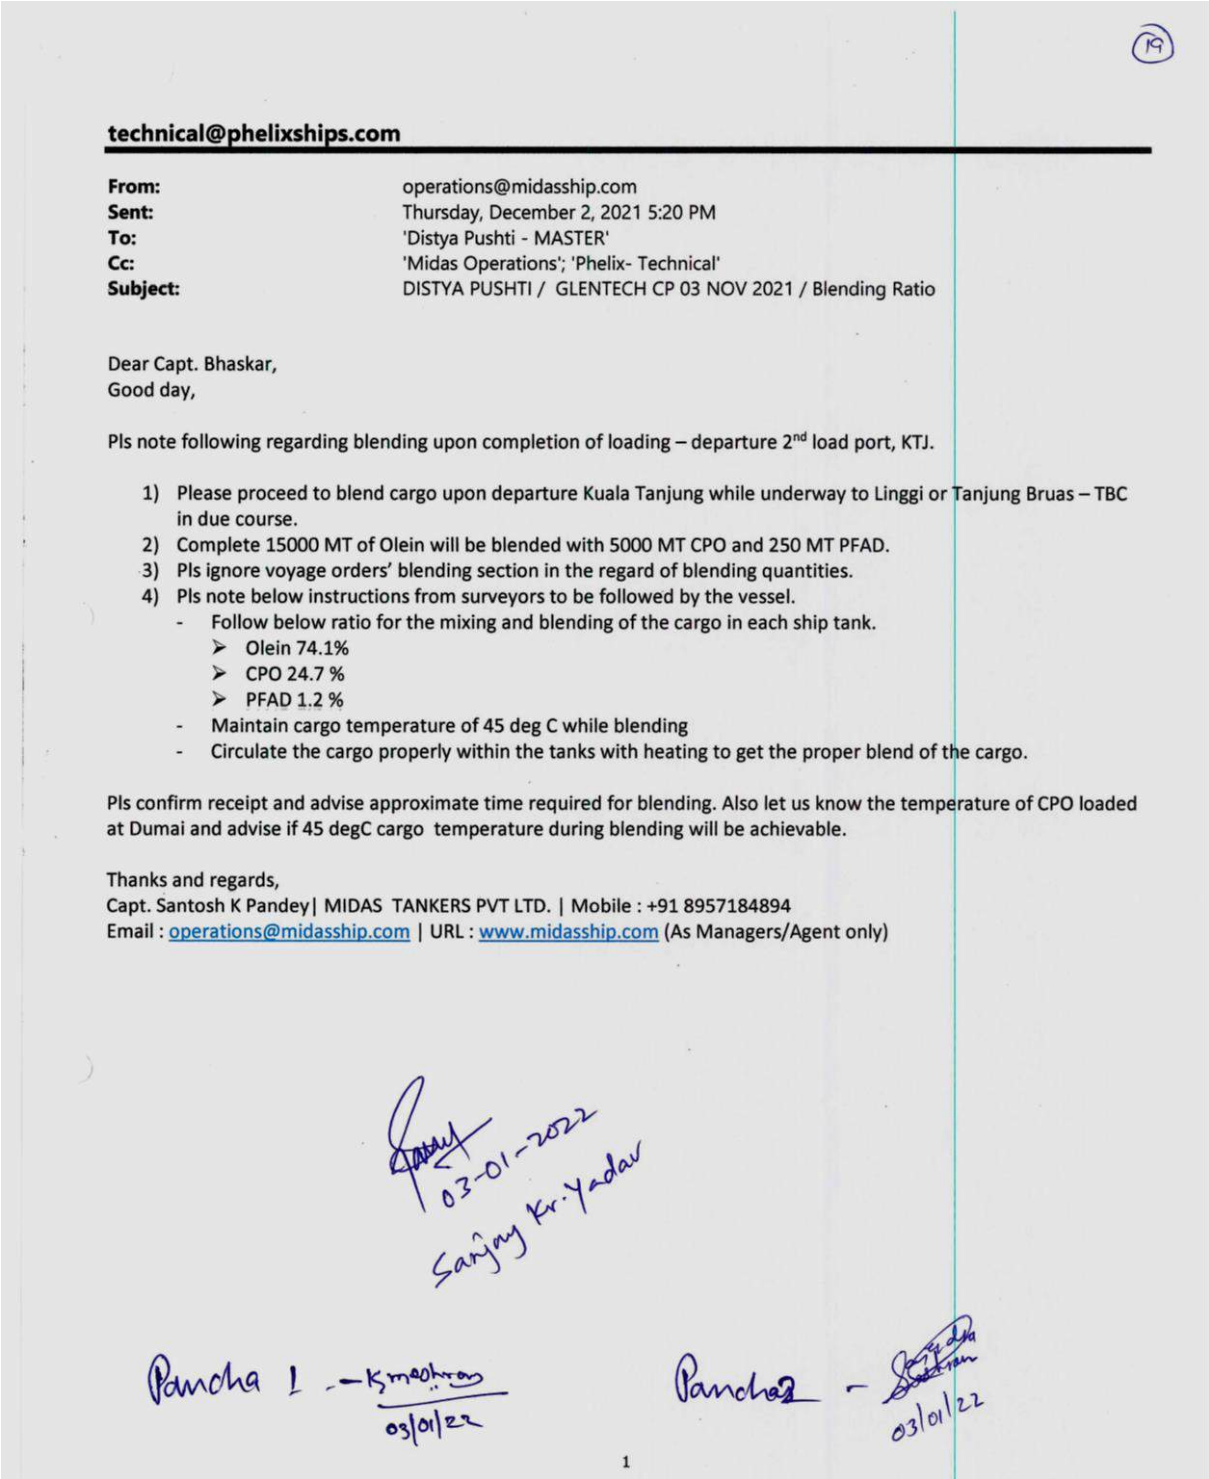

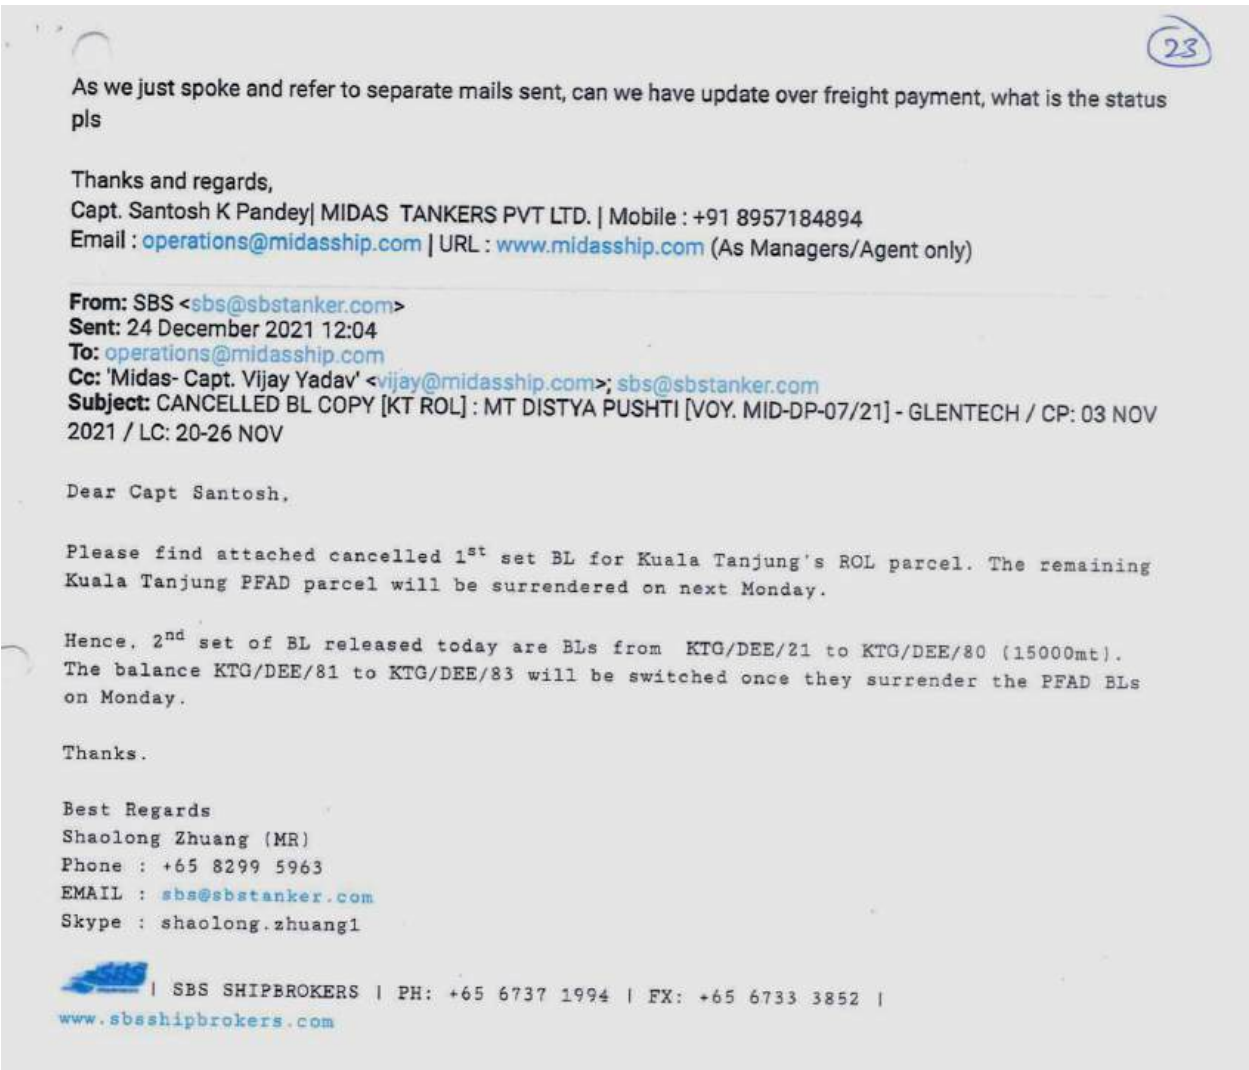

Image41: Scanned image of copy of E-mail correspondence dated 02.12.2021 from operations@midasship.com to ‘Distya Pushti-MASTER’ regarding blending of cargo.

2.9.4.3 Page No. 23 is the copy of E-mail correspondence dated 24.12.2021[**RUD-4**] from sbs@sbstanker.com to operations@midasship.com regarding instructions in relation to switching of Bills of Lading of RBD Palmolein and PFAD with all B/Ls of CPO were communicated. As per which,

the cancelled 1st set of Bills of Lading for Kuala Tanjung was forwarded. And the 2nd set of BL bearing Nos.KTG/DEE/21 to KTG/DEE/80 (15000 MT). It is also mentioned that the remaining B/L viz. KTG/DEE/81 to KTG/DEE/83 will be switched once they surrender the PFAD BLs on Monday. The scanned image of the said page is reproduced below: -

2.9.5 SCRUTINY OF DOCUMENTS PRODUCED BY SHRI SIDHANT AGARWAL, DIRECTOR OF M/S. GIPL, DURING RECORDING OF HIS STATEMENT DATED 29.01.2023: -

2.9.5.1 Shri Sidhant Agarwal, Director of M/s. GIPL, Greater Noida, U.P. during recording of his statement dated 29.01.2023, produced a file containing Page No. 1 to 104. **[RUD-10]**

2.9.5.2 Page No. 104 of the above mentioned file is Certificate of Origin bearing No. 4863/CO-CC/XII/2021 dated 08.12.2021, issued by Kamar Dagang Dan Industry Sumatera Utara. As per the said Certificate, the goods viz. 300.140 MTs PFAD, shipped to M/s. TIWA by M/s. INL through vessel 'MT Distya Pushti' vide B/L No. DP-KTG-DEE-02 & DP-KTG-DEE-03 both dated 05.12.2021, were of Indonesian Origin.

2.9.5.3 Similarly, Page No. 103 of the above mentioned file is Certificate of Origin bearing No. 4862/CO-CC/XII/2021 dated 08.12.2021 issued by Kamar Dagang Dan Industry Sumatera Utara. As per the said Certificate, the goods viz. 15000.225 MTS RBD Palmolein (Edible) Grade,

shipped to M/s. TIWA by M/s. INL through vessel ‘MT Distya Pushti’ vide B/L No. DP-KTG-DEE-01 dated 06.12.2021, were of Indonesian Origin.

From the above Certificates of Origin, it appears that the goods viz. 300.140 MT PFAD and 15000.225 MT RBD were purchased by M/s. TIWA from M/s. INL and loaded into the vessel Distya Pushti. Further, another Certificate of Origin, wherein goods viz. 20300.234 MT CPO of Indonesian Origin is shown. Thus, it appears that they have fabricated the Certificate of Origin.

2.9.5.4 Page Nos. 101 and 102 of the said file are Certificates of Origin bearing Reference No. 0007002/KDM/2021 and Ref. No. 0007001/KDM/2021 both dated 04.12.2021 issued by Pt. Sarana Agro Nusantara, Republic of Indonesia. As per the said Certificates, the goods viz. 2500 MTs and 2499.869 MTs CPO, to the order of M/s. TIWA by M/s KPBN through vessel ‘MT Distya Pushti’ vide B/L No. DUM/DEE/01 and DUM/DEE/02 both dated 01.12.2021, were of Indonesian Origin.

2.9.5.5 Page No. 98 & 99 of the above file is weight and quality certificate dated 08.12.2021, issued by M/s. Pt. Leon Testing and Consultancy. The above certificate pertains to 300.140 MTs PFAD loaded into Slop P of the vessel ‘MT Distya Pushti’. As per the test result of the said cargo, the following specifications are mentioned: -

<i>“Free Fatty Acid (As Palmitic)</i>	<i>91.81%</i>
<i>Moisture and Impurities</i>	<i>0.32%</i>
<i>Saponifiable Matter</i>	<i>98.42”</i>

2.9.5.6 Page No. 90 & 91 of the above file is weight and quality certificate dated 08.12.2021, issued by M/s. Pt. Leon Testing and Consultancy. The above certificate pertains to 15000.225 MTs RBD Palmolein (Edible Grade) loaded into the vessel ‘MT Distya Pushti’. As per the test result of the said cargo, the following specifications are mentioned: -

<i>“Free Fatty Acid (As Palmitic)</i>	<i>0.062%</i>
<i>Moisture and Impurities</i>	<i>0.04%</i>
<i>IV(WIJS)</i>	<i>56.65</i>
<i>Melting point</i>	<i>22.5 Deg. C</i>
<i>Colour</i>	<i>2.8 (RED)”</i>

2.10 CONCLUSION OF INVESTIGATION I.R.O. IMPORT OF CONSIGNMENT VIDE VESSEL- ‘MT DISTYA PUSHTI’

A. On scrutiny of the documents as discussed hereinabove, it appears that 5000 MT CPO, 15000 MT RBD and 300 MT PFAD were purchased/ M/s. GVPL/M/s. TIWA in Indonesia from M/s. KPBN and M/s. INL. The ‘CPO’ was loaded on the vessel Distya Pushti at Dumai port whereas RBD and PFAD were loaded on the said vessel at Kuala Tanjung port as per below mentioned table.

B/L no.	Date	Item description	CTH	Qty	Port of loading	Port of discharge	Consignee
DUM/DEE /01 &02	02.12.2021	Crude Palm Oil (Edible Grade) in bulk	1511 1000	4999.869 MTS	Dumai	Kandla Port	M/s. KPBN
DP-KTG-DEE-01	06.12.2021	Refined Bleached	1511 9037	15000.225 MTS	Kuala Tanjung	Kandla Port	M/s. INL

		&Deodorised Palmolein (Edible Grade) in Bulk					
DP-KTG- DEE-02	05.12.2021	Palm Fatty Acid Distillate (PFAD) in Bulk	3823 1920	250 MTS	Kuala Tanjung	Kandla Port	M/s. INL
DP-KTG- DEE-03	05.12.2021	Palm Fatty Acid Distillate (PFAD) in Bulk	3823 1920	50.140 MTS	Kuala Tanjung	Kandla Port	M/s. INL

B. Further, as per the Charter agreement dated 03.11.2021 of the vessel ‘MT Distya Pushti’ between M/s. Midas Tankers Pvt. Ltd., Mumbai (Owner) and Performance Charterer M/s.GVPL, Singapore and Payment Charterer M/s. TIWA, 5000 MT CPO was to be loaded from Dumai port, Indonesia; 15000 MT Palm Olein and about 400 MT PFAD from Kuala Tanjung port, Indonesia. As per the instructions from the management team of M/s. Midas Tankers Pvt. Ltd., vide E-mail dated 02.12.2021 to the Master of the Vessel was instructed to proceed to blend the entire 15000 MTs of Olein with 50000 MT CPO and 250 MT PFAD while underway to Linggi or Tanjung Bruas.

C. Similarly,instructions in context of switching of Bills of Lading of RBD Palmolein and PFAD with all B/Ls of CPO were communicated to the master of the vessel by the M/s. Midas Tankers Pvt. Ltd. Further, the original bills of lading of RBD and PFAD were replaced with the manipulated Bills of Lading, showing the cargo as CPO. It was also instructed to conceal the original load port documents and to produce the manipulated Bills of Lading declaring the goods as CPO at the port of discharge, i.e. Kandla.

D. As the manipulated Bills of Lading, IGM were filed declaring the goods as CPO and M/s TIL had filed 83 bills of entry dated 16.12.2021 and the description of goods mentioned as CPO (Edible Grade) in Bulk.

From the investigation conducted, it appears that the importer M/s. TIL in active connivance of M/s. GIPL, attempted to import admixture of CPO, RBD and PFAD, falling under CTH 15119090 through Kandla Customs Port, by way of mis-declaration of the same as CPO falling under CTH 15111000 and suppression of the facts of actual loaded goods on the vessel MT Distya Pushti, to evade higher customs duty payment to Indian Customs.

INVESTIGATION IN RESPECT OF PREVIOUSLY IMPORTED CARGO

3. It was further gathered during the course of investigation of import by M/s. TIL vide vessel ‘MT Distya Pushti’ that they had imported admixture of CPO, RBD and PFAD, in the manner of mixing/blending the said constituents on board vessel ‘MT Distya Pushti Voy.07/21’ previously as well. It is further gathered from the documentary as well as oral evidences, that M/s. TIL had imported admixture of CPO, RBD and PFAD, in the import consignments and mis-declared the cargo as CPO and classified the same under CTH 15111000 in the documents presented before Customs by suppressing the facts that the goods imported were admixture of CPO, RBD and PFAD with maximum constituents of palmolein, which merits classification under CTH 15119090. The above act on the part of importer resulted into short payment of Customs duties by ex-bond filers in the previous consignments as well.

3.1. It was further gathered that the import of CPO was undertaken by M/s TIL, using similar *modus operandi* in the previous imported consignments imported vide Vessels “FMT GUMULDUR V.202109”, “MT HONG HAI6 V.2106” and “MT FMT EFES V.202111” as per below mentioned details, which resulted in short payment of Customs duties by various ex-bond filers.

3.1.1 The details of the 12199.71 MT of admixture imported vide vessel FMT GUMULDUR V.202109 was purchased from M/s TIWA and declared the goods as CPO in the bills of entry before Indian Customs is as below mentioned table:

Sr. No.	COMMODITY loaded at load Port	QTY (MTs)	SUPPLIER (M/s.)	LOAD PORT	Warehouse Bill of Entry no.	Bill of Entry date
1	CPO	3499.71	OLAM	DUMAI, INDONESIA	5302477, 5302489, 5302500, 5302513, 5302519 & 5302523	03.09.2021
	RBD PALM OLEIN	8500	INL	KUALA TANJUNG, INDONESIA		
	PFAD	200	INL	KUALA TANJUNG, INDONESIA		
	Total	12199.7				

3.1.2 The details of the 15462.070 MT of admixture imported vide vessel MT HONG HAI6 V.2106 was purchased from M/s. Tata International Singapore PTE Ltd(referred as ‘M/s. TISPL’ hereinafter), and declared the goods as CPO in the bills of entry before Indian Customs is as below mentioned table:

Sr. No.	COMMODITY loaded at load Port	QTY (MTs)	LOAD PORT	Warehouse Bill of Entry no.	Bill of Entry date
1	RBD PALM OLEIN	6513.520	KUALA TANJUBG, INDONESIA	5916265, 5916285, 5916291 & 5916292	20.10.2021
	CPO	8948.550	Phuket, Thailand		
	Total	15462.070			

3.1.3 The details of the 12959.31MT of admixture imported vide vessel MT FMT EFES VOY. 202111was purchased from M/s. TIWA and declared the goods as CPO in the bills of entry before Indian Customs is as below mentioned table:

Sr. No.	COMMODITY loaded at load Port	QTY (MTs)	SUPPLIER (M/s.)	LOAD PORT	Warehouse Bill of Entry no.	Bill of Entry date
3	RBD PALM OLEIN	5086.015	PT INL	KAULA TANJUNG, INDONESIA	6212683 & 6212824	11.11.2021
	CPO	7873.290	THA CHANG	PHUKAT PORT, THAILAND		
	Total	12959.31				

4. FILING OF WAREHOUSE BILLS OF ENTRY (IN RESPECT OF PREVIOUSLY IMPORTED CONSIGNMENTS BY M/S. TIL, BY WAY OF FILING WAREHOUSE BILLS OF ENTRY AND SUBSEQUENTLY CLEARED BY VARIOUS INDIAN BUYERS):

4.1 M/s. TIL had filed 12 Warehouse Bills of Entries at Kandla Customs House as mentioned in **Annexure-A** to this notice, mis-declaring the cargo as “CPO”, which were imported vide aforementioned vessels, “FMT GUMULDUR V.202109”, “MT HONG HAI6 V.2106” and “MT FMT EFES V.202111”, wherein, it appears that blending of goods as detailed above was undertaken on board vessel(s). The copies of said W.H. Bills of Entries are already available with the importer M/s. TIL. With respect to the aforementioned W.H. Bills of Entry, it appears that the goods have been mis-declared as ‘CPO’ by M/s. TIL which are further sold, and subsequently cleared by various importers by filing Ex-Bond Bills of Entry for Home Consumption as per **Annexure- B** attached to this notice. The copies of such Bills of Entry are available with the respective Ex-Bond filers of the said cargo.

4.2 Further, M/s. Sheel Oil & Fats Private Limited (IEC: 6116901913), (herein after referred as ‘M/s Sheel Oil’) had filed the Ex-Bond BoE for Home consumption in respect of clearance of goods which were imported after blending vide the vessel FMT GUMULDUR V.202109, as listed under **Annexure-C** to this show cause Notice, by mis-declaring the goods as CPO under CTH 15111000 in the said Bills of Entry instead of correct CTH, i.e. 15119090. The copies of such Bills of Entry are already available with them. [M/s. Sheel Oil]

5. TARIFF CLASSIFICATION OF CPO & Admixture of RBD Palmolein, CPO and PFAD:

Crude palm Oil is classifiable under the chapter heading 15111000 of the Customs Tariff attracting duties leviable thereunder while admixture of RBD Palmolein, CPO and PFAD falls under the Chapter Heading is under CTH 15119090 of the Customs Tariff and attracts duties leviable thereunder.

6. SCRUTINY OF DOCUMENTS (i.r.o. previously imported consignments)

The investigation was conducted in respect of cargo imported vide vessel “MT Distya Pushti Voy. 07/21” and was extended to previously imported consignments by M/s. TIL vide vessels MT FMT Gumuldur 202109, MT HONG HAI6 V.2106, MT FMT EFES 202111 vide W.H. Bills of Entry as per **Annexure-A**. Further investigations revealed that M/s. TIL in connivance with M/s GIPL and other stakeholders viz. Vessel owners, M/s. TIWA, UAE, M/s. TISPL, M/s. GVPL, had filed such Bills of Entry by mis-declaring and mis-classifying the cargo as CPO, with intent to earn commission on the same for use of its brand name to import cargo and suppress the description of actually imported goods. These goods were subsequently cleared by various importers who purchased these goods from M/s. TIL and filed the Ex-Bond Bills of Entry for Home Consumption and had paid lesser amount of customs duty, thus, this entire planning of importing goods by way of mis-declaration by M/s. TIL led to evasion of customs duty by various beneficiaries viz., ex-bond filers (as listed in Annexure –B to this show cause).

6.1 During the course of investigation, statements of various persons were recorded and documents were produced during the statements of concerned persons, as mentioned below: -

1	Statement of Shri Amit Agarwal, Asstt. Vice President M/s. GIPL & M/s. GVPL., Singapore recorded on 05.01.2022 [RUD No.11]
2	Statement of Shri Sachin Deshpande, Executive of M/s TIL was recorded on 06.01.2022 under Section 108 of the Indian Customs Act, 1962 [RUD No. 12]
3	Statement of Shri Sachin Deshpande, Executive of M/s TIL was recorded under Section 108 of the Indian Customs Act, 1962 on 07.01.2022 [RUD No. 13]
4	Statement of Shri Amit Thakkar was recorded on 07.01.2022 under Section 108 of the Customs Act [RUD No. 14]
5	Statement of Shri ShrikantSubbarayan, Head of Agri Business Division of M/s. TIL was recorded under Section 108 of the Customs Act, 1962 on 08.01.2022 [RUD No. 15]
6	Statement of Shri Sidhant Agarwal, Director of M/s. GIPL dated 27.01.2022 [RUD No. 16]
7	Statement of Shri Sidhant Agarwal Director of M/s. GIPL dated 28.01.2022 [RUD No. 17]
8	Statement of Shri Sudhanshu Agrawal, Ex-CEO of M/s. GIPL dated 27.01.2022 [RUD No. 18]
9	Statement of Shri Sudhanshu Agrawal, representative and founder of M/s. GVPL dated 28.01.2022 [RUD No. 19]
10	Statement of Shri Sudhanshu Agrawal, ex-CEO of M/s. GIPL dated 29.01.2022 [RUD No. 20]
11	Statement of Shri Shrikant Subbarayan, Head – Minerals & Agri Trading Business, M/s. TIL., Mumbai dated on 20.05.2022 [RUD No. 21]

Statements recorded: -

6.1.1 Statement of Shri Amit Agarwal, Asstt. Vice President M/s. GIPL & M/s. GVPL, Singapore was recorded on 05.01.2022 **[RUD No. 11]**, wherein *interalia* he stated that: -

- that he is engaged in preparing Sale contracts/Bond to Bond Agreement with Domestic buyers of Crude Palm Oil (CPO), Refined, Blended & Deodorized (RBD) Palm Oil and Palm Fatty Acid Distillery (PFAD). Further when they receive advance payment from buyers of said oils, he used to issue Delivery Order (DO).
- On being asked regarding sales of the said oils he stated that Shri Sudhanshu Agarwal, former CEO of M/s. GIPL and father of Shri Sidhant Agarwal, one of the Directors of M/s. GIPL, looks after sales of M/s. GIPL and he used to be in contact with buyers of Crude Palm Oil (CPO), Refined, Blended & Deodorized (RBD) Palm Oil and Palm Fatty Acid Distillery (PFAD).
- On being asked regarding business relation of aforesaid companies of Glentech Group with M/s. TIL & their Overseas affiliate companies, he stated that an agreement for commodity supply and service agreement dated 09.03.2021 has been entered between M/s. GIPL & M/s. TIL. As per the said agreement M/s. TIL shall import the Commodity/(ies) viz.

Crude Palm Oil/Soya Oil/PFAD and other Edible Oils from the overseas Supplier or from TIL's Affiliates on behalf of M/s. GIPL; that he was the authorized signatory of M/s. GIPL for the said agreement. It is further stated that an agreement dated 09.03.2021 for Commodity Supply and Services has been entered between M/s. GIPL & M/s. TISPL. As per the Scope of the Agreement M/s. GIPL agrees and acknowledges that M/s. TISPL can import the commodity (ies) from the overseas supplier through M/s. GVPL and/or onward sell the same in Indian market through M/s. GIPL at its sole discretion and option. On being asked he stated that he was the authorized signatory of M/s. GIPL/ M/s. GVPL for the said agreement.

- Further in addition to above he stated that as per the aforesaid two agreements M/s. TIL & its affiliate companies will buy the goods from the overseas supplier through M/s. GVPL only in overseas country and further M/s. TIL will import the said goods in India on behalf of M/s. GIPL. Further, after importation the said goods, the same to be handed over to M/s. GIPL only.
- He was shown page No. 148 to 152 of file No. 06 resumed under Panchnama dated 02.01.2022 drawn at office premises of M/s. GIPL viz., printout of emails sent or received by me from employees of M/s. TIL through his official email ID operations@glentech.co and on being asked regarding content of the said mail, he stated that he has requested to employees of M/s. TIL for opening Bank Letter of Credit (LC) in respect to the 15000MTs RBD and 250 MTs PFAD and he also requested them not to open LC for 5000 MTs Crude Palm Oil (CPO). Further, it is stated that vide aforesaid mail, he sent draft Letter of Credit to them (employees of M/s. TIL). On being asked regarding mail dated 17.11.2021 (20:50 PM) he stated that vide the said mail he sent details of contracts of M/s. TIWA, UAE with PT Industri Nebati Lestari (INL) w.r.t. supply of said 15000MTs RBD & 250 MTs PFAD.
- He was shown the contract No. TIWA/2122/CPO-RBD/0001 dated 24.11.2021 entered between M/s. GVPL, Singapore and M/s. TIWA, UAE for supply of 5000 MTs (+/- 2% at seller's option) Crude Palm Oil (CPO) by M/s. GVPL to M/s. TIWA, which was resumed under Panchnama date 02.01.2022 drawn at office premises of M/s. GIPL. The said contract was signed by him on behalf of M/s. GVPL. On being asked, he stated that the said 5000 MTS CPO first purchased by M/s. GVPL from M/s. KPBN, Indonesia and then sold to M/s. TIWA as per contract dated 24.11.2021.
- It is stated that the said consignment of 15000MTs of RBD, 5000 MTs CPO & 300 MTs PFAD (50MTS added later vide contract No. 170/SC/FOB/INL/XII/2021) was loaded in ship namely MT Distya Pushti at Indonesia on 06.12.2021. Further the said cargo in same ship was imported in India by M/s. TIL from M/s. TIWA and the said ship MT Distya Pushti along with the said 20300 MTs (15000 MTs RBD+ 5000 MTS CPO + 300 MTs PFAD) (approx.) cargo arrived at Kandla Port recently.
- He was shown the page No. 108 to 116 of file No. 07 resumed under Panchnama dated 02.01.2022 drawn at office premises of M/s. GIPL. In

this context, he stated that said pages (114-116) are (i) commercial invoices issued by INL to M/s. TIWA w.r.t. sell of RBD & PFAD and description of goods mentioned therein are correct. The pages (111-113) are Tanker Bill of Lading wherein shipper is mentioned as M/s. INL, Indonesia, Notify party as M/s. TIWA, Name of the ship as M/T. Distya Pushti Voy. 07/21, Loading port as Kuala Tanjung Port, Indonesia & delivered port was mentioned as Deendayal (Kandla) Port, India. In the said Bill of lading, the description of goods mentioned as RBD Palm Oil & PFAD which is correctly mentioned. Page No. 110 is Certificate of Origin w.r.t. aforesaid goods supplied by INL to M/s. TIWA, wherein goods description is mentioned as RBD Palm Oil & PFAD which is correctly mentioned. Page No. 108 & 109 are Shipping Certificate, wherein the description of goods loaded in M/T. Distya Pushti Voy. 07/21 are mentioned as RBD Palm Oil & PFAD.

- On being asked he stated that in all the three type of documents description of goods supplied by M/s INL to M/s. TIWA are correctly mentioned as RBD Palm Oil & PFAD and the said goods loaded in M/T. Distya Pushti Voy. 07/21 on 06.12.2021 at Kuala Tanjung Port, Indonesia and further the same ship arrived at Kandla Port recently.
- On being asked regarding the page No. 107 of file No. 7 resumed under Panchnama dated 02.01.2022 drawn at office premises of M/s. GIPL, he stated that the said page is Certificate of Origin issued by Dubai Chamber in respect of goods imported by M/s. TIL from M/s. TIWA and description of goods was mentioned as Crude Palm Oil (Edible Oil) in Bulk, quantity was mentioned as 20300.234 MTs, name of the vessel is mentioned as MT Distya Pushti- 07/21.

6.1.2 Statement of Shri Sachin Deshpande, Executive of M/s TIL was recorded under Section 108 of the Indian Customs Act, 1962 on 06.01.2022[**RUD No. 12**]& 07.01.2022 [**RUD No.13**] wherein he *inter alia* stated that he looks after the documentation part of import of different types of oils and voluntarily produced the documents viz. Sample copy of sale purchase contract of M/s. TIL with M/s. TIWA DMCC, UAE, LC copy, copy of purchase contracts Bills of lading etc. w.r.t. consignment vide 'MT Distya Pushti'. He also produced the summary of previous consignment for importation of CPO, i.e. the details and quantities etc. Further, vide statement dated 07.01.2022, he *inter-alia* in response to question no. 13 has stated that in previous 03 vessels RBD & PFAD were also imported; that the details of previous imports were:-

He also produced copies of Original Invoices issued to M/s. TIWA or M/s. TISPL by the suppliers w.r.t aforesaid 02 old consignments (Sr. 1 & 2 of aforesaid table); copy of original Bill of Ladings with respect to aforesaid 03 old consignments and stated that descriptions of goods were mentioned as CPO, RBD Palm Olein & PFAD which were actually imported by M/s. TIL and the same were loaded in respective vessels at load port. M/s TIL mis-declared the goods as 'CPO' in the Bills of Entry presented before customs.

6.1.3. Statement of Shri Amit Thakkar was recorded on 07.01.2022 and documents produced during the statement **[RUD No.14]** under Section 108 of the Customs Act wherein *inter-alia* he stated that his job at M/s. TIL (Agri Division) includes Domestic procurement as well import procurement of oil; that M/s. TIL deals in Trading Business which includes Trading/Trade Facilitation of Edible Oil/Pulses; Vide said statement he further elaborated the

terms Trading and Trade Facilitation; that the Trading Activity of M/s. TIL includes procurement of edible oil product/pulses through Domestic Market as well as through Importations; and that in Trade Facilitation, client through Broker as well as their own and even sales Relations Team of M/s. TIL would approach to the potential client for business. Then M/s. TIL facilitate them by paying to the supplier on their behalf i.e., Opening a letter of Credit/made cash payment against Documents (CAD) in account of M/s. TIL or their subsidiaries. Further M/s. TIL negotiate the terms and conditions and thereafter entered into an Agreement and also ask them to deposit the security deposit i.e. margin money. Subsequently, after securing the full payment i.e. Value of Cargo/Goods + Processing Fees the delivery order is issued. Vide said statement dated 07.01.2022, it is stated that: -

- M/s. TIL's role is of Trade Facilitator, M/s. TIL facilitated M/s. GIPL, for procurement of Oil products i.e. CPO, RBD, PFAD, Soya Oil etc.; that the stage wise steps which were followed for execution of the above said work is as under: -

1. *Client Agreement dated 9.3.2021 between M/s. TIL & M/s. GVPL Agreement was already in existence.*
2. *Details (i.r.o. vessel MT Distya Pushti) of the purchase contract of 20300 MT between M/s. GVPL & Suppliers from Indonesia were shared through E-Mail dated 8.11.2021(From Amit Agarwal (operations@glentech.co to Ravi Thakkar(ravi.thakkar@tatainternational.com)); that M/s. TIL forwarded their response through E-Mail(amit.thakkar@tatainternational.com) on 25.11.2021 9.51 AM. The response was forwarded to Mr. Sudhanshu & Mr. Sidhant Agarwal (both of M/s. GIPL), Mr. Shrikant Subbarayan, Head of Agri Division of M/s. TIL and Mr. Kushal Bothra, Manager of Agri Division of M/s. TIL.*

It is further stated that as per the above said mail, they had conveyed the agreed terms for the shipment of 20250 MT. Agreed terms are as under: -

- *5000 MT of CPO to be procured from KPBN (PT. Perkebunan Nusantara III (PERSERO)); 15000 MT RBD Palmolein and 250 MT PFAD to be procured from INL (INL).*
- *Blended cargo would be 5000 MT, 10000 MT RBD Palmolein 250 MT PFAD totalling to approx. 15000 MT CPO.*
- *Balance 5000 MTRBD Palmolein shall be loaded separately and sold independently as RBD Palmolein.*
- *Entire cargo of 20000 MT shall be sold off before vessel arrival in India.*
- *Tata trade margin for this specific transaction shall be USD 25 per MT.*

It is stated that M/s. TIL forwarded the above mail for their confirmation and they received the confirmation through E-mail dated 25.11.2021; 10:25 A.M. (sidhant@glentech.co) vide their e-mail. He produced the copy of the above said mail. Subsequently, purchase contract was executed wherein Buyer is M/s. TIWA and Seller is M/s. INL for 15000 MT of RBD & 300 MT of PFAD. Further he stated that since the purchase contract of M/s. KPBN

could not be transferred to M/s. TIWA, the purchase was undertaken from M/s. GVPL for 5000MT of CPO. He produced a copy of the above said contract) on FOB basis.

3. Then they opened the LC in favour of M/s. INL for 15000 MT of RBD & 300 MT of PFAD and in favour of M/s. GVPL for 5000MT of CPO. He produces a copy of the LC in respect of purchase of 5000MT of CPO in favour of M/s. GVPL).
 4. *Then vessel was arranged by M/s. GVPL. Accordingly, charter agreement was executed between M/s. Midas Tankers Pvt. Ltd & M/s. GVPL, wherein M/s. GVPL is operational Charter, M/s. TIWA were the payment charterer.*
 5. *Email was received from Shipping and Logistics department of M/s. GVPL (shipping@glentech.co) on 24.11.2021 12:12 regarding appointment of M/s. Geo Chem as a surveyor/Inspector Agency at the load port. He reproduces the content of the above said email: -
“We hereby nominate you for the subject cargo at DUMAI, Kuala Tanjung and Linggi. Vessels ETA to Dumai O/a 26.10.2021.
Port rotation and cargo nomination as follow.*
 1. *Dumai*
Agents: Urban Shipping Agency
Shipper: KPBN III and KPBN V-5000 MTS CPO
 2. *Kuala Tanjung*
Agents: Urban Shipping Agency
Shipper: PT INL-15000 MTS Olein & 250 MTs PFAD
 - 3 *Linggi*
Agents: Maritime NETwrk SDN BHD
Ops: CARGO OPS (Other than loading)
 6. *Subsequently, Crude Palm Oil (CPO)(5000 MT) was loaded from Dumai & 15000 MT Refined Bleached Deodorised Palmolein (RBD) and 300 MT Palm Fatty Acid Distillation (PFAD) at Kuala Tanjung port, Indonesia. He stated that as operational charterer entire blending operation had been undertaken in supervision by M/s. GVPL and he’s not fully aware exactly where and how it took place.*
- On being asked about the details of Bills of Entry (along with details of imported commodities, quantity etc.) filed for the current import consignment by M/s. TIL before Kandla Customs, he produced summary sheet containing details of 83 Bills of Entries filed by M/s. TIL at Kandla Port w.r.t. goods imported via Vessel namely MT Distya Pushti wherein the description of goods mentioned as Crude Palm Oil (CPO)(Edible Grade) in Bulk, Country of Origin: ID (Indonesia), Port of Shipment(for Sr. No. 1 to 16 & 18 to 21): IDDUM and For Sr. No. 17,22 to 83): IDKTJ in the said Bills of Entries. Qty in 80 bills of entry is 250 MT each, wherein B/E No. 67144238-Qty. 249.869 MT, B/E No.671448(Qty. 50 MT) & B/E No. 6714454-Qty. 50.365 MT.
 - On being asked as to from whom the said imported goods were purchased by M/s. TIL, it is stated that M/s. TIL purchased the said goods from M/s. TIWA.
 - He affirmed that the same goods viz. 5000MTs CPO, 15000MTs RBD & 300 MTs PFAD which have been purchased by M/s. TIWA from M/s. GVPL & M/s. INL (M/s. INL), Indonesia and were further sold by M/s. TIWA to M/s. TIL.

- On being asked about the entries in the aforesaid 83 Bills of Entry all dated 16.12.2021 as to whether it matches with the entries mentioned in the Bill of Lading (original and other one) for the said consignment, he denied the same and stated that w.r.t goods purchased by M/s. TIWA from M/s. GVPL & M/s INL, Indonesia, goods description mentioned in the Bills of Lading were 5000MTs CPO, 15000MTs RBD & 300 MTs PFAD and mentioned in Original Bills of Lading i.e. DUM/DEE/01-02 dated 1.12.2021, DP-KTG-DEE-01-02-03 dated 5-6.12.2021 whereas as per the 83 Bills of Entry, the description of Goods is shown as CPO (Edible Grade) in Bulk. He produces copies of the Bills of lading No. KTG/DEE/81 to 83.
- On being asked about any declaration in the documents filed before the Kandla Customs w.r.t. current consignment that RBD Olein and PFAD was also loaded in the said vessel, he stated that they have submitted the appropriate documents before the Customs Authority at Kandla as resultant product after blending to derive better quality of CPO, which was certified by the surveyor before arrival in India and accordingly same were appropriately declared as CPO before the Customs.
- He affirmed that the “RBD” and “PFAD” were loaded on Kuala Tanjung Port, Indonesia and CPO was loaded in DUMAI port. He also accepted that post blending local B/Ls were switched to Global B/L and that these products have not been declared in the documents filed before Kandla Customs and M/s. TIL has submitted the ‘CPO’ B/L/documents to the Customs Authority.
- When the goods purchased by M/s. TIWA from M/s INL & M/s. GVPL. were 15000MTs RBD & 300 MTs PFAD, 5000MTs CPO and the same were loaded in MT Distya Pushti- 07/21 at Indonesia and further the same were further sold to M/s. TIL vide the same vessel, In this context, on being asked about the reason for description of goods mentioned as Crude Palm Oil (Edible Oil) in Bulk instead of RBD Palm Oil, PFAD & CPO in Certificate of Origin & in IGM & aforesaid 83 Bills of Entries filed by M/s. TIL before Kandla Customs, it is stated that as per their client M/s. GIPL, three different cargoes purchased in Indonesia and blended to derive better quality CPO as required and desired by buyers in India and accordingly, post blending and certification received from the surveyors certifying the cargo as CPO and they got certificate of Origin issued from Dubai Chamber, M/s. TIL has accordingly filed the documents for CPO with Customs. He produced a copy of the Country-of-Origin Certificate No. 2117495 dated 20.12.2021.
- On being asked as to why was M/s. GVPL directing the vessel’s persons/shipping agent for blending & for switching of Bill of Lading Whereas, the goods were imported by M/s. TIL from their affiliate company M/s. TIWA, Dubai; title of the said goods was with M/s. TIWA, Dubai, it is stated that the M/s. TIL was providing trade facilitation services to M/s GIPL, and entire sourcing and purchase in Indonesia had been undertaken by M/s. GVPL. In the charterer agreement M/s. GVPL is the operational charterer and accordingly directions were issued by M/s. GVPL.
- He produced the copy of Charter party agreement.
- On being asked as to what directions were given to vessel agents/vessel persons with respect to the current import consignment of your company and reasons thereof, it is stated that as per the charterer agreement M/s.

GVPL is the operational charter and accordingly directions were issued by M/s. GVPL.

- He produced the details of previous import through Vessel Name “MT FMT Gumuldur”, “MT HONG HAI”, “MT FMT EFES VOY. 202111”. B/E Date 3.9.2021, 20.10.2021 & 11.11.2021 respectively as below: -

- He affirmed the fact that Blending process and switch of Bill of Lading were undertaken/ followed in the similar manner of the current consignment i.e. on-board vessel “MT Distya Pusti” in the aforesaid old 03 consignment also. Further he stated that even though M/s. TIL had procured CPO, RBD & PFAD through M/s. GVPL and their identified suppliers in earlier consignments also and blended those to derive better quality of CPO, which was certified by the surveyor before arrival in India and accordingly, they declared the goods as CPO before the Customs.

6.1.4. A Statement of Shri Shrikant Subbarayan, Head of Agri Business Division of M/s. TIL was recorded under Section 108 of the Customs Act, 1962 on 08.01.2022 **[RUD No. 15]**, wherein *interalia* he stated that he is responsible for delivering business performance as per business plan. They deal in commodities like pulses and grains, oils and oilseeds, sugar; that their activities include Trading and Trade facilitation; that the trading means the firm is buying/selling, importing/exporting where the risk or reward is theirs’(M/s. TIL); that in Trade Facilitation, they enable Third Party to do the transaction were in lieu of margin money. Thus, they have a fixed profit and price risk averse. For the oil business transactions, only Trade Facilitation activity is carried out by them. It is stated that the term "margin money" used above refers to the advance payment provided to the company by a third party to protect it from the risk of price fluctuations. In trade facilitation, the company assists third parties in purchasing oil commodities by opening letters of credit (LCs) on their behalf to suppliers based in foreign countries. Before opening the LCs, the original contracts are transferred to the company's name. Prior to entering into the said purchase contract, the company always has a sales contract with the third party, in which the margins for the transaction

are agreed upon and the material is presold to the third party. The company handles the financial aspects of the said sale/purchase trade facilitation activity and manages the risk until its funds are returned. His responsibility is to monitor and supervise five traders working under him. He regularly tracks and discusses with these five traders whether the business is going according to plan; that he is the approving authority at M/s/ TIL for finalizing any deal in above mentioned two categories viz. Trading and Trade Facilitation. It is further stated that the cargo belongs to the third party and they look after the finance part of the said cargo. He further stated that: -

- *For the custom related purpose, the importer will be M/s. TIL. And the supplier will be either, M/s. TIWA, UAE or TISPL, Singapore.*
- *since entire transactions was about facilitating the M/s. GVPL's trade, hence the purchase of the cargo, the blending of the cargo was all per the instructions issued by M/s. GVPL, as he was the ultimate buyer after the import of the said cargo into the India.*

6.1.5. Statement of Shri Sidhant Agarwal, Director of M/s. GIPL recorded under Section 108 of the Customs Act, 1962

A statement of Shri Sidhant Agarwal, Director of M/s. GIPL was recorded on 27/28.01.2022 **[RUD No 16 & 17 respectively]**, wherein, *interalia* he stated that M/s. GVPL. entered in contract with KPBN, Indonesia for supply of Crude Palm Oil and accordingly same was supplied by M/s. KPBN, Indonesia to M/s. GVPL; that further, as per agreement between M/s. TIWA & M/s. GVPL, the said goods were supplied to M/s. TIWA; that the said CPO, RBD & PFAD were blended on Vessel 'MT Distya Pushti' and further the said blended goods by imported by 'M/s. TIL' at Kandla Port; that as per understanding between M/s. TIL & M/s. GIPL, the said imported blended goods would be sold to buyers by M/s. GIPL & M/s. TIL; that the requirement to blend has been stated as there was demand of CPO having FFA value below 3.5; that accordingly they then inquired at Indonesia to ascertain the way or place to obtain the CPO having FFA value below 3.5. Against which, it was learnt by them that naturally CPO having FFA value below 3.5 was very rare. But the same can be obtained by blending three different products i.e. CPO, PFAD & RBD olein only and product can be made marketable as per buyer's requirement. It is further stated that: -

- M/s. TIL was the importer w.r.t. consignments imported vide vessel MT FMT Gumuldur (Sep. 2021), Hong Hai (Oct. 2021) & MT FMT EFES (Nov. 2021) & MT Distya Pushti;
- that w.r.t. all the aforesaid consignments of goods imported by M/s. TIL., M/s. TIL was financial charter who make arrangement Letter of Credit (LC) in overseas country for purchasing the said goods and M/s. GVPL was operational charter; that apart from that M/s. TIL & M/s. GIPL are business partner also; Goods imported vide vessel namely, MT FMT Gumuldur, MT Hong Hai & MT FMT EFES were further sold in India on Bond to Bond basis by M/s. GIPL as well as M/s. TIL;
- On being asked about the details of goods imported through vessel namely, MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106 & MT FMT EFES VOY. 202111 and details of further sale of goods, it is stated that the goods imported vide said vessels are as below : -

Details of goods imported by M/s. TIL which were further sold to M/s. GIPL										
Sr No .	VESSEL NAME	SELER	COMMODITY loaded at load Port	QTY (MTs)	SUPPLIER (M/s.)	LOAD PORT	Bill of Entry no.	Bill of Entry date	Description of imported goods declared in bill of entry	QTY (MTs)
1	FMT GUMULDUR	M/s. TIWA	CPO	3499.71	OLAM	DUMAI, INDONESIA	5302477, 5302489, 5302500, 5302513, 5302519 & 5302523	03.09.21	CPO	12199.71
			RBD PALM OLEIN	8500	INL	KUALA TANJUBG, INDONESIA				
			PFAD	200	INL	KUALA TANJUBG, INDONESIA				
			Total	12199.7						
2	MT HONG HAI	M/s. TISPL	RBD PALM OLEIN	6513.520		KUALA TANJUBG, INDONESIA	5916265, 5916285, 5916291 & 5916292	20.10.21	CPO	15462.070
			CPO	8948.550		Phuket, Thailand				
			Total	15462.07						
3	MT FMT EFES VOY. 202111	M/s. TIWA	RBD PALM OLEIN	5086.015	INL	KAULA TANJUNG, INDONESIA	6212683 & 6212824	11.11.21	CPO	12959.31
			CPO	7873.290	THACHANG	PHUKAT PORT, THAILAND				
			Total	12959.31						

- That M/s. GIPL & M/s. TIL mutually decided to import the blended goods obtained through blending of CPO with RBD & PFAD in one specific ratio.
- that their first consignment with M/s. TIL import of 2500 MTs CPO and M/s. GIPL purchased through Bond from M/s. TIL on dated 11.5.2021. It was normal CPO, wherein FFA value (Free Fatty Acid) was around 4.5 to 5, due which some difficulties were experienced in selling the above said CPO. Then on the basis of the market survey it was found by them there is a demand of CPO having FFA value below 3.5. Accordingly, they then inquired at Indonesia to ascertain the way or place to obtain the CPO having FFA value below 3.5. Against which, it was learnt that naturally CPO having FFA value below 3.5 is very rare. But the same can be obtained by blending three different products i.e. CPO, PFAD & RBD olein only and product can be made marketable as per buyer’s requirement. Accordingly, above matter was conveyed to M/s. TIL. In response, M/s. TIL confirmed to proceed. Further, accordingly, the next consignments were ordered and goods obtained after blending of CPO with RBD Palmolein or PFAD were imported. The said blended goods imported through vessel namely MT FMT Gumuldur, Hong Hai & MT FMT EFES, were further sold by M/s. GIPL & M/s. TIL to buyers in the domestic market.
- That the blending ratio is suggested by the surveyor which were nominated by M/s. TIL. It is further stated that in case of consignment imported through vessel “MT HONG HAI 6” & “MT.FMT EFES” M/s. TIL had nominated surveyor namely “AM SPEC”. Further, the ratio of blending was decided on availability of quantity of CPO & RBD. As per availability of CPO & RBD surveyor decided the quantity of PFAD which required to blend with CPO & RBD.
- It is stated that the said blended goods have better quality than normal CPO due to lower FFA value i.e. below 3.5, hence, blended goods have more market demand in India. It is also stated that as refined product i.e. RBD Palmolein for which FFA value is less than 0.1% is mixed with

normal CPO, therefore the FFA value of the said blended goods/resultant goods is lesser than normal CPO.

- It is stated that the refined goods viz. RBD & PFAD are part of the said resultant/ blended goods w.r.t. the Distya Pushti consignment around 74.1% RBD Palmolein& 1.2% PFAD which are refined goods. Further, w.r.t. to consignment imported through MT FMT Gumuldur, Hong Hai & MT FMT EFES, the ratio of refined goods are as under: -

Sr. No.	Name of the Vessel	Quantity of RBD Palmolein (%)	Qty. of PFAD (%)
01.	MT FMT Gumuldur	69.67	1.64
02.	Hong Hai	42.12	--
03.	MT FMT EFES	39.25	--

- He produced the following documents duly signed with date: -
- Documents related to import of goods through MT FMT Gumuldur by M/s. TIL having page no 01 to 346 containing Agreement of M/s. GVPL as well as M/s. TIWA with suppliers of CPO, RBD Palmolein& PFAD, Charterer Party Agreement, LCs, copy of BL, Country of Origin Certificate, into bond Bill of Entry for warehousing, agreement of M/s. GIPL with M/s. TIL, agreements with buyers of M/s. GIPL etc.*
 - Documents related to import of goods through Hong Hai by M/s. TIL having page no 01 to 539 containing Agreement of M/s. GVPL as well as M/s. TISPL, Singapore with suppliers of CPO & RBD Palmolein, Tanker Voyage Charterer Party Agreement, LCs, copy of BL, Country of Origin Certificate, into bond Bill of Entry for warehousing, agreement of M/s. GIPL with M/s. TIL, agreements with buyers of M/s. GIPL etc.*
 - Documents related to import of goods through MT FMT EFES by M/s. TIL having page no 01 to 211 containing Agreement of M/s. GVPL as well as M/s. TIWA, with suppliers of CPO & RBD Palmolein, Tanker Voyage Charterer Party Agreement, copy of BL, Country of Origin Certificate, into bond Bill of Entry for warehousing, agreement of M/s. GIPL with M/s. TIL, agreements with buyers of M/s. GIPL etc.*

6.1.6. A Statement of Shri Sudhanshu Agrawal, ex-CEO and representative of M/s. GIPL was recorded on 27.01.2022/28.01.2022 **[RUD No.18 & 19 respectively]** under Section 108 of the Customs Act, 1962 wherein *interalia* he stated that the first consignment they dealt with M/s. TIL was when they imported 2500 MTs CPO through vessel MT Splendour and they purchase through Bond from M/s. TIL on dated 11.05.2021. It was normal CPO, wherein FFA (Free Fatty Acid) was around 4.5 to 5.1 add and that they experienced difficulties in selling the above said CPO; then they carried out the market survey and found that there is a demand of CPO having FFA value below 3.5. Then, they inquired at Indonesia to ascertain the way or place to obtain the CPO having FFA value below 3.5. Against which, it is learnt that naturally it is not possible to obtain CPO having FFA value below 3.5 but the same can be obtained by blending three different products i.e. CPO, PFAD & RBD olein only and product can be made marketable as per buyer's requirement. Accordingly, above matter was conveyed to M/s. TIL. In response, M/s. TIL informed that they would check the risk & legal aspect and then will confirm. After a long-time they confirmed to proceed. Further, accordingly, the

next consignments were ordered and imported. He produced the details of the same as below.

Sr. No.	Vessel Name	Seller	COMMODITY	Qty. Break Up (Approx.)	Total Qty (In Mts)
1	MT FMT GUMULDUR	OLAM	CPO	3500	12100
		INL	RBD	8400	
		INL	PFAD	200	
2	MT HONG HAI 6	THA CHANG	CPO	6000	15600
		THANA PALM	CPO	3000	
		INL	RBD	6600	
3	MT.FMT EFES	THA CHANG	CPO	8000	13000
		INL	RBD	5000	
4	MT.DISTYA PUSHTI	KPBN	CPO	5000	20300
		INL	RBD	15000	
		INL	PFAD	300	

He confirmed that above said consignments were imported by blending of three different products in the above given proportion/ quantities.

- On being asked as to who decides the blending ratio, it is stated that it is mainly suggested by the surveyor, nominated by M/s TIL and may be appointed by them. It is further stated that right to choose of the surveyor always remains with M/s TIL. More particularly, he stated that in case of consignment imported through vessel “MT HONG HAI 6” & “MT.FMT EFES”, M/s TIL had nominated surveyor. Further, the ratio depends upon the availability of material i.e. CPO, RBD & PFAD.
- On being asked to explain the reason as to why there is a demand for so called CPO with FFA value below 3.5, it is stated that it is a market practice and whatever he gathered from his experience since 2014 & interaction with the end users, it is learnt that time in refining process as well as costing is lesser.

He also produced list of their main buyers of Edible Oils, i.e. M/s. DIL Exim Commodities Pvt. Ltd., M/s. Sangrur Agro Limited, M/s. DIL Exim Commodities Pvt. Ltd. M/s. Sheel Oil and Fats Pvt. Ltd., M/s. G-One Agro Products Ltd. etc.

6.1.7 A further statement of Shri Sudhanshu Agrawal, representative and founder of M/s. GIPL was recorded on 28.01.2022 under Section 108 of the Customs Act, 1962 **[RUD No.19]**, wherein *inter-alia* he stated that M/s. TIL is financial partner as 100% finance is done by M/s. Tata International Ltd. and M/s. GIPL had to deposit some amount as margin as decided by M/s TIL for managing the risk. He further stated that that there is demand of product which is having FFA value below 3.5 and the same can be obtained by blending two/ three different products, i.e. CPO, PFAD and RBD Olein only and product can be made marketable as per buyers’ requirement. That, in India, blending would not be financially viable as RBD would attract more customs duty and due to duty difference in RBD the resultant cost would increase and buyer would not purchase; that he had knowledge that blending will take place and affirmed that originally idea of blending is through market survey by them and same was approved by M/s TIL. Hence, M/s. GVPL and M/s TIL have full knowledge about blending as it was required to make product marketable and after blending also, they name the product at Crude Palm Oil; that in Bond-to-

Bond Sell, bond is executed on stamp paper of Rs.300/- in between seller and buyer and simultaneously, bond invoice is generated. The above sell is considered as sell outside India and as such no GST as well as Customs is payable in Bond-to-Bond sell; that whosoever files Ex-bond Bills of Entry would pay GST and Customs Duty; that they being the operational Charter, they are responsible for any demurrage charges, dead freight and any other liability of vessel arises during operation only; Cargo is insured by M/s. TIL. As such Blending is done as per guidance of the surveyor; that as operational charter, they do not carry the whole risk, that full finance is of M/s. TIL, right to refusal is with M/s. TIL.

- That blending is done as per the charter party agreement and been done under the supervision/guidance of surveyor. Surveyor always nominated by M/s. TIL.

6.1.8. A further statement of Shri Sudhanshu Agrawal, *ex-CEO* of M/s. GIPL was recorded under Section 108 of Customs Act, 1962 on 29.01.2022 **[RUD No. 20]** wherein *interalia* he stated and affirmed that in the following consignments, blending took place: -

Sr. No.	VESSEL NAME	SELLER	COMMODITY loaded at load Port	QTY (MTs)	SUPPLIER	LOAD PORT	Bill of Entry no.	Bill of Entry date	Description of imported goods declared in bill of entry	QTY (MTs)
1	MT Splendour	M/s. TISPL	CPO	1934.237	Olam Inter. & Pt. IchtiarGustiPudi	DUMAI, INDONESIA			CPO	1934.237
			PFAD	4999.966					PFAD	4999.966
			Total	6934.203						
2	FMT GUMULDUR	M/s. TIWA	CPO	3499.71	OLAM	DUMAI, INDONESIA	5302477, 5302489, 5302500, 5302513, 5302519 & 5302523	03.09.21	CPO	12199.71
			RBD PALM OLEIN	8500	PTINL	KUALA TANJUBG, INDONESIA				
			PFAD	200	PTINL	KUALA TANJUBG, INDONESIA				
			Total	12199.7						
3	MT HONG HAI	M/s. TISPL	RBD PALM OLEIN	6513.520		KUALA TANJUBG, INDONESIA	5916265, 5916285, 5916291 & 5916292	20.10.21	CPO	15462.070
			CPO	8948.550		Phuket, Thailand				
			Total	15462.07						
4	MT FMT EFES VOY. 202111	M/s. TIWA	RBD PALM OLEIN	5086.015	PT INL	KAULA TANJUNG, INDONESIA	6212683 & 6212824	11.11.21	CPO	12959.31
			CPO	7873.290	THA CHANG	PHUKAT PORT, THAILAND				
			Total	12959.31						

- W.r.t to the above, it is stated that Blending was done in Malaysian port/Thailand Port and as per his memory it was done either at Linggi Port or Port Klang and Phuket port (Thailand). Further, it is informed that in case of cargo imported through FMT Gumuldur, the blending was done on board/ship. But in case of other two cargo mentioned at Sr. No. 3 & 4, it was top blending meaning to say that CPO was added to the

RBD filled up tank of the vessel and then stirring process were carried out.

- It is further stated that blending is done by the vessel owner company and as per the instructions issued by us after getting concurrence from M/s. TIL. On being ask he produce the copy of document i.e. standard form letter of indemnity to be given in return for loading into cargo tanks without cleaning or conducting any special treatment of cargo tanks issued by M/s. TIL vide letter dated 17.8.2021 in favour of M/s. TELCOM International Trading PTE Ltd., in case of cargo imported through Vessel namely MT FMT GUMULDUR VOY 202109.
- That M/s. GIPL and M/s. TIL are on the equal platform as far as the policy decision/execution/risk/loss etc. is concerned. And that the imported cargo is being also sold by both of them.

6.1.9 A further statement of Shri Shrikant Subbarayan, Head – Minerals & Agri Trading Business, M/s. TIL., Mumbai was recorded under Section 108 of the Indian Customs Act, 1962 on 20.05.2022 **[RUD No. 21]** wherein *inter-alia*, he stated that there is more demand of CPO having FFA value below 3.5 in market and proposed for blending of three different product i.e. CPO, PFAD & RBD Olien to obtain CPO having FFA value below 3.5; that after making market survey as well as checking risk & legal aspect w.r.t. blending process/Importation of Blending Products, M/s. TIL agreed for the same. And accordingly, they gave their concurrence for importation of goods to be brought after blending. He produced details of consignment imported by us & M/s. GIPL are as below: -

Sr. No.	Vessel Name	Seller	COMMODITY	Qty. Break Up (approx.)	Total Qty (In Mts)
1	MT FMT GUMULDUR	OLAM	CPO	3500	12100
		INL	RBD	8400	
		INL	PFAD	200	
2	MT HONG HAI 6	THA CHANG	CPO	6000	15600
		THANA PALM	CPO	3000	
		INL	RBD	6600	
3	MT.FMT EFES	THA CHANG	CPO	8000	13000
		INL	RBD	5000	
4	MT.DISTYA PUSHTI	KPBN	CPO	5000	20300
		INL	RBD	15000	
		INL	PFAD	300	

- He confirmed that above said consignments declared as CPO were imported after blending of three different products i.e. CPO, RBD & PFAD in different proportion. And that the whole process of blending was done as per the instruction of M/s. GIPL/M/s. GVPL& under supervision of surveyor.
- That in all the consignments imported vide vessel namely MT FMT Gumuldur, MT HONG HAI 6, MT.FMT EFES & MT. Distya Pushti, goods were termed as CPO as it was a blended goods i.e. CPO (resultant goods obtained after blending of CPO, RBD or PFAD) having FFA below 3.5.

6.2 SCRUTINY OF DOCUMENTS

During the course of investigation, it appears that manipulation of documents was done by importers i.r.o previously imported consignments imported vide three different vessels, viz. “MT FMT GUMULDUR V.202109, MT HONG HAI6 V.2106, MT FMT EFES V.202111”to suppress the facts from Indian Customs. These documents consist of purchase contracts, invoices, charter party, original and switch B/Ls etc. Further, Shri Sidhant Agarwal, Director, M/S. GIPL & M/s. GVPL, Shri Sudhanshu Agarwal, Ex-CEO of M/s. GIPL & M/s. GVPL, Shri Sachin Deshpande, Executive of M/s. TIL, Shri Amit Thakkar, Agri Division M/s. TIL have admitted in their statements to having procured different quantity of CPO, RBD Palmolein and PFAD and blend the same before import into India and mis-declare the same as CPO The scrutiny i.r.o. such previously imported consignments vide the vessel MT FMT GUMULDUR V.202109 is elaborated herein below

SCRUTINY OF DOCUMENTS i.r.o. IMPORT OF GOODS VIDE VESSEL MT FMT GUMULDUR V.202109AND

6.2.1. During investigation, statements of the various concerned persons were recorded wherein they produce various documents which reveal that M/s. TIL had filed the following Warehouse (W.H.) B.Es for import of total 12100.02 MT of cargo by declaring the same as CPO imported vide vessel MT Gumuldur V.202109, which are further sold to buyers at India and are subsequently cleared by various importers by filing Ex-Bond Bills of Entry for Home Consumption. The following table shows the list of W.H. B.E. filed by M/s. TIL i.r.o. import of consignment imported vide the said vessel

	CUSTOM HOUSE CODE	W.H. BE NUMBER	BE DATE	NAME OF THE IMPORTER (M/s)	QUANTITY	UQC
1	INIXY1	5302519	03-09-2021	TIL	980.00	MTS
2	INIXY1	5302477	03-09-2021	TIL	69.71	MTS
3	INIXY1	5302489	03-09-2021	TIL	1470.00	MTS
4	INIXY1	5302513	03-09-2021	TIL	490.00	MTS
5	INIXY1	5302500	03-09-2021	TIL	6640.31	MTS
6	INIXY1	5302523	03-09-2021	TIL	2450.00	MTS
TOTAL QTY					12100.02	MTS

6.2.2 The scrutiny of documents produced by Shri Sidhant Agarwal **[RUD-22]** i.r.o VESSEL MT FMT GUMULDUR V.202109is discussed herein as below: -

A. SCRUTINY OF SALES/PUCHASE CONTRACTS of CPO, RBD and PFAD FROM DIFFERENT SUPPLIERS:

The file produced contains document i.r.o import vide vessel MT FMT GUMULDUR **[RUD-22]** reveals that they, M/s. GVPL / M/s. TIWA, UAE / M/s. TISPL had entered into the following contract nos. with Seller INL, Indonesia (referred as ‘INL’) to procure respective goods as per below mentioned table: -

Pg. No. of file of [RUD-22]	Product Description	Qty (about)	Contract No. and date	Sale Agreement Between
285	Refined	2000 MT	094/SC/FOB/INV/VII/2	M/s. GVPL & M/s. INL

to 289	Bleached and Deodorised Palm Olein		021 Revision I dated 13.07.2021 [RUD No.22]	revised to Title - M/s. TIWA DMCC, UAE and M/s. INL, Indonesia.
291 to 295	Refined Bleached and Deodorised Palm Olein	3000 MT	100/SC/FOB/INV/VII/2 021 Revision I dated 12.07.2021 [RUD No.22]	M/s. GVPL & M/s. INL revised to Title - M/s. TIWA DMCC, UAE and M/s. INL, Indonesia.
297 to 301	Refined Bleached and Deodorised Palm Olein	2000 MT	101/SC/FOB/INL/VII/2 021 Revision I dated 19.07.2021 [RUD No.22]	M/s. GVPL & M/s. INL revised to Title - M/s. TIWA DMCC, UAE and M/s. INL, Indonesia.
303 to 307	Refined Bleached and Deodorised Palm Olein	1500 MT	106/SC/FOB/INV/VII/2 021 Revision-I dated 21.07.2021 [RUD No.22]	M/s. GVPL & M/s. INL revised to Title - M/s. TIWA DMCC, UAE and M/s. INL, Indonesia.
309 to 313	Palm Fatty Acid Distillate	200 MT	107/SC/FOB/INV/VII/2 021 dated 22.07.2021 [RUD No.22]	M/s. GVPL & M/s. INL revised to Title - M/s. TIWA DMCC, UAE and M/s. INL, Indonesia.
281 to 283	CPO	1500 MT	EO/S/01212/ 21 dated 22.07.2021	M/s. TIWA UAE and M/s. Olam International Limited, Indonesia
277 to 279	CPO	2000 MT	EO/S/01247/ 21 dated 03.08.2021	M/s. TIWA UAE and M/s. Olam International Limited, Indonesia

From the perusal of the above contracts, it is revealed that M/s. GVPL had entered into sale and purchase contract with M/s. INL, Indonesia, FOB incoterms: Kuala Tanjung, Indonesia for procurement of approx. 8500 MT of Refined Bleached and Deodorised Palm Olein and in contract with M/s. Olam International Limited, Indonesia, FOB incoterms: Dumai, Indonesia 200 MT of Palm Fatty Acid Distillate, and are at the page no. 318 to 346 of the file produced during recording of the statements under section 108 of the Customs Act, 1962 by Shri Sidhant Agarwal, Director of M/s. GIPL i.r.o. imports vide vessel MT FMT Gumuldur V.202109. These contracts were further revised in so much that the name of the buyer was changed to M/s. TIWA DMCC, UAE later, which are at Page No. 285 to 313 of the said file. Further, it is also gathered that M/s. TIWA DMCC, UAE had entered into sales Contract No. EO/S/01212/21 dated 22.07.2021 entered between Seller M/s. Olam International Limited, Indonesia and buyer M/s. TIWA for sale/purchase of 1500 MT of Crude Palm Oil and a sales Contract No. EO/S/01247/21 dated 03.08.2021 entered between Seller Olam International Limited, Dumai, Indonesia and buyer M/s. TIWA for sale/purchase of 2000 MT of Crude Palm Oil. Scanned images of one of the Contracts i.r.o. CPO and RBD Palmolein each are reproduced herein below: -

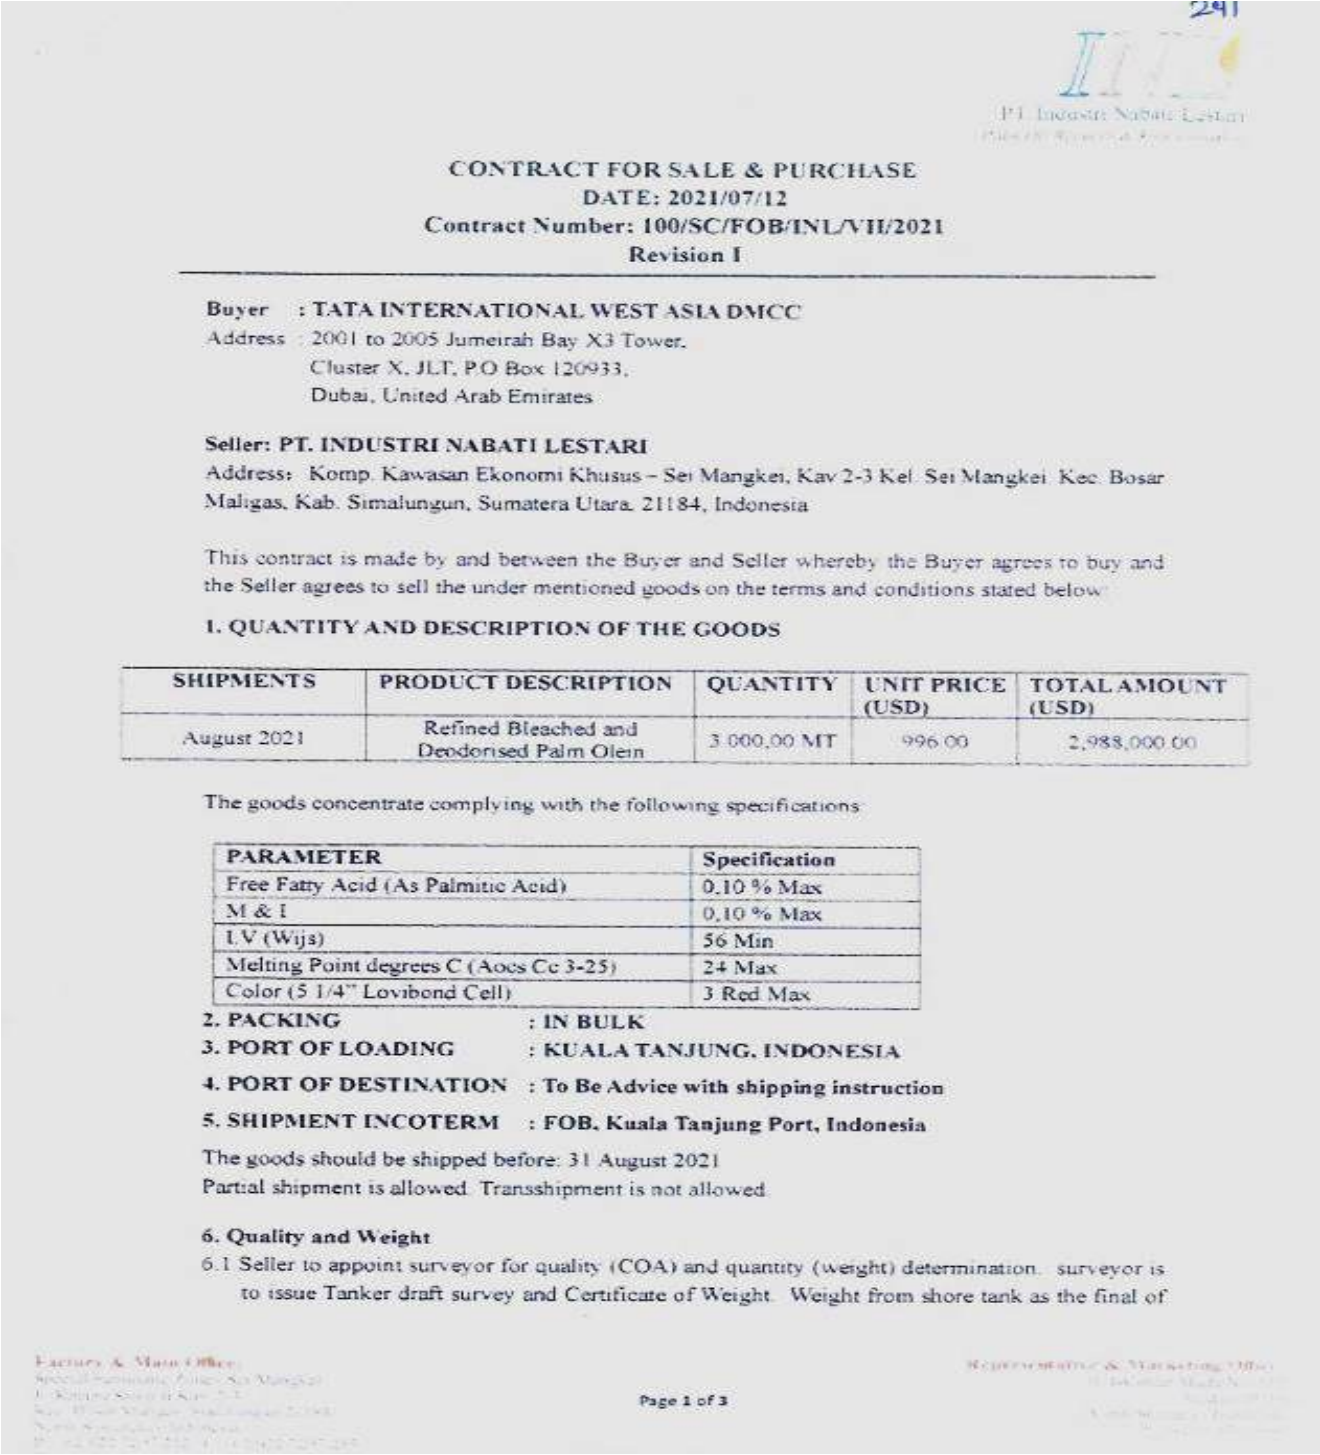

Image 42 : Scanned copy of Contract No. 100/SC/FOB/INV/VII/2021 Revision I dated 12.07.2021 for procurement of RBD

Image 43.: Scanned copy of one of Contract with M/s. Olam International Ltd. i.r.o. purchase of CPO.

6.2.3. Further page no. 315-317 of the said file produced by Shri Sidhant Agarwal, wherein an email is forwarded to irawaty_ibrahim@inl.co.id with CC: Sudhanshu@glentech, sidhant@glentech.co, commercial@glentech.co, bearing subject Trade Confirmation for PFAD 200 MT- August -2021, wherein it is informed to INL by operations@glentech.co that: -

“We wish to inform that for all below contracts the LC will be issued by M/s. Tata International West DMCC,”

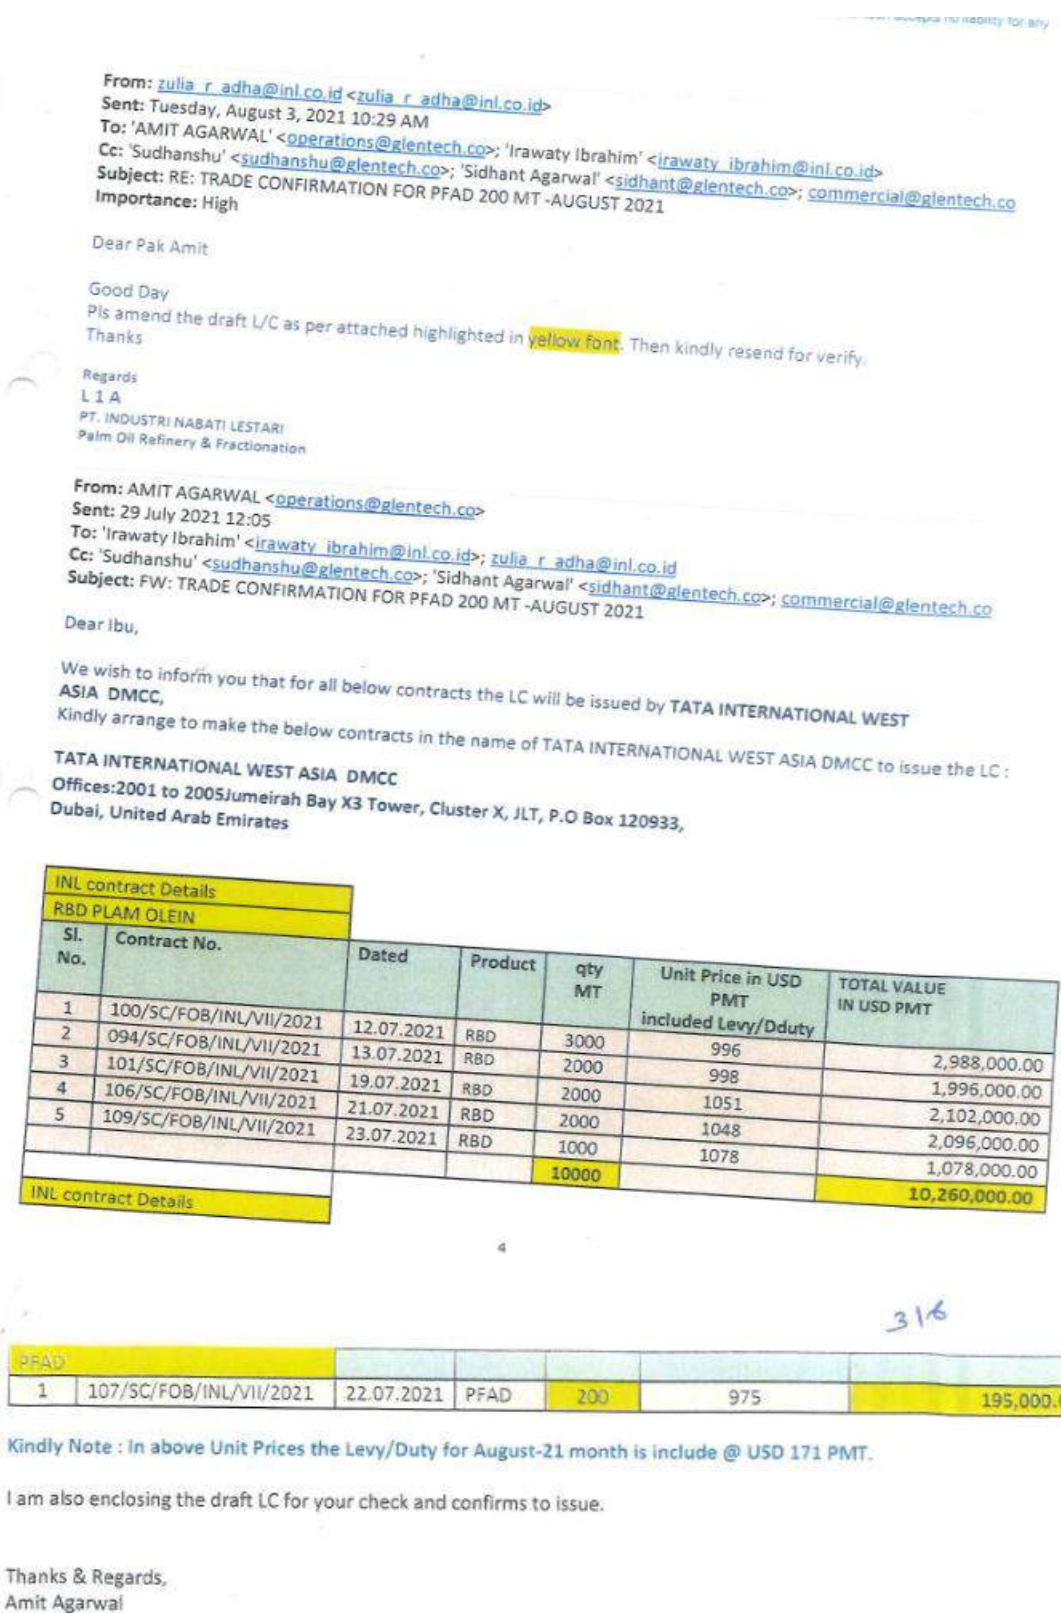

Image 44: Scanned Copy of the E-mail i.r.o. trade confirmation of 200MT PFAD.

B. SCRUTINY OF LETTERS OF CREDIT, DEBIT ADVICE AND CHARTER PARTY AGREEMENT

6.2.4. The letters of Credit were issued by the Order of M/s. TIWA, UAE i.r.o. procurement of 8500MT Refined Bleached and Deodorised Palm Olein and 200 MT PFAD and 3500 MT CPO to be loaded on vessel MT FMT Gumuldur Voy 202109.

Page No. of file	LC No./ Date	Beneficiary (In favour of)	i.r.o purchase of goods viz.,
263 to 271	Letter of Credit, Ref 5940604359 dated 11.08. 2021 [RUD No. 22]	INL, Indonesia [at Kuala Tanjung]	2000MTs RBD Palmolein as per contract No. 094/SC/FOB/INL/ VII/2021 Revision I dtd 13.07.2021

			<p>3000MTS RBD Palmolein as per contract no. 100/SC/FOB/INL/ VII/2021 Revision -I dated 12.07.2021,</p> <p>2000MTS RBD Palmolein as per. 101/SC/FOB/INL/VII/2021 Revision -I dated 21.07.2021, 1000MTS RBD Palmolein as per. 106/SC/FOB/VII/2021 Revision -I dated 21.07.2021,</p> <p>200 MTS PALM FATTY ACID DISTILLATE (PFAD) IN BULK as per contract No.107/SC/FOB/ INL/VII/2021 dated 21.07.2021.</p>
292	Letter of Credit Ref no. 5940604359 dated 12.08.2021 [RUD NO 22]	INL, Indonesia [at Kuala Tanjung]	<p>1500MTS RBD Palmolein as per contract No. 106/SC/FOB/INL/ VII/2021 Revision -I dated 21.07.2021.</p> <p>(##Point 4 to be read as 1500MTs)</p>
259 to 262	Letter of Credit Ref No. 5949604349 dated Aug 10, 2021 [RUD No 22]	M/s. Olam International Limited, Indonesia [at Dumai, Indonesia]	<p>1500MT CRUDE PALM OIL (EDIBLE GRADE) IN BULK @ USD 1120 PMT and 2000MTS CRUDE PALM OIL (EDIBLE GRADE) IN BULK @ USD 1150 PMT incoterms: FOB DUMAI PORT, INDONESIA AS PER CONTRACTs No. EO/S/01212/21 dated 22.07.2021 and EO/S/01247/21 dated 03.08.2021, with origin: Indonesia.</p>

Furthermore, the aforementioned LCs clearly mentions the incoterms: FOB Kuala Tanjung, Indonesia, and at Sr. No. 7 of said terms mentioning, *“Comingling of Cargo of Same Grade and Specification is allowed”*.

From the cojoined reading of aforementioned contracts and Letters of Credit, it is revealed that M/s. GVPL Had entered into sale and purchase contract with INL for procurement of approx. 8500 MT of Refined Bleached and Deodorised Palm Olein and 200 MT of Palm Fatty Acid Distillate, and M/s TIWA DMCC, UAE with M/s. Olam International PTE LTd. for about 3500 MTs CPO at Dumai, Indonesia.

Further, the letters of Credit were issued by the Order of M/s. TIWA, UAE i.r.o. procurement/ purchase of 8500MT Refined Bleached and Deodorised Palm Olein and 200 MT PFAD and 3500 MT CPO and loaded on vessel MT FMT Gumuldur Voy 202109.

6.2.5. Furthermore, a debit advice has been issued in this context by Citi bank dated 25.08.2021 by the Order of TIWA, UAE to beneficiary M/s. Telkom International Trading PTE Ltd., Singapore, which is owner of the Vessel MT FMT Gumuldur.

OCEAN CARRIAGE STOWAGE : 4S,5P AND 5S

This shipment of 1999.971 Liquid Metric Tons was loaded on the Vessel as part of one original lot of 3499.714 Liquid Metric Tons stowed in 4S,5P AND 5S with no segregation as to parcels. For the whole shipment 03 (THREE) sets of Bill of Lading have been issued for which the Vessel is relieved from all responsibilities to the extent it would be if one set only would have been issued. The Vessel undertakes to deliver only that portion of the cargo actually loaded which is represented by the percentage that the total amount specified in the Bill(s) of Lading bears to the total of the commingling shipment delivered at destination. Neither the Vessel nor the owners assume any responsibility for the consequences of such commingling nor for the separation thereof at the time of delivery in respect of the quality, colour and specification of the cargo.

"FREIGHT PREPAID"

CLEAN ON BOARD

THIS SHIPMENT OF 245.000 METRIC TONS WAS LOADED ON BOARD THE VESSEL AS PART OF ONE ORIGINAL LOT OF 12100.023 METRIC TONS STOWED IN TANKS 1P,2P,2S,3S,4P,4S,5P,5S,6P,6S,7P,7S AND SLOP C WHERE 3499.714 METRIC TONS WAS COMMINGLED INTO THE SAME TANKS ON 21ST AUGUST 2021, 200.000 METRIC TONS, 8400.309 METRIC TONS THAT WAS LOADED INTO THE SAME TANKS AT KUALA TANJUNG ON 16TH AUGUST 2021 AND 17TH AUGUST 2021 WITH NO SEGREGATION AS TO PARCELS. FOR THE WHOLE SHIPMENT 51 SETS OF BILL OF LADING HAVE BEEN ISSUED, FOR WHICH THE VESSEL IS RELIEVED FROM ALL RESPONSIBILITIES TO THE EXTENT IT WOULD BE IF ONE SET ONLY WOULD HAVE BEEN ISSUED. THE VESSEL UNDERTAKES TO DELIVER ONLY THAT PORTION OF THE CARGO ACTUALLY LOADED UNDER THIS B/L, WHICH IS REPRESENTED BY THE PERCENTAGE THAT THE TOTAL AMOUNT SPECIFIED IN THE BILL(S) OF LADING BEARS TO THE TOTAL OF THE COMMINGLING SHIPMENT DELIVERED AT DESTINATION. NEITHER THE VESSEL NOR THE OWNERS ASSUME ANY RESPONSIBILITY FOR THE CONSEQUENCES OF SUCH COMMINGLING NOR FOR THE SEPARATION THEREOF AT THE TIME OF DELIVERY.

(of which on deck at Shipper's risk; the Carrier not being responsible for loss or damage however arising)

arter party dated 30 July 2021

Received on account of freight :

Time used for loading.....days.....hours.

SHIPPED at the Port of Loading in apparent good order and condition on board the Vessel for carriage to the Port of Discharge or so near thereto as she may safely get the goods specified above.
Weight, measure, quality, quantity, condition, contents and value unknown.
IN WITNESS whereof the Master or Agent of the said Vessel has signed the number of Bills of Lading indicated below at this place and date, any one which being accomplished the others shall be void.

FOR CONDITIONS OR CARRIAGE SEE OVERLEAF

Freight payable at
Number of original Bill

SHIPPED at the Port of Loading in apparent good order and

6.2.12. From the scrutiny of the above documents as mentioned from A to F viz., sales-purchase contracts, LC, Bills of Lading (original as well as switched), invoices, etc as discussed herein above, it is safe to conclude that the goods viz. 8400.309 MT RBD Palm Olein, 200MT PFAD were procured/purchased by M/s. TIWA in Indonesia from M/s. INL and loaded on the vessel at Kuala Tanjung, Indonesia on 16-17 August, 2021 and the goods viz., 2999.971 MT of Crude Palm Oil (Edible Grade) in Bulk was loaded on the vessel at Dumai Port, Indonesia on 12 August, 2021 on the vessel MT FMT Gumuldur Voy 202109; that the comingling of cargo was carried out and the Original Bills of Lading were switched into the second (Global) set of Bills of Lading analogous to the process of blending/ comingling carried out in MT Distya Pushti. From the above, it is amply clear that switch B/L are meticulously prepared showing different quantities of goods, viz. 12100.02 MT of CPO loaded at different ports in Indonesia which is nothing but aggregate of 3499.71 MT CPO, 8400.309 MT RBD Palmolein and 200 MT PFAD loaded at Dumai and Kuala Tanjung Port of Indonesia respectively. However, as per the itinerary of the vessel MT FMT Gumuldur V.202109 the said vessel was at Dumai Port around 10-12th August for loading 1.5MT CPO, the vessel was at Kuala Tanjung around 13-15th August, 2021 for loading 8.8MT Olein + 200 MT PFAD. The Original Bills of lading at Kuala Tanjung were i.r.o. RBD Palmolein and PFAD, these BL were switched with new set of BL's showing description of goods as CPO were issued by vessel owner. It is therefore, safe to conclude that the sales contracts were for procurement of CPO, RBD Palmolein PFAD, invoices and Bills of Lading were issued i.r.o respective goods at ports at Indonesia, that the blending took place during the voyage of the vessel, and new set of BL showing entire goods as CPO were issued with an intent to mis-declare the goods at discharge port and evade duties of customs at the port of discharge, i.e. Kandla.

OUTCOME OF THE INVESTIGATION:

7.1 From the scrutiny of documents gathered during the course of investigation viz. Contracts of sales-purchase with sellers at Indonesia/ Thailand, copies of invoices, copies of original and switched Bills of Ladings, charter party agreements with various vessel owners, LC etc., it is gathered that M/s. TIL in association with M/s. GIPL and vessel owner viz. M/s. Telkom International Trading PTE Ltd., Singapore/M/s. OKA Tankers PTE Ltd., Singapore had procured CPO, RBD Palmolein, PFAD from different sellers at Thailand and Indonesia respectively and imported the goods viz. CPO, RBD and PFAD, by blending them on board vessels "FMT GUMULDUR V.202109", "MT HONG HAI6 V.2106", "MT FMT EFES V.2021111"; that M/s. TIL were aware that the blending on board vessel has to be undertaken in order to make it marketable in domestic market; that post blending/comingling, the said goods become admixture of CPO, RBD, PFAD. M/s. TIL (as financial charterer) and M/s. GIPL (as operational charterer) had entered into charter party agreement with vessel owners. Such agreements with the vessel owner were agreed upon by all parties with explicit condition of having blending as well as switching of B/L clauses. M/s. Oka Tankers PTE Ltd., Singapore, and M/s. Telkom International PTE Ltd., Singapore had inserted these clauses and subsequently charged for the same from M/s. TIL, which they agreed to pay vide said agreement(s). The documentary evidences also indicate that the payment charterer viz. M/s. TIL had made the payments to the vessel owners. Thus, by

allowing the blending of different cargos on board vessel, M/s. Oka Tankers PTE Ltd., Singapore, and M/s. Telcom International PTE Ltd., Singapore had concerned themselves in the wrongful act of blending the cargo and camouflaging the documents by switching the original Bills of Lading with second set of Bills of Lading with mis- declaration of the goods as CPO. They were in due knowledge of such wrongful act on the part of themselves, had been instrumental in the entire scheme of mis-declaration of goods imported into India. M/s. TIL classified the goods so mis-declared goods under CTH 15111000 in the 12 W.H Bills of Entry as mentioned in **Annexure-A** to this show cause, which were otherwise an admixture of 3499.71MTs of CPO, 8500MTs of RBD Palm Olein and 200MTs of PFAD imported vide vessel MTs Gumuldur Voy.202109, 8948.55MTs of CPO, 6513.52MTs of RBD Palmolein imported vide vessel Hong Hai6 V.2106 and 7873.29MTs CPO and 5086.015MTs RBD Palmolein imported vide vessel MT FMT EFES Voy.202111, with an intent to suppress the correct description of goods and to evade the appropriate duties of Customs at the time of clearance and to earn commission on such imports. M/s. TIL mis-declared the entire cargo as ‘CPO’ in the documents presented before Customs Authorities at Kandla. Such imported goods were cleared by them as well as further sold in the domestic market.

7.2 Further, it was only when a case was booked by the investigative agency in respect of 20300 MTs of goods imported vide ‘MT Distya Pushti’, they admitted that they had imported the said goods i.r.o. 3 previous consignments vide vessels MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106, MT EFES V.202111 using similar modus operandi as in respect of import of consignments on ‘MT Distya Pushti’. A Show Cause Notice to the effect is already issued to M/s. TIL in this context. Thus, by such act they had suppressed this information from the Customs department and continued mis-declaring the said goods in the 12 W.H. Bills of Entry (**Annexure-A**) and subsequently which were cleared by various importers (M/s. Sheel Oil being one of them) resulting into short payment of duties of Customs of account of mis-declaration and mis-classification in W/H BoE as mentioned in table below:

Sr. No.	VESSEL NAME	SELLER	COMMODITY loaded at load Port	QTY (MTs)	SUPPLIER (M/s.)	LOAD PORT	Ware house Bill of Entry no.	Bill of Entry date	Description of imported goods declared in bill of entry	QTY (MTs)
1	FMT GUMULDUR V.202109	M/s. TIWA	CPO	3499.71	OLAM	DUMAI, INDONESIA	5302477, 5302489, 5302500, 5302513, 5302519 & 5302523	03.09.2021	CPO	12199.71
			RBD PALM OLEIN	8500	INL	KUALA TANJUBG, INDONESIA				
			PFAD	200	INL	KUALA TANJUBG, INDONESIA				
			Total	12199.7						
2	MT HONG HAI6 V.2106	M/s. TISPL	RBD PALM OLEIN	6513.520		KUALA TANJUBG, INDONESIA	5916265, 5916285, 5916291 & 5916292	20.10.2021	CPO	15462.070
			CPO	8948.550		Phuket, Thailand				
			Total	15462.070						
3	MT FMT EFES VOY.	M/s. TIWA	RBD PALM OLEIN	5086.015	PT INL	KAULA TANJUNG, INDONESIA	6212683 & 6212	11.11.2021	CPO	12959.31

	202111		CPO	7873.290	THA CHANG	PHUKAT PORT, THAILAND	824			
			Total	12959.31						

7.3 The buyers/importers, filed the corresponding Bills of Entry for Home Consumption in respect of the aforementioned W.H Bills of Entry by M/s. TIL mentioning the description of goods as ‘CPO’, which is incorrect in as much as the said goods were *admixture of CPO, RBD Palmolein and PFAD* as discussed hereinabove. Further the buyers of such goods from M/s. TIL importers had already cleared the said goods from the warehouse by way of Filing Ex-Bond Bills of Entry for Home Clearance (**Annexure –B**) and thus short paid the duties of Customs on account of mis-declaration and mis-classification of subject goods. The total differential duty recoverable on such goods imported and cleared already by them by way of mis-declaration and mis-classification of the goods as CPO under CTH 15111000 in Bills of Entry for Home Consumption by M/s. Sheel Oil is as per **Annexure –C** to this show cause notice. The differential duty is required to be recovered from them by invoking the provisions of Section 28(4) of the Customs Act, 1962 as M/s. TIL had suppressed the information regarding actual contents of the cargo from the department. In the said Bills of Entry for home consumption, the ex-bond filer viz. M/s. Sheel Oil had actually imported ‘*admixture of Crude Palm Oil, Palmolein and other Palm based oil*’ by way of mis-declaring the same as ‘*Crude Palm Oil*’, by mis-classifying it under CTH 15111000 instead of mentioning the classification of such goods as CTH 15119090(Others- Palmolein), which is the appropriate classification of imported goods.

7.4 Further, M/s. Sheel Oil had filed the Ex-Bond BoE for Home consumption for clearance of quantity of 1960 MTS i.r.o. such goods which were mis-declared in the W.H. Bills of Entry and imported vide vessel FMT GUMULDUR V.202109 as tabulated in Annexure –C to this show cause notice. Vide said Bills of Entry M/s. Sheel Oil had mis-declared & mis-classified the goods as ‘CPO’ under CTH 15111000 instead of declaring the same under CTH 15119090 (Others). The declared assessable value of 1960 MTS of such goods is Rs.14,91,45,318/-and accordingly paid Customs Duties of Rs. 4,72,93,048/- . The actual assessable value appears to be Rs.17,08,96,764/- as per relevant customs notifications for such goods which merit classification under CTH 15119090, issued from time to time. The customs duty payable appears to be Rs.7,39,28,872/-. Thus, M/s. Sheel Oil had short paid the Customs duties to the tune of **Rs.2,66,35,824/-[Rupees Two Crores Sixty Six Lakhs Thirty Five Thousands Eight Hundred and Twenty Four]** by way of mis-declaring and mis-classifying the goods as ‘CPO’ under CTH 15111000 instead of declaring the said goods under CTH 15119090 which is correct classification of subject goods. From the above, it appears that M/s. Sheel Oil had paid lesser amount of customs duty and defrauded the government exchequer. The same is required to be recovered from them on account of mis-classification and mis-declaration.

8 CLASSIFICATION OF GOODS IMPORTED:

8.1 As discussed in the preceding paragraphs, though it appears that M/s. TIL had purchased different goods, viz., CPO, RBD and PFAD, blended them on board vessel and brought them into warehouse in the country. Further, in the import documents presented before Customs, they declared the warehoused cargo as CPO, by classifying the same under CTH 15111000. Furthermore, from the test reports, evidences recovered during investigation and statements of various persons recorded revealed that M/s. TIL had actually procured CPO, RBD and PFAD from the suppliers in Indonesia and blended all the three products during voyage of the vessels as discussed above.

8.2 In view of the above, the product imported by M/s. TIL is not CPO but *admixture of Crude Palm Oil, Palmolein and other palm-based oil*. Therefore, it is safe to conclude that the classification presented by M/s. TIL vide 12 WareHouse Bills of Entry i.e. 15111000 and subsequently cleared vide 104 BoE for Home Consumption by various importers is not the correct classification. Thus, they have wrongly classified the product under CTH 15111000 and the said classification is required to be rejected and the goods need to be reclassified under appropriate CTH which is 15119090. **The Customs Tariff Heading 1511 covers Palm Oil and its fractions, whether or not Refined, but not chemically modified.** The Tariff Sub-Headings of CTH 1511 are as under: -

Tariff Item		Description of goods
15111000	-	Crude oil
151190	-	Other:
15119010	---	Refined bleached deodorised palm oil
15119020	---	Refined bleached deodorised Palmolein
15119030	---	Refined bleached deodorised palm stearin
15119090	---	Other

8.3 From the tariff sub-headings, it can be seen that CTH 15111000 covers Crude Palm Oil. The product in question imported by M/s. TIL is not Crude Palm Oil, **but, is an admixture of Crude Palm Oil, Palmolein and other palm-based oil**. Therefore, the product imported by M/s. TIL viz. admixture of Crude Palm Oil, Palmolein and other palm-based oil merits classification under CTH 15119090-Others. Hence, classification of the imported goods, done by M/s. TIL under CTH 15111000, is required to be rejected and goods is to be re-classified under CTH 15119090.

8.4 Further, the goods imported by M/s. TIL at Kandla Port, India by mis-declaring the same as Crude Palm Oil (CPO), under CTH 15111000 attracts duties of customs over different period of time during 2021-22, as per the following duty structure: -

<u>DUTY STRUCTURE ON CPO UNDER CTH 15111000 OVER DIFFERENT PERIOD OF TIME</u>				
Effective Date	BCD (%)	AIDC (%)	SWS (SWS (@10% of all duties)	IGST (%)

			(%))	
30.06.2021 to 10.09.2021	10% [BCD as per Ntn No. 34/2021 – Cus. dated 29.06.2021]	17.5% [AIDC @ 17.5% as per Ntn No. 11/2021 - Cus dated 01.02.2021]	2.75	5
11.09.2021 to 13.10.2021	2.5% [BCD @ 2.5%, amended vide Ntn No. 42/2021- Cus. dated 11.09.2021; Exemption from BCD on CPO withdrawn vide Ntn. 43/2021 dated 10.09.2021]	20% [AIDC @ 20%, Ntn. No. 11/2021 - Cus dated 01.02.2021 amended vide Ntn No. 42/2021-Cus. dated 10.09.2021	2.25	5
14.10.2021 to 20.12.2021	NIL [as amended vide Ntn No. 48/2021- Cus. dated 11.09.2021]	7.5% [AIDC @ 7.5% as amended vide Ntn. No. 49/2021-Cus dated	0.75	5
21.12.2021 to 15.02.2022	NIL	7.5%	0.75	5

8.4.1 However, the goods actually imported viz., admixture of Crude Palm Oil, Palmolein and other palm-based oil which merits classification under CTH 15119090 (Others- Palmolein) attracts duties as per the following duty structure: -

DUTY STRUCTURE ON ADMIXTURE OF CPO, RBD PALMOLEIN & PFAD UNDER CTH 15119090 OVER DIFFERENT PERIOD OF TIME

Effective Date	BCD (%)	AID C (%)	SWS (@10% of all duties) (%)	IGS T (%)
30.06.2021 to 10.09.2021	37.5% [BCD @37.5% as per Ntn No. 34/2021 – Cus. dated 29.06.2021]	NIL	3.75%	5%
11.09.2021 to 13.10.2021	32.50% [BCD @ 32.5%, amended vide Ntn No. 42/2021- Cus. dated 11.09.2021]	NIL	3.25%	5%
14.10.2021 to 20.12.2021	17.50% [as amended vide Ntn No. 48/2021- Cus. dated 11.09.2021]	NIL	1.75%	5%
21.12.2021 to 15.02.2022	12.5% [as amended vide Ntn no. 53/2021-Cus dated 20.12.2021	NIL	1.25%	5%

8.4.2. From the above, it is apparent that the duty on goods falling under CTH 15111000 vis-a-vis duty on the goods falling under CTH 15119090, which is the correct classification of actually imported goods, appears to be lesser at

different points of time. Despite being aware of the true nature of the impugned goods (i.e. the blended goods having FFA<3.5 and refining is cheaper in respect of such goods as percentage of RBD is more and their resultant product is RBD only), the manner adopted by the importer for mis-classification of impugned goods for the sole purpose of claiming lower rates of duty appears to be indicative of their *Mensrea*. Therefore, by not declaring the true and correct facts, at the time of import in the Warehouse Bills of Entry by M/s. TIL, which mis-declared and mis-classified the goods as 'CPO', they appear to have indulged in mis-declaration & misclassification and suppression of facts with intent to evade payment of applicable BCD and Additional duty of Customs. In view of the foregoing, the amount of customs duty short paid duty on account of mis-declaration and misclassification by M/s. TIL and other ex-Bond filers of the Bills of Entry for Home Consumption as per Annexure-B is required to be recovered from such importers. The above action on the part of M/s. TIL and such Ex-Bond filers of Bills of Entry for Home Consumption rendered the goods (non-seized and already cleared) liable for confiscation under Section 111 of the Customs Act, 1962, which are already cleared on payment of lesser amount of customs duty.

9. STATUTORY LEGAL/PENAL PROVISIONS UNDER CUSTOMS ACT, 1962:

9.1 Section 17(1) of Customs Act 1962:

An importer entering any imported goods under section 46, or an exporter entering any export goods under section 50, shall, save as otherwise provided in section 85, self - assess the duty, if any, leviable on such goods.

9.2 Section 46 of the Customs Act, 1962 - Entry of goods on importation:

(1) The importer of any goods, other than goods intended for transit or transshipment, shall make entry thereof by presenting electronically on the customs automated system to the proper officer a bill of entry for home consumption or warehousing in such form and manner as may be prescribed:

Provided

(2)

(3)

(4) *The importer while presenting a bill of entry shall make and subscribe to a declaration as to **the truth of the contents of such bill of entry** and shall, in support of such declaration, produce to the proper officer the invoice, if any, and such other documents relating to the imported goods as may be prescribed.*

(4A) *The **importer who presents a bill of entry shall ensure** the following, namely:*

*(a) the **accuracy and completeness of the information given therein;***

*(b) the **authenticity and validity of any document supporting it;** and*

(c) compliance with the restriction or prohibition, if any, relating to the goods under this Act or under any other law for the time being in force'.

9.3 Section 15 of the Customs Act, 1962: Date for determination of rate of duty and tariff valuation of imported goods.—

(1) 1[The rate of duty 2[***]] and tariff valuation, if any, applicable to any imported goods, shall be the rate and valuation in force,—

(a) in the case of goods entered for home consumption under section 46, on the date on which a bill of entry in respect of such goods is presented under that section;

(b) in the case of goods cleared from a warehouse under section 68, on the date on which 3[a bill of entry for home consumption in respect of such goods is presented under that section];

(c) in the case of any other goods, on the date of payment of duty: 4[Provided that if a bill of entry has been presented before the date of entry inwards of the vessel or the arrival of the aircraft by which the goods are imported, the bill of entry shall be deemed to have been presented on the date of such entry inwards or the arrival, as the case may be.]

9.4 Section 28 of the Customs Act, 1962 Recovery of 2[duties not levied or not paid or short-levied or short-paid] or erroneously refunded.

(1)

(2)

(3)

(4) Where any duty has not been levied or not paid or has been short-levied or short-paid or erroneously refunded, or interest payable has not been paid, part-paid or erroneously refunded, by reason of—

(a) collusion; or

(b) any wilful mis-statement; or

(c) suppression of facts,

by the importer or the exporter or the agent or employee of the importer or exporter, the proper officer shall, within five years from the relevant date, serve notice on the person chargeable with duty or interest which has not been so levied 11[or not paid] or which has been so short-levied or short-paid or to whom the refund has erroneously been made, requiring him to show cause why he should not pay the amount specified in the notice.

9.5 SECTION 111 - Confiscation of improperly imported goods etc.:

The relevant clauses of Section 111 are reproduced below:

The following goods brought from a place outside India shall be liable to confiscation: -

(d) any goods which are imported or attempted to be imported or are brought within the Indian Customs waters for the purpose of being imported, contrary to any prohibition imposed by or under this Act or any other law for the time being in force;

(l) any dutiable or prohibited goods which are not included or are in excess of those included in the entry made under this Act, or in the case of baggage in the declaration made under section 77;

(m) any goods which do not correspond in respect of value or in any other particular with the entry made under this Act or in the case of baggage with the declaration made under section 77 in respect thereof, or in the case of goods under transshipment, with the declaration for transshipment referred to in the

proviso to sub-section (1) of section 54; (o) any goods exempted, subject to any condition, from duty or any prohibition in respect of the import thereof under this Act or any other law for the time being in force, in respect of which the condition is not observed unless the non-observance of the condition was sanctioned by the proper officer.

9.6 SECTION 114A - Penalty for short-levy or non-levy of duty in certain cases:

Where the duty has not been levied or has not been short-levied or the interest has not been charged or paid or has been part paid or the duty or interest has been erroneously refunded by reason of collusion or any wilful mis-statement or suppression of facts, the person who is liable to pay the duty or interest, as the case may be, as determined under sub-section (2) of section 28 shall, also be liable to pay a penalty equal to the duty or interest so determined.

9.7. Section 30 of the Customs Act, 1962:

Delivery of arrival manifest or import manifest or import report.

30. (1) *The person-in-charge of —*

- (i) a vessel; or*
- (ii) an aircraft; or*
- (iii) a vehicle,*

carrying imported goods or export goods or any other person as may be specified by the Central Government, by notification in the Official Gazette, in this behalf shall, in the case of a vessel or an aircraft, deliver to the proper officer an arrival manifest or import manifest by presenting electronically prior to the arrival of the vessel or the aircraft, as the case may be, and in the case of a vehicle, an import report within twelve hours after its arrival in the customs station, in such form and manner as may be prescribed and if the arrival manifest or import manifest or the import report or any part thereof, is not delivered to the proper officer within the time specified in this sub-section and if the proper officer is satisfied that there was no sufficient cause for such delay, the person-in-charge or any other person referred to in this sub-section, who caused such delay, shall be liable to a penalty not exceeding fifty thousand rupees:

Provided that the Principal Commissioner of Customs or Commissioner of Customs may, in cases where it is not feasible to deliver arrival manifest or import manifest by presenting electronically, allow the same to be delivered in any other manner.

(2) The person delivering the arrival manifest or import manifest or import report shall at the foot thereof make and subscribe to a declaration as to the truth of its contents.

(3) If the proper officer is satisfied that the arrival manifest or import manifest or import report is in any way incorrect or incomplete, and that there was no fraudulent intention, he may permit it to be amended or supplemented.

9.8 Section 132 of the Customs Act, 1962 -False declaration, false documents etc.:

Whoever makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document in the transaction of any business relating to the customs, knowing or having reason to believe that such declaration, statement or document is false in any material particular, shall be punishable with imprisonment for a term which may extend to two years, or with fine, or with both.

10. OBLIGATIONS UNDER SELF-ASSESSMENT AND PENAL LIABILITY UNDER SECTION 114A OF THE CUSTOMS ACT, 1962

Section 17 of the Customs Act, 1962, was substituted with effect from 08.04.2011 introducing self-assessment of goods imported by the importers. Accordingly, self-assessed Warehouse Bills of Entry vide which the impugned goods of quantity 40521.398 MTs were imported through vessels viz., MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106, MT FMT EFES V202111 by M/s. TIL were self-assessed by M/s. TIL. These subject goods were subsequently cleared by various importers as such as per Annexure –B to this show cause by way of mis-declaration and misclassification of the goods as CPO under CTH 15111000. The said imported goods were actually an admixture of CPO, RBD Palmolein and PFAD which merits classification under CTH 15119090 (Others-Palmolein). Such act on the part of M/s. TIL resulted into short payment of Customs Duty by the different ex-bond filers.

Under the self-assessment procedure, it is obligatory on the part of importers to declare all the particulars such as description of the goods, appropriate CTH so as to arrive at a proper assessment of the applicable rate of duties by the proper Customs officer. While claiming any classification, it is obligatory on the part of the importer to check applicability of classification claimed by them to the imported goods. Despite being aware of the true nature of the impugned goods, to make the product marketable, and to earn commission on such imported goods, the manner adopted by the importer for mis-classification of impugned goods for the sole purpose of claiming lower rate of Basic Customs duty appears to be indicative of their *Mensrea*. Therefore, by not declaring the true and correct facts, at the time of import in the warehouse bills of entry, M/s. TIL mis-declared and misclassified the goods as 'CPO' appears to have indulged in mis-declaration & misclassification and suppression of facts with intent to evade payment of applicable BCD and Additional duty of Customs. These goods mis-declared/ mis-classified in W.H. Bills of Entry were subsequently led to the mis-declaration and misclassification in Ex-Bond Bills of Entry for Home Consumption presented before Customs for clearance of such goods by such importers who purchased said goods from M/s. TIL, thus, leading to short payment of duties. M/s. Sheel Oil, being one of them had filed the Ex Bond BoE for Home consumption (**Annexure-C**) and had short paid the customs duty to the tune of Rs. 2,66,35,824/- (Rupees Two Crores Sixty Six Lakhs Thirty five Thousand Eight hundred and Twenty Four only)

It is well settled principle in law that buyers (Filers of Bills of Entry for Home Consumption in this case) are obligated to verify the source/antecedent of their supply (M/s TIL in the instant case); Caveat emptor "*let the buyer*

beware." Potential buyers are warned by the phrase to do their research and ask pointed questions of the seller. The seller isn't responsible for problems that the buyer encounters with the product after the sale, which in this case such filers of Bills of Entry for Home Consumption have done so by mis-declaring with intent to suppress and falsify. The onus was on such filers of ex-Bond Bills of Entry for Home Consumption to perform due diligence before making the purchase and subsequent removal of goods from warehouse by filing Bills of Entry for Home Consumption.

Thus, in view of the omissions and commissions mentioned above, the total amount of duties which were short paid by Rs. 2,66,35,824/- (Rupees Two Crores Sixty Six Lakhs Thirty five Thousand Eight hundred and Twenty Four only) is due to be recovered from M/s. Sheel Oil, being a filer of Ex-BoE for Home Consumption by invoking extended period of limitation. Also, by such act of purchase of goods/ clearance of goods from warehouse without verifying the correctness of such goods, M/s. Sheel Oil they have indulged themselves in such act of omission which rendered themselves liable to imposition of penalty under provisions of the Customs Act, 1962.

11. The subject SCN is being issued in view of the provisions of Section 28 of the Customs Act, 1962, under which Show Cause Notice is required to be given within period of five years where any duty has not been levied or not paid or has been short-levied or short-paid, by reason of suppression by the importer or the exporter or the agent or employee of the importer or exporter.

12. ROLE PLAYED BY VARIOUS COMPANIES/PERSONS:

This appears a case of connivance amongst all the parties involved, wherein every stakeholder involved was aware of their illegal role being played by them. It appears that each stakeholder intended to suppress the facts before Indian Customs, to mis-declare the subject cargo to defraud the government exchequer. There are evidences of determinative character which complied with the inference arising from the dubious conduct of stakeholders seems to lead to the conclusion it was all planned to mis-declare the subject cargo and suppress the information from the department. The role in brief is reproduced below:-

12.1 M/s. TATA INTERNATIONAL LTD:

12.1.1. Scrutiny of the various documents/records as well as facts stated by various persons during investigation revealed that M/s. TIL and M/s. GIPL, in connivance with each other devised a strategic plan to import admixture of CPO, RBD and PFAD, by mis-declaring the same as CPO. They purchased CPO, RBD and PFAD in Indonesia from different suppliers. M/s. TIL facilitated M/s. GIPL, for procurement of Oil products i.e. CPO, RBD, PFAD from Indonesia. They gave go ahead to M/s. GIPL to enter into Charter Agreement with M/s. Oka Tankers PTE Ltd., Singapore & M/s. Telcom International Trading PTE. Ltd., Singapore for transporting the goods viz. RBD Palmolein, CPO, PFAD from different ports at Indonesia/ Thailand to India through vessels viz., MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106, MT FMT EFES V202111 as discussed in foregoing paragraphs; loaded on the vessels. As per the said Charter Agreement, after loading the above goods on vessel, blending of the above goods was carried out with the help of Owners of the vessel. After

blending, they manipulated various documents to show the goods imported as CPO and presented the same before Customs. M/s. TIL (being the financial charterer of the vessels) filed W.H. Bills of Entry for entire quantity of 40486.172 MTs cargo, by mis-declaring the same as CPO, though they knew that the goods imported were actually admixture of CPO, RBD and PFAD, CPO & RBD respectively to earn commission. M/s. TIL mis-classified the goods so mis-declared under CTH 15111000, with intent which led to evasion of the appropriate duties of Customs by various ex-bond filers and to earn commission of such goods.

12.1.2 From the above, it appears that M/s. TIL, Mumbai imported '*admixture of Crude Palm Oil, Palmolein and other Palm based oil*' by mis-declaring the same as '*Crude Palm Oil*', classifying under CTH 15111000 instead of correct classification under CTH 15119090, which is the appropriate classification of the goods viz. '*admixture of Crude Palm Oil, Palmolein and other Palm based oil*', imported by them. It further appears that M/s. TIL played active role in ensuring the blending of CPO, PFAD & RBD Olien, which is not only prohibited, but also the act of agreeing/allowing to blend clearly demonstrates that the entire activity right from planning, creation, monitoring and managing of all the operations was with a mala fide intention of evading customs duty. Thus, this appears to be is a clear case of suppression of information from the department and mis-declaration.

12.1.3 The above action on the part of M/s. TIL had rendered the goods liable for confiscation under Section 111 of the Customs Act, 1962. The acts of omission and commission on the part of M/s. TIL rendered the imported goods liable for confiscation under Section 111(d), 111(f), 111(l) and 111(m) of the Customs Act, 1962 and rendered themselves liable to penalty under Section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962.

12.2 M/s. GLENTECH INDUSTRIES PRIVATE LIMITED/ M/s. Glentech Ventures PTE Ltd.:-

12.2.1 Scrutiny of the various documents/records, as well as facts stated by various persons during investigation, as discussed hereinabove, revealed that M/s. GIPL and M/s. TIL, in connivance with each other devised a strategic plan to import admixture of CPO, RBD and PFAD, by mis-declaring the same as CPO. They purchased CPO, RBD and PFAD in Indonesia from different suppliers. They entered into Charter Agreement with M/s. OKA Tankers PTE Ltd., Singapore and M/s. Telcom Trading International PTE Ltd., Singapore for transporting the goods from Indonesia to India through vessels MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106, MT FMT EFES V202111; loaded CPO on the vessels at different ports at Indonesia/ Thailand. As per the Charter Agreement, after loading the above goods on vessel, blending of the above goods was carried out with the help of the Owner(s) of the vessel(s). After blending, they arranged manipulated various documents to show the goods imported as CPO and presented the same before Customs. As per the instructions of Charterers the original documents viz. Bills of Lading etc. were secreted in the vessel and intentionally not produced before Customs. After import of the goods into India, the importer M/s. TIL filed W.H. Bills of Entry, by mis-declaring the goods as CPO, though they knew that the goods imported are admixture of CPO, RBD and PFAD. Further, after import of the goods into India, it was the responsibility of M/s. GIPL to get buyers for M/s. TIL for such

goods/sell the goods into Indian market. The goods so mis-declared and mis-classified under CTH 15111000, with intent to evade the appropriate duties of Customs.

12.2.2 Thus, M/s. GIPL played active role in the purchase, transport, blending of the cargo during voyage of the vessels and import of the said goods by mis-declaring the same as CPO in W.H. Bills of Entry. From the above, it appears that M/s. GIPL actively connived/ concerned themselves in the import of '*admixture of Crude Palm Oil, Palmolein and other Palm based oil*' by mis-declaring the same as '*Crude Palm Oil*', and mis-classifying under CTH 15111000 instead of correct classification under CTH 15119090, which is the appropriate classification of the goods imported viz. '*admixture of Crude Palm Oil, Palmolein and other Palm based oil*'. It further appears that as a charterer, M/s. GIPL played active role in ensuring the blending of CPO, PFAD & RBD olein onboard vessel, which is not only prohibited, but also the act of agreeing/allowing to blend clearly demonstrates that the entire activity right from planning, creation, monitoring and managing of all the operations was with a mala fide intention of evading customs duty. Thus, this appears to be is a clear case of mis-declaration. Thus, M/s. GIPL has concerned themselves in mis-declaration and mis-classification which rendered the goods liable for confiscation. The above action on the part of M/s. GIPL had rendered themselves liable to penalty under Section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962.

12.3. M/s. Telcom International PTE Ltd.

12.3.1. M/s. Telcom International PTE Ltd., 50 Bukit Batok Street 23, #06-11, Midview Building, Singapore 659578, were the owners of the vessels 'MT FMT Gumuldur'. They entered into Tanker Voyage Charter Party agreement with M/s. TIWA, UAE/M/s. TISPL/ M/s. TIL and M/s. GIPL for transporting cargo from the ports in Indonesia/ Thailand to Kandla port in India. Further, as per the agreement, the above goods were to be blended on board, which were confirmed by all the parties viz. payment charterer, operational charterer and despondent owners; actively connived to replace the original BLs prepared at the port of loading with manipulated BLs after blending of the cargo on board; to present the manipulated documents before Customs at the time of arrival of the cargo at discharge port. The switching of Bills of Lading was done by the crew of the vessel owners, under guidance of their management. The Vessel owner viz., M/s. Telcom International PTE Ltd. entered into agreement which allowed blending of cargo i.e. CPO, RBD Palmolein and PFAD on board vessel, which is otherwise prohibited. Therefore, by indulging in such act of blending on board, manipulation of documents viz. IGM, Bills of Lading etc. in connivance with M/s. GIPL and M/s. TIL., allowing their conveyance to be used in such a manner which rendered the goods (non-seized – cleared in past) as well as vessel (non-seized – cleared in past) liable for confiscation under section 111 and 115 of the Customs Act, 1962. Accordingly, by indulging in such act of omission and commission, on their part abetted the importer to import goods by mis-declaring the same as CPO, by classifying the same under CTH 15111000, by allowing comingling/blending of cargo with led to evasion of the Customs Duty. Accordingly, it appears that they are liable for penal action under Sections under 112(a) & 112(b), 114AA and 117 of the Customs Act, 1962.

12.3.2. The indulging in the act of manipulation of the documents is punishable offence and thus by concerning themselves in such act of manipulation of documents concerned themselves liable to be charged for violations of Section 30 (Arrival Manifest production) read with Section 38 (Production of the documents) of the Customs Act, and therefore liable to be charged under Section 132 (false documentation). Further, he also concerned themselves in mis-declaration of goods by manipulating the actual documents for filing IGM with intent to help the importer M/s. TIL to make the goods marketable leading to evasion of Customs Duty. By such acts of omission and commission, the goods so imported(non-seized and cleared) by mis-declaring the same as 'CPO' became liable for confiscation and they rendered themselves liable to penalty under Section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962 and also under Section 132 and 135(1) of the Customs Act, 1962.

12.4. ROLE OF CAPT. SHRI SANJAY KUMAR, MASTER OF VESSEL MT FMT GUMULDUR V.202109:-

12.4.1 Capt. Shri Sanjay Kumar, Master of vessel 'MT FMT Gumuldur V.202109' looked after the supervision of all activities relating to the vessel and responsible for all activities pertaining to the vessel including issuance of documents like Bill of Lading, Mate receipt, IGM/EGM related Customs documentation etc. Therefore, a summons dated 20.12.2023 was issued to him (via e-mail) to join the investigation, which was not responded to by him nor the vessel owner. Further, he allowed blending of 3499.71 MT Crude Palm Oil (CPO), loaded from Dumai (Indonesia), 8400.309 MT RBD and 200 MT PFAD, loaded from Kuala Tanjung Port, Indonesia and accordingly as per the instructions of their management; presented manipulated BLs, showing import of CPO thereby hiding the true nature of the goods onboard vessel. Thus, he was instrumental in blending of all the three cargos loaded on the vessel, preparation of manipulated documents, and presenting manipulated documents before Customs at the port of discharge, i.e., Customs, Kandla. It is pertinent to mention here that he issued/signed the switched Bill of lading by mis-declaring the goods as CPO instead of admixture of CPO and RBD Plamolein and filed the same before Indian Customs.

12.4.2 Thus, he failed in discharging his duties in the capacity of 'Master' of vessel to declare and submit the documents received at load port, at the discharge port with correct descriptions and other material particulars. Instead, he produced false documents viz. switched/ manipulated Bills of Lading before Customs for clearance of the cargo and suppressed the original Bills of Lading issued at the port of load. Thus, he abetted in blending/comingling of the goods onboard vessel, failed in declaring the correct particulars of the subject cargo in the documents, aided and abetted in manipulation of original documents pertaining to the subject imported goods and mis-declared the same as 'CPO' instead of 'admixture of Crude Palm Oil, RBD olein and PFAD'. He actively assisted the importer to enable them to mis-declare the imported goods as 'CPO'.

12.4.3 The act of manipulation of the documents is punishable offence and he rendered himself liable to be charged for violations of Section 30 (Arrival Manifest production) read with Section 38 (Production of the documents) of the Customs Act, and therefore liable to be charged under Section 132 (false

documentation). Further, he also concerned himself in mis-declaration of goods by manipulating the actual documents for filing IGM with intent to help the importer M/s. TIL to evade Customs Duty. By such acts of omission and commission, the goods so imported by mis-declaring the same as CPO became liable for confiscation and he rendered himself liable to penalty under Section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962 and also under Section 132 and 135(1) of the Customs Act, 1962.

12.5 SHRI SIDHANT AGARWAL, DIRECTOR OF M/S. GLENTECH INDUSTRIES PRIVATE LIMITED, INDIA & M/s. GLENTECH VENTURES PRIVATE LIMITED, SINGAPORE:

12.5.1 Shri Sidhant Agarwal, Director of M/s. GIPL and M/s. GVPL, Singapore was the key person in the entire racket of import of '*admixture of Crude Palm Oil, Palmolein and other Palm based oil*', by mis-declaring the same as Crude Palm Oil. M/s. GVPL, Singapore purchased and/or arranged purchase of the goods CPO, RBD and PFAD in Indonesia and sold to/ changed the contracts to the name of M/s. TIWA, UAE/ M/s. TISPL, who in turn sold the goods to M/s. TIL. Mumbai, the importer and filer of W.H. Bills of Entry of the goods in the present case, as per the agreement between M/s. TIWA & M/s. GVPL. The said goods viz. CPO, RBD & PFAD were blended during voyage of the Vessels MT FMT Gumuldur V.202109, CPO & RBD were blended during the voyage of MT Hong Hai6 V.2106 and MT FMT EFES V.202111 at the behest of charterer M/s. GIPL and M/s. GVPL (operational charterer). M/s. TIL (being the financial charterer) filed the W.H. Bills of Entry, by mis-declaring the goods as CPO, by classifying the same under CTH 15111000 for earning commission. Further, after import of the goods into India, it was the responsibility of M/s. GIPL to sell the goods into Indian market.

12.5.2 Further, M/s. GIPL in connivance with M/s. TIL entered into agreement with respective vessel owners for transporting the goods into India. It was decided to blend the goods onboard during voyage of the vessel. The instructions for blending were given by M/s. GIPL to M/s. Midas Tankers Pvt. Ltd. Thus, Shri Sidhant Agarwal, Director of M/s. GIPL played active role in ensuring the blending of CPO, PFAD & RBD oil. The above act of import of goods by blending the three products right from planning, creation, monitoring and managing of all the operations was with a mala fide intention to evade Customs duty. Thus, he knowingly played an important role in effecting the said unscrupulous import which became liable to confiscation under Section 111 of the Customs Act, 1962. The acts of omission and commission on the part of Shri Sidhant Agarwal rendered the imported goods (non-seized- cleared in past) liable for confiscation under Section 111(d), 111(f), 111(l) and 111(m) of the Customs Act, 1962. He had knowingly and intentionally caused to be made, signed or used documents relating to import of goods by mis-declaring it as CPO, which he knew or had reason to believe were false and incorrect in material particulars. Hence, the said act on his part rendered him liable for penalty under Section 112(a), 112(b), 114AA, 117 of the Customs Act, 1962.

12.6 SHRI SUDHANSU AGARWAL, REPRESENTATIVE AND EX-CEO OF M/S. GIPL:

12.6.1 Shri Sudhanshu Agarwal, Representative and Ex-CEO of M/s. GIPL is looking after all the business affairs of the company. He used to

execute business deals of M/s. GIPL, got business support through M/s. GVPL, which is parent company of M/s. GIPL M/s. GIPL entered into contract with the vessel owners to blend the different cargoes viz. CPO, RBD Palmolein and PFAD as discussed in foregoing paras and accordingly issued directions for blending of CPO, RBD & PFAD. He was in direct touch with Shri Amit Thakkar of M/s. TIL to obtain concurrence for blending of goods; and also appointed the surveyor, in agreement with M/s. TIL who approved the blending plan. He on behalf of M/s. GIPL, being operational charterer floated inquiry with the vessel broker for requirement of vessel with blending facility only.

12.6.2 Though the title of the goods always remained with M/s. TIL, he passed the orders/directions in connivance with M/s. TIL. M/s. GIPL in connivance with M/s. TIL imported the cargo after blending RBD, CPO, PFAD on board and indulged in bond to bond sale of the said quantity of 40486.172 MT of imported cargo through vessels MT FMT Gumuldur, MT Hong Hai6, MT FMT EFES which were mis-declared as CPO under CTH 15111000 instead of appropriate CTH 15119090 with an intent to evade the Customs duty by them as well as to make it marketable and to sell such goods in Indian market. By such acts of omission and commission he has rendered himself liable to penalty for mis-declaration of imported goods under section 112(a) and 112(b) of the Customs Act, 1962. He had knowingly and intentionally caused to be made, signed or used documents relating to import of goods by mis-declaring it as CPO, which he knew or had reason to believe were false and incorrect in material particulars. Hence, the said act on his part rendered him liable for penalty under Section(s) 112(a), 112(b), 114AA and 117 of the Customs Act, 1962.

12.7 ROLE OF SHRI AMIT THAKKAR, SENIOR MANAGER, M/S. TATA INTERNATIONAL LTD (AGRI DIVISION):

12.7.1 Shri Amit Thakkar, Senior Manager, M/s. TIL (Agri Division) was aware of the fact that “RBD” and “PFAD” were loaded at Kuala Tanjung Port, Indonesia and CPO was loaded in DUMAI port and Phuket Port, Thailand. He was also aware that after blending, the original BLs were switched and were replaced by manipulated BLs, showing entire cargo as CPO. Despite the facts that he knew that the goods imported were not CPO, but an admixture of CPO, RBD and PFAD, BL and other documents, showing import of CPO were submitted before the Customs Authority. He admitted that post blending of the goods onboard, the original Bills of Lading were switched to Global Bills of Lading, showing entire quantity as CPO.

12.7.2 Thus, Shri Amit Thakkar played active role in import of admixture of CPO, RBD and PFAD, by mis-declaring the same as CPO, classifying under CTH 15111000 instead of appropriate CTH 15119090 with intent to evade the Customs duty. By such acts of omission and commission he has rendered himself liable to penalty for mis-declaration of imported goods under section 112 (a) and 112(b) of the Customs Act, 1962. He had knowingly and intentionally caused to be made, signed or used documents relating to import of goods by mis-declaring it as CPO, which he knew or had reason to believe were false and incorrect in material particulars. Hence, the said act on his part rendered him liable for penalty under Section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962.

12.8 ROLE OF SHRI SHRIKANT SUBBARAYAN, HEAD OF AGRI (BUSINESS) DIVISION, M/S. TIL (AGRI DIVISION):

12.8.1 Shri Shrikant Subbarayan had given approval for finalizing the deal in providing Trade Facilitation to M/s. GIPL/GVPL. He approved the final contract between M/s. TIL and M/s. GVPL to facilitate the latter in import of goods by way of mis-declaration and mis-classification of goods. He was aware of the purchase of CPO, RBD and PFAD in Indonesia, blending of all the three cargo onboard, preparation of manipulated documents. He was also aware that at the time of import the W.H. Bills of Entry were filed mis-declaring the goods as CPO, by classifying the same under CTH 15111000, though he knew that the goods imported is admixture of CPO, RBD and PFAD, which merits classification under CTH 15119090 (non –seized and cleared), with an intent to earn commission and evade the Customs duty. By such acts of omission and commission he has rendered himself liable to penalty under section 112 (a) and 112(b) of the Customs Act, 1962. He had knowingly and intentionally caused to be made, signed or used documents relating to import of goods by mis-declaring it as CPO, which he knew or had reason to believe were false and incorrect in material particulars. Hence, the said act on his part rendered him liable for penalty under Section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962.

12.9 ROLE OF SHRI AMIT AGARWAL, ASSTT. VICE PRESIDENT, M/S. GLENTECH INDUSTRIES PRIVATE LIMITED & M/S. GLENTECH VENTURE PTE LTD., SINGAPORE:

12.9.1 He was actively involved in purchase of imported cargo imported in the name of M/s. TIL, from overseas suppliers. Being Authorized Signatory of M/s. GIPL, he was instrumental in entering into the agreement for commodity supply and service agreement dated 09.03.2021 between M/s. GIPL & M/s. TIL. He was aware of the fact that CPO, RBD and PFAD were purchased from the overseas suppliers in Indonesia. He was also aware that the above goods were blended on board vessel. Being authorised signatory, he concerned himself in signing of charter party agreement with M/s Telcom International PTE Ltd. As per the agreement, CPO was to be loaded from Dumai port and RBD and PFAD were to be loaded from Kuala Tanjung port. After loading the above goods, all the goods were blended on board. After blending, manipulated documents, switch BL was prepared, showing cargo as CPO, though it was an admixture of CPO, RBD and PFAD.

12.9.2 Thus, he was actively involved in the acts of omission and commission to assist the importer to import goods by mis-declaring the same as CPO, by classifying the same under CTH 15111000, though the goods imported was admixture of CPO, RBD and PFAD, which merits classification under CTH 15119090, with an intent to evade the Customs duty. The above act on his part rendered the goods liable for confiscation and rendered himself liable to penalty under section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962.

12.10 ROLE OF M/s. SHEEL OIL & FATS PRIVATE LIMITED.

12.10.1 M/s Sheel Oil had purchased the 1960 MTs of said blended goods viz. admixture of CPO, RBD Palmolein, PFAD which were originally imported by

M/s TIL by the way of mis-declaration and mis-classifying as CPO under CTH 15111000 in the W.H. B.E.s filed before Kandla Customs with intent to evade the appropriate duties of Customs. M/s. TIL had suppressed this information from Department while filing W.H.B.Es. Also, by entering into charter agreement as financial charterer they were aware that the blending on board vessel has to be undertaken in order to make it marketable in domestic market.

12.10.2 Further, M/s. Sheel Oil cleared a portion of such imported goods having quantity of 1960 MTs of goods having assessable value of Rs. 17,08,96,764/- (Rupees Seventeen Crores Eight Lakhs Ninety Six Thousand Seven Hundred and Sixty Four only) by way of mis-declaring the same as 'CPO' in the Ex-Bond Bills of Entry filed by them and thus evaded Customs Duty amounting to Rs. 2,66,35,824/- (Two Crores Sixty Six Lakhs Thirty five Thousand Eight hundred and Twenty Four only) under the following Bills of Entries as per **Annexure -C.**

12.10.3 M/s Sheel Oil being a buyer has the obligation to verify the source/antecedent of their supply. Thus, Onus was on the M/s Sheel Oil to perform due diligence before making purchase and subsequent clearance of goods from Warehouse by filing Ex-Bond BoE. Thus, in view of the omissions mentioned herein above, the differential duty of Rs. 2,66,35,824/- (Two Crores Sixty Six Lakhs Thirty five Thousand Eight hundred and Twenty Four only) has been short paid by them on account of suppression, mis-declaration and misclassification of goods in the respective Ex- Bond Bills of Entry and is due to be recovered from them. The acts of omission and commission on the part of M/s. Sheel Oil rendered the imported goods (non-seized – cleared in past) liable for confiscation under Section 111(d), 111(f), 111(l) and 111(m) of the Customs Act, 1962 and rendered themselves liable to penalty under Section 112(a), 112(b), 114A and 114AA, 117 of the Customs Act, 1962.

13. LIABILITY TO CONFISCATION OF THE IMPORTED GOODS, WHICH WERE NOT SEIZED AND CLEARED:

13.1. Further, in view of the above, it appears that M/s. Tata International Ltd wilfully mis-declared, mis-stated and suppressed the facts regarding description and classification of the impugned goods at the time of filing W.H. Bills of Entry and which were subsequently cleared by various ex-bond filers vide various Bills of Entry (as detailed in **Annexure-B**) and had claimed lower rates of Customs duties as discussed herein above. Due to this deliberate act of mis-classification and mis-declaration in the import of entire quantity of 40521.39 MT vide vessels MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106 and MT FMT EFES V.202111 on the part of M/s. TIL and lead to short payment of Customs duties by various Ex-bond filers on goods non-seized and already cleared by them. Further, by this deliberate act of mis-declaration and mis-classification appears to be with intent to evade Customs duty. Therefore, it appears that the liability to pay the dues arise on the part of actual beneficial owners, i.e. importers of such goods who cleared these goods by way of filing Ex-Bond Bills of Entry for home consumption.

13.2. It further appears that since the duty on the goods imported by M/s. Sheel Oil was short levied on account of mis-declaration and

misclassification, which is liable to be demanded and recovered under the provisions of Section 28(4) of the Customs Act, 1962 and clearance of **1960 MTs** (non-seized- cleared in past) of the said goods by M/s Sheel Oil also appears to be liable for confiscation. Accordingly, M/s. Sheel Oil also appears liable for imposition of penalty under section 112(a)& 112(b), 114A and 117 of the Customs Act, 1962.

14. CALCULATION OF DIFFERENTIAL DUTY RECOVERABLE:

14.1. M/s. TIL and M/s. GIPL, in connivance with each other devised a strategic plan to import admixture of CPO, RBD and PFAD, by mis-declaring the same as CPO. They purchased CPO, RBD and PFAD in Indonesia/ Thailand from different suppliers. They entered into Charter Agreement for transporting the goods from Indonesia and Thailand to India with M/s Oka Tankers through vessel MT Hong Hai6 V.2106 M/s. Telcom International PTE Ltd, through vessel 'MT FMT Gumuldur V.202109' and MT FMT EFES V.202111 having blending facility and switching of Bills of Lading clause in the agreements. The details of the goods loaded at different ports and imported vide different vessels and after blending, the goods described in the bill of entry are as per below mentioned table-

Sr. No.	VESSEL NAME	COMMO DITY loaded at load Port	QTY (MTs)	LOAD PORT	Bill of Lading no.	Ware House Bill of Entry
1	FMT GUMULDUR Voy.202109	CPO	3499.71	DUMAI, INDONESIA	DMI/DEE/02 and DMI/DEE/03 dated 12.08.2021	5302477, 5302489, 5302500, 5302513, 5302519 & 5302523 ; all dated 03.09.2021
		RBD PALM OLEIN	8400.300	KUALA TANJUBG, INDONESIA	KTG/DEE/01 dated 17.08.2021	
		PFAD	200	KUALA TANJUBG, INDONESIA	KTG/DEE/02 dated 16.08.2021	
		Total	12100.01			
2	MT HONG HAI6 V.2106	RBD PALM OLEIN	6513.520	KUALA TANJUBG, INDONESIA	KTG/DEE/01 dated 30.09.2021	5916265, 5916285, 5916291 & 5916292 all dated 20.10.2021
		CPO	8948.550	Phuket, Thailand	HH6V2106PHU-02 , HH6V2106PHU-02 dated 06.10.2021	
		Total	15462.07			
3	MT FMT EFES VOY. 202111	RBD PALM OLEIN	5086.015	KAULA TANJUNG, INDONESIA	KTP/DEE/01 dated 26.10.2021	6212683 & 6212824 ; both dated 11.11.2021
		CPO	7873.290	PHUKET PORT, THAILAND	KTP/DEE/02 and PHP/DEE/03 dated 31.10.2021	
		Total	12959.31			

In view of above, total 40521.398 MT of admixture of CPO, RBD and PFAD were imported through the above mentioned 03 vessels viz., MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106, MT FMT EFES V202111 and mis-declared the same as 'CPO' before Customs Authorities at Kandla Port in Warehouse Bills of Entry (Annexure-A).

14.2. The documentary as well as oral evidences, as discussed in brief in foregoing paras conclusively establish that though M/s. TIL had imported admixture of CPO, RBD and PFAD and while filing warehouse bill of entry at the Kandla port, M/s TIL in the import documents mis-declared the entire

quantity of 40521.39 MT cargo as CPO brought into the country vide vessels MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106, MT FMT EFES V202111 and mis-classified the same under CTH 15111000. It is safe to conclude that the same was done by suppressing the facts that the goods imported were actually admixture of CPO, RBD and PFAD, CPO and RBD respectively which merits classification under CTH 15119090. The above act on the part of M/s. TIL subsequently resulted in short payment of customs duties to the tune of Rs. 2,66,35,824/- at the time of clearance of such imported goods from warehouse by M/s. Sheel Oil and thus, defrauding the government exchequer.

14.3. CBIC vide following notification have notified the tariff rate of items vide various non- tariff notification of Customs. The notifications applicable on the date of presentation of Bills of Entry for Home consumption by M/s. SHEEL OIL are:- Notification No. 69/2021 – Customs (N.T.) dated 31.08.2021, The tariff rate (USD per metric Ton) are notified therein, and mentioned as below:-

Notification No.	Sr No.	Chapter/ heading/ sub-heading/ tariff item	Description of Goods	Tariff rate (US\$ per metric Ton)
69/2021 - Customs (N.T) dated 31-08-2021	6 of Table - I	15119090	Others - Palmolein	1063

14.4. Further, M/s. Sheel Oil had filed the self- assessed Ex-Bond BoE for Home consumption for clearance of goods (**approx. 1960 MTs**) imported vide vessel FMT GUMULDUR V.202109 as discussed in Annexure-C. The above act on the part of importer resulted into short payment of Customs duties which appears to be payable under CTH 15119090 as per the below mentioned Customs Tariff notifications: -

DUTY STRUCTURE ON ADMIXTURE OF CPO, RBD PALMOLEIN & PFAD UNDER CTH 15119090 OVER DIFFERENT PERIOD OF TIME

Effective Date	BCD (%)	AID C (%)	SWS (@10% of all duties) (%)	IGS T (%)
30.06.2021 to 10.09.2021	37.5% [BCD @37.5% as per Ntno No. 34/2021 – Cus. dated 29.06.2021]	NIL	3.75%	5%
11.09.2021 to 13.10.2021	32.50% [BCD @ 32.5%, amended vide Ntno No. 42/2021- Cus. dated 11.09.2021]	NIL	3.25%	5%
14.10.2021 to 20.12.2021	17.50% [as amended vide Ntno No. 48/2021- Cus. dated 11.09.2021]	NIL	1.75%	5%
21.12.2021 to 15.02.2022	12.5% [as amended vide Ntno no. 5.3/2021-Cus dated 20.12.2021]	NIL	1.25%	5%

Further, the duty paid by M/s. SHEEL OIL vis-à-vis duty actually payable by M/s. Sheel Oil is calculated as per **Annexure –C** to this show cause.

14.5 The total differential duty to be paid by M/s. Sheel Oil on the goods imported by way of mis-declaration and misclassification of the goods as CPO

under CTH 15111000 amounts to Rs.2,66,35,824/- (Rupees Four Crores Ten Lakhs Fourteen Thousand Five Hundred and Four only) in respect of goods already cleared by them having assessable value, arrived as per the aforementioned tariff notification equivalent to Rs.17,08,96,764/- (Rupees Seventeen Crores Eight Lakhs Ninety Six Thousand Seven Hundred and Sixty Four Only). The differential duty is required to be recovered from them by invoking the provisions of Section 28 of the Customs Act, 1962 along with interest under Section 28AA.

15. SHOW CAUSE:

15.1. Now therefore, it is proposed that M/s. Sheel Oil and Fats Private Limited having its registered office at Survey No. 16, Village Modvadhar, Talika Anjar, District-Kutch- 370110 having IEC - 6116901913, may be called upon to show cause in writing to the Commissioner of Customs, Kandla as to why: -

- (i) The declared value of the 1960T of imported goods (non-seized and cleared) imported vide vessel "FMT GUMULDUR V.202109 should not be rejected on account of mis-declaration and mis-classification of goods and the total assessable value of Rs.17,08,96,764/- (Rupees Seventeen Crores Eight Lakhs Ninety Six Thousand Seven Hundred and Sixty Four only) should not be taken as assessable for calculation of customs duty as detailed in Annexure C and as per the relevant Customs Tariff notifications as discussed in foregoing paras;
- (ii) The declared classification of the subject goods, i.e. 1960 MT of imported cargo vide vessels "FMT GUMULDUR V.202109 under CTH 15111000 in the Ex- Bond Bills of Entry as detailed in **Annexure - C** should not be rejected and re-classified under CTH 15119090 of the Customs Tariff Heading of the First Schedule to the Customs Tariff Act, 1975 and why the subject Ex- Bond Bills of Entry should not be reassessed accordingly;
- (iii) The total imported goods (non-seized and cleared in the past) by way of mis-declaration and mis-classification as discussed in above paragraphs should not be held liable for confiscation under Section 111 of the Customs Act, 1962;
- (iv) The Customs Duty Rs.2,66,35,824/- (Rupees Two Crores Sixty Six Lakhs Thirty five Thousand Eight hundred and Twenty Four only) which is short paid on account of misclassification and mis-declaration in various Ex- Bond Bills of Entry for Home Consumption (non-seized and cleared) should not be recovered from them under the provisions of Section 28(4) of the Customs Act, 1962, along with the applicable interest thereon under Section 28AA, *ibid*;
- (v) Penalty should not be imposed upon them under the provisions of Section 112(a) & 112(b) and 114A, 114AA and 117 of the Customs Act, 1962 for the goods mentioned at (ii) above;

15.2 Now therefore, it is proposed that **M/s. Tata International Limited, Office No. 11, Ground Floor, Plot No. 40, Sector 8, Gandhidham, Kachchh-370201 having IEC 388024291** may be called upon to show cause in writing to the Commissioner of Customs, Kandla as to why: -

- (i) Penalty should not be imposed upon them under the provisions of Section 112(a) & 112(b), 114AA and 117 of the Customs Act, 1962 for

such act of mis-classification and mis-declaration of imported goods in the warehouse Bills of Entry on their part which subsequently led to short payment of duty by M/s. Sheel Oil as discussed in above para.

15.3. Now therefore, it is proposed that **M/s. Glentech International Private Limited, having office at 508, 5th Floor, Wegmans Business Park, Plot No. 3, Sector-Knowledge Park-III, Surajpur Kasna Main Road, Greater Noida, GautamBudh Nagar-201308 (UP)** may be called upon to show cause in writing to the Commissioner of Customs, Kandla as to why: -

- (i) Penalty should not be imposed upon them under the provisions of Section 112(a) & 112(b), 114AA and 117 of the Customs Act, 1962 for such act of connivance with M/s. TIL for getting such buyers of goods for M/s TIL which subsequently led to short payment of duty.

15.4. Now therefore, it is proposed that M/s. **Telcom International PTE Ltd.** having their Regd. Office at **50 Bukit Batok Street 23, #06-11, Midview Building, Singapore 659578**, may be called upon to show cause in writing to the Commissioner of Customs, Kandla in view of them being in knowledge of wrongful act of omission or commission, knowingly abetted or instrumental/facilitator in the entire scheme of mis-declaration with an intent of defraud the government exchequer it is proposed that: -

- (i) The vessel MT FMT Gumuldur (non-seized- cleared in past (non-seized-cleared in past), used for transporting the said goods should not be held liable for confiscation under Section 115 of the Customs Act, 1962;
- (ii) Penalty should not be imposed upon them under the provisions of Section 112(a) & 112(b), 114AA and 117 of the Customs Act, 1962 for the reason mentioned at (i) above;

16. Now, therefore, the following persons may be called upon to show cause in writing to the Commissioner of Customs, Kandla as why personal penalty under Section 112(a) & 112(b), Section 117 and Section 114AA of the Customs Act, 1962 should not be imposed on them being in knowledge of wrongful act of omission or commission, having knowingly abetted or been instrumental/facilitator in the entire scheme of mis-declaration with an intent of suppression and falsity and to defraud the government exchequer: -

- (1) Shri Sidhant Agarwal, Director of M/s. GIPL & M/s. GVPL
- (2) Shri Sudhanshu Agarwal, Director of M/s. GIPL & M/s. GVPL
- (3) Shri Amit Agarwal, Assistant Vice President of M/s. GIPL & M/s. GVPL
- (4) Shri Shrikant Subbarayan, Head Agri Business Division, M/s. Tata International Ltd.
- (5) Shri Amit Thakkar, Senior Manager M/s. Tata International Ltd.
- (6) Capt. Shri Sanjay Kumar, Master of Vessel MT FMT Gumuldur V.202109

17. Now, therefore, Shri Mohan Goel, Krishna Goyal and Shubhal Goel, Directors of M/s. Sheel Oil and Fats Private Limited may be called upon to show cause in writing to the Commissioner of Customs, Kandla as why penalty under Section 112(a) & 112(b), Section 117, Section 114A and Section 114AA of the Customs Act, 1962 should not be imposed on him.

18. Now, therefore, Capt. Shri Sanjay Kumar, Master of Vessel MT FMT Gumuldur V.202109 may be called upon to show cause in writing to the Commissioner of Customs, Kandla as why action under Section 132 of the Customs Act, 1962 should not be taken against him/

19. WRITTEN SUBMISSIONS:

19.1. M/s. Sheel Oil and Fats Private Limited, have not submitted any submissions till date.

19.2 M/s. Glentech International Private Limited, in their submission have *inetralia* submitted that:

19.2.1 The Noticee M/s Glentech Industries Private Limited (M/s GIPL for short) is engaged, inter-alia, in the business of buying, selling and trading of Crude Palm Oil/ Crude Soybean Oil/ Crude Sunflower Oil /RBD Palmolein etc.

19.2.2 On 09.03.2021, the Noticee signed a Commodity Supply and Services Agreement (hereinafter called the “Agreement”) with M/s Tata International Singapore Private Limited, Singapore (“M/s TISPL”). Copy of the said Agreement is enclosed with this reply (As ANNEXURE 1)

19.2.3 As per the Scope of the said Agreement, the Noticee “Glentech agrees and acknowledges that M/s TISPL can import the Commodity (ies) from the Overseas Suppliers through Glentech and/ or sell the same in the Indian Market through Glentech at its sole discretion and option.” (Para 3.1 of the Agreement referred to in para 2 above).

19.2.4 Vide para 4 of the said Agreement, M/s TISPL was, at its sole discretion, entitled to utilize the services of its Affiliate(s), Parent Company and Third-party (ies) to perform under the said Agreement.

19.2.5 Vide para 4.4 of the. said Agreement, ‘for the purpose of importation of the Commodity, TISPL or its Affiliate(s) (as the case may be) shall enter into a charter party agreement with the Overseas Supplier or with vessel agent as per TISPL's sole discretion.’ **The Noticee craves leave to produce the said Agreement during the course of proceedings.(Annexure 2)**

19.2.6 In terms of the above mentioned Agreement, the Noticee agreed and acknowledged that M/s Tata International West Asia DMCC, UAE (“M/s TIWA” for short)-a sister concern of M/s TISPL, can import the goods from the overseas suppliers through Glentech Ventures PTE Limited, Singapore (M/s GVPL), a sister concern of the Noticee, and/or sell the same in the Indian Market through GIPL at its sole discretion and option.

19.2.7 In the instant case, M/s GVPL procured 4999.869 MT of Crude Palm Oil from the overseas supplier M/s Pt. Kharishma Pemasaran Bersama Nusantara (M/s KPBN) of Indonesia and the goods were loaded on the vessel MT Distya Pushti at the port of Damai, Indonesia. Further a consignment of 15000 MT of Refined, Bleached and Deodorised Olein (RBD) and 300.14 MT of Palm Fatty Acid Distillate (PFAD) were procured from M/s. Pt. Industri Nabati Lestari (INL) **by M/s TIWA** of UAE (sister concern of TISPL and Tata International Limited India) and were loaded at the Kuala Tanjung port, Indonesia.

19.2.8 As per the Agreement, blending of the three goods were carried out under the supervision of M/s Geo Chem, the Surveyor appointed by **M/s GVPL** who had been appointed as the Performance Charterer

under the Charter Agreement executed between M/s GVPL (operational charterer), M/s TIWA (Payment Charterer) and the M/s Midas Tanker Pvt. Limited, who were the owners of the vessel MT Distya Pushti and transporter of the goods, who had been appointed by M/s GVPL, in terms of the Agreement between M/s TISPL and M/s GIPL which also required the sister concerns of the “Parties” under the said Agreement, to carry out certain responsibilities.

19.2.9 Payment for the consignments to the overseas supplier was made by M/s TIWA. The payment for Crude Palm Oil was made to the supplier through M/s GVPL who had procured the Crude Palm Oil (CPO) while the **payment for RBD Olein and PFAD was made directly by M/s TIWA to the overseas supplier M/s PT Industri Nabati Lestari (INL).**

19.2.10 Shri Amit Takkar of M/s TIL, in his statement dated 07.01.2022 (RUD-16, para 10.6.1 of the SCN) under section 108 of the Customs Act, inter-alia stated that activities relating to the instant consignment was carried out in terms of the Agreement dated 09.03.2021. He stated that M/s TIL conveyed their agreed terms for the shipment of 20,250 MT, out of which 5000 MT of crude oil was to be procured from M/s PT. Perkebunan Nusantara III (PERSERO) (KPBN); 15,000 MT of RBD Palmolein and 250 MT of Palm Fatty Acid Distillate (PFAD) from M/s PT Industri Nabati Lestari (INL). **Shri Takkar further conveyed that blending of cargo will be 5000 metric tons of Crude Palm Oil, 10,000 MT RBD and 250 MT PFAD. He also communicated that the balance 5000 MT RBD shall be loaded separately and sold independently as RBD Palmolein. Entire cargo of 20000 MT shall be sold off before vessel arrival in India and the total margin of this specific transaction shall be USD 25 per metric ton for Tata.**

19.2.11 Shri Takkar further stated that subsequently, a purchase contract was executed between the buyer M/s. Tata International West Asia DMCC, UAE (referred as ‘M/s. TIWA’) and the seller/supplier M/s PT Industri Nabati Lestari (INL). He further stated that they (M/S TIL/TIWA) **opened the Letter of Credit in favor of PT Industri Nabati Lestari (INL) for 15000 MT of RBD & 300 MT of PFAD**, and in favour of M/s GVPL for 5000MT of Crude Palm Oil (procured from M/s KPBN) as the purchase contract from M/s KPBN could not be transferred to M/s TIWA. (Para 10.6.1.3 of the SCN is referred).

19.2.12 Shri Takkar further stated that the vessel was arranged by M/S GVPL. Accordingly, charter agreement was executed between M/s. Midas Tankers Pvt. Ltd, M/S GVPL and M/S TIWA wherein M/s. Midas Tanker are the Transporter, M/s GVPL are the Performance Charterer, and M/s. TIWA are the payment charterer. (Para 10.6.1.4 of the SCN is referred)

19.2.13 **Shri Takkar further stated that the goods on the vessel MT Distya Pushti, were sold to M/s Tata International Limited (TIL) by M/s TIWA of UAE. The Certificate of Origin was issued by Dubai Chamber in respect of goods purchased by M/s. TIL from M/s. TIWA. Shri Takkar produced a copy of the Country of Origin Certificate No. 2117495 dated 20.12.2021.**

19.2.14 **M/s Tata International Limited India (TIL) filed 83 Bills of Entry, all dated 16.12.2021 (detailed in Annexure A to the SCN), declaring the imported goods as “Crude Palm Oil (edible grade) in BULK” classifiable under Custom Tariff Heading 15111000.** Total declared quantity was 20,300.234 MT and assessable value Rs 203, 84,62,207/- The importer, M/s TIL also claimed a concessional rate of duty under exemption Notification 21/2002 dated 1.3.2002 (as amended) at Sl. No. 30.

19.2.15 However, the Department, in the belief that **the importer M/s TIL were attempting to clear the import goods by mis-declaring the same as Crude Palm Oil** in an attempt to evade Customs Duty, took samples of the consignment and after analysis by the Central Revenue Chemical Laboratory who opined that the import goods were not Crude palm oil as declared but in fact were an ‘admixture of Crude Palm Oil, RBD Olein and PFAD’ detained the said goods and started an investigation.

19.2.16 The imported goods, seized under Panchnama dated 02/03.01.2022 under section 110 of the Customs Act, 1962, were provisionally released to M/S TIL on execution of PD Bond of an amount of Rs. 206,73,59,038/- and Bank Guarantee of an amount of Rs. 20,67,35,904/- on the request of the importer M/s. TIL, vide letter F. No. CUS/SIIB/FUP/1/2022-SIIB- O/o Commr- Cus-Kandla dated 03.02.2022.

19.3. Investigations by the Department

19.3.1 The Directorate of Revenue Intelligence (“DRI”) **had gathered information to the effect that M/s. TIL has imported 20,000 MTs** goods consisting RBD and PFAD and by mis-declaring the same as “Crude Palm Oil (Edible Grade) in Bulk” were attempting to evade Custom Duty. Accordingly, after arrival of the vessel, a search was conducted by custom officers on 2/3 01.2022 and various documents were retrieved. Statements of all concerned persons were recorded under Section 108 of the Customs Act. Further, samples of the imported goods were drawn on 03.01.2022 and sent to Central Revenue Chemical Laboratories (CRCL) Vadodara for analysis. In the Test Report dated 3/4.02.2022, as per the opinion offered by the Head/Chemical Examiner, C. Ex. & Customs Laboratory Vadodara in the case, the test report of the sample “7S/S-1” [RUD No. 08] found that “the sample does not meet the requirement of Crude Palm Oil & Palm Oil (Raw)”. They further opined that “Carotenoids content in the sample is below the limit as Palm Oil normally contains 500-700 ppm carotenoids. In view of the above it **was concluded that sample u/r was an admixture of Crude Palm Oil, Palmolein and other palm based oil**”. (Para 12.1 of the SCN). **It was further opined by the Chemical Examiner that CTH 1511 1000 covers Crude Palm Oil. However, the goods imported by the M/s TIL is an admixture of Crude Palm Oil, Palmolein and other palm based oils which merits classification under CTH 1511 9090** [Para 12.2 of the SCN];

19.3.2 During the course of investigations, statements of various officials of the Noticee M/s GIPL and M/s Tata International Limited were recorded by the Investigating Officers. In particular, Shri Sidhant Agarwal of M/s GIPL, Shri Amit Agarwal Asst. Vice President of M/s GIPL and M/s GVPL Singapore and the Authorized Signatory of the Company along with Shri Sudhanshu Agarwal were recorded. Based on the statements recorded during investigations and on the basis of scrutiny of various documents and other materials, the investigating officers formed an opinion that, **after the import, it was the responsibility of the Noticee (GIPL/GVPL), to sell the goods in Indian Market and therefore, the Noticee is the beneficial owner in the present case** [Para 15.2.1 of the SCN]. It also appeared to the Department that the Noticee played an active role in ensuring the blending of CPO, PFAD and RBD Olein, which is not only prohibited, but also the act of agreeing/ allowing to blend clearly demonstrated that the Noticee had been involved in the entire activity from planning to managing of the operations was with a malafide intention to evade customs duty [Para 12.2 of the SCN]

19.3.3 The investigations by DRI allegedly indicated that the Master of the vessel along with the Chief Officer, had purportedly manipulated the documents related to the said consignment on the vessel for mis-declaration of the goods at the behest of M/s GVPL.

19.4. Allegations and Charges

19.4.1 Shri Sidhant Agarwal, Director of M/s GIPL and M/s. GVPL was the key person in the entire racket of import of 'admixture of Crude Palm Oil, Palmolein and other Palm based oil', by mis-declaring the same as Crude Palm Oil. **M/s. GVPL purchased and/or arranged purchase of the goods CPO, RBD and PFAD** in Indonesia and sold to M/s. TIWA, who in turn sold the goods to M/s. TIL., Mumbai, the importer of the goods in the present case, as per the agreement between M/s. TIWA&M/s. GVPL. The said goods viz. CPO, RBD & PFAD were blended during voyage of the Vessel DistyaPushti at the behest of M/s GIPL and M/s. GVPL. **The importer, M/s. TIL filed the Bills of Entry, by mis-declaring the goods as CPO, by classifying the same under CTH 15111000.** Further, after import of the goods into India, it was the responsibility of M/s GIPL to sell the goods into Indian market. Thus, M/s GIPL were the beneficial owner of the goods in question.

19.4.2 Further, M/s GIPL entered into agreement with M/s. Midas Tankers Pvt. Ltd for transporting the goods into India. It was decided to blend the goods onboard during voyage of the vessel. The instructions for blending were given by M/s GIPL to M/s. Midas Tankers Pvt. Ltd. Thus, Shri Sidhant Agarwal, Director of M/s. GIPL, played active role in ensuring the blending of CPO, PFAD & RBD Olein. The above act of import of goods by blending the three products right from planning, creation, monitoring and managing of all the operations was with a malafide intention to evade Customs duty. Thus, he knowingly played an important role in effecting the said unscrupulous import which became liable to confiscation under Section 111 of the Customs Act, 1962. The acts of omission and commission on the part of Shri Sidhant Agarwal rendered the imported goods liable for confiscation under Section 111(d), 111(f), 111(L) and 111(m) of the Customs Act, 1962.

19.4.3 Shri Sidhant Agarwal had knowingly and intentionally caused to be made, signed or used documents relating to import of goods by mis-declaring it as CPO, which he knew or had reason to believe were false and incorrect in material particulars. **Hence, the said act on his part rendered him liable for penalty under Section 112(a), 112(b), 114A and 114AA, 117 of the Customs Act, 1962.**

19.4.4 Shri Amit Agarwal, Assistant Vice President, M/s GIPL & M/S. GVPL, Singapore was actively involved in purchase of imported cargo imported in the name of M/s. TIL, from overseas suppliers. Being Authorized Signatory of M/s GIPL, he was instrumental in entering into the agreement for commodity supply and service agreement dated 09.03.2021 between M/s GIPL & M/s. TIL. He was aware of the fact that CPO, RBD and PFAD were purchased from the overseas suppliers in Indonesia. He was also aware that the above goods were blended on board vessel. Being authorised signatory, he signed the charter party agreement with M/s. Midas Tankers Pvt. Ltd. As per the agreement, CPO was to be loaded from Dumai port and RBD and PFAD were to be loaded from Kuala Tanjung port. After loading the above goods, all the goods were blended on board. After blending, manipulated documents, switch BL was prepared, showing cargo as CPO, though it was an admixture of CPO, RBD and PFAD. **As such, he was actively involved in the acts of omission and commission to assist the importer to import goods by mis-declaring the same as CPO, by classifying the same under CTH 15111000,** though the goods imported was admixture of CPO, RBD and PFAD, which merits classification under CTH 15119090, with an intent to evade the Customs duty. The above act on his part rendered the goods liable for confiscation and rendered himself liable to penalty under section 112(a), 112(b), 114A, 114AA and 117 of the Customs Act, 1962.

19.4.5 On the basis of their investigations and findings, the Department, through the show Cause Notice (SCN) F. No. GEN/ ADJ/ COMM/764/2023-Adjn-O/o Commr-Cus-Kandla dated 14.3.2024, alleged that:

(i) The Noticee M/s GIPL and M/s. Tata International Limited India (M/s TIL), in connivance with each other devised a strategic plan to import admixture of Crude Palm Oil (CPO); Refined, Bleached and Deodorized Olein (RBD) and Palm Fatty Acid Distillate (PFAD), **by mis-declaring the same as Crude Palm Oil (CPO)**. They purchased CPO, RBD and PFAD in Indonesia from different suppliers and imported into India through the port of Kandla. They declared the goods as Crude Palm Oil, when actually the goods were an admixture of Crude PalmOil, RBD Palmolein and PFA which merited classification under 15119090. (Para 12.2 of the SCN).

(Emphasis Supplied)

(ii) The test reports submitted by CRCL, Vadodara, clearly indicated that the imported goods did not meet the requirement of crude palm oil & Palm Oil (Raw) [Para 12.1 of the SCN];

(iii) **M/s GIPL and M/s TIL indulged in mis-declaration of the goods under Tariff Heading 15111000 instead of heading 15119090 with an intention to evade Customs Duty (para 15.2.1 of the SCN) .**

(iv) Noticee M/s GIPL played an active role in the purchase, transport, blending of the cargo during voyage of the vessel and import of the said goods by mis-declaring the same as ‘Crude Palm Oil’,

(v) The Noticee played an active role in ensuring the blending of CPO,PFAD and RBD Olein, which is prohibited. His act of agreeing/ allowing to blend clearly demonstrates that the entire activity from planning to managing of the operations was with a malafide intention to evade customs duty [Para 12.2 of the SCN]

(vi) It was the responsibility of the Noticee that, after import, to sell the goods in Indian Market and therefore, the Noticee is the Beneficial Owner in the present case [Para 15.2.1 of the SCN]

19.5. Proposed Penalty under the SCN :

19.5.1 On the basis of scrutiny of the various documents/records, Chemical analysis Reports/Test Reports given by CRCL, Vadodara as well as facts stated by various persons during investigation, the Department formed a view that M/s GIPL and M/s. TIL, in connivance with each other devised a strategic plan to import admixture of CPO, RBD and PFAD, **by mis- declaring the same as Crude Palm Oil**.Accordingly, in the Show Cause Notice, itwas proposed to demand differential Customs Duty and consequent penalty on M/s TIL and others. The Show Cause Notice also proposed to impose penalty on the Noticee on the ground that the Noticee, in connivance with M/s TIL and its affiliates, imported the admixture of CPO, RBD and PFAD and mis-declared the same as CPO at the time of import with the intent to evade customs duty [Para 15.2.1 of the SCN];

19.5.2 The Noticee M/s Glentech Industries Private Limited (M/s GIPL) played an active role in the purchase, transport, blending of the cargo during voyage of the vessel and import of the said goods **by mis- declaring the same as ‘Crude Palm Oil’, classifying under CTH 15111000 instead of correct classification under CTH 15119090, M/s GIPL actively connived in the import of ‘admixture of Crude Palm Oil, Palmolein and other Palm based oil’ by mis-declaring the same as in actual fact they had purchased CPO, RBD and PFAD in Indonesia**

from different suppliers. They were involved in the blending of the above goods. As per the Show Cause Notice para 15.1.2, the blending of CPO, PFAD & RBD Olein, was prohibited, and the act of agreeing/allowing to blend clearly demonstrates pre-meditation.

- 19.5.3 The entire activity right from planning, creation, monitoring and managing of all the operations was with a malafide intention of evading customs duty. **After blending, the Noticee arranged manipulated various documents to show the goods imported as CPO and presented the same before Customs.** As per the instructions of Charterers M/s Glentech Ventures Private Limited (M/s GVPL), the original documents viz. Bills of Lading etc. were secreted in the vessel and intentionally not produced before Customs.
- 19.5.4 Further, after import of the goods into India, it was the responsibility of M/s GIPL to sell the goods into Indian market. Thus, M/s GIPL was the beneficial owner of the goods in question. The goods so **mis-declared were** classified under CTH 15111000, with an intent to evade the appropriate duties of Customs.
- 19.5.5 The above action on the part of M/s GIPL rendered the goods liable for confiscation under Section 111 of the Customs Act, 1962. The acts of omission and commission on the part of M/s GIPL rendered the imported goods liable for confiscation under Section 111(d), 111(f), 111(l) and 111(m) of the Customs Act, 1962 and rendered themselves liable to penalty under Section 112(a), 112(b), 114A and 114AA, 117 of the Customs Act, 1962.
- 19.5.6 The SCN also proposed Penalty on Shri Sidhant Agarwal. As per para 15.4.1 and 15.4.2 of the SCN, Shri Sidhant Agarwal, Director of M/s GIPL and M/s. GVPL was the key person in the entire racket of import of 'admixture of Crude Palm Oil, Palmolein and other Palm based oil', and mis-declaring the same as Crude Palm Oil. The said goods viz. CPO, RBD & PFAD were blended during voyage of the Vessel Distya Pushti at the behest of M/s GIPL and M/s. GVPL.
- 19.5.7 M/s. GVPL procured the goods CPO, RBD and PFAD in Indonesia and sold to M/s. TIWA, UAE who in turn sold the goods to M/s. Tata International Limited (M/s TIL), Mumbai, the importer of the goods in the present case. M/s. TIL filed the Bills of Entry, by mis-declaring the goods as CPO, by classifying the same under CTH 15111000 instead of CTH 15119090.
- 19.5.8 Further, after import of the goods into India, it was the responsibility of M/s GIPL to sell the goods into Indian market. Thus, M/s GIPL were the beneficial owner of the goods in question.
- 19.5.9 The SCN also alleged that instructions for blending were given by M/s GIPL to M/s. Midas Tankers Pvt. Ltd. Thus, Shri Sidhant Agarwal, Director of M/s. GIPL played active role in ensuring the blending of CPO, PFAD & RBD Olein. The above act of import of goods by blending the three products right from planning, creation, monitoring and managing of all the operations was with a mala-fide intention to evade Customs duty. Shri Sidhant Agarwal, knowingly, played an important role in effecting the said unscrupulous import which became liable to confiscation under Section 111 of the Customs Act, 1962.
- 19.5.10 The acts of omission and commission on the part of Shri Sidhant Agarwal rendered the imported goods liable for confiscation under Section 111(d), 111(f), 111(l) and 111(m) of the Customs Act, 1962. He had knowingly and intentionally caused to be made, signed or used documents relating

to import of goods by mis-declaring it as CPO, which he knew or had reason to believe were false and incorrect in material particulars. Hence, the said act on his part rendered him liable for penalty under Section 112(a), 112(b), 114A and 114AA, 117 of the Customs Act, 1962.

19.5.11 As per para 15.5, the SCN also proposed Penalty against Shri Sudhanshu Agarwal, Representative and Ex-CEO of M/s GIPL. The SCN alleged that Shri Sudhanshu Agarwal, looks after all business affairs of the company. He used to execute business deals of M/s GIPL, got business support through M/s. GVPL, which is parent company of M/s GIPL. **In the instant case, he issued directions for blending of CPO, RBD & PFAD.** He was in direct touch with Shri Amit Thakkar of M/s. TIL to obtain concurrence for blending of goods; and also appointed the surveyor, in agreement with M/s. TIL who approved the blending plan. He on behalf of M/s GIPL, being operational charterer floated inquiry with the vessel broker for requirement of vessel with blending facility only.

19.5.12. Though the title of the goods always remained with M/s. TIL, Shri Sudhanshu Agarwal passed the orders/directions in connivance with M/s. TIL. **M/s GIPL in connivance with M/s.TIL, imported the cargo after blending RBD, CPO, PFAD** on board and indulged in bond to bond sale of the 20300 MT of imported cargo through 'MT Distya Pushti' which were mis-declared as CPO under CTH 15111000 instead of appropriate CTH 15119090 with an intent to evade the Customs duty. By such acts of omission and commission, Shri Sudhanshu Agarwal has rendered himself liable to penalty for mis-declaration of imported goods under section 112 (a) and 112(b) of the Customs Act, 1962. He had knowingly and intentionally caused to be made, signed or used documents relating to import of goods by mis-declaring it as CPO, which he knew or had reason to believe were false and incorrect in material particulars. Hence, the said act on his part rendered him liable for penalty under Section(s) 112(a), 112(b), 114A and 114AA, 117 of the Customs Act, 1962.

19.5.13 The SCN vide para 15.12 also held role of Shri Amit Agarwal, Asstt. Vice President, for M/s GIPL and M/s GVPL Singapore, **as conniving with the importer, holding him to be actively involved in purchase of imported cargo imported in the name of M/s. TIL.,** from overseas suppliers. As an Authorized Signatory of M/s GIPL, he was instrumental in entering into the agreement for commodity supply and service agreement dated 09.03.2021 between M/s GIPL & M/s. TISPL. He was aware of the fact that CPO, RBD and PFAD were purchased from the overseas suppliers in Indonesia. He was also aware that the above goods were blended on board vessel. Being authorised signatory, he signed the charter party agreement with M/s. Midas Tankers Pvt. Ltd. As per the agreement, CPO was to be loaded from Dumai port and RBD and PFAD were to be loaded from Kuala Tanjung port. After loading the above goods, all the goods were blended on board. After blending, manipulated documents, switch BL was prepared, showing cargo as CPO, though it was an admixture of CPO, RBD and PFAD.

19.5.14 Thus, he was actively involved in the acts of omission and commission to assist the importer to import goods by mis-declaring the same as CPO, by classifying the same under CTH 15111000, though the goods imported was admixture of CPO, RBD and PFAD, which merits classification under CTH 15119090, with an intent to evade the Customs duty. The above act on his part rendered the goods liable for confiscation and rendered himself liable to penalty under section 112(a), 112(b), 114A, 114AA and 117 of the Customs Act, 1962.

19.6. Accordingly, and in view of the foregoing, the department through the instant Show Cause Notice called upon M/s Glentech Industries Private Limited (GIPL) having its registered office at 508, 5th Floor, Wegmans Business Park, Plot No. 3, Sector-Knowledge Park- III, Surajpur Kasha Main Road, Greater Noida, Gautam Budh Nagar- 201308 (UP), to show cause in writing to the Commissioner of Customs, Kandla as to why:-

- (i) Penalty should not be imposed upon them under the provisions of Section 112(a) 112(b) and 114A and 117 of the Customs Act, 1962. (Para 18.1 of the SCN)

19.6.1. For the reasons aforesaid, and vide para 19, the Show Cause Notice called upon the following persons, among others, to show cause in writing to the Commissioner of Customs, Kandla as to why personal penalty under Section 112(a) & 112(b), Section 117 and Section 114AA of the Customs Act, 1962 should not be imposed on them being in knowledge of wrongful act of omission or commission, having knowingly abetted or been instrumental/facilitator in the entire scheme of mis-declaration with an intent of falsity and to defraud the government exchequer: -

- (1) Shri Sidhant Agarwal, Director of M/s GIPL. & M/s. GVPL.
- (2) Shri Sudhanshu Agarwal, Director of M/s GIPL. & M/s. GVPL
- (3) Shri Amit Agarwal, Assistant Vice President of M/s. M/s GIPL. & M/s. GVPL

19.6.2 Based on the above allegations, the SCN proposes to impose penalty on the Directors under Sections 112(a) & (b), 114A, 114 AA and 117 of the Customs Act 1962.

19.7. Submissions

19.7.1 At the outset, the Noticee denies all the allegations made in the SCN. No allegation, not specifically dealt with herein, may be considered as an admission on behalf of the Noticee. It is submitted that despite detailed investigations conducted by the Department, no case has been made out against the Noticee M/s GIPL/GVPL and its Directors/employees for illegal import of Admixture of CPO, RBD and PFAD and the allegation has been misdirected and, in fact, been left un-substantiated and there is no evidence cited in the SCN to support the allegations which rendered the goods liable to confiscation.

19.7.2 The Noticee also submits that they are limiting this reply to the charges made against M/s Glentech Industries Private Limited, GVPL and its Officials. Para 15 of the SCN describes the role played by companies and individuals. As stated earlier, we are concerned with the proposal for imposing penalty under sections and allegations made against GIPL/GVPL and persons associated with these two Companies which include S/Shri Sudhanshu Aggarwal, Sidhant Aggarwal, and Amit Aggarwal (para 15.2),

19.7.3 The Show Cause Notice (SCN) alleges that the Noticee and M/s TIL in connivance with each other devised a 'strategic Plan' to import crude palm oil and other oils into India and clear them by mis-declaring the product as Crude palm Oil (CPO), although the imported products was a mixture of CPO, RBD and PFAD thereby indulging in evasion of customs duty. For the sake of brevity, the Noticee is not repeating the details but craves leave to refer the relevant paragraphs of the show cause notice as and when needed.

19.7.4. It is submitted that the activities of the Noticee and M/S TIL is in terms of the Commodity Supply and Service Agreement dated 09.03.2021 which details the aims and objective of the Agreement and the manner in which the agreement will be implemented. The Agreement details plainly shows that the

Agreement is in fact a business arrangement - the kind that occurs among buyers and sellers, importers and exporters, financial managers etc. There is nothing in the Agreement that can be called conspiratorial or anything that is illegal under any law of the country where the business under the Agreement is proposed to be conducted. The SCN has not cited any evidence to show that any of the participant's activity was illegal or was carried out in a clandestine manner. The allegation of a conspiracy remains unfounded and unsupported allegation that must be discounted by the Adjudicating Officer. It is submitted that mixing of CPO, RBD and PFAD does not violate any of the provisions of the Customs Act, 1962. The alleged violation is mis-declaring the same before the Customs Authority at the time of filing the In-Bond Bills of Entry/Bills of Entry and then by filing Ex-Bond Bills of Entry or filing home consumption Bills of Entry for home consumption which would result or resulted in mis-declaration of the imported goods and subsequently evasion of Customs Duty. It is submitted that the classification of any imported goods is legal responsibility and within the domain of the Customs Authority and more so, when the commodity involved was Chemicals. Claiming classification of a product is not an offence.

19.7.5 It is submitted that there is no prohibition against the import of Palm Oil, Palm Olein, and Palm Fatty Acid Distillate (PFAD) or any admixture thereof, which are not classified as prohibited goods under the Indian Customs Act, 1962 or under any other law including the Import and Export Policy issued by the Director General of Foreign Trade or any other law. At least the impugned SCN has not identified any reason or statute which has specifically prohibited import of admixture of CPO, RBD and PFAD. Therefore, the department's allegation that the imported goods were prohibited do not stand any scrutiny. In fact, the department has not mentioned any provision of law which declares act of importing mixture of Palm Oil, RBD and PFAD as prohibited.

19.7.6. (i) By the same token, mixing and blending of Crude Palm Oil, RBD Olein and PFAD is nowhere prohibited. According to para 15.1.2 of the SCN, **"M/s. TIL played active role in ensuring the blending of CPO, PFAD & RBD Olein, which is not only prohibited, but also the act of agreeing/allowing to blend clearly demonstrates that the entire activity right from planning, creation, monitoring and managing of all the operations was with a malafide intention of evading customs duty."** It is submitted that blending was done on board the vessel M T Distya Pushti and no where it is stated that such blending is against any Indian Law as there is no Indian jurisdiction beyond Indian shores. It is clarified that there was no violation of any Indonesian Law either. Here too, the department has made allegation without any evidence (of goods being prohibited). These allegations remain unfounded and unsupported and in the absence any evidence must be discounted. It is re-iterated that the act of mixing is not an offence under Customs Act. The only offence, to repeat, was not declaring the same.

(ii) **There is no evidence to suggest that any of the Noticees who are being represented in this reply (GIPL, GVPL, S/Shri Sudhanshu Aggarwal, Sidhant Aggarwal and Amit Aggarwal) told or advised the importer to mis-declare the goods or mis-classify the goods.**

19.7.7. In the Show Cause Notice, no duty under Section 28(4) of the Customs Act has been demanded, either from GVPL or GIPL or any of the officials of these two companies including Sudhanshu Agrawal, Sidhant Agrawal or any other employees/Directors of the companies. No interest of any kind has been demanded from the noticee. The duty has been demanded from TIL, which, prima facie, confirms that only TIL has been identified as IMPORTER. Further, the department has itself come to the conclusion that only TIL was the importer. Rest of the Noticee were not importer.

The Noticee has been called the beneficial owner of the goods and the SCN has proposed penalty on the Noticee. It will be gainful to refer to Section 2(26) of the Customs act 1962, which defines Importer, is reproduced as under:

(26) "importer", in relation to any goods at any time between their importation and the time when they are cleared for home consumption, includes [any owner, beneficial owner] or any person holding himself out to be the importer;

Further, Section 2 (3A) of the Customs Act defines Beneficial Owner as below

(3A) "beneficial owner" means any person on whose behalf the goods are being imported or exported or who exercises effective control over the goods being imported or exported;

19.7.7.1 It is submitted that the definition of Importer, (which includes any owner, beneficial owner) and in relation to any goods is valid **during the period between the time of importation and the time the goods are cleared for home consumption.** In the instant case M/s TIL filed 83 Bills of Entry and cleared the goods provisionally after paying duty to the tune of Rs 11,93,89,984/-. The fact that Duty under Section 28 (4) of the Customs Act is demanded from M/s TIL and not from the Noticee, itself is proof that none of the entities/employees of GVPL or GIPL is importer. This clearly indicates, that the Noticee is not the owner or beneficial owner under Section 2(26) of the Customs Act.

19.7.7.2 It is submitted that the proposal for imposing penalty against the Noticee and its Directors/employees is based on this presumption that the Noticee is the beneficial owner. However, the preceding para makes it clear that it is a flawed presumption and is contrary to the definition under section 2(26) of the Customs Act 1962. In fact, if the interpretation of Beneficial Owner given by the Department in the Show Cause Notice is accepted, it will lead to a situation that all consumers of such goods will also be considered as beneficial owner (and hence importer) and those entities would also be liable to penalty under the Customs Act, 1962 as amended from time to time.

19.7.7.3 Paragraph 15.2.1 of the SCN alleges that after the import of the goods, it was the responsibility of the Noticee to sell the goods in the Indian Market and therefore, the Noticee is the beneficial owner. However, as reiterated in the previous paragraph, the said interpretation is manifestly wrong and is contrary to the wording of the definition of the 'Importer' under Section 2 (26) of the Customs Act. It is submitted that in the instant case M/s TIL did not sell the goods to M/s. GIPL while the goods still awaited clearance for home consumption. Once the goods were cleared for home consumption under Ex-Bond Bill of Entry filed by TIL and released in the economic stream of the country, the term 'Importer' (which term included owner, beneficial owner) under the Customs Act lost its relevance.

19.7.7.4 Further the term 'beneficial owner' is also contrary to the Commodity Supply and Service Agreement signed between the Noticee and M/s TIL (dated 9.3.2021) which specifically provides vide para 3.1 of the **Agreement that M/s TIL can choose to sell the goods through the Noticee at its own sole discretion.** There is no automatic sale to M/s GIPL by M/s TIL. In the instant case, there is no sale between the period of landing of the goods and sale to the buyers, as M/s TIL, themselves filed the Bills of Entry and cleared the import goods after payment of Customs Duty. It is submitted that the allegation of the Noticee being the beneficial owner is misplaced allegation and deserves to be dismissed in its entirety.

19.7.8 The contention in the Show Cause Notice that M/s TIL were merely a trade facilitator and that goods had been imported to enable M/s GIPL to sell the same in Indian markets is flawed and does not stand to scrutiny. The phrase Trade Facilitator is alien to the Customs Act and is irrelevant for holding someone as violator of any provision of Custom Act. It is worth noting that no demand of duty has been made from the Noticee or their employee/office bearers. Differential duty having been demanded from M/s TIL, clearly leads to the conclusion that M/s TIL in fact is the actual importer, de-facto and de-jure, of the imported goods.

19.7.8.1 Further, the allegation that M/s TIL had imported the goods as a trade facilitator to enable M/s GIPL to sell the goods in the Indian Market, is against the terms and conditions of para 3.1 of the Agreement dated 9.3.2021. The said para reads as follows:

“3.1 Importation of Commodity and onward selling of Commodity. For the purpose of this Agreement, GLENTECH agrees and acknowledges that TISPL can import the commodity (ies) from the Overseas Supplier through Glentech and /or onward sell the same in Indian market through GLENTECH at its sole discretion and option”

Section 2(26) of the Customs Act, 1962 as amended, Importer has been defined in following words:

(26) "importer", in relation to any goods at any time between their importation and the time when they are cleared for home consumption, includes²² [any owner, beneficial owner] or any person holding himself out to be the importer;

The definition clarify that importer is an entity which imports the goods and remain as importer only till the goods are cleared for home consumption. Even the concept of beneficial owner is limited to the *time between their importation and the time when they are cleared for home consumption*. There is no doubt that in this case M/S TIL filed the Bills of Entry for home consumption and also paid the duty. In fact, the imported goods were detained by the Customs and was provisionally released to TIL on payment of differential duty. At no point of time, Glentech or any of its officials, were asked to pay the duty or the differential duty. **Therefore, it is TIL, who is importer and not any other entity, who buys the goods after those are cleared for home consumption under Bills of Entry properly assessed by the Customs Officials, and duty was paid by M/S TIL.** M/s TIL had option to dispose of the imported consignment, after clearance of the same for home consumption by the Customs, through any agency/entity including M/s GIPL, but that is matter of sole discretion of M/s TIL and not the right of M/s GIPL. It is also seen that during the journey of the vessel MT Distya Pushti while there was a Bond to Bond sale of the cargo between M/s TIWA and M/s TIL, there was no sale to M/s GIPL neither the GIPL filed the Bill of Entry. At the port of discharge at Kandla, it was M/s TIL who filed the Bills of Entry for Bonding and/or for Home Consumption and not M/s GIPL. As such the allegation that, in the instant case, goods were only imported for M/s GIPL is irrelevant as that will not make M/S GVPL or GVIL or any of their officials, an importer under the Customs Act, 1962.

19.7.9. Further, Section 46 of the Customs Act, 1962 requires certain duties of the Importer after the manifest for the imported goods are filed by the Captain of the Vessel.

Entry of goods on importation.

46. (1) *The importer of any goods, other than goods intended for transit or transshipment, shall make entry thereof by presenting ⁹³[electronically] ⁹⁴[on the customs automated system] to the proper officer a bill of entry for home consumption or warehousing ⁹⁵[in such form and manner as may be prescribed] :*

⁹⁶**[Provided that the ⁸⁹[Principal Commissioner of Customs or] Commissioner of Customs may, in cases where it is not feasible to make entry by presenting electronically ⁹⁴[on the customs automated system], allow an entry to be presented in any other manner:**

Provided further that] *if the importer makes and subscribes to a declaration before the proper officer, to the effect that he is unable for want of full information to furnish all the particulars of the goods required under this sub-section, the proper officer may, pending the production of such information, permit him, previous to the entry thereof (a) to examine the goods in the presence of an officer of customs, or (b) to deposit the goods in a public warehouse appointed under section 57 without warehousing the same.*

(2) *Save as otherwise permitted by the proper officer, a bill of entry shall include all the goods mentioned in the bill of lading or other receipt given by the carrier to the consignor.*

⁹⁷**[(3) The importer shall present the bill of entry under sub-section (1) ^{97a}[before the end of the day (including holidays) preceding the day] on which the aircraft or vessel or vehicle carrying the goods arrives at a customs station at which such goods are to be cleared for home consumption or warehousing:**

^{97b} **[Provided that the Board may, in such cases as it may deem fit, prescribe different time limits for presentation of the bill of entry, which shall not be later than the end of the day of such arrival:**

Provided further that] *a bill of entry may be presented ⁹⁸[at any time not exceeding thirty days prior to] the expected arrival of the aircraft or vessel or vehicle by which the goods have been shipped for importation into India:*

^{98a} **[Provided also that]** *where the bill of entry is not presented within the time so specified and the proper officer is satisfied that there was no sufficient cause for such delay, the importer shall pay such charges for late presentation of the bill of entry as may be prescribed.]*

(4) *The importer while presenting a bill of entry shall ⁹⁹[***] make and subscribe to a declaration as to the truth of the contents of such bill of entry and shall, in support of such declaration, produce to the proper officer the invoice, if any, ¹[and such other documents relating to the imported goods as may be prescribed].*

² **[(4A) The importer who presents a bill of entry shall ensure the following, namely:—**

- (a) *the accuracy and completeness of the information given therein;*
- (b) *the authenticity and validity of any document supporting it; and*
- (c) *compliance with the restriction or prohibition, if any, relating to the goods under this Act or under any other law for the time being in force.]*

(5) If the proper officer is satisfied that the interests of revenue are not prejudicially affected and that there was no fraudulent intention, he may permit substitution of a bill of entry for home consumption for a bill of entry for warehousing or vice versa.

Thus, the duties and responsibility of an importer has been prescribed in Section 46.

None of these jobs were undertaken by M/S GIPL/GVPL or any of its Directors/ employees

19.7.10 At this stage, it will be gainful to refer to the statement of the officials of GVPL and GIPL to identify any admission of the Companies which support the department to allege that, either singly or collectively, they were liable to Penalty under any of the provisions of Customs Act.

19.7.10.1 Shri Sidhant Agarwal, Director of M/s. GIPL in his statement which was recorded on 27/28.01.2022 [RUD No 21 & 22 respectively], (Para 10.10 of the SCN) inter-alia stated the following:

a) Under the Agreement dated 09.03.2021, M/s. TATA International Singapore PTE LTD (hereinafter also referred to as TISPL, an affiliate company of TIL) & M/s. GIPL, were business partner. That M/s. GIPL & M/s. **TIL decided to import CPO (edible Grade) and after import in India by TIL after clearance of the goods for home consumption, GIPL will assist TIL in marketing the goods.** However, the first consignment of CPO imported by them, did not find good market because higher percentage of Free Fatty Acid (FFA for short). After market enquiry, it was discovered that the higher value of FFA could be reduced by adding some other products such as RBD and PFAD. Under the said agreement dated 09/03/2021, GIPL, TISPL/TIL mutually decided to find out a method to get the FFA reduced. They were also informed that such mixing will not adversely affect the essential character of CPO. This happened because their (M/s GIPL) first consignment with M/s. Tata International Limited (M/s TIL) was import of 2500 MTs CPO and M/s. GIPL purchased through Bond from M/s. TIL on 11.5.2021. It was normal CPO, wherein FFA value (Free Fatty Acid) was around 4.5 to 5, due to which some difficulties were experienced in selling the above said CPO. A market survey indicated a demand in Indian Market of CPO having FFA value below 3.5. **Inquiry in Indonesia revealed that FFA Value of less than 3.5 could be obtained by mixing three different products i.e. CPO, PFAD & RBD Olein and the end product could still remain CPO marketable as per buyer's requirement. Accordingly, above matter was conveyed to M/s. TIL and in response, M/s. TIL confirmed to proceed.** Accordingly, the next consignments were ordered and goods were obtained after mixing of CPO with RBD Palmolein and PFAD were imported. The said blended goods imported through vessel MT FMT Gumuldur, Hong Hai & MT FMT EFES, were further sold by M/s. GIPL & M/s. TIL to buyers in the domestic market. To give effect to this method, M/s. GVPL entered in contract with KPBN, Indonesia for supply of Crude Palm Oil. As per agreement between M/s. TIWA & M/s. GVPL, the said goods were supplied to M/s. TIWA. **RBD Olein, and PFAD were procured by M/S TISPL or TIL. Two components obtained by TIL/TISPL were purchased by them and only CPO was purchased by GVPL and loaded on the Ship Distya Pushti.** The mixing was done on board the ship which is not doubted by the Noticee in this case. **The goods carried by Distya Pushti was imported by TIL as they filed the Bills of Entry for home consumption even if the same was kept in Bonded Warehouse before final clearance for home consumption by TIL after payment of applicable duty. Thus, there is no doubt that importer in this case was TIL.**

(b) M/s. TIL were the importer in respect of all consignments imported vide vessel MT FMT Gumuldur (Sep. 2021), Hong Hai (Oct. 2021) & MT FMT EFES (Nov. 2021) & MT Distya Pushti. Goods imported

vide vessel namely, MT FMT Gumuldur, MT Hong Hai & MT FMT EFES were further sold in India on Bond to Bond basis by M/s. GIPL as well as M/s. TIL;

(c) All the aforesaid consignments of goods imported by M/s. TIL. M/s. TIL was the Financial Charterer who made arrangements for opening Letters of Credit (LCs) in overseas countries. M/s. GVPL was the Operational Charterer.

(d) That the blending ratio is suggested by the surveyor which were nominated by M/s. TIL. In the case of consignment imported through vessel “MT HONG HAI 6” & “MT.FMT EFES”, M/s. TIL had nominated surveyor namely “AM SPEC”.

(e) That for the instruction of blending, a Tanker Voyage Charter Party agreement dated 03.11.2021 were entered between M/s. Midas Tankers Pvt. Ltd (Owner of Distya Pushti) and Performance Charterer- M/s. GVPL & Payment Charterer- M/s. TIWA, wherein instructions for blending of CPO, RBD & PFAD were mentioned. The ratio of blending was decided on availability of quantity of CPO & RBD. As per availability of CPO & RBD the surveyor decided the quantity of PFAD which was required to blend with CPO & RBD. It may be kept in mind that the blending was to reduce the FFA to an acceptable level.

(f) In respect of the consignment on MT Distya Pushti, the ratio of blending was 24.7% Crude Palm Oil, 74.1% RBD Palmolein & 1.2% PFAD

19.7.10.2 During the course of statement, Shri Sidhant Agarwal submitted the following documents relating to import of goods by M/s TIL through MT FMT Gumuldur, M/s MTHong Hai, and MT FMT EFES —

- (i) Agreement of M/s. GVPL as well as M/s. TIWA with suppliers of CPO, RBD Palmolein & PFAD,
- (ii). Agreement of M/s. GVPL as well as M/s. TISPL, Singapore with suppliers of CPO & RBD Palmolein,
- (iii) Charterer Party Agreement, Letter of Credits, copy of Bill of Lading, Country of Origin Certificate, Into-bond Bill of Entry for warehousing,
- (iv) Agreement of M/s. GIPL with M/s. TIL,
- (v) Agreements with buyers of M/s. GIPL.

19.7.10.3 **Shri Sidhant Agarwal reiterated that the Noticee procured the goods CPO from Indonesian supplier but other goods viz RBD and PFAD were procured directly by TIL/TIWA (sister concern of M/s TIL, based in Dubai).** Payment for all the three procurements was done by M/s TIWA, who in fact were the owners of the goods. Similarly, the Letters of Credit for the three consignments were opened by M/s TIL/TIWA. The fact of blending was done at the instance of M/s TIL/TIWA and the proportion in which the blending was to be carried out-viz 24.7 %CPO; 74.1% RBD and 1.2 % PFAD was received from M/s TIL/TIWA. The Noticee did appoint a surveyor for supervising the blending activity but it was done at the instance of M/s TIL/TIWA. In appointing M/s Geo-Chem as the surveyor, the Noticee was only carrying out the directions of the owner of the goods and not engaged in any conspiracy.

19.7.11 Shri Sudhanshu Agarwal is neither ex-CEO nor representative nor Director of M/s. GIPL and the Noticee Company is not bound by his statements.

19.7.12 Shri Amit Agarwal, Asstt. Vice President M/s GIPL & M/s. GVPL., Singapore in his statement recorded on 05.01.2022 [RUD No.14], (para 10.5 of the SCN referred), explained the various steps involved in procurement of Crude palm oil, RBD Olein and PFAD in Indonesia, the transportation and importation in India and its further disposal to buyers in the Indian markets. He explained he is engaged in preparing Sale contracts/Bond to Bond Agreement with Domestic buyers of Crude Palm Oil (CPO), Refined Blended & Deodorized (RBD) Palm Oil and Palm Fatty Acid Distillery (PFAD). When they receive advance payment from buyers of said oils, he issues Delivery Order (DO).

19.7.12.1 He further confirmed that M/s. GVPL, Singapore is the parent company of M/s GIPL which was incorporated in 2019. He further explained the Commodity Supply and Service Agreement dated 09.03.2021 entered between M/s GIPL & M/s TISPL and that he was the authorised signatory to sign the agreement. As per the said agreement, **M/s. TIL shall import the Commodity/(ies) viz. Crude Palm Oil/Soya Oil/PFAD and other Edible Oils from the overseas Supplier or from TIL's Affiliates** on behalf of M/s GIPL. As per the Scope of the Agreement, M/s GIPL agrees and acknowledges that M/s. TISPL can import the commodity (ies) from the overseas supplier through M/s. GVPL and/or onward sell the same in Indian market through M/s. GIPL at its sole discretion and option.

19.7.12.2 During the course of his activities, he had requested M/s. TIL to open Bank Letter of Credit (LC) in respect to the 15000 MTs RBD and 250 MTs PFAD and had also requested them not to open LC for 5000 MTs Crude Palm Oil (CPO). In this connection vide mail dated 17.11.2021 (20.50 PM) he had sent details of contracts of M/s. TIWA with PT Industri Nabati Lestari (INL) for supply of said 15000 MTs RBD & 250 MTs PFAD.

19.7.12.3 He confirmed that 5000 MTs Crude Palm Oil was purchased by M/s. GVPL from PT. Kharisma Pemasaran Bersama Nusantara, Indonesia (M/s KPBN) and further confirmed that in terms of contract No. TIWA/2122/CPO-RBD/0001 dated 24.11.2021 entered between M/s. GVPL, Singapore and M/s. TIWA, the said consignment of Crude Palm Oil was sold to M/s. TIWA.

19.7.12.4 Shri Agarwal stated that the said consignment of 15000 MTs of RBD, 5000 MTs of CPO & 300 MTs PFAD (50MTS added later vide contract No. 170/SC/FOB/INL/XII/2021) was loaded in vessel MT Distya Pushti at Indonesia on 06.12.2021. The said cargo arrived at Kandla Port and **was imported by M/s. TIL who had purchased it from M/s TIWA.**

19.7.12.5 Regarding page No. 107 of file No.7 resumed under panchnama dated 02.01.2022 drawn at office premises of M/s GIPL, Shri Agarwal stated that the said page is Certificate of Origin issued by Dubai Chamber in respect of goods imported by M/s. TIL from M/s. TIWA and description of goods mentioned therein was Crude Palm Oil (Edible Oil) in Bulk, quantity was mentioned as 20300.234 MTs, and the name of the vessel mentioned as MT Distya Pushti. .

19.8. It will be seen from the above statements that the activities of M/s GIPL and M/s GVPL were legitimate business activities, and cannot be called 'conspiracy' by any stretch of imagination. It is also clear from the above sequence of activities that M/s TIL was the actual owner of the consignments and M/s GVPL and M/s GIPL were only performing activities on the direction of M/s TIL.

19.8.1 It is clear from the above statements as well as the statement of Shri Amit Takkar of M/s TIL dated 07.01.2022, that M/s TIL was not the trade facilitator as claimed but rather the prime mover in the activity of import of crude palm oil (edible grade). Even the claim by M/s TIL that they had imported the said consignments to enable M/s GIPL to sell, after clearance of import goods, to the Domestic Buyers,

does not stand scrutiny as per terms of Agreement dated 9.3.2021, the imported goods were to be disposed of at the sole discretion of M/s TIL (para 3.1 of the said Agreement is referred).

19.8.2 It is submitted that it is incorrect to call the action of the Noticee as a ‘conspiracy’ unless it can be shown that the action of the Noticee was a violation within Indian Shores and violation of any Custom Laws. The charge of conspiracy is not met by the SCN as no proof has been cited to support the same. The offence, if any, in this case is mis-declaration of the imported goods by the importer.

19.8.3 Insofar as the import of CPO is concerned, it is admitted in the SCN that the importer of the goods is M/s TIL. It is emphasized that the Noticee is not the Importer and the responsibility to declare the import goods as per the provisions of the Customs Act 1962 devolves upon M/s TIL who have filed the Bills of Entry for the imported goods (it covers both Bill of Entries for clearance for Home Consumption or IN-TO Bond Bills of Entry for warehousing).

19.8.4 While the Noticee is not the importer under the Customs Act, it is submitted that the classification relevant for the purposes of assessment is the classification of the goods in imported condition as per the Indian Customs Tariff, and therefore, even if the imported goods were blended prior to its import, the fact is immaterial for the purposes of classification. The entire SCN is based on completely premeditated prejudicial allegation that the imported goods are not CPO but are an admixture of CPO, RBD and PFAD. Blending or mixing of goods are not unusual in the trade and only blending cannot be considered as prohibited. The Customs has to examine whether the mixture imported is prohibited under Customs Act, 1962 or under any other law for the time being in force. It is submitted that the Noticee got the imported goods samples tested by two independent and reputed Laboratories, who have tested the product over a far larger set of parameters than that covered by the Chemical Examiner of CRCL Vadodara.

19.8.5 Although, the Noticee is not the importer of subject goods, it is ex-facie apparent that the department is well within its power to get the imported goods tested. In fact, it is incumbent upon the Department to get any imported chemical to necessarily get tested to ascertain the identity of the goods. None of the officials of GVPL/GIPL or any person related to these Companies was responsible for getting the goods chemically examined or classify the goods as they were not importer. Neither GVPL or GIPL or any officials working with them had any role to play in mis-declaration of the imported Goods in this case. In this circumstances penalty ought not be imposed on the Noticee.

9. 19.The issues in this case are

- (i) What is the product which is imported?
- (ii) Is that product prohibited?
- (iii) Is the product liable to confiscation under any of the provisions of Customs Act, 1962 and if it is, then under which Section of the Customs Act, 1962.
- (iv) Who is the importer in this case?
- (v) Is the respondent GIPL/GVPL or any other employee/office bearers of these companies, liable to be penalised under any provision of the Customs Act, 1962.
- (vi) Can CRCL determine the classification of the Goods?

19.9.1 (i) Coming to the first question, it is admitted that the imported product is mixture of three products, namely CPO, RBD, PFAD in different proportion.

(ii) (a) The second issue is whether the imported goods are prohibited? Prohibition has been defined in Section 11(1) of the Customs Act, 1962. The same is reproduced below:

11. (1) *If the Central Government is satisfied that it is necessary so to do for any of the purposes specified in sub-section (2), it may, by notification in the Official Gazette, prohibit either absolutely or subject to such conditions (to be fulfilled before or after clearance) as may be specified in the notification, the import or export of goods of any specified description.*

(b) It is submitted that the impugned SCN does not identify the sub-section of Section 111 of the Customs Act, 1962 which was violated in this case and consequently renders the imported goods liable to confiscation. The SCN does not refer to any provision which prohibits import of mixture of CPO, RBD and PFAD neither have they referred to Section 11 to identify the Notification under which a mixture of CPO, RBD and PFAD is prohibited for import under the Customs Act, 1962 or any other law for the time being in force. The department has not pointed out whether the import of such mixture is prohibited under any of the provisions enacted by Director General of Foreign Trade. Hence, the goods are not liable to confiscation under Section 111(d) of the Customs Act, as that sub-section is applicable only when the imported goods are prohibited for import. Further, Sections 111(a), 111(b) and 111(c) are not applicable as those provisions will be applied only in cases of landing/unloading the dutiable goods on a non-designated area/port. We have already submitted that the goods are not prohibited; hence section 111(d) will also not be applicable. The goods were not concealed and goods were mentioned in the manifest (may be wrongly) hence Section 111(e) and 111(f) are also not applicable. A reading of all the sub-sections of Section 111 of the Customs Act, it is only Section 111(m) which can be applied for confiscation of the goods.

(c) In this case, the offence is committed by the person who has filed the Bills of Entry and not correctly mentioned the identity of the goods, which is an offence under Section 111(m) of the Act. It is submitted that, *prima-facie*, the offence appears to be of mis-declaration of goods where the section relevant for confiscation is Section 111(m) of the Customs Act, 1962.

(iii) The third issue is whether the goods are liable to confiscation. In this case, the admitted fact is that M/S TIL has, *prima facie*, confirmed that M/S TIL is the importer and the goods were released to them provisionally.

(iv) The fourth issue is finding out the identity of the importer. This has become obvious because in this case, TIL filed the Bills of Entry and the goods were provisionally released to them. The Department has confirmed in the impugned SCN that neither the GIPL nor the GVPL are liable to pay any differential duty. It is, therefore, accepted that none of the individuals of GIPL or GVPL are liable to pay any duty as they are not the importer. In fact, the differential duty has been demanded from TIL and not from any of the establishments of GIPL or GVPL or any of the affiliates thereof.

(v) The fifth issue to be settled is whether M/S GVPL/GIPL or any of their office bearers or employees are liable to be penalized under the Customs Act? The answer to moot point to be decided for coming to a conclusion is who committed the offence. The offence in this case is mis-declaration of

the goods, which renders the imported goods liable to confiscation? In the SCN neither GVPL/GIPL or their office bearers/employees has been accused for mis-declaration of the goods (as that is the only sustainable offence), none of them will be liable to be penalized under any provisions of the Customs Act, 1962.

(vi) The last issue, although academic, is whether the Chemical Examiner is capable of suggesting classification of the imported goods. In this connection, we would refer to a recent decision of the CESTAT in the case of **PRINCIPAL COMMISSIONER OF CUSTOMS, PREVENTIVE COMMISSIONERATE, NEW DELHI Versus N & N TRADERS REPORTED IN (2024) 18 Centax 274 (Tri.-Del)**, wherein, the Hon'ble CESTAT held

Classification of the goods under Customs Tariff is the responsibility of the importer or the proper officer or any further appellate authority. The chemical examiner in CRCL has no role to play in the classification because classification is a part of assessment which is a quasi-judicial and appealable order. All that the chemical examiner should say is what the goods are, what is the purity, etc. We, therefore, find that the allegation of mis-declaration of the nature of goods is not very serious especially since it is based on a somewhat ambiguous test report of CRCL.

However, M/S GIPL has been called upon to Show Cause as to why penalty should not be imposed on them under Section 112(a), 112(b), 114A and 117 of the Customs Act, 1962. Those sections are being reproduced:

SECTION 112. Penalty for improper importation of goods, etc.-

Any person, -

(a) *who, in relation to any goods, does or omits to do any act which act or omission would render such goods liable to confiscation under [section 111](#), or abets the doing or omission of such an act, or*

(b) *who acquires possession of or is in any way concerned in carrying, removing, depositing, harbouring, keeping, concealing, selling or purchasing, or in any other manner dealing with any goods which he knows or has reason to believe are liable to confiscation under [section 111](#), shall be liable, -*

(i) in the case of goods in respect of which any prohibition is in force under this Act or any other law for the time being in force, to a penalty [not exceeding the value of the goods or five thousand rupees], whichever is the greater;

[(ii) in the case of dutiable goods, other than prohibited goods, subject to the provisions of [section 114A](#), to a penalty not exceeding ten per cent. of the duty sought to be evaded or five thousand rupees, whichever is higher

Provided that where such duty as determined under sub-section (8) of [section 28](#) and the interest payable thereon under [section 28AA](#) is paid within thirty days from the date of communication of the

order of the proper officer determining such duty, the amount of penalty liable to be paid by such person under this section shall be twenty-five per cent. of the penalty so determined;]

[(iii) in the case of goods in respect of which the value stated in the entry made under this Act or in the case of baggage, in the declaration made under section 77 (in either case hereafter in this section referred to as the declared value) is higher than the value thereof, to a penalty 4 [not exceeding the difference between the declared value and the value thereof or five thousand rupees], whichever is the greater;]

(iv) in the case of goods falling both under clauses (i) and (iii), to a penalty 5 [not exceeding the value of the goods or the difference between the declared value and the value thereof or five thousand rupees], whichever is the highest;

(v) in the case of goods falling both under clauses (ii) and (iii), to a penalty 6 [not exceeding the duty sought to be evaded on such goods or the difference between the declared value and the value thereof or five thousand rupees], whichever is the highest.]

19.9.2 In recent decision in the case of **PRINCIPAL COMMISSIONER OF CUSTOMS, PREVENTIVE COMMISSIONERATE, NEW DELHI Versus N & N TRADERS REPORTED IN (2024) 18 Centax 274 (Tri.-Del)**, the CESTAT has identified the scope of Section 112 of the Customs Act, 1962. Relevant portion of the same is re-produced and has clearly held that CRCL is not authorised to decide or advise on classification of the goods.

Relevant portion is Re-produced below.

In para 29 of the Order, the Hon'ble CESTAT observes

29. The second allegation is that the respondent had mis-declared the nature of the goods. They were described as 'unflavoured boiled supari (betel nut products)' and the CRCL report said that " the sample is other than betel nut product known as supari as mentioned in the supplementary notes - Note 2 of the Customs Tariff Chapter 21". Two things are interesting in this report. The CRCL test report does not say what the imported goods were nor does it deny that the goods were 'unflavoured boiled supari'. Secondly, it comments on the classification of the goods as per supplementary notes- Note 2 to Chapter 21'. **Classification of the goods under Customs Tariff is the responsibility of the importer or the proper officer or any further appellate authority. The chemical examiner in CRCL has no role to play in the classification because classification is a part of assessment which is a quasi-judicial and appealable order. All that the chemical examiner should say is what the goods are, what is the purity, etc. We, therefore, find that the allegation of mis-declaration of the nature of goods is not very serious especially since it is based on a somewhat ambiguous test report of CRCL.**

Further on the scope of Section 112, the CESTAT observed

"23. The question is how should the expression 'liable to' in sections 111 and 112 be interpreted- that the goods shall be confiscated and that a penalty shall be imposed on the person or that the goods may be confiscated and a penalty may be imposed.

24. A common misunderstanding of this expression is that the adjudicating authority has to only see if the goods fall under one of the clauses of Section 111 or 113 and if so, confiscate them and to see if the persons fall under section 112 or 114 and impose penalty. However, the expression is not 'shall be confiscated' but it is 'shall be liable to confiscation'. Similarly section 112 says "shall be liable to penalty" and NOT "penalty shall be imposed". Liable to be means 'likely to be' and not 'shall be'. After finding if the goods fall under one of the clauses of the section, the adjudicating authority can exercise his

discretion and decide not to confiscate them. If the violation is, for instance, a technical violation or a minor violation, the adjudicating authority has the discretion to NOT confiscate the goods although they are liable to confiscation.

25. The High Court of Delhi has, in *Jain Exports (P) Ltd.* 1987 (29) E.L.T. 753 (Del.) held that not only does the adjudicating authority have the discretion to decide whether or not to confiscate but he has to exercise this discretion judicially and not arbitrarily. The relevant part of this order is as follows:

The language does necessarily imply that there is a discretion because the language is not "such goods shall be confiscated". On the other hand the language is "such goods shall be liable to confiscation". The Collector of Customs when acting under Section 167 obviously acting in a quasi-judicial capacity. When discretion is vested in such a quasi-judicial tribunal, such discretion must be exercised judicially and not arbitrarily. The Collector must decide in each particular case if there were circumstances which would call for the drastic punishment of confiscation. If there was a case in which discretion should have been exercised in favour of the importer, this was such a case....."

*This decision was upheld by the Supreme Court 1992 (61) E.L.T. 173 (S.C.) = 1988taxmann.com 606 (SC). The Madras High Court also held so in *SHA RIKABDOSS BHAVARLAL* 2000 (125) E.L.T. 65 (Mad.).*

*"26. The words used in section 112 are also similar: 'the person shall be liable to penalty'. It is followed by the upper limit of penalty (the value of the goods or rupees five thousand whichever is greater) with no lower limit. **Therefore, it will be perfectly legal for an adjudicating authority or an appellate authority to find that the person was liable to penalty under section 112 and still not impose any penalty.** As per the law laid down in *Jain Exports*, the adjudicating authority not only has the discretion but has a responsibility to exercise this discretion judicially. The penalty must be imposed or reduced or enhanced accordingly.*

27. The allegations against the respondent in this case were that (a) mis-declared the nature of the goods; and (b) mis-classified them so as to circumvent the prohibition on imports. It is for these reasons that the goods were confiscated and the confiscation and subsequent redemption have attained finality.

28. **However, since the penalty under section 112 is based on the actions which rendered the goods liable to confiscation under section 111, it would be necessary to see how serious were these actions by the respondent. The Commissioner (Appeals) recorded that there was a reasonable cause for the respondent to classify the goods under CTI 2106 9030. He recorded that there were rulings by the Advance Ruling Authority that boiled areca nut does not fall under CTH 0802 at all.**" (emphasis supplied)

(Copy of the decision enclosed)

19.9.3 It is submitted that Section 112(a) is applicable only to those persons who, in relation to any goods, does or omits to do any act which act or omission would render such goods liable to confiscation under section 111, or abets the doing or omission of such an act, or has reason to believe are liable to confiscation under section 111. The Section will apply only to a person who does or omits to do any act which act or omission would render such goods liable to confiscation under section 111. In this case, the reason for confiscation is mis-declaration of the imported goods. The mis-declaration is alleged to have been committed by the importer M/S TIL as they had filed the Bills of Entry. As GIPL did not file Bills of Entry, either for warehousing or for clearance in the domestic market, it was not responsible for mis-declaration and they cannot be penalized under the said Section 112(a). Further, the Noticee is not

liable to be penalized under Section 112(b) as they acquired the goods after the same were cleared by the Customs after payment of proper duty.

19.9.4 (i) The department has further alleged that the Company is also liable to penalty under section 114A of the Customs Act, 1962. The said Section is re-produced

114A. [Penalty for short-levy or non-levy of duty in certain cases. [Inserted by Act 33 of 1996, Section 64 (w.e.f. 28.9.1996).]

*Where the duty has not been levied or has been short-levied or the interest has not been charged or paid or has been part paid or the duty or interest has been erroneously refunded by reason of collusion or any wilful mis-statement or suppression of facts, **the person who is liable to pay the duty or interest, as the case may be, as determined under sub-section (2) of section 28 shall also be liable to pay a penalty equal to the duty or interest so determined:]***

[Provided that where such duty or interest, as the case may be, as determined under sub-section (2) of section 28, and the interest payable thereon under section 28-AB, is paid within thirty days from the date of the communication of the order of the proper officer determining such duty, the amount of penalty liable to be paid by such person under this section shall be twenty-five per cent. of the duty or interest, as the case may be, so determined:

Provided further that the benefit of reduced penalty under the first proviso shall be available subject to the condition that the amount of penalty so determined has also been paid within the period of thirty days referred to in that proviso:

Provided also that where the duty or interest determined to be payable is reduced or increased by the Commissioner (Appeals), the Appellate Tribunal or, as the case may be, the Court, then, for the purposes of this section, the duty or interest as reduced or increased, as the case may be, shall be taken into account:

Provided also that in a case where the duty or interest determined to be payable is increased by the Commissioner (Appeals), the Appellate Tribunal or, as the case may be, the Court, then, the benefit of reduced penalty under the first proviso shall be available if the amount of the duty or the interest so increased, along with the interest payable thereon under section 28AB, and twenty-five per cent. of the consequential increase in penalty have also been paid within thirty days of the communication of the order by which such increase in the duty or interest takes effect:

Provided also that where any penalty has been levied under this section, no penalty shall be levied under section 112 or section 114.

Explanation.-For the removal of doubts, it is hereby declared that

(i)the provisions of this section shall also apply to cases in which the order determining the duty or interest under sub-section (2) of section 28 relates to notices issued prior to the date on which the Finance Act, 2000 receives the assent of the President;

(ii) any amount paid to the credit of the Central Government prior to the date of communication of the order referred to in the first proviso or the fourth proviso shall be adjusted against the total amount due from such person.]

A plain reading of this section clearly indicated that this provision is applicable to *the person who is liable to pay the duty or interest, as the case may be, as determined under sub-section (2) of section 28 shall also be liable to pay a penalty equal to the duty or interest so determined:]*

It is clear that the duty has not been demanded from M/S GIPL or any of their employees/ officials and hence the Penalty cannot be imposed under this Section on GIPL/GVPL or any of their employees or office bearers.

Further in the case of *Vanick Oils and Fats Pvt. Ltd. vs. Commissioner of Central Excise, [2023 (385) E.L.T. 553 (Tri.-Chan)]*, the Hon'ble tribunal has observed that penalty under section 114A is invariably linked to the quantum of duty evaded and therefore penalty under section 114A cannot be imposed in isolation. Since there's no duty demanded from the Notice under Section 28(4) of the Act *ibid*, there is no question of any evasion of duty by the Noticee. On this count too, penal action under Section 114 A against the Notice is not sustainable and is liable to be dropped.

(ii) *In the case of Dhevi Super Leathers vs. CC, NhavaSheva, 2001 (130) ELT 342 (Tri-Chennai)* it was held by the Hon'ble tribunal that penalty under Section 114A can only be imposed on the person on whom duty liability is determined under Section 114A of the Customs Act. In view of the fact that no duty has been demanded from any of the Noticee or from any of its Officials, no penalty can be imposed on the Noticee under Section 114A of the Act in the present case.

(iii) It is also submitted that Penalty under Section 112 and 114A cannot be imposed simultaneously. In the present case, the SCN proposes to impose penalty on the Noticee under Section 112 and Section 114A of the Act without having regard to the statutory mandate of the proviso to Section 114A which specifically provides that where any penalty under Section 114A has been levied, then no penalty can be imposed as these sections are mutually exclusive and penalty cannot be imposed simultaneously. The Courts in a catena of judgments have held that penalty under Section 112 and Section 114A cannot be imposed simultaneously.

a) *In the case of CC, New Delhi vs. Ashwini Kumar Alias Amanullah, 2021 (376) ELT 321(Tri-Del)* it was held that penalty cannot be imposed under Section 112 when penalty has been imposed under Section 114A of the Act.

b) *Similarly, in the case of Amit RajkumarSinghanian v. Commissioner - 2019 (368) E.L.T. A348 (Tri. - Mumbai)* it was held that penalty under Section 114A and Section 112 cannot be imposed simultaneously.

19.9.5 Similarly, no penalty can be imposed on them under Section 117 of the Customs Act, 1962. For ease of reference, the said section is reproduced.

117. Penalties for contravention, etc., not expressly mentioned.

- Any person who contravenes any provision of this Act or abets any such contravention or who fails to comply with any provision of this Act with which it was his duty to comply, where no express penalty is elsewhere provided for such contravention or failure, shall be liable to a penalty not exceeding [one lakh rupees] [Substituted by Act 18 of 2008, Section 70, for " ten thousand rupees".].

It is submitted that M/S GIPL has not done any act which contravenes any provision of the Customs Act. The offence in this case is of wrongly declaring the imported goods and claiming benefit of classification in the Bills of Entry submitted by TIL. Correct declaration of the imported goods was the duty of the importer and any mis-declaration of the imported goods was attempted by the importer M/S TIL as has been mentioned in the impugned SCN. Further, the differential duty for such mis-declaration was demanded from TIL and not from the Noticee in this case. Therefore, no penalty could be imposed on the Noticee M/S GIPL or any of their office bearers/ employees.

19.10. Penalty has been proposed under Section 112(a) and 112(b), Section 117 and Section 114 AA of the Act on following individuals:

- (i) SHRI SIDHANT AGARWAL, DIRECTOR OF M/S GIPL & M/S GVPL,
- (ii) SHRI SUDHANSHU AGARWAL, DIRECTOR OF M/S GIPL & M/S GVPL,
- (iii) SHRI Amit AGARWAL, Assistant VP OF M/S GIPL & M/S GVPL,
- (iv)

19.11. Provisions of Section 112 (a), 112(b) and 117 have been earlier quoted. Section and reply has been given in earlier paras. However, as the penalty has been proposed under Section 114AA, it will be prudent to analyze the scope of Section 114AA. The said section is reproduced

114AA. [Penalty for use of false and incorrect material. [Inserted by Act 29 of 2006, Section 27 (w.e.f. 13.7.2006).]

- If a person knowingly or intentionally makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular, in the transaction of any business for the purposes of this Act, shall be liable to a penalty not exceeding five times the value of goods.]

In this case, the Noticees or his employees, has not signed or used, or caused to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular.

19.12. We have already given in detail that neither the Company nor any of their employees or Office Bearer have **acquired possession of or is in any way concerned in carrying, removing, depositing, harbouring, keeping, concealing, selling or purchasing, or in any other manner dealing with any goods**

which he knows or has reason to believe are liable to confiscation under section 111. The employees were instrumental in buying the goods after those were cleared by the importer M/S TIL. The Company purchased the goods only after those were ex-bonded by the importers M/S TIL after payment of duty. Hence they are not liable to be penalized under any of the provisions of the Customs Act.

Further Submissions on Penalty

19.13.1 The Noticee have acted bona fide and without any intention to abet any evasion of duty. It is submitted that in view of the fact that there was no violation of any of the provisions of the law by the Noticee (s) and that they have not contravened the provisions of the Act, the charge of abetment of any offence cannot be sustained against the Noticee(s) herein. As such there can be no imposition of penalty on the Noticee.

19.13.2 It is submitted that the SCN itself does not clearly specify the commissions or omissions of the Noticee due to which the penalty is proposed to be imposed. The Hon'ble Tribunal in *Raj Television vs. CC 2007 (215) ELT 71* and *Chistia Textiles vs. CCE 2007 (212) ELT 41*, has held that there has to be a clear finding on the involvement of the officers, in the absence of which, no personal penalty can be imposed. Similarly, in the absence of any clear allegations, no penalty can be imposed on the Noticee as well.

19.13.3 Further, it is a settled principle that no penalty can be imposed in the absence of mensrea. In the case of *Akbar Badruddin vs. CC (1990) 41 ELT 161 (SC)*, the Hon'ble Supreme Court while citing the judgement in the case of *Merck Spares vs. Collector of Central Excise and Customs, New Delhi (1983) 13 ELT 1261*, *Shama Engine Valves Ltd., Bombay vs. Collector of Customs, Bombay, (1984) 18 ELT. 533* and *Madhusudan Gordhandas and Co. vs. Collector of Customs, Bombay (1987) 29 ELT 904*, held that in imposing penalty the requisite mensrea has to be established. It has also been observed in *Hindustan Steel Ltd. v. State of Orissa, (1969) 2 SCC 627*:

"The discretion to impose a penalty must be exercised judicially. A penalty will ordinarily be imposed in cases where the party acts deliberately in defiance of law, or is guilty of contumacious or dishonest conduct, or acts in conscious disregard of its obligation, but not, in cases where there is a technical or venial breach of the provisions of the Act or where the breach flows from a bona fide belief that the offender is not liable to act in the manner prescribed by the statute"

19.14. The SCN has also proposed penalty against Shri Sidhant Agarwal, Shri Sudhanshu Agarwal and Shri Amit Agarwal under the Provisions of Sections 112 (a) and (b), 114 A and 114AA and 117 of the Act *ibid*, for the same alleged contravention as imputed against the Noticee M/s GIPL, inasmuch as the charges are the same, the defence against penalty is also the same advanced in the case of M/s GIPL. Nevertheless at the risk of repetition, it is reiterated that on behalf of Shri Sidhant Agarwal, Shri Sudhanshu Agarwal and Shri Amit Agarwal that:

19.14.1 The Noticee M/s GIPL and its sister concern M/s GVPL and the above mentioned Officials have carried out their part of the business activities in terms of the Agreement dated 9.3.2021.

19.14.2 None of their activities can be called irregular or in violation of any Indian Law, or even under Indonesian law.

19.14.3 None of the officials viz Shri Sidhant Agarwal, Shri Sudhanshu Agarwal and Shri Amit Agarwal along with the Noticee are Importers or Beneficial owner under the Act.

19.14.4 The imported goods Crude Palm Oil are not prohibited goods. No evidence has been produced to show that Mixture of crude Palm Oil, RBD Olein and PFAD is prohibited.

19.14.5 Blending of Crude Palm Oil, RBD Olein and PFAD is not prohibited and the admixing of the same is not a prohibited activity. The only offence in this case is mis-declaration of the imported goods in the Bills of Entry.

19.14.6 It is clear from the investigations of the Departmental Officers, that the ownership of the goods, from the time of procurement of CPO, RBD and PFAD in Indonesia to its discharge Kandla Port remained with M/s TIL and its sister concerns M/s TIWA (UAE) and the Noticee carried out its responsibilities as determined under the said 'agreement dated. 9.3.2021

19.14.7 It is reiterated that it was M/s TIWA who arranged the Certificate of Country of Origin No 21117495 dated 20.12.2021 from Dubai Chamber of Commerce.

19.14.8 M/s TIL filed 83 Bills of Entry for clearance of import consignment classifying them under tariff heading 15111000 and claimed exemption under Sl. No. 30 of Notification 21-cus dated 1.3.2002 as amended. The Noticee(s), for whom this reply is given has no concern in filing the Bill of Entry where the imported goods were wrongly classified.

19.14.9 Penalty under Section has specifically mentioned against all the employees, office bearers et all under section 114 AA also. For ease of reference, the said provision is reproduced.

114AA If a person knowingly or intentionally makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular, in the transaction of any business for the purposes of this Act, shall be liable to a penalty not exceeding five times the value of goods.]

From the plain reading of Section 114AA, it is evident that penalty under this section can be imposed on a person who intentionally makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular for the transaction of any business under the Customs Act, 1962. In the present case nothing has been brought on record by which it can be said that any of the Noticees covered by this SCN, had made or caused to be made any declaration/used or caused to be used any statement or document which is false or incorrect. In the present case, as stipulated in the SCN, the charge is only for mis-declaration of the goods. None of the Noticee covered by this SCN, had any role to play. It was the duty of the importer to correctly declare the imported goods in the Bill of Entry. And obviously, none of the Noticee as mentioned in the SCN had any role to play as the declaration was in the domain of TIL who filed the Bill of Entry. As the ingredients

for invocation of provisions of Section 114AA are absent in the present case, penalty under the said section is not warranted. We rely on the decision of the CESTAT in the case of **WAQAR Versus COMMISSIONER OF CUSTOMS (PREVENTIVE)**, reported in **(2023) 11 Centax 123 (Tri.-All)**. (Copy enclosed for ready reference). Para 4.7 of the judgment is reproduced

4.7 Section 114AA of Customs Act, 1962 is reproduced below:

"Section 114AA. Penalty for use of false and incorrect material. -

If a person knowingly or intentionally makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular, in the transaction of any business for the purposes of this Act, shall be liable to a penalty not exceeding five times the value of goods."

From the plain reading of Section 114AA it is evident that penalty under this section can be imposed on a person who intentionally makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular for the transaction of any business under the Customs Act, 1962. In the present case nothing has been brought on record by which it can be said that the appellant had made or caused to be made any declaration/used or caused to be used any statement or document which is false or incorrect. In the present case the appellant carrying the Gold has in fact not made any declaration to the Custom Authorities as required under the Custom Act, 1962. No document etc., which has been produced by him which has been produced by him was found to be materially wrong. As the ingredients for invocation provisions of Section 114AA are absent in the present case penalty under the said section is not justified. Bangalore bench has in case of *Ismail Ibrahim* [2019 (370) E.L.T. 1321 (Tri. - Bang.)] held as follows:

"6.3 Further penalty under section 114AA of the Customs Act is concerned, I find that the penalty under section 114AA can only be imposed if the person knowingly or intentionally makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular. Further I find that in the present case, the appellants have not made intentionally any false sign or declaration, incorrect statements or declarations to attract penalty under section 114AA of the Act. Therefore I *set aside* the penalty imposed under section 114AA of the Customs Act, 1962 on both the appellants.

It is submitted that in this case, none of the Noticees represented in this reply has knowingly or intentionally made, signed or used, or caused to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular. For all the foregoing reasons, no case is established against Shri Sidhant Agarwal, Shri Sudhanshu Agarwal and Shri Amit Agarwal. The proposal for penalty deserves to be dismissed in toto.

19.15. In view of the foregoing reply to the Show Cause Notice F. No. GEN/ADJ/COMM/139/2024-Adjn-O/O Commr-Cus-Kandla dated 14.3.2024, it is humbly submitted that the charges against all the Noticees including GIPL, GVPL, and S/Shri Sushant Aggarwal, Nishant Aggarwal and Amit Aggarwal be dropped.

19.16. The Noticee reserves the right to add, amend, modify any part of the submission hereinabove. The Noticee also reserves the right to expound, elaborate and explain any part of the submissions made herein above.

PRAYER

In view of the above mentioned facts and circumstances, the notice has prayed:-

- i) to set aside the aforementioned Show Cause Notice in its entirety insofar as the Noticee(ies) are concerned.
- ii) to drop the charge of penalty under section 112 (a) and (b), 114A and 114 AA of the Act
- iii). To drop the proceedings for imposing personal penalty under section 112 (a) and (b), 114A and 114AA of the Act against office bearers of GIPL and GVPL including S/Shri Sushant Aggarwal, Nishant Aggarwal and Amit Aggarwal.
- (v) to pass such other order or orders, as may be deemed fit and proper, in the interests of justice.

20. M/s TATA INTERNATIONAL LIMITED, in their submission have stated interalia that:

- i. Noticee is engaged, *inter alia*, in the business of trading of agricultural commodities including crude soybean oil, crude sunflower oil, crude palm oil ('CPO'), refined bleached deodorized palmolein ('RBD' or 'RBD palmolein'), palm fatty acid distillate ('PFAD') etc.

CPO, RBD palmolein, and Palm Fatty Acid Distillate

- ii. CPO is the unrefined oil extracted from the pulp of oil palm fruits, utilizing mechanical extraction methods or pressing. This raw oil contains impurities, undesirable components, and elevated levels of free fatty acids ('FFA'). FFAs are unbound fatty acids present in oils and fats, and their elevated levels can impact taste, stability, and suitability for certain applications. To improve its quality and versatility for various applications, CPO undergoes a refining process.
- iii. The refining process is instrumental in enhancing the quality of CPO, addressing impurities, undesirable components, and notably, reducing the FFA content. The refined product, viz. RBD palmolein is a versatile cooking oil, employed in household kitchens, food processing industries, and the production of margarine and edible oil blends.
- iv. PFAD is another product having high FFA content utilized in soap and detergent manufacturing for its high fatty acid content, and it finds applications in candles, personal care products, as well as industrial processes such as biofuel and lubricant production.
- v. Mixing CPO, PFAD, and RBD palmolein presents a strategic avenue for tailoring the resulting oil to specific industry requirements. By blending these components in precise proportions, it becomes feasible to create a customized CPO with a reduced FFA content. This blending process allows for flexibility in meeting the standards of various refining industries that demand oils with lower acidity, demonstrating the adaptability and versatility of palm oil derivatives. It is noteworthy that such blended CPO not only exhibits a lowered FFA content but also retains all the essential characteristics of CPO as per the standards set by the Food Safety and Standards Authority of India ('FSSAI'). This ensures that the blended product adheres to the regulatory requirements, making it suitable for a wide range of applications in accordance with industry standards.

Agreement for Commodity Supply and Service

- vi. Glentech Industries Private Limited ('GIPL') is engaged, *inter alia*, in the business of edible oil and its derivatives ('commodities'). Noticee and GIPL formalized their collaboration for import of commodities through an Agreement for Commodity Supply and Service dated 09.03.2021 ('Commodity Supply and Service Agreement'). Copy of the Commodity Supply and Service Agreement is enclosed as **Exhibit B**.

Initial imports of CPO under Commodity Supply and Service Agreement (not in dispute in the impugned SCN)

- vii. The following imports of CPO and PFAD were made by the Noticee under the Commodity Supply and Service Agreement:

Vessel	Seller	Loaded at load port	Quantity imported by Noticee (MT)	Bills of entry description	Quantity bought and sold by GIPL	Buyers	Quantity (MT)
MT SPLENDOUR	Tata International Singapore PTE Ltd. ('TISPL'), group company of Noticee	CPO	1,934	CPO	1,934	Sangrur Agro Ltd ('Sangrur Agro')	250
						DIL Exim	1,684
		PFAD	5,000	PFAD	-	Modulilus Cosmetics Pvt Ltd	5,000

- viii. The above commodities were procured by the seller, i.e., TISPL from third party vendor and then supplied to the Noticee. Third party vendor raised its invoices in the name of TISPL and the commodities were loaded in the vessel at the load port. TISPL in turn raised its invoices on the Noticee for the supply of the commodities.
- ix. Upon import of the commodities into India, BoE for warehousing were filed by the Noticee. The warehoused commodities were sold by Noticee to GIPL and subsequently by GIPL to customers or directly by Noticee to customers. BoE for home consumption were filed and the commodities were cleared by the customers upon payment of applicable customs duties. The customers use the CPO for manufacturing RBD oil upon refining the same.
- x. This CPO imported under this consignment, characterized by a normal FFA value ranging from 4.5 to 5, posed difficulties in selling in the open market. GIPL gave a proposal that there is more demand for CPO having FFA value below 3.5 in market and accordingly proposed for blending of three different products i.e., CPO, PFAD & RBD palmolein to obtain CPO having FFA value below 3.5.

Import of CPO which is in dispute as per the impugned SCN

- xi. Accordingly, subsequent four shipments were placed (import via vessel FMT Gumuldur is in dispute in the present case), and the commodities were acquired following the blending of CPO with RBD palmolein/PFAD prior to goods reaching India. CPO, RBD palmolein and PFAD were procured by the seller, i.e., TISPL or Tata International West Asia DMCC, Dubai ('TIWA'), group companies of Noticee, from third party vendors. Third party vendors raised their invoices for CPO, RBD palmolein and PFAD in the name of TISPL or TIWA, and the same were loaded in the vessel at the load port.
- xii. Subsequently, CPO was blended with RBD palmolein/PFAD to obtain CPO with lower FFA content. Surveyors were appointed to oversee the activity of blending and blending was carried out as per the proportion decided by them.
- xiii. Subsequently, either TISPL or TIWA issued an invoice to the Noticee for CPO. Upon its importation into India, the Noticee filed BoE for warehousing the CPO. The warehoused CPO was sold before clearance and end customers filed ex-bond BoE upon payment of applicable customs duties. Details of the same are given below:

Vessel	Seller	Loaded at load port	Quantity imported by Noticee (MT)	Bill of entry description post blending	End customers	Quantity (MT)
FMT GUMULDUR	TIWA	CPO	3,500	CPO	DIL Exim	1,225
		RBD	8,400		Sheel Oil	1,960
		PFAD	200		COFCO	4,410
		Total	12,100		G One Agro Products Ltd ('G One Agro')	735
					Jaliyan Proteins	1,470

					Private Limited ('Jaliyan Proteins')	
					Laxmi Agroils Pvt Ltd ('Laxmi Agroils')	735
					GIPL	70
					Sangrur Agro	490
					Mantora Oil Products Private Limited ('Mantora Oil')	490

Imports via vessel FMT GUMULDUR

- xiv. Noticee imported 12,100 MT of CPO from TIWA via the vessel FMT GUMULDUR. Copy of the invoice issued by TIWA to Noticee is enclosed as **Exhibit C**.
- xv. For the purposes of supplying CPO to Noticee, TIWA entered into following purchase contracts:

Sr. No.	Product	Quantity (in MT)	Seller
1	CPO	3,500	Olam International Limited, Singapore ('Olam')
2	PFAD	200	PT. Industri Nabati Lestari, Indonesia ('INL')
3	RBD palmolein	8,500	INL

- xvi. Copy of purchase contracts are collectively enclosed as **Exhibit D**. Charter Party Agreement dated 30.07.2021 was entered (enclosed as **Exhibit E**) designating Telcom International Trading Pte Ltd ('Telcom') as the disponent owner, TIWA as the principal payment charterer and Glentech Ventures PTE Ltd., Singapore ('GVPL'), as the performance charterer. The agreement included the loading of CPO, PFAD and RBD and blending of cargo. Further, surveyor was appointed who oversaw blending of CPO, RBD and PFAD to derive CPO having lower FFA content.
- xvii. Local Bills of Lading ('BoL') were issued in respect of loading of CPO, PFAD and RBD. Copy of the BoL are collectively enclosed as **Exhibit F**.

- xviii. Upon blending of CPO, RBD palmolein and PFAD to derive blended CPO (having lower FFA content) to be supplied by TIWA to the Noticee, local BoLs between vendors and TIWA were switched to global BoL as between TIWA and the Noticee describing the entire product as CPO. Copy of sample switch BoLs are collectively enclosed as **Exhibit G**. Further, test reports were issued by independent testing agency, viz. M/s Geochem describing the cargo as CPO. Copy of sample test report is enclosed as **Exhibit H**.
- xix. Noticee imported 12,100 MT of CPO at Kandla Port, by classifying the same under HSN 15111000 (CPO) under 6 BoE for warehousing dated 03.09.2021. Copy of sample BoE for warehousing is enclosed as **Exhibit I**.
- xx. Further, country of origin certificate issued by Dubai Chamber describing the entire cargo as CPO is enclosed as **Exhibit J**.
- xxi. Subsequently, end customers as listed at para 16 supra filed ex-bond BoE by classifying the same under HSN 15111000 (CPO). Copy of sample ex-bond BoE filed by one of the end customers, viz. GIPL is enclosed as **Exhibit K**.

Imports via vessel MT HONG HAI

- xxii. Noticee imported 15,462 MT of CPO from TISPL via the vessel MT HONG HAI. In this regard, copy of invoices issued by TISPL to Noticee are collectively enclosed as **Exhibit L**.
- xxiii. For the purposes of supplying CPO to Noticee, TISPL entered into following purchase contracts:

Sr. No.	Product	Quantity (in MT)	Seller
1	CPO	9,000	Tha Chang Oil Palm Industries Co. Limited, Thailand & Thana Palm Products Co. Limited, Thailand
2	RBD	6,513	INL

- xxiv. Copy of purchase contracts and invoices are collectively enclosed as **Exhibit M**. Charter Party Agreement dated 09.09.2021 was entered (enclosed as **Exhibit N**) designating Oka Tankers Pte Limited (‘Oka Tankers’) as the disponent owner, TIWA/TISPL as the principal payment charterers and GVPL as the entity in charge of all the operational matters. The agreement included the loading of CPO and RBD and blending of cargo.
- xxv. Further, surveyor was appointed who oversaw blending of CPO and RBD to derive CPO having lower FFA content.
- xxvi. Local BoL were issued in respect of loading of CPO and RBD. Copy of the sample local BoL are collectively enclosed as **Exhibit O**.
- xxvii. Upon blending of CPO and RBD to derive blended CPO (having lower FFA content) to be supplied by TISPL to the Noticee, local BoLs between vendors and TISPL were switched to global BoL as between TISPL and the Noticee describing the entire product as CPO. Copy of switch BoLs are collectively enclosed as **Exhibit P**. Further, test reports were issued by independent testing agency, viz. M/s Geochem describing the cargo as CPO. Copy of test reports are collectively enclosed as **Exhibit Q**.
- xxviii. Noticee imported 15,462 MT of CPO at Kandla Port, by classifying the same under HSN 15111000 (CPO) under 4 BoE for warehousing dated 20.10.2021. Copy of BoE for warehousing are collectively enclosed as **Exhibit R**.
- xxix. Further, country of origin certificate issued by Singapore Chamber describing the entire cargo as CPO is enclosed as **Exhibit S**.
- xxx. Subsequently, end customers as listed at para 16 supra filed ex-bond BoE by classifying the same under HSN 15111000 (CPO). Copy of sample ex-bond BoE filed by one of the end customers, viz. GIPL is enclosed as **Exhibit T**.

Imports via vessel MT FMT EFES V.202111

- xxxi. Noticee imported 12,959 MT of CPO from TIWA via the vessel MT FMT EFES V.202111. Copy of the invoice issued by TIWA to Noticee is enclosed as **Exhibit U**.
- xxxii. For the purposes of supplying CPO to Noticee, TISPL entered into following purchase contracts:

Sr. No.	Product	Quantity (in MT)	Seller
1	CPO	8,000	Tha Chang Oil Palm Industries Co. Limited, Thailand
2	RBD	5,000	INL

- xxxiii. Copy of purchase contracts and invoices are collectively enclosed as **Exhibit V**. Charter Party Agreement dated 12.10.2021 [clean recap] was entered (enclosed as **Exhibit W**) designating Telcom as the disponent owner, TIWA as the principal payment charterer and GVPL, as the performance charterer. The agreement included the loading of CPO and RBD and blending of cargo. Further, surveyor was appointed who oversaw blending of CPO, RBD and PFAD to derive CPO having lower FFA content.
- xxxiv. Local BoL were issued in respect of loading of CPO and RBD. Copy local BoL are collectively enclosed as **Exhibit X**.
- xxxv. Upon blending of CPO and RBD to derive blended CPO (having lower FFA content) to be supplied by TIWA to the Noticee, local BoLs between vendors and TIWA were switched to global BoL as between TIWA and the Noticee describing the entire product as CPO. Sample copy of switch BoLs are collectively enclosed as **Exhibit Y**. Further, test reports were issued by independent testing agency, viz. M/s Geochem describing the cargo as CPO. Copy of test reports are collectively enclosed as **Exhibit Z**.
- xxxvi. Noticee imported 12,959 MT of CPO at Kandla Port, by classifying the same under HSN 15111000 (CPO) under 2 BoE for warehousing dated 11.11.2021. Copy of BoE for warehousing are collectively enclosed as **Exhibit AA**.
- xxxvii. Further, country of origin certificate issued by Dubai Chamber describing the entire cargo as CPO is enclosed as **Exhibit AB**.
- xxxviii. Subsequently, end customers as listed at para 16 supra filed ex-bond BoE by classifying the same under HSN 15111000 (CPO). Copy of sample ex-bond BoE filed by end customer, viz. G-One Agro is enclosed as **Exhibit AC**.

Initiation of investigation in respect of imports made via vessel DISTYA PUSHTI (not in dispute vide the impugned SCN)

- xxxix. Subsequently, Noticee imported 20,300 MT of CPO from TIWA via the vessel MT DISTYA PUSHTI. For the purposes of supplying CPO to Noticee, TIWA entered into following purchase contracts:

Sr. No.	Product	Quantity (in MT)	Seller
1	CPO	5,000	GVPL
2	PFAD	300	INL
3	RBD palmolein	15,000	INL
	Total	20,300	

- xl. Midas Tankers Pvt. Ltd. ('MTPL') was the owner of the tanker vessel 'MT DISTHYA PUSHTI'. Phelix Shipping Ventures Private Limited ('PSVPL'), a group company of MTPL provided ship management and crew management services.
- xli. MTPL entered into a Charter Party Agreement dated 03.11.2021 with principal payment Charterer as TIWA and performance Charterer as GVPL. The agreement included the loading of CPO and RBD across different ports and blending of cargo. Further, a surveyor was appointed who oversaw blending of CPO, RBD and PFAD to derive CPO having lower FFA content. Local BoL were issued in respect of loading of CPO and RBD.

- xl.ii. Upon blending of CPO and RBD to derive blended CPO (having lower FFA content) to be supplied by TIWA to the Noticee, local BoLs between vendors and TIWA were switched to global BoL as between TIWA and the Noticee describing the entire product as CPO. Further, test reports were issued by independent testing agency, viz. M/s Geochem describing the cargo as CPO.
- xl.iii. Noticee imported 20,300 MT of CPO at Kandla Port, by classifying the same under HSN 15111000 (CPO) under 2 BoE for warehousing dated 11.11.2021. Further, country of origin certificate issued by Dubai Chamber described the entire cargo as CPO.

Investigation by Directorate of Revenue Intelligence - DISTYA PUSHTI

- xl.iv. The vessel DISTYA PUSHTI carrying the above consignment reached the port of Kandla and before the consignment could be discharged, the Directorate of Revenue Intelligence (‘DRI’) initiated investigation in connection with the said imports. Under the cover of the Panchnama drawn on 03/04.01.2022, representative samples of the imported cargo were drawn from each of the 15 tanks.
- xl.v. Seizure Memo having F. No. CUS/SIIB/FUP/1/2022-SIIB-O/o Commr-Cus-Kandla dated 14.01.2022 under Section 110(1) of the Customs Act was issued to the Noticee. The allegation in the Seizure Memo was that the Noticee has mis-declared the imported products as ‘Crude Palm Oil- edible grade under HSN 15111000’ whereas the imported products fall under HSN 15119090 (Palmoilein-others). Accordingly, the imported goods were placed under seizure vide the said Seizure Memo.
- xl.vi. Further statements and documents were taken from the following personnel by DRI as part of the investigation:

Personnel of Noticee	
Statement of Shri Amit Thakkar, Senior Manager of Noticee, dated 06.01.2022, 07.01.2022 and 08.01.2022	
Statement of Shri Shrikant Subbarayan, Head of Agri Business Division of Noticee, dated 08.01.2022 and 20.05.2022	
Statement of Shri Ashish Navaney, Head – Minerals & Agri Trading Business of Noticee, dated 26.05.2023	
Statement of Shri Sachin Deshpande, Executive of Noticee, dated 06.01.2022 and 07.01.2022	
Personnel of GIPL/GVPL	
Statement of Shri Amit Agarwal, Assistant Vice President of GIPL and GVPL, dated 05.01.2022	
Statement of Shri Sidhant Agarwal, Director of GIPL, dated 27.01.2022, 28.01.2022	
Statement of Shri Sudhanshu Agrawal, promoter of GIPL, dated 27.01.2022, 28.01.2022, and 29.01.2022	
Personnel of MTPL/PSVPL	
Statement of Shri Bhaskar, Master of the vessel, personnel of PSVPL, dated 02/03.01.2022	
Statement of Shri Kulmohit Jyotiyana, Chief Officer of vessel, personnel of PSVPL, dated 03.01.2022	
Statement of Shri Saurav Kumar, Marine Engineer of MT Distya Pushti, personnel of PSVPL, dated 03.01.2022.	
Statement of Shri Vijay Kumar Yadav, Director of MTPL and PSVPL, dated 03/04.01.2022	
Statement of Shri Santosh Kumar Pandey, Manager (Operations), MTPL, dated 07.01.2022	
Other	
Statement of Shri Chetan Thakkar, Managing Director of Narendra Logistics Pvt. Ltd., Gujarat, Customs House Agent, dated 27.01.2022	

Test reports obtained by the Noticee - DISTYA PUSHTI

- xl.vii. Noticee got the CPO imported by them vide vessel DISTYA PUSHTI tested in India with different independent laboratories. All the reports observe that the imported product is CPO on the premise that it satisfies all the criteria of CPO as specified under clause 2.2.1(19) of Food Safety and Standards (Food Products Standards and Food Additives) Regulations, 2011.
Test reports obtained by the DRI - DISTYA PUSHTI
- xl.viii. The DRI got 19 samples tested at Central Excise and Customs Laboratory, Vadodara (‘CRCL’). Summary of the test reports is tabulated hereunder:

Sr. No.	Type of sample	Result	Report No.
---------	----------------	--------	------------

1	Sample of RBD loaded in Indonesia, sample originally taken by surveyor, kept in the vessel, and handed over to DRI by master of vessel	The sample qualify as RBD palmolein	Report no. 2244
2	Sample of PFAD loaded in Indonesia, sample originally taken by surveyor, kept in the vessel, and handed over to DRI by master of vessel	The sample qualify as PFAD	Report no. 2242
3	Representative samples of the imported cargo drawn from the 15 tanks in the vessel by the Department	The samples do not qualify as CPO as carotenoids content is below the normal limits. The samples qualify as ‘admixture of CPO, palmolein and other palm-based oil’.	Report no. 2246 to 2260
4	Samples of imported cargo taken by surveyor post blending, kept in the vessel, and handed over to DRI by master of vessel		Report no. 2245 and 2243

Provisional release of goods for home consumption - DISTYA PUSHTI

- xlix. Noticee filed 84 ex-bond BoE by declaring the imported goods vide vessel DISTYA PUSHTI as CPO under tariff item 15111000. Customs duties amounting to Rs. 28,29,40,947/- was paid vide the ex-bond BoEs. Customs duties amounting to Rs. 11,93,89,984/- was paid under protest by adopting classification under tariff item 15119090 (as alleged by the Department).
1.

Noticee filed multiple letters seeking provisional release of goods. Copy of test reports obtained by the Noticee were also submitted along with the said letters.
- li.

Accordingly, Noticee cleared the goods provisionally for home consumption upon execution of bank guarantee and bond. Ex-bond BoEs filed by the Noticee were assessed provisionally and out of charge was given.

Issuance of the SCN to Noticee in respect of CPO imported via vessel DISTYA PUSHTI

- lii. Pursuant to the above, SCN No. GEN/ADJ/COMM/764/2023-Adjn-O/o-Commr-Cus-Kandla dated 29.12.2023 bearing DIN: 20231271ML00000050AC (‘SCN in respect of DISHTYA PUSHTI’) was issued by Commissioner of Customs, New Customs House, New Kandla (‘Ld. Commissioner’) to the Noticee *inter alia* alleging as under:
- The transaction entailed blending of CPO, RBD, and PFAD and Charter Party for DISTYA PUSHTI explicitly provided for blending of cargo during the voyage.

•

The Noticee imported distinct goods (CPO, RBD Palmolein, and PFAD) but declared the cargo solely as CPO under HSN 15111000.

•

Laboratory tests by CRCL, Vadodara, revealed the imported product did not meet the specifications of crude palm oil due to low carotenoid content (below 500-700 ppm). It was identified as an admixture of CPO, palmolein, and other palm-based oils.

•

A second set of documents (Switch BoL) was created after blending, camouflaging the shipment as pure CPO. The original load port documents were concealed, and manipulated documents were presented to Customs at Kandla Port.

•

Statements from personnel indicated the blending was performed to meet market demand for CPO with an FFA value below 3.5%. This explanation does not hold good as it appears to be an afterthought in as much as they have also added PFAD in CPO and RBD. Had it been so, they would not have added PFAD in CPO and RBD.

•

The Noticee declared the goods as CPO (HSN 15111000), attracting lower duties: BCD: 0%, AIDC: 7.5%, SWS: 0.75%, IGST: 5% (Total: 13.25%). The Department proposed reclassification under HSN 15119090, attracting higher duties: BCD: 12.5%, SWS: 1.25%, IGST: 5% (Total: 18.75%). A differential duty of ₹12,40,48,575 was calculated, with ₹11,93,89,984 paid under protest to be adjusted.

- The Noticee knowingly blended and misdeclared the goods to evade customs duty, evidenced by: concealment of original documents, creation of manipulated BoL and misrepresentation in import documents etc.
- Therefore, goods were deemed liable for confiscation under Sections 111(d), 111(f), 111(l), and 111(m) of the Customs Act.
- Penalties were proposed under Sections 112(a), 112(b), 114A, 114AA, and 117 for misdeclaration, misclassification, and suppression of facts.

liii. The SCN in respect of DISHTYA PUSHTI was also issued to Noticees as under:

Noticee	Demand
GIPL	Penalty under Section 112, 114A and 117 of the Customs Act
MTPL and PSVPL	Confiscation of vessel under Section 115(2) of the Customs Act and penalty under Section 117 of the Customs Act

liv. Personal penalty was proposed to be imposed on following individuals as Noticees under Sections 112, 117, 114A and 114AA of the Act:

Sr. No.	Noticees
1	Shrikant Subbarayan, Head Agri Business Division of Noticee
2	Amit Thakkar, Senior Manager of Noticee
3	Sidhant Agarwal, Director of GIPL and GVPL
4	Sudhanshu Agarwal, promoter of GIPL & GVPL
5	Amit Agarwal, Assistant Vice President of GIPL & GVPL
6	Vijay Kumar Yadav, Director of MTPL and PSVPL
7	Santosh Kumar Yadav, Operations Manager of MTPL & PSVPL
8	Bhaskar, Captain of the vessel and personnel of PSVPL
9	Jyoti yana Kulmohit, chief officer of the vessel and personnel of PSVPL

Payment of balance duty under protest in respect of DISHTYA PUSHTI

lv. The SCN in respect of DISHTYA PUSHTI proposed to demand differential customs duties amounting to Rs. 12,40,48,575/- along with interest and penalties and, proposed to appropriate Rs. 11,93,89,984/- already paid by the Noticee under protest towards the demand. Noticee deposited the balance customs duties amounting to Rs. 46,58,591/- also under protest, pending adjudication of the matter.

Filing of reply and personal hearing

lvi. Noticee filed a detailed reply dated 26.06.2024 to the aforesaid SCN in respect of vessel DISHTYA PUSHTI and also attended personal hearing in respect of the same on 04.12.2024. Copy of reply dated 26.06.2024 sans Exhibits is enclosed as **Exhibit AD**.

Issuance of the impugned SCN in respect of ex-bond BoEs filed by Sheel Oil

lvii. The impugned SCN was issued by Ld. Commissioner in respect of cases where ex-bond BoE were filed by one of the end customers, viz. Sheel Oil qua goods imported vide vessel FMT GUMULDUR *inter alia* alleging as under:

- The transaction entailed blending of CPO, RBD, and PFAD and Charter Party explicitly provided for blending of cargo during the voyage.
- Distinct goods were imported (CPO, RBD Palmolein, and PFAD) but declared same solely as CPO under HSN 15111000.
- A second set of documents (Switch BoL) was created after blending, camouflaging the shipment as pure CPO. The original load port documents were concealed, and manipulated documents were presented to Customs at Kandla Port.
- The imported cargo qualifies as an admixture of CPO, RBD and PFAD and hence, classifiable under HSN 15119090 (palm oil - others).

- The cargo was knowingly blended and mis-declared to evade customs duty, evidenced by: concealment of original documents, creation of manipulated BoL and misrepresentation in import documents etc.

lviii. Accordingly, the following demands are proposed vide the impugned SCN in respect of cases where ex-bond BoE were filed by Sheel Oil.

Sheel Oil

- The ex-bond BoE filed by Sheel Oil under HSN 15111000 (CPO) are proposed to be re-classified under HSN 15119090 (palm oil - others). Accordingly, differential duty amounting to Rs. 2,66,35,824 is proposed to be recovered under Section 28(4) of the Customs Act, along with applicable interest under Section 28AA of the Customs Act.
- Confiscation under Section 111 of the Customs Act is proposed to be imposed on the imported goods.
- Penalty is proposed to be imported under Section 112 (a) & (b), 114A, 114AA and 117 of the Customs Act.

Noticee

- Penalty is proposed to be imposed under Section 112 (a) & (b), 114AA and 117 of the Customs Act, 1962.

lix. The impugned SCN is also issued to Noticees as under:

Noticee	Demand
Telcom	Confiscation of vessel under Section 115(2) of the Customs Act and penalty under Section 112, 114AA and 117 of the Customs Act
Capt. Shri Sanjay Kumar, Master of Vessel FMT Gumuldur	Proceedings under Section 132 of the Customs Act for false declaration, false documents.
GIPL	Penalty under Section 112, 114AA and 117 of the Customs Act

lx. Personal penalty was proposed to be imposed on following individuals as Noticees under Sections 112, 117, and 114AA of the Customs Act:

Sr. No.	Noticees
1	Shrikant Subbarayan, Head Agri Business Division of Noticee
2	Amit Thakkar, Senior Manager of Noticee
3	Sidhant Agarwal, Director of GIPL and GVPL
4	Sudhanshu Agarwal, promoter of GIPL & GVPL
5	Amit Agarwal, Assistant Vice President of GIPL & GVPL
6	Capt. Shri Sanjay Kumar, Master of Vessel MT FMT Gumuldur V.202109
7	Shri Mohan Goel, Krishna Goyal and Shubhal Goel, Directors of Sheel Oil (penalty under Section 114A of the Customs Act as well)

Allegations denied

lxi. The Noticee is filing the present reply in pursuance of the above proceedings. At the outset, it is submitted that the impugned SCN is illegal, unsustainable, and bad in law, and requires to be withdrawn/dropped on the following grounds, each of which are in the alternative and without prejudice to each other.

lxii. Further, as submitted supa, Noticee has filed a detailed reply dated 26.06.2024 to SCN No. GEN/ADJ/COMM/764/2023-Adjn-O/o-Commr-Cus-Kandla dated 29.12.2023 bearing DIN: 20231271ML00000050AC in respect of imports via vessel DISTYA PUSHTI. It is stated and prayed that the facts and submission made in the said reply filed by the Noticee be treated as a part and parcel of the present reply and the same is relied upon. The documents which have been annexed with the said reply filed by the Noticee are not annexed with the present appeal for the sake of brevity and in order to avoid repetition.

SUBMISSIONS

A. THE DEMAND RAISED ON MERITS IS NOT MAINTAINABLE, HENCE NO PENALTY CAN BE IMPOSED ON THE NOTICEE AND IN THIS REGARD, REFERENCE MADE TO THE SUBMISSIONS ON MERITS MADE VIDE DETAILED REPLY DATED 26.06.2024

A.1 It is submitted that the Noticee has filed a detailed reply dated 26.06.2024 on merits. The Noticee refers, relies on and reiterates all the submissions made by the Noticee in its reply and prays that the same may be considered as the submissions of the Noticee in respect of the impugned SCN as well.

A.2 The Noticee reiterates the gist of the submissions on merits in the Noticee's reply dated 26.06.2024 as under:

- **Ground A** - The CPO has been correctly classified under the tariff item 15111000. The essential characteristic of the imported product as CPO has been confirmed by the test reports. Reliance is inter alia placed on common parlance test and end use test also since the imported product in common parlance is identified as CPO and the same is also regarded by end users as CPO for further refining and manufacture of products.
- Further, under General rule for interpretation 3(b), the classification of mixtures is determined by the material imparting the essential character. The quantum or percentage presence of the items is irrelevant; what is relevant is the essential character of the mixture which, as per the description in the transactional documents, is clearly the CPO.
- Moreover, Circular No. 85/2003 dated 24.09.2003 clarifies that CPO when it is not defined should be assessed based on test results indicating its need for further processing. The imported goods meet this criterion and are rightly classifiable under 15111000.
- **Ground B** – It is a settled position of law that the imported goods are to be levied to customs duty in the form in which they are at the point of time of importation. In this regard, the Noticee submits that the imported products are homogeneously blended product as described in the switch BoL i.e., 'Crude Palm Oil (Edible Grade) in Bulk', and any activities undertaken prior to importation are irrelevant for the purposes of determination of the classification of the imported products.
- **Ground C** - Classification of the imported products cannot be made under the residuary entry as proposed vide the impugned SCN.
- **Ground D** – The blending process undertaken in the present case, has resulted in a change in the description of the consignment i.e., RBD, CPO & PFAD to CPO, along with the change in the consignor and consignee, and the same is a recognized commercial practice. Hence, the allegation in the impugned SCN that issuance of switch BoL and non-submission of original load port documents amounts to manipulation of documents is without any basis.

A.3 In addition to the above, in the present case, it is submitted that the test reports issued by independent testing agency post blending confirm that the imported goods qualify as CPO. However, the impugned SCN has relied solely on test reports issued by CRCL in the case of vessel MT DISTYA PUSHTI to allege that the imported goods do not qualify as CPO. Further, the test reports regarding the consignment in question issued by the independent testing agency were ignored while issuing the impugned SCN.

A.4 In this regard, it is submitted that test reports and expert opinion are relevant in determining the character of the imported product and the impugned SCN which has relied on irrelevant reports extraneous to the present transaction is liable to be dropped on this ground alone. [Refer *Parle Agro (P) Ltd., 2017 (5) TMI 592-SC; Kanchan Oil Industries Ltd., 2018 (7) TMI 279 - CESTAT KOLKATA & Pandi Devi Oil Industry, 2015 (9) TMI 817 - CESTAT CHENNAI*]

A.5 It is therefore submitted that since the demand on merits is not sustainable, the penalties sought to be imposed vide the impugned SCN deserves to be dropped.

B. PENALTY IS NOT IMPOSABLE UNDER SECTION 112 OF THE CUSTOMS ACT

- B.1 The impugned SCN has erroneously alleged that the Noticee has played an active role in the mis-declaration of the ad-mixture of CPO, RBD, PFAD as CPO alone by classifying under CTH 15111000 instead of appropriate CTH 15119090 with an intent to evade the customs duty.
- B.2 In this regard, the impugned SCN has alleged that the Noticee’s act of alleged misclassification and misdeclaration of the imported goods with an intent to evade payment of duty has rendered them liable for penalty under Section 112 (a) and (b) of the Customs Act. Relevant portion of Section 112 of the Customs Act is extracted hereunder:

“SECTION 112. Penalty for improper importation of goods, etc. — Any person, -

a. *who, in relation to any goods, does or omits to do any act which act or omission would render such goods liable to confiscation under section 111, or abets the doing or omission of such an act, or*

b. *who acquires possession of or is in any way concerned in carrying, removing, depositing, harbouring, keeping, concealing, selling or purchasing, or in any other manner dealing with any goods which he knows or has reason to believe are liable to confiscation under section 111,*

shall be liable, -

i. *[...]*

ii. *in the case of dutiable goods, other than prohibited goods, subject to the provisions of section 114A, to a penalty not exceeding ten per cent of the duty sought to be evaded or five thousand rupees, whichever is higher. [...]*”

- B.3 A bare perusal of the aforesaid Section would clearly indicate that penalty may be imposed under Section 112 of the Act when the goods are rendered liable for confiscation under any of the sub-sections under Section 111 of the Customs Act. Therefore, applicability of Section 111 of the Customs Act is examined hereunder.

The imported products in the present case cannot be rendered liable to confiscation under Section 111 of the Customs Act

- B.4 The impugned SCN states that the imported goods in the present case are liable for confiscation in terms of Section 111 (d) (f) (l) (m) of the Customs Act. In this regard, relevant portion of Section 111 of the Customs Act is extracted hereunder:

“SECTION 111. Confiscation of improperly imported goods, etc. - The following goods brought from a place outside India shall be liable to confiscation : -

[...]

(d) any goods which are imported or attempted to be imported or are brought within the Indian customs waters for the purpose of being imported, contrary to any prohibition imposed by or under this Act or any other law for the time being in force;

[...]

(f) any dutiable or prohibited goods required to be mentioned under the regulations in an arrival manifest or import manifest or import report which are not so mentioned;

[...]

(l) any dutiable or prohibited goods which are not included or are in excess of those included in the entry made under this Act, or in the case of baggage in the declaration made under section 77;

(m) any goods which do not correspond in respect of value or in any other particular with the entry made under this Act or in the case of baggage with the declaration made under section 77 in respect thereof, or in the case of goods under transshipment, with the declaration for transshipment referred to in the proviso to sub-section (1) of section 54.”

- B.5 The imported products in the present case cannot be rendered liable to confiscation under Section 111 of the Customs Act for the following reasons:
- there is no prohibition in force in respect of the imported goods and hence, 111(d) of the Customs Act is not applicable;
 - there is no question of non-mention of the imported goods in the import manifest in the present case as the goods, viz. CPO were duly mentioned in the import manifest, and hence, Section 111(f) of the Customs Act is not applicable;
 - there is no question of non-mention of the imported goods in the BoE in the present case as the goods, viz. CPO were duly mentioned in the BoE, and hence, Section 111(l) is not applicable; and

- B.6 Clause (m) of Section 111 of the Customs Act is applicable when any goods which do not correspond any particular with the entry made under this Act. In this regard, the impugned SCN alleges that the Noticee's act of alleged misclassification and misdeclaration of the imported goods has rendered them liable for confiscation. In this regard, it is submitted that the Noticee has been in *bona fide* belief that the imported goods are to be classified as CPO under tariff item 15111000. Without prejudice to the same, the following submissions are also made in the present case.

Confiscation provision cannot be invoked in the case of allegation of misclassification of goods under the Customs Tariff

- B.7 It is submitted that the Noticee classified the impugned goods under tariff item 15111000 under *bona fide* belief. It is now settled law that confiscation under Section 111 (m) cannot be imposed merely because there is a dispute regarding classification of goods. In this regard, reliance is placed on the decision of the Hon'ble CESTAT in ***Samsung India Electronics Pvt. Ltd. v. Principal Commissioner of Customs, Air Cargo Complex (Import), New Delhi, 2023 (12) TMI 1155 - CESTAT NEW DELHI*** where it was held as follows:

"34. If Section 111(m) is read to mean that goods can be confiscated if the classification of the goods and the exemption notifications claimed by the importer self-assessing the duty under Section 17 and indicated in the Bill of Entry do not match the classification of the goods or the exemption notifications which the proper officer may apply during re-assessment or later, it would result in absurd results. The importer cannot predict the mind of the proper officer and self-assess duty so as to conform to it. Insofar as the valuation is concerned, the importer is required to truthfully declare the transaction value, any additional consideration and relationship with the overseas seller. He is not required to predict if the proper officer will reject the transaction value under Rule 12 and if so, what value he will determine. Lex non cogit impossibilia—the law does not compel one to impossible things. If the classification and exemption notifications in the Bill of Entry do not match the views which the proper officer may during re-assessment or by audit party, etc. later, may take or in any other proceedings, goods cannot be confiscated under Section 111(m). The case of the Revenue in this appeal is that the classification of the goods by the importer was not correct. Even if the classification is not correct, it does not render them liable to confiscation under Section 111(m). Similarly, there could be cases where, according to the Revenue, the exemption notification claimed during self assessment will not be available to the imported goods. The importer self-assessing the goods must apply his mind when classifying the goods. Classification of the goods by the importer, even if it is not in conformity with the re-assessment by the proper officer or even if it is held to be not correct in any appellate proceedings does not render the goods liable to confiscation under Section 111(m)."

- B.8 Reliance is also placed on the decision in ***Challenger Cargo Carriers Pvt Ltd. v. Principal Commissioner of Customs (Import), 2022 (12) TMI 621 - CESTAT NEW DELHI*** where it was held that the allegation of misclassification of goods, even if it is true, will not attract 111(m) of the Customs Act.
- B.9 Accordingly, the Noticee submits that it is a settled principle of law that a question of classification is an interpretational issue and when the importer has acted in a *bona fide* manner and not withheld any material particulars regarding the imported goods, confiscation under 111(m) is not permissible. In the present case, the Noticee have duly submitted all details and information with respect to the imported goods and has classified the same basis *bona fide* belief that the same are classifiable under tariff item 15111000 as 'CPO'. In light of the same, the imported goods are not liable for confiscation under Section 111(m) of the Customs Act.

Penalty under Section 112 is not applicable as goods are not liable for confiscation

- B.10 It is a settled position of law that when the imported products are not liable for confiscation under Section 111 of the Customs Act, no penalty under Section 112 of the Customs Act may be imposed.
- B.11 In this regard, in light of the detailed submissions hereinabove, it is evident that the imported goods are not liable for confiscation under Section 111 of the Customs Act. When the imported products are not liable to confiscation under any sub-sections of Section 111 of the Customs Act, it is submitted that the proposal to impose penalty under Section 112 of the Act is legally untenable. Hence, penalty cannot be imposed on the Noticee under Section 112 of the Customs Act on this ground alone.

B.12 Reliance in this regard is placed *inter alia* on the following decisions where it was held that, where goods are not liable for confiscation under Section 111 of the Customs Act, penalty under Section 112 cannot be sustained.

- *Challenger Cargo Carriers Pvt Ltd. v. Principal Commissioner of Customs (Import), 2022 (12) TMI 621 - CESTAT NEW DELHI*
- *Samsung India Electronics Pvt. Ltd. v. Principal Commissioner of Customs, Air Cargo Complex (Import), New Delhi, 2023 (12) TMI 1155 - CESTAT NEW DELHI*
- *Jindal Waterways Ltd. vs. Comm of Cus [2019 (370) ELT 1451 (Tri. – Mumbai)]*
- *Ring Gears India Ltd. v. Commissioner of Customs [2017 (356) E.L.T. 158 (Tri. – Mumbai)]*
- *Morteo Transfreight Reefer Container Ltd. v. Commissioner of Customs [2016 (341) E.L.T. 136 (Tri. – Mumbai)]*
- *Kuresh Laila V/s Commissioner of Customs, Chennai reported in [2005 (189) E.L.T. 45 (Tri. – Chennai)]*
- *Polynova Chemical Industries V/s Commissioner of Customs, Mumbai reported in [2005 (179) E.L.T. 173 (Tri. - Mumbai)]*
- *Jupiter Exports V/s Commissioner of Customs, Chennai reported in [2002 (145) E.L.T. 608 (Tri. - Chennai)]*
- *Pawan Goel V/s Commissioner of Customs, New Delhi reported in [2001 (135) E.L.T. 1425 (Tri. – Del.)]*

B.13 Hence, in light of the aforesaid, it is submitted that in the present case, since the goods are not liable for confiscation in terms of Section 111 of the Customs Act, the proposed imposition of penalty in terms of Section 112(a) and (b) of the Customs Act on the Noticee is unsustainable.

C. NO PENALTY CAN BE IMPOSED UNDER SECTION 114AA OF THE ACT ON THE NOTICEE

C.1 The impugned SCN imposes penalty under Section 114AA of the Customs Act on the ground that the Noticee has intentionally and knowingly caused mis-declaration of the imported CPO. It is submitted that such levy of penalty is unsustainable in law.

C.2 As per Section 114AA a penalty can be levied on a person who knowingly or intentionally makes any signs or uses any declaration, statement or documents which is false or incorrect. The extract of Section 114AA of the Act is reproduced below for ease of reference:

“If a person knowingly or intentionally makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular, in the transaction of any business for the purposes of this Act, shall be liable to a penalty not exceeding five times the value of goods.”

C.3 A bare perusal of the above provisions shows that Section 114AA of the Act can be invoked only in cases where the individual intentionally makes any false particular which he/she knows to be incorrect. Hence, an element of mala-fide intention is necessary for imposition of penalty under Section 114AA. However, in a case where there is no evidence to establish the same, penalty under Section 114AA cannot be imposed.

C.4 It is submitted that there was no false declaration made by the Noticee. It is submitted that the Noticee classified the impugned goods under tariff item 15111000 under bona fide belief. Detailed submissions in this regard have been already made in **Grounds A to D** of the Noticee’s reply dated 26.06.2024. Accordingly, there was no false or incorrect statement made by the Noticee.

C.5 Reliance is placed on decision of *Parag Domestic Appliances vs. Commissioner of Customs, Cochin reported in 2018 (360) E.L.T. 547 (Tri. - Bang.)* wherein it is held that-

“We note that the provisions of Section 114AA will apply in cases where a person knowingly or intentionally makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular. As discussed elaborately above, we find that there is no situation of any false document submitted by the importer or by the Director of the importer. As such, we find that the application of provisions of Section 114AA is not fully justified by the impugned order and accordingly, we set aside the penalties imposed under Section 114AA.”

C.6 It is further submitted that the Noticee has not signed or used, any declaration, statement or document which is false or incorrect in any material particular under the Customs Act. Detailed submissions have been made in the Noticee’s reply dated 26.06.2024 to the effect that the imported products have been rightly classified, and the test reports also substantiate that the product qualifies

as CPO. There is no material evidence brought on record to prove that the Noticee has signed or made any false declaration under the Customs Act and accordingly penalty under Section 114AA cannot be invoked.

- C.7 The Noticee further clearly stated that the switch BoLs were not manipulated and particulars in the switched BoLs were rightly specified to indicate the changes in the imported products after the blending process. Further, the Noticee has also clearly stated that all the relevant documents were submitted to the customs authorities. The impugned SCN grossly erred in holding that the Noticee had the knowledge that the imported products were not CPO post the blending process. Further, the impugned SCN has, without any justification, alleged that the Noticee has played an active role in the mis-declaration of the product as CPO merely because Noticee was aware of the blending on board and submitted the switched BoLs to the Customs authorities.
- C.8 It is submitted that, there is no evidence available on record to suggest intentional making, signing, using or causing to make, sign or use of any declaration, statement or document against the Noticee to suggest that the documents pertaining to the imported product were manipulated to make it seem like the same was CPO. Hence, penalty under Section 114AA of the Act, is not imposable.

Penalty under Section 114AA is not applicable in the case of a classification dispute

- C.9 It is settled law that penalty under Section 114AA cannot be imposed merely because there is a dispute regarding classification of goods. In this regard, reliance is placed on the decision in **Challenger Cargo Carriers Pvt Ltd. v. Principal Commissioner of Customs (Import), 2022 (12) TMI 621 - CESTAT NEW DELHI** where it was held as follows:

“e) Penalty under section 114AA is imposable if a person knowingly or intentionally makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular, in the transaction of any business under the Act. There is no allegation or evidence that the goods were wrongly declared and the allegation of mis-classification or incorrect assessment of duty, even if it is true, will not attract penalty under section 114AA. Therefore, penalty under section 114AA imposed on the appellant is not sustainable and needs to be set aside.”

- C.10 Therefore, it is submitted that, penalty under Section 114AA is also not applicable in the present case and hence, the impugned SCN is liable to be dropped on this ground also.

D. WITHOUT PREJUDICE, PENALTIES CANNOT BE IMPOSED IN THE PRESENT CASE AS NOTICEE HAS MADE COMPLETE DISCLOURES REQUIRED UNDER THE SELF ASSESSMENT REGIME

- D.1 As submitted in detail supra, for a penalty under Section 112 of the Customs Act to be imposed, the goods must first be liable for confiscation under Section 111. Section 111 is invokable in the case of misdeclaration of imported goods. Further, penalty under Section 114AA is applicable only in the case of mala fide intent. In this regard, it is submitted that there is no misdeclaration or mala fide in the present case as the fact regarding blending was specifically recorded in the relevant contractual documents including the charter party.
- D.2 The impugned SCN alleges mala fide on the ground that bill of lading and other contractual documents evidencing blending were suppressed by the Noticee. In this regard, it is submitted that the Noticee has submitted all documents relevant in the present case for the import transaction as between the Noticee and its suppliers, including invoice, bill of lading etc. The Noticee cannot be expected to submit contractual documents as between suppliers of Noticee and third-party vendors as it is completely extraneous to the import transaction in question. As part of the self-assessment procedure, there is no requirement to submit such documents and hence, it is submitted that mala fide cannot be alleged in the present case. In this regard, reference is made *inter alia* to the recent Supreme Court decision in **Reliance Industries Limited, 2023 (7) TMI 196** where it was held as follows:

*“We also take note of the fact that in the show cause notice itself it has been accepted by the revenue that **the self-assesment procedure did not require an assessee to submit copies of all contracts, agreements and invoices.** This being the admitted position in the notice we do not find any basis for agreeing with the findings of the Commissioner that certain relevant documents had not been filed and thereby suppressed from the scrutiny of the revenue officers. **An assessee can be accused for suppressing only such facts which it was otherwise required to be disclosed under the law.** The counsel for the Revenue has, while pleading that facts was suppressed been unable to show us the provision or rule which required the assessee in this case to make additional disclosures of documents or facts. The assertion that there was suppression of facts is therefore clearly not tenable.”*

D.3 Therefore, it is submitted that mala fide cannot be alleged in the present case and hence, the penalties proposed vide the impugned SCN are liable to be dropped forthwith on this ground alone.

E. PENALTY UNDER SECTION 117 OF THE CUSTOMS ACT IS NOT APPLICABLE IN THE PRESENT CASE

E.1 Section 117 of the Customs Act reads as under:

“Any person who contravenes any provision of this Act or abets any such contravention or who fails to comply with any provision of this Act with which it was his duty to comply, where no express penalty is elsewhere provided for such contravention or failure, shall be liable to a penalty not exceeding four lakh rupees.”

E.2 Section 117 being residuary penal provision requires ‘existence of provision’, contravention of the same as well as no specific penalty being provided for the same. The impugned SCN alleges that the Noticee’s act of alleged misclassification and misdeclaration of the imported goods with intent to evade payment of duty has rendered them liable for penalty under Section 117 of the Customs Act also. However, as submitted in detail supra, the imported products have been rightly classified under tariff item 15111000 and the switched BoLs have not been manipulated. Therefore, in the absence of any contravention of any provision under the Customs Act, the question of imposition of penalty under Section 117 of the Customs Act also does not arise.

F. The Noticee craves leave to add, alter, amend and/or rescind any of the above submissions at the time of or before the personal hearing.

G. The Noticee craves leave to refer and rely upon any judgment/case law as and when produced.

H. PRAYER

In view of the foregoing, the Noticee has prayed as below to:

- (i) Drop the proceedings initiated vide Impugned SCN;
- (ii) Drop the demands of penalty under Section 112, Section 114AA and Section 117 of the Customs Act, sought to be raised vide the impugned SCN and
- (iii) For such and other reliefs as the nature and circumstances of the case may require.
- (iv) Personal hearing be granted before a final decision is taken in the matter

21. Shri Shrikant Subbarayan has submitted *inter alia* in his submission that:

- i. Noticee is engaged, *inter alia*, in the business of trading of agricultural commodities including crude soybean oil, crude sunflower oil, Crude Palm Oil (‘CPO’).
- ii. The Co-noticee was Head of Agri Business Division of Noticee since October 2019 and was involved in the trading business of Noticee in agricultural commodities specifically pulses, grains, oil, sugar and oil seeds.

CPO, RBD palmolein, and PFAD

- iii. CPO is the raw oil extracted from palm fruit and normally having high free fatty acid (‘FFA’) content. Refined Bleached and Deodorized palmolein (‘RBD’ or ‘RBD palmolein’) is obtained from CPO through a refining process and has low FFA thereby making it suitable for food industry. Palm Fatty Acid Distillate (‘PFAD’) is another byproduct having high FFA content, mainly having industrial applications.
- iv. Blending CPO, PFAD, and RBD palmolein presents a strategic avenue for tailoring the resulting oil to specific industry requirements as it allows the creation of a customised CPO with a reduced FFA content. It is noteworthy that such blended CPO not only exhibits a lowered FFA content but also retains all the essential characteristics of CPO as per the standards set by the Food Safety and Standards Authority of India (‘FSSAI’). This ensures that the blended product adheres to the regulatory requirements, making it suitable for a wide range of applications in accordance with industry standards.

Import of CPO which is in dispute as per the impugned SCN

- v. Accordingly, four shipments were placed (shipment vide vessel FMT GUMULDUR is in dispute as per the impugned SCN), and palm oil was acquired following the blending of CPO with RBD

palmolein/PFAD prior to goods reaching India. CPO, RBD palmolein and PFAD were procured by the seller, i.e., TISPL or Tata International West Asia DMCC, Dubai (‘TIWA’), group companies of Noticee, from third party vendors. Third party vendors raised their invoices for CPO, RBD palmolein and PFAD in the name of TISPL or TIWA, and the same were loaded in the vessel at the load port.

- vi. Subsequently, CPO was blended with RBD palmolein/PFAD to obtain CPO with lower FFA content. Surveyors were appointed to oversee the activity of blending and blending was carried out as per the proportion decided by them.
- vii. Subsequently, either TISPL or TIWA issued an invoice to the Noticee for CPO. Upon its importation into India, the Noticee filed BoE for warehousing the CPO. The warehoused CPO was sold before clearance and end customers filed the ex-bond BoE. Once the ex-bod BoE were filed, the CPO was cleared by the end customers upon the payment of the applicable customs duties. Details of the same are given below:

Vessel	Seller	Loaded at load port	Quantity imported by Noticee (MT)	Bill of entry description post blending	End customers	Quantity (MT)
FMT GUMULDUR	TIWA	CPO	3,500	CPO	DIL Exim Commodities Private Limited (‘DIL Exim’)	1,225
		RBD	8,400		Sheel Oil	1,960
		PFAD	200		COFCO	4,410
		Total	12,100		G One Agro Products Ltd (‘G One Agro’)	735
					Jaliyan Proteins Private Limited (‘Jaliyan Proteins’)	1,470

Issuance of the impugned SCN in respect of ex-bond BoEs filed by Sheel Oil

- viii. The impugned SCN was issued by Ld. Commissioner in respect of cases where ex-bond BoE were filed by one of the end customers, viz. Sheel Oil qua goods imported vide vessel FMT GUMULDUR *inter alia* alleging as under:
- The transaction entailed blending of CPO, RBD, and PFAD and Charter Party explicitly provided for blending of cargo during the voyage.
 - Distinct goods were imported (CPO, RBD Palmolein, and PFAD) but declared same solely as CPO under HSN 15111000.
 - A second set of documents (Switch BoL) was created after blending, camouflaging the shipment as pure CPO. The original load port documents were concealed, and manipulated documents were presented to Customs at Kandla Port.
 - The imported cargo qualifies as an admixture of CPO, RBD and PFAD and hence, classifiable under HSN 15119090 (palm oil - others).
 - The cargo was knowingly blended and misdeclared to evade customs duty, evidenced by: concealment of original documents, creation of manipulated BoL and misrepresentation in import documents etc.
- ix. Accordingly, the following demands are proposed vide the impugned SCN in respect of cases where ex-bond BoE were filed by Sheel Oil.

Sheel Oil

- The ex-bond BoE filed by Sheel Oil under HSN 15111000 (CPO) are proposed to be re-classified under HSN 15119090 (palm oil - others). Accordingly, differential duty amounting to Rs. 2,66,35,824 is proposed to be recovered under Section 28(4) of the Customs Act, along with applicable interest under Section 28AA of the Customs Act.
- Confiscation under Section 111 of the Customs Act is proposed to be imposed on the imported goods.
- Penalty is proposed to be imported under Section 112 (a) & (b), 114A, 114AA and 117 of the Customs Act.

Noticee

- x. The impugned SCN has further imposed personal penalty *inter alia* on the Co-noticee under Sections 112, 117 and 114AA of the Customs Act on the following grounds:
- The Co-noticee was aware of the fact that RBD and PFAD were loaded Ports. The Co-noticee was also aware that the BoLs were switched after the blending of RBD, PFAD and CPO on board the vessel and replaced with a manipulated global BoL showing the entire quantity as CPO alone.
 - The Co-noticee was instrumental in the submission of the BoL and other related documents to Customs, depicting that the admixture of CPO, RBD and PFAD to be CPO alone, and also admitted to the switching of BoLs post blending of the ad-mixture on board.
 - The Co-noticee played an active role in the import of the admixture of CPO, RBD and PFAD by knowingly and intentionally mis-declaring the classification of the same with an intent to evade customs duty.

Allegations denied

- xi. At the outset, the Co-noticee denies all the allegations set out in the impugned SCN and submits that the liability to pay penalty does not arise in the present case. In this regard, the following submissions are made which are without prejudice to one another.

SUBMISSIONS

I. CO-NOTICEE PLACES RELIANCE ON THE SUBMISSIONS MADE BY THE NOTICEE IN THE REPLY FILED BY THE NOTICEE TO THE IMPUGNED SCN

A.6 Co-noticee submits that the Noticee has filed a detailed reply against the impugned SCN. The Co-noticee refers relies on and reiterates all the submissions made by the Noticee in its reply and prays that the same may be considered as the submissions of the Co-noticee in so far those relate to the Co-noticee.

A.7 The Co-noticee reiterates the gist of the submissions on merits in the Noticee’s reply as under:

- The CPO has been correctly classified under the tariff item 15111000. The essential characteristic of the imported product as CPO has been confirmed by the test reports. Reliance is inter alia placed on common parlance test and end use test also since the imported product in common parlance is identified as CPO and the same is also regarded by end users as CPO for further refining and manufacture of products.
- Further, under General rule for interpretation 3(b), the classification of mixtures is determined by the material imparting the essential character. The quantum or percentage presence of the items is irrelevant; what is relevant is the essential character of the mixture which, as per the description in the transactional documents, is clearly the CPO.
- Moreover, Circular No. 85/2003 dated 24.09.2003 clarifies that CPO when it is not defined should be assessed based on test results indicating its need for further processing. The imported goods meet this criterion and are rightly classifiable under 15111000.
- It is a settled position of law that the imported goods are to be levied to customs duty in the form in which they are at the point of time of importation. In this regard, the Noticee submits that the imported products are homogenously blended product as described in the switch BoL i.e., ‘Crude Palm Oil (Edible Grade) in Bulk’, and any activities undertaken prior to importation are irrelevant for the purposes of determination of the classification of the imported products.
- Classification of the imported products cannot be made under the residuary entry as proposed vide the impugned SCN.
- The blending process undertaken in the present case, has resulted in a change in the description of the consignment i.e., RBD, CPO & PFAD to CPO, along with the change in the consignor and consignee, and the same is a recognized commercial practice. Hence, the allegation in the impugned SCN that issuance of switch BoL and non-submission of original load port documents amounts to manipulation of documents is without any basis.
- It is also submitted that the test reports issued by independent testing agency post blending confirm that the imported goods qualify as CPO. However, the impugned SCN has relied solely on test reports issued by Central Excise and Customs Laboratory, Vadodara in the case of vessel MT DISTYA PUSHTI to allege that the imported goods do not qualify as CPO. Further, the test reports regarding the consignment in question issued by the independent testing agency were ignored while issuing the impugned SCN. In this regard, it is submitted that test reports and expert opinion are relevant in determining the character of the imported product and the impugned SCN which has relied on irrelevant reports extraneous to the present transaction is liable to be dropped on this ground alone.

J. THE DEMAND RAISED ON NOTICEE IS NOT MAINTAINABLE, HENCE NO PENALTY CAN BE RAISED ON THE CO-NOTICEE.

J.1 The Co-noticee submits that, basis the merits of the case and submission made by the Noticee, it is abundantly clear that the goods have been correctly classified under HSN 15111000 as ‘CPO’. The impugned SCN has failed to consider the fact that owing to the changes in the imported product after the blending and the changes in the particulars of the BoL pertaining to the consignor and the consignee, the switch BoL was rightly issued, and was not manipulated.

J.2 It is therefore submitted that since the demand itself is not sustainable, the penalty sought to be imposed upon the Co-noticee vide the impugned SCN deserves to be dropped.

K. WITHOUT PREJUDICE, PERSONAL PENALTY IS NOT IMPOSABLE IN THE CASE WHERE ASSESSEE IS OF THE BONAFIDE BELIEF REGARDING CLASSIFICATION EVEN IF ULTIMATELY QUESTION OF CLASSIFICATION IS HELD AGAINST THE ASSESSEE

G.1. The Co-noticee submits that the Department has failed to appreciate that no penalty is leviable where the actions of the assessee have been bona fide. It submitted that the Co-noticee has a bonafide belief that the imported products are correctly classifiable under the tariff item 15111000 (crude palm oil) and not under the tariff item 15119090 (others-palmolein). Further, the Co-noticee possessed a genuine belief that the switch BoLs were not manipulated.

G.2. Therefore, the Co-noticee also entertained a bonafide belief that the imported product was appropriately classifiable under the tariff item 15111000 (crude palm oil), and impugned SCN fails to put forth any evidence in support of the allegation that the Co-noticee knowingly mis-declared the classification of the imported products and furthered the manipulation of the switched BoLs.

G.3. It is further submitted that the Co-noticee has not made any will-full misstatement or commission as regards the classification of the imported products in question. Except making a bald allegation in the impugned SCN that, the Co-noticee has knowingly and intentionally mis-declared the classification of imported products, revenue has not brought any evidence on record in support of such contention.

G.4. It is a settled position of law that the **personal penalty cannot be imposed even if the question of classification of goods is decided against the classification declared by the assessee for such goods, if the assessee was of the bona fide belief regarding the applicable classification.** Reliance in this regard is placed on the following decisions:

- *Ratnagiri Impex Pvt. Ltd. and S. A. Gopalakrishna Director v. The Commissioner of Customs, Bangalore 2024 (3) TMI 194 - CESTAT BANGLORE;*
- *Atherton Engg. Co. (Pvt.) Ltd. Versus Cc. (Airport & Admn.), Kolkata 2006 (3) TMI 669 - CESTAT, KOLKATA*

G.5. Applying the above precedents, the Co-noticee submits that, classification in the present case was adopted by the Noticee basis bona fide belief and hence, there is no question of imposition of personal penalty on the Co-noticee

G.6. Without prejudice, reliance is also placed on the following decisions where it was held that no penalty should be levied where the bona fide belief of the assessee is established.

- *Hindustan Steel Ltd. v. State of Orissa [1978 ELT J 159], Akbar Badruddin Jiwani vs. CCE [1990 (47) ELT 161 (SC)]*
- *Super Electronics vs. CC [2003 (153) ELT 254 (SC)]*

G.7. Further reliance in this regard is placed on the Tribunal decision in the case of *Smitha Shetty vs. CCE [2004 (156) E.L.T. 84]*, approved by the High Court in the case of *CCE vs. Sunitha Shetty [2004 (174) E.L.T. 313]*, wherein it was held that no penalty should be levied where the breach flows from a bona fide belief that the offender is not liable to act in the manner prescribed by the statute.

G.8. Applying the above precedents, the Co-noticee submits that, classification in the present case was adopted by the Noticee basis bona fide belief and hence, there is no question of imposition of personal penalty on the Co-noticee. Therefore, the impugned SCN is liable to be dropped on this ground alone.

L. PENALTY IS NOT IMPOSABLE UNDER SECTION 112 OF THE CUSTOMS ACT

C.1. The impugned SCN has erroneously alleged that the Co-noticee has played an active role in the mis-declaration of the ad-mixture of CPO, RBD, PFAD as CPO alone by classifying under CTH 15111000 instead of appropriate CTH 15119090 with an intent to evade the Customs duty.

C.2. In this regard, the impugned SCN has alleged that the Co-Noticee's act of alleged misclassification and misdeclaration of the imported goods with an intent to evade payment of duty has rendered

them liable for penalty under Section 112 (a) and (b) of the Customs Act. Relevant portion of Section 112 of the Customs Act is extracted hereunder:

“SECTION 112. Penalty for improper importation of goods, etc. — Any person, -
c. who, in relation to any goods, does or omits to do any act which act or omission would render such goods liable to confiscation under section 111, or abets the doing or omission of such an act, or
d. who acquires possession of or is in any way concerned in carrying, removing, depositing, harbouring, keeping, concealing, selling or purchasing, or in any other manner dealing with any goods which he knows or has reason to believe are liable to confiscation under section 111,
shall be liable,-
i. [...]
ii. in the case of dutiable goods, other than prohibited goods, subject to the provisions of section 114A, to a penalty not exceeding ten per cent of the duty sought to be evaded or five thousand rupees, whichever is higher. [...]”

C.3. A bare perusal of the aforesaid Section would clearly indicate that penalty may be imposed under Section 112 of the Act when the goods are rendered liable for confiscation under any of the sub-sections under Section 111 of the Customs Act. Therefore, applicability of Section 111 of the Customs Act is examined hereunder.

The imported products in the present case cannot be rendered liable to confiscation under Section 111 of the Customs Act

C.4. The impugned SCN states that the imported goods in the present case are liable for confiscation in terms of Section 111 (d) (f) (l) (m) of the Customs Act. In this regard, relevant portion of Section 111 of the Customs Act is extracted hereunder:

“SECTION 111. Confiscation of improperly imported goods, etc. - The following goods brought from a place outside India shall be liable to confiscation : -
[...]
(d) any goods which are imported or attempted to be imported or are brought within the Indian customs waters for the purpose of being imported, contrary to any prohibition imposed by or under this Act or any other law for the time being in force;
[...]
(f) any dutiable or prohibited goods required to be mentioned under the regulations in an arrival manifest or import manifest or import report which are not so mentioned;
[...]
(l) any dutiable or prohibited goods which are not included or are in excess of those included in the entry made under this Act, or in the case of baggage in the declaration made under section 77;
(m) any goods which do not correspond in respect of value or in any other particular with the entry made under this Act or in the case of baggage with the declaration made under section 77 in respect thereof, or in the case of goods under transshipment, with the declaration for transshipment referred to in the proviso to sub-section (l) of section 54.”

C.5. The imported products in the present case cannot be rendered liable to confiscation under Section 111 of the Customs Act for the following reasons:

- there is no prohibition in force in respect of the imported goods and hence, 111(d) of the Customs Act is not applicable;
- there is no question of non-mention of the imported goods in the import manifest in the present case as the goods, viz. CPO were duly mentioned in the import manifest, and hence, Section 111(f) of the Customs Act is not applicable;
- there is no question of non-mention of the imported goods in the bill of entry in the present case as the goods, viz. CPO were duly mentioned in the bills of entry, and hence, Section 111(l) is not applicable; and

C.6. Clause (m) of Section 111 of the Customs Act is applicable when any goods which do not correspond any particular with the entry made under this Act. In this regard, the impugned SCN alleges that the Noticee’s act of alleged misclassification and misdeclaration of the imported goods has rendered them liable for confiscation. In this regard, it is submitted that the Noticee has been in

bona fide belief that the imported goods are to be classified as CPO under tariff item 15111000. Without prejudice to the same, the following submissions are also made in the present case.

Confiscation provision cannot be invoked in the case of allegation of misclassification of goods under the Customs Tariff

C.7. It is submitted that the Noticee classified the impugned goods under tariff item 15111000 under *bona fide* belief. It is now settled law that confiscation under Section 111 (m) cannot be imposed merely because there is a dispute regarding classification of goods. In this regard, reliance is placed on the decision of the Hon'ble CESTAT in ***Samsung India Electronics Pvt. Ltd. v. Principal Commissioner of Customs, Air Cargo Complex (Import), New Delhi, 2023 (12) TMI 1155 - CESTAT NEW DELHI*** where it was held as follows:

“34. If Section 111(m) is read to mean that goods can be confiscated if the classification of the goods and the exemption notifications claimed by the importer self-assessing the duty under Section 17 and indicated in the Bill of Entry do not match the classification of the goods or the exemption notifications which the proper officer may apply during re-assessment or later, it would result in absurd results. The importer cannot predict the mind of the proper officer and self-assess duty so as to conform to it. Insofar as the valuation is concerned, the importer is required to truthfully declare the transaction value, any additional consideration and relationship with the overseas seller. He is not required to predict if the proper officer will reject the transaction value under Rule 12 and if so, what value he will determine. Lex non cogit impossibilia—the law does not compel one to impossible things. If the classification and exemption notifications in the Bill of Entry do not match the views which the proper officer may during re-assessment or by audit party, etc. later, may take or in any other proceedings, goods cannot be confiscated under Section 111(m). The case of the Revenue in this appeal is that the classification of the goods by the importer was not correct. Even if the classification is not correct, it does not render them liable to confiscation under Section 111(m). Similarly, there could be cases where, according to the Revenue, the exemption notification claimed during self assessment will not be available to the imported goods. The importer self-assessing the goods must apply his mind when classifying the goods. Classification of the goods by the importer, even if it is not in conformity with the re-assessment by the proper officer or even if it is held to be not correct in any appellate proceedings does not render the goods liable to confiscation under Section 111(m).”

C.8. Reliance is also placed on the decision in ***Challenger Cargo Carriers Pvt Ltd. v. Principal Commissioner of Customs (Import), 2022 (12) TMI 621 - CESTAT NEW DELHI*** where it was held that the allegation of misclassification of goods, even if it is true, will not attract 111(m) of the Customs Act.

C.9. Accordingly, the Co-Noticee submits that it is a settled principle of law that a question of classification is an interpretational issue and when the importer has acted in a *bona fide* manner and not withheld any material particulars regarding the imported goods, confiscation under 111(m) is not permissible. In the present case, the Noticee and Co-Noticee have duly submitted all details and information with respect to the imported goods and has classified the same basis *bona fide* belief that the same are classifiable under tariff item 15111000 as ‘CPO’. In light of the same, the imported goods are not liable for confiscation under Section 111(m) of the Customs Act.

Penalty under Section 112 is not applicable as goods are not liable for confiscation

C.10. It is a settled position of law that when the imported products are not liable for confiscation under Section 111 of the Customs Act, no penalty under Section 112 of the Customs Act may be imposed.

C.11. In this regard, in light of the detailed submissions hereinabove, it is evident that the imported goods are not liable for confiscation under Section 111 of the Customs Act. When the imported products are not liable to confiscation under any sub-sections of Section 111 of the Customs Act, it is submitted that the proposal to impose penalty under Section 112 of the Act is legally untenable. Hence, penalty cannot be imposed on the Co-noticee under Section 112 of the Customs Act on this ground alone.

C.12. Reliance in this regard is placed *inter alia* on the following decisions where it was held that, where goods are not liable for confiscation under Section 111 of the Customs Act, penalty under Section 112 cannot be sustained.

- ***Challenger Cargo Carriers Pvt Ltd. v. Principal Commissioner of Customs (Import), 2022 (12) TMI 621 - CESTAT NEW DELHI***

- *Samsung India Electronics Pvt. Ltd. v. Principal Commissioner of Customs, Air Cargo Complex (Import), New Delhi, 2023 (12) TMI 1155 - CESTAT NEW DELHI*
- *Jindal Waterways Ltd. vs. Comm of Cus [2019 (370) ELT 1451 (Tri. – Mumbai)]*
- *Ring Gears India Ltd. v. Commissioner of Customs [2017 (356) E.L.T. 158 (Tri. – Mumbai)]*
- *Morteo Transfreight Reefer Container Ltd. v. Commissioner of Customs [2016 (341) E.L.T. 136 (Tri. – Mumbai)]*
- *Kuresh Laila V/s Commissioner of Customs, Chennai reported in [2005 (189) E.L.T. 45 (Tri. – Chennai)]*
- *Polynova Chemical Industries V/s Commissioner of Customs, Mumbai reported in [2005 (179) E.L.T. 173 (Tri. - Mumbai)]*
- *Jupiter Exports V/s Commissioner of Customs, Chennai reported in [2002 (145) E.L.T. 608 (Tri. - Chennai)]*
- *Pawan Goel V/s Commissioner of Customs, New Delhi reported in [2001 (135) E.L.T. 1425 (Tri. – Del.)]*

C.13. Hence, in light of the aforesaid, it is submitted that in the present case, since the goods are not liable for confiscation in terms of Section 111 of the Customs Act, the proposed imposition of penalty in terms of Section 112(a) and (b) of the Customs Act on the Co-noticee is unsustainable.

M. NO PENALTY CAN BE IMPOSED UNDER SECTION 114AA OF THE ACT ON THE NOTICEE.

F.1. The impugned SCN imposes penalty under Section 114AA of the Customs Act on the ground that the Co-noticee has intentionally and knowingly caused mis-declaration of the imported CPO. It is submitted that such levy of penalty is unsustainable in law.

F.2. As per Section 114AA a penalty can be levied on a person who knowingly or intentionally makes any signs or uses any declaration, statement or documents which is false or incorrect. The extract of Section 114AA of the Act is reproduced below for ease of reference:

“If a person knowingly or intentionally makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular, in the transaction of any business for the purposes of this Act, shall be liable to a penalty not exceeding five times the value of goods.”

F.3. A bare perusal of the above provisions shows that Section 114AA of the Act can be invoked only in cases where the individual intentionally makes any false particular which he/she knows to be incorrect. Hence, an element of mala-fide intention is necessary for imposition of penalty under Section 114AA. However, in a case where there is no evidence to establish the same, penalty under Section 114AA cannot be imposed.

F.4. It is submitted that there was no false declaration made by the Co-noticee. It is submitted that the Noticee classified the impugned goods under tariff item 15111000 under bona fide belief. Accordingly, there was no false or incorrect statement made by the Co-noticee.

F.5. Reliance is placed on decision of *Parag Domestic Appliances vs. Commissioner of Customs, Cochin reported in 2018 (360) E.L.T. 547 (Tri. - Bang.)* wherein it is held that-

“We note that the provisions of Section 114AA will apply in cases where a person knowingly or intentionally makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular. As discussed elaborately above, we find that there is no situation of any false document submitted by the importer or by the Director of the importer. As such, we find that the application of provisions of Section 114AA is not fully justified by the impugned order and accordingly, we set aside the penalties imposed under Section 114AA.”

F.6. It is further submitted that the Co-noticee has not signed or used, any declaration, statement or document which is false or incorrect in any material particular under the Customs Act. Detailed submissions have been made in the Noticee’s reply to the impugned SCN to the effect that the imported products have been rightly classified, and the test reports also substantiate that the product qualifies as CPO. There is no material evidence brought on record to prove that the Co-noticee has signed or made any false declaration under the Customs Act and accordingly penalty under Section 114AA cannot be invoked.

F.7. The Co-noticee further clearly stated that the switch BoLs were not manipulated and particulars in the switched BoLs were rightly specified to indicate the changes in the imported products after the blending process. Further, the Co-noticee has also clearly stated that all the relevant documents

were submitted to the customs authorities. The impugned SCN grossly erred in holding that the Co-noticee had the knowledge that the imported products were not CPO post the blending process, but failed to provide any evidence to show that Co-Noticee was believed the same. Further, the impugned SCN has, without any justification, alleged that the Co-noticee has played an active role in the mis-declaration of the product as CPO merely because he was aware of the blending on board and submitted the switched BoLs to the Customs authorities.

- F.8. Further, there is no evidence available on record to suggest intentional making, signing, using or causing to make, sign or use of any declaration, statement or document against the Co-noticee to suggest that the documents pertaining to the imported product were manipulated to make it seem like the same was CPO. Hence, penalty under Section 114AA of the Act, is not imposable.

Penalty under Section 114AA is not applicable in the case of a classification dispute

- F.9. It is settled law that penalty under Section 114AA cannot be imposed merely because there is a dispute regarding classification of goods. In this regard, reliance is placed on the decision in **Challenger Cargo Carriers Pvt Ltd. v. Principal Commissioner of Customs (Import), 2022 (12) TMI 621 - CESTAT NEW DELHI** where it was held as follows:

“e) Penalty under section 114AA is imposable if a person knowingly or intentionally makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular, in the transaction of any business under the Act. There is no allegation or evidence that the goods were wrongly declared and the allegation of mis-classification or incorrect assessment of duty, even if it is true, will not attract penalty under section 114AA. Therefore, penalty under section 114AA imposed on the appellant is not sustainable and needs to be set aside.”

- F.10. Therefore, it is submitted that, penalty under Section 114AA is also not applicable in the present case and hence, the impugned SCN is liable to be dropped on this ground also.

N. WITHOUT PREJUDICE, PENALTIES CANNOT BE IMPOSED IN THE PRESENT CASE AS NOTICEE HAS MADE COMPLETE DISCLOURES REQUIRED UNDER THE SELF ASSESSMENT REGIME

- N.1 As submitted in detail supra, for a penalty under Section 112 of the Customs Act to be imposed, the goods must first be liable for confiscation under Section 111. Section 111 is invokable in the case of misdeclaration of imported goods. Further, penalty under Section 114AA is applicable only in the case of mala fide intent. In this regard, it is submitted that there is no misdeclaration or mala fide in the present case as the fact regarding blending was specifically recorded in the relevant contractual documents including the charter party.

- N.2 The impugned SCN alleges mala fide on the ground that bill of lading and other contractual documents evidencing blending were suppressed by the Noticee. In this regard, it is submitted that the Noticee has submitted all documents relevant in the present case for the import transaction as between the Noticee and its suppliers, including invoice, bill of lading etc. The Noticee cannot be expected to submit contractual documents as between suppliers of Noticee and third-party vendors as it is completely extraneous to the import transaction in question. As part of the self-assessment procedure, there is no requirement to submit such documents and hence, it is submitted that mala fide cannot be alleged in the present case. In this regard, reference is made *inter alia* to the recent Supreme Court decision in **Reliance Industries Limited, 2023 (7) TMI 196** where it was held as follows:

*“We also take note of the fact that in the show cause notice itself it has been accepted by the revenue that **the self-assesment procedure did not require an assessee to submit copies of all contracts, agreements and invoices.** This being the admitted position in the notice we do not find any basis for agreeing with the findings of the Commissioner that certain relevant documents had not been filed and thereby suppressed from the scrutiny of the revenue officers. **An assessee can be accused for suppressing only such facts which it was otherwise required to be disclosed under the law.** The counsel for the Revenue has, while pleading that facts was suppressed been unable to show us the provision or rule which required the assessee in this case to make additional disclosures of documents or facts. The assertion that there was suppression of facts is therefore clearly not tenable.”*

- N.3 Therefore, it is submitted that mala fide cannot be alleged in the present case and hence, the penalties proposed vide the impugned SCN are liable to be dropped forthwith on this ground alone.

O. PENALTY UNDER SECTION 117 OF THE CUSTOMS ACT IS NOT APPLICABLE IN THE PRESENT CASE

G.1. Section 117 of the Customs Act reads as under:

“Any person who contravenes any provision of this Act or abets any such contravention or who fails to comply with any provision of this Act with which it was his duty to comply, where no express penalty is elsewhere provided for such contravention or failure, shall be liable to a penalty not exceeding four lakh rupees.”

G.2. Section 117 being residuary penal provision requires ‘existence of provision’, contravention of the same as well as no specific penalty being provided for the same. The impugned SCN alleges that the Co-noticee’s act of alleged misclassification and misdeclaration of the imported goods with intent to evade payment of duty has rendered them liable for penalty under Section 117 of the Customs Act also. However, as submitted in detail supra, the imported products have been rightly classified under tariff item 15111000 and the switched BoLs have not been manipulated. Therefore, in the absence of any contravention of any provision under the Customs Act, the question of imposition of penalty under Section 117 of the Customs Act also does not arise.

P. The Co-noticee craves leave to add, alter, amend and/or rescind any of the above submissions at the time of or before the personal hearing.

Q. The Co-noticee craves leave to refer and rely upon any judgment/case law as and when produced.

R. PRAYER

In view of the foregoing, the Co-noticee has prayed as below to:

- (v) Drop the proceedings initiated vide Impugned SCN;
- (vi) Drop the demands of penalty under Section 112, Section 114AA and Section 117 of the Customs Act, sought to be raised vide the impugned SCN and
- (vii) For such and other reliefs as the nature and circumstances of the case may require.
- (viii) Personal hearing be granted before a final decision is taken in the matter.
- (ix)

22. Sh. Amit Thakkar in his submission has *interalia* submitted that:

- i. Noticee is engaged, *inter alia*, in the business of trading of agricultural commodities including crude soybean oil, crude sunflower oil, Crude Palm Oil (‘CPO’).
- ii. The Co-noticee is the Senior Manager with the Noticee since March 2021, and is involved in the trading business of Noticee in agricultural commodities specifically pulses, oil and oil seeds. The Co-noticee is involved in both domestic and import procurement of the said commodities.

CPO, RBD palmolein, and PFAD

- iii. CPO is the raw oil extracted from palm fruit and normally having high free fatty acid (‘FFA’) content. Refined Bleached and Deodorized palmolein (‘RBD’ or ‘RBD palmolein’) is obtained from CPO through a refining process and has low FFA thereby making it suitable for food industry. Palm Fatty Acid Distillate (‘PFAD’) is another byproduct having high FFA content, mainly having industrial applications.
- iv. Blending CPO, PFAD, and RBD palmolein presents a strategic avenue for tailoring the resulting oil to specific industry requirements as it allows the creation of a customised CPO with a reduced FFA content. It is noteworthy that such blended CPO not only exhibits a lowered FFA content but also retains all the essential characteristics of CPO as per the standards set by the Food Safety and Standards Authority of India (‘FSSAI’). This ensures that the blended product adheres to the regulatory requirements, making it suitable for a wide range of applications in accordance with industry standards.

Import of CPO which is in dispute as per the impugned SCN

- v. Accordingly, four shipments were placed (shipment via vessel FMT GUMULDUR is in dispute as per the impugned SCN), and palm oil was acquired following the blending of CPO with RBD palmolein/PFAD prior to goods reaching India. CPO, RBD palmolein and PFAD were procured by the seller, i.e., TISPL or Tata International West Asia DMCC, Dubai (‘TIWA’), group companies of Noticee, from third party vendors. Third party vendors raised their invoices for CPO, RBD palmolein and PFAD in the name of TISPL or TIWA, and the same were loaded in the vessel at the load port.
- vi. Subsequently, CPO was blended with RBD palmolein/PFAD to obtain CPO with lower FFA content. Surveyors were appointed to oversee the activity of blending and blending was carried out as per the proportion decided by them.
- vii. Subsequently, either TISPL or TIWA issued an invoice to the Noticee for CPO. Upon its importation into India, the Noticee filed BoE for warehousing the CPO. The warehoused CPO was sold before clearance and end customers filed the ex-bond BoE. Once the ex-bod BoE were filed, the CPO was cleared by the end customers upon the payment of the applicable customs duties. Details of the same are given below:

Vessel	Seller	Loaded at load port	Quantity imported by Noticee (MT)	Bill of entry description post blending	End customers	Quantity (MT)
FMT GUMULDUR	TIWA	CPO	3,500	CPO	DIL Exim Commodities Private Limited (‘DIL Exim’)	1,225
		RBD	8,400		Sheel Oil	1,960
		PFAD	200		COFCO	4,410

Issuance of the impugned SCN in respect of ex-bond BoEs filed by Sheel Oil

- viii. The impugned SCN was issued by Ld. Commissioner in respect of cases where ex-bond BoE were filed by one of the end customers, viz. Sheel Oil qua goods imported vide vessel FMT GUMULDUR *inter alia* alleging as under:
- The transaction entailed blending of CPO, RBD, and PFAD and Charter Party explicitly provided for blending of cargo during the voyage.
 - Distinct goods were imported (CPO, RBD Palmolein, and PFAD) but declared same solely as CPO under HSN 15111000.
 - A second set of documents (Switch BoL) was created after blending, camouflaging the shipment as pure CPO. The original load port documents were concealed, and manipulated documents were presented to Customs at Kandla Port.
 - The imported cargo qualifies as an admixture of CPO, RBD and PFAD and hence, classifiable under HSN 15119090 (palm oil - others).
 - The cargo was knowingly blended and misdeclared to evade customs duty, evidenced by: concealment of original documents, creation of manipulated BoL and misrepresentation in import documents etc.
- ix. Accordingly, the following demands are proposed vide the impugned SCN in respect of cases where ex-bond BoE were filed by Sheel Oil.

Sheel Oil

- The ex-bond BoE filed by Sheel Oil under HSN 15111000 (CPO) are proposed to be re-classified under HSN 15119090 (palm oil - others). Accordingly, differential duty amounting to Rs. 2,66,35,824 is proposed to be recovered under Section 28(4) of the Customs Act, along with applicable interest under Section 28AA of the Customs Act.
- Confiscation under Section 111 of the Customs Act is proposed to be imposed on the imported goods.
- Penalty is proposed to be imported under Section 112 (a) & (b), 114A, 114AA and 117 of the Customs Act.

Noticee

- Penalty is proposed to be imposed under Section 112 (a) & (b), 114AA and 117 of the Customs Act, 1962.

- x. The impugned SCN has further imposed personal penalty *inter alia* on the Co-noticee under Sections 112, 117 and 114AA of the Customs Act on the following grounds:
- The Co-noticee was aware of the fact that RBD and PFAD were loaded Ports. The Co-noticee was also aware that the BoLs were switched after the blending of RBD, PFAD and CPO on board the vessel and replaced with a manipulated global BoL showing the entire quantity as CPO alone.
 - The Co-noticee was instrumental in the submission of the BoL and other related documents to Customs, depicting that the admixture of CPO, RBD and PFAD to be CPO alone, and also admitted to the switching of BoLs post blending of the ad-mixture on board.

- The Co-noticee played an active role in the import of the admixture of CPO, RBD and PFAD by knowingly and intentionally mis-declaring the classification of the same with an intent to evade customs duty.

Allegations denied

- xi. At the outset, the Co-noticee denies all the allegations set out in the impugned SCN and submits that the liability to pay penalty does not arise in the present case. In this regard, the following submissions are made which are without prejudice to one another.

SUBMISSIONS

S. CO-NOTICEE PLACES RELIANCE ON THE SUBMISSIONS MADE BY THE NOTICEE IN THE REPLY FILED BY THE NOTICEE TO THE IMPUGNED SCN

A.8 Co-noticee submits that the Noticee has filed a detailed reply against the impugned SCN. The Co-noticee refers relies on and reiterates all the submissions made by the Noticee in its reply and prays that the same may be considered as the submissions of the Co-noticee in so far those relate to the Co-noticee.

A.9 The Co-noticee reiterates the gist of the submissions on merits in the Noticee’s reply as under:

- The CPO has been correctly classified under the tariff item 15111000. The essential characteristic of the imported product as CPO has been confirmed by the test reports. Reliance is inter alia placed on common parlance test and end use test also since the imported product in common parlance is identified as CPO and the same is also regarded by end users as CPO for further refining and manufacture of products.
- Further, under General rule for interpretation 3(b), the classification of mixtures is determined by the material imparting the essential character. The quantum or percentage presence of the items is irrelevant; what is relevant is the essential character of the mixture which, as per the description in the transactional documents, is clearly the CPO.
- Moreover, Circular No. 85/2003 dated 24.09.2003 clarifies that CPO when it is not defined should be assessed based on test results indicating its need for further processing. The imported goods meet this criterion and are rightly classifiable under 15111000.
- It is a settled position of law that the imported goods are to be levied to customs duty in the form in which they are at the point of time of importation. In this regard, the Noticee submits that the imported products are homogenously blended product as described in the switch BoL i.e., ‘Crude Palm Oil (Edible Grade) in Bulk’, and any activities undertaken prior to importation are irrelevant for the purposes of determination of the classification of the imported products.
- Classification of the imported products cannot be made under the residuary entry as proposed vide the impugned SCN.
- The blending process undertaken in the present case, has resulted in a change in the description of the consignment i.e., RBD, CPO & PFAD to CPO, along with the change in the consignor and consignee, and the same is a recognized commercial practice. Hence, the allegation in the impugned SCN that issuance of switch BoL and non-submission of original load port documents amounts to manipulation of documents is without any basis.
- It is also submitted that the test reports issued by independent testing agency post blending confirm that the imported goods qualify as CPO. However, the impugned SCN has relied solely on test reports issued by Central Excise and Customs Laboratory, Vadodara in the case of vessel MT DISTYA PUSHTI to allege that the imported goods do not qualify as CPO. Further, the test reports regarding the consignment in question issued by the independent testing agency were ignored while issuing the impugned SCN. In this regard, it is submitted that test reports and expert opinion are relevant in determining the character of the imported product and the impugned SCN which has relied on irrelevant reports extraneous to the present transaction is liable to be dropped on this ground alone.

T. THE DEMAND RAISED ON NOTICEE IS NOT MAINTAINABLE, HENCE NO PENALTY CAN BE RAISED ON THE CO-NOTICEE.

T.1 The Co-noticee submits that, basis the merits of the case and submission made by the Noticee, it is abundantly clear that the goods have been correctly classified under HSN 15111000 as ‘CPO’. The

impugned SCN has failed to consider the fact that owing to the changes in the imported product after the blending and the changes in the particulars of the BoL pertaining to the consignor and the consignee, the switch BoL was rightly issued, and was not manipulated.

T.2 It is therefore submitted that since the demand itself is not sustainable, the penalty sought to be imposed upon the Co-noticee vide the impugned SCN deserves to be dropped.

U. WITHOUT PREJUDICE, PERSONAL PENALTY IS NOT IMPOSABLE IN THE CASE WHERE ASSESSEE IS OF THE BONAFIDE BELIEF REGARDING CLASSIFICATION EVEN IF ULTIMATELY QUESTION OF CLASSIFICATION IS HELD AGAINST THE ASSESSEE

G.9. The Co-noticee submits that the Department has failed to appreciate that no penalty is leviable where the actions of the assessee have been bona fide. It submitted that the Co-noticee has a bonafide belief that the imported products are correctly classifiable under the tariff item 15111000 (crude palm oil) and not under the tariff item 15119090 (others-palmolein). Further, the Co-noticee possessed a genuine belief that the switch BoLs were not manipulated.

G.10. Therefore, the Co-noticee also entertained a bonafide belief that the imported product was appropriately classifiable under the tariff item 15111000 (crude palm oil), and impugned SCN fails to put forth any evidence in support of the allegation that the Co-noticee knowingly mis-declared the classification of the imported products and furthered the manipulation of the switched BoLs.

G.11. It is further submitted that the Co-noticee has not made any will-full misstatement or commission as regards the classification of the imported products in question. Except making a bald allegation in the impugned SCN that, the Co-noticee has knowingly and intentionally mis-declared the classification of imported products, revenue has not brought any evidence on record in support of such contention.

G.12. It is a settled position of law that the **personal penalty cannot be imposed even if the question of classification of goods is decided against the classification declared by the assessee for such goods, if the assessee was of the bona fide belief regarding the applicable classification.** Reliance in this regard is placed on the following decisions:

- *Ratnagiri Impex Pvt. Ltd. and S. A. Gopalakrishna Director v. The Commissioner of Customs, Bangalore 2024 (3) TMI 194 - CESTAT BANGLORE;*
- *Atherton Engg. Co. (Pvt.) Ltd. Versus Cc. (Airport & Admn.), Kolkata 2006 (3) TMI 669 - CESTAT, KOLKATA*

G.13. Applying the above precedents, the Co-noticee submits that, classification in the present case was adopted by the Noticee basis bona fide belief and hence, there is no question of imposition of personal penalty on the Co-noticee

G.14. Without prejudice, reliance is also placed on the following decisions where it was held that no penalty should be levied where the bona fide belief of the assessee is established.

- *Hindustan Steel Ltd. v. State of Orissa [1978 ELT J 159], Akbar Badruddin Jiwani vs. CCE [1990 (47) ELT 161 (SC)]*
- *Super Electronics vs. CC [2003 (153) ELT 254 (SC)]*

G.15. Further reliance in this regard is placed on the Tribunal decision in the case of *Smitha Shetty vs. CCE [2004 (156) E.L.T. 84]*, approved by the High Court in the case of *CCE vs. Sunitha Shetty [2004 (174) E.L.T. 313]*, wherein it was held that no penalty should be levied where the breach flows from a bona fide belief that the offender is not liable to act in the manner prescribed by the statute.

G.16. Applying the above precedents, the Co-noticee submits that, classification in the present case was adopted by the Noticee basis bona fide belief and hence, there is no question of imposition of personal penalty on the Co-noticee. Therefore, the impugned SCN is liable to be dropped on this ground alone.

V. PENALTY IS NOT IMPOSABLE UNDER SECTION 112 OF THE CUSTOMS ACT

C.14. The impugned SCN has erroneously alleged that the Co-noticee has played an active role in the mis-declaration of the ad-mixture of CPO, RBD, PFAD as CPO alone by classifying under CTH 15111000 instead of appropriate CTH 15119090 with an intent to evade the Customs duty.

C.15. In this regard, the impugned SCN has alleged that the Co-Noticee’s act of alleged misclassification and misdeclaration of the imported goods with an intent to evade payment of duty has rendered them liable for penalty under Section 112 (a) and (b) of the Customs Act. Relevant portion of Section 112 of the Customs Act is extracted hereunder:

“SECTION 112. Penalty for improper importation of goods, etc. — Any person, -
e. who, in relation to any goods, does or omits to do any act which act or omission would render such goods liable to confiscation under section 111, or abets the doing or omission of such an act, or
f. who acquires possession of or is in any way concerned in carrying, removing, depositing, harbouring, keeping, concealing, selling or purchasing, or in any other manner dealing with any goods which he knows or has reason to believe are liable to confiscation under section 111,
shall be liable, -
i. [...]
ii. in the case of dutiable goods, other than prohibited goods, subject to the provisions of section 114A, to a penalty not exceeding ten per cent of the duty sought to be evaded or five thousand rupees, whichever is higher. [...]”

C.16. A bare perusal of the aforesaid Section would clearly indicate that penalty may be imposed under Section 112 of the Act when the goods are rendered liable for confiscation under any of the sub-sections under Section 111 of the Customs Act. Therefore, applicability of Section 111 of the Customs Act is examined hereunder.

The imported products in the present case cannot be rendered liable to confiscation under Section 111 of the Customs Act

C.17. The impugned SCN states that the imported goods in the present case are liable for confiscation in terms of Section 111 (d) (f) (l) (m) of the Customs Act. In this regard, relevant portion of Section 111 of the Customs Act is extracted hereunder:

“SECTION 111. Confiscation of improperly imported goods, etc. - The following goods brought from a place outside India shall be liable to confiscation : -
[...]
(d) any goods which are imported or attempted to be imported or are brought within the Indian customs waters for the purpose of being imported, contrary to any prohibition imposed by or under this Act or any other law for the time being in force;
[...]
(f) any dutiable or prohibited goods required to be mentioned under the regulations in an arrival manifest or import manifest or import report which are not so mentioned;
[...]
(l) any dutiable or prohibited goods which are not included or are in excess of those included in the entry made under this Act, or in the case of baggage in the declaration made under section 77;
(m) any goods which do not correspond in respect of value or in any other particular with the entry made under this Act or in the case of baggage with the declaration made under section 77 in respect thereof, or in the case of goods under transshipment, with the declaration for transshipment referred to in the proviso to sub-section (1) of section 54.”

C.18. The imported products in the present case cannot be rendered liable to confiscation under Section 111 of the Customs Act for the following reasons:

- there is no prohibition in force in respect of the imported goods and hence, 111(d) of the Customs Act is not applicable;
- there is no question of non-mention of the imported goods in the import manifest in the present case as the goods, viz. CPO were duly mentioned in the import manifest, and hence, Section 111(f) of the Customs Act is not applicable;
- there is no question of non-mention of the imported goods in the bill of entry in the present case as the goods, viz. CPO were duly mentioned in the bills of entry, and hence, Section 111(l) is not applicable; and

C.19. Clause (m) of Section 111 of the Customs Act is applicable when any goods which do not correspond any particular with the entry made under this Act. In this regard, the impugned SCN alleges that the Noticee’s act of alleged misclassification and misdeclaration of the imported goods has rendered them liable for confiscation. In this regard, it is submitted that the Noticee has been in *bona fide* belief that the imported goods are to be classified as CPO under tariff item 15111000. Without prejudice to the same, the following submissions are also made in the present case.

Confiscation provision cannot be invoked in the case of allegation of misclassification of goods under the Customs Tariff

C.20. It is submitted that the Noticee classified the impugned goods under tariff item 15111000 under *bona fide* belief. It is now settled law that confiscation under Section 111 (m) cannot be imposed merely because there is a dispute regarding classification of goods. In this regard, reliance is placed on the decision of the Hon’ble CESTAT in ***Samsung India Electronics Pvt. Ltd. v. Principal Commissioner of Customs, Air Cargo Complex (Import), New Delhi, 2023 (12) TMI 1155 - CESTAT NEW DELHI*** where it was held as follows:

“34. If Section 111(m) is read to mean that goods can be confiscated if the classification of the goods and the exemption notifications claimed by the importer self-assessing the duty under Section 17 and indicated in the Bill of Entry do not match the classification of the goods or the exemption notifications which the proper officer may apply during re-assessment or later, it would result in absurd results. The importer cannot predict the mind of the proper officer and self-assess duty so as to conform to it. Insofar as the valuation is concerned, the importer is required to truthfully declare the transaction value, any additional consideration and relationship with the overseas seller. He is not required to predict if the proper officer will reject the transaction value under Rule 12 and if so, what value he will determine. Lex non cogit impossibilia—the law does not compel one to impossible things. If the classification and exemption notifications in the Bill of Entry do not match the views which the proper officer may during re-assessment or by audit party, etc. later, may take or in any other proceedings, goods cannot be confiscated under Section 111(m). The case of the Revenue in this appeal is that the classification of the goods by the importer was not correct. Even if the classification is not correct, it does not render them liable to confiscation under Section 111(m). Similarly, there could be cases where, according to the Revenue, the exemption notification claimed during self assessment will not be available to the imported goods. The importer self-assessing the goods must apply his mind when classifying the goods. Classification of the goods by the importer, even if it is not in conformity with the re-assessment by the proper officer or even if it is held to be not correct in any appellate proceedings does not render the goods liable to confiscation under Section 111(m).”

C.21. Reliance is also placed on the decision in ***Challenger Cargo Carriers Pvt Ltd. v. Principal Commissioner of Customs (Import), 2022 (12) TMI 621 - CESTAT NEW DELHI*** where it was held that the allegation of misclassification of goods, even if it is true, will not attract 111(m) of the Customs Act.

C.22. Accordingly, the Co-Noticee submits that it is a settled principle of law that a question of classification is an interpretational issue and when the importer has acted in a *bona fide* manner and not withheld any material particulars regarding the imported goods, confiscation under 111(m) is not permissible. In the present case, the Noticee and Co-Noticee have duly submitted all details and information with respect to the imported goods and has classified the same basis *bona fide* belief that the same are classifiable under tariff item 15111000 as ‘CPO’. In light of the same, the imported goods are not liable for confiscation under Section 111(m) of the Customs Act.

Penalty under Section 112 is not applicable as goods are not liable for confiscation

C.23. It is a settled position of law that when the imported products are not liable for confiscation under Section 111 of the Customs Act, no penalty under Section 112 of the Customs Act may be imposed.

C.24. In this regard, in light of the detailed submissions hereinabove, it is evident that the imported goods are not liable for confiscation under Section 111 of the Customs Act. When the imported products are not liable to confiscation under any sub-sections of Section 111 of the Customs Act, it is submitted that the proposal to impose penalty under Section 112 of the Act is legally untenable. Hence, penalty cannot be imposed on the Co-noticee under Section 112 of the Customs Act on this ground alone.

C.25. Reliance in this regard is placed *inter alia* on the following decisions where it was held that, where goods are not liable for confiscation under Section 111 of the Customs Act, penalty under Section 112 cannot be sustained.

- ***Challenger Cargo Carriers Pvt Ltd. v. Principal Commissioner of Customs (Import), 2022 (12) TMI 621 - CESTAT NEW DELHI***
- ***Samsung India Electronics Pvt. Ltd. v. Principal Commissioner of Customs, Air Cargo Complex (Import), New Delhi, 2023 (12) TMI 1155 - CESTAT NEW DELHI***
- ***Jindal Waterways Ltd. vs. Comm of Cus [2019 (370) ELT 1451 (Tri. – Mumbai)]***
- ***Ring Gears India Ltd. v. Commissioner of Customs [2017 (356) E.L.T. 158 (Tri. – Mumbai)]***
- ***Morteo Transfreight Reefer Container Ltd. v. Commissioner of Customs [2016 (341) E.L.T. 136 (Tri. – Mumbai)]***
- ***Kuresh Laila V/s Commissioner of Customs, Chennai reported in [2005 (189) E.L.T. 45 (Tri. – Chennai)]***
- ***Polynova Chemical Industries V/s Commissioner of Customs, Mumbai reported in [2005 (179) E.L.T. 173 (Tri. - Mumbai)]***
- ***Jupiter Exports V/s Commissioner of Customs, Chennai reported in [2002 (145) E.L.T. 608 (Tri. - Chennai)]***
- ***Pawan Goel V/s Commissioner of Customs, New Delhi reported in [2001 (135) E.L.T. 1425 (Tri. – Del.)]***

C.26. Hence, in light of the aforesaid, it is submitted that in the present case, since the goods are not liable for confiscation in terms of Section 111 of the Customs Act, the proposed imposition of penalty in terms of Section 112(a) and (b) of the Customs Act on the Co-noticee is unsustainable.

W. NO PENALTY CAN BE IMPOSED UNDER SECTION 114AA OF THE ACT ON THE NOTICEE.

F.11. The impugned SCN imposes penalty under Section 114AA of the Customs Act on the ground that the Co-noticee has intentionally and knowingly caused mis-declaration of the imported CPO. It is submitted that such levy of penalty is unsustainable in law.

F.12. As per Section 114AA a penalty can be levied on a person who knowingly or intentionally makes any signs or uses any declaration, statement or documents which is false or incorrect. The extract of Section 114AA of the Act is reproduced below for ease of reference:

“If a person knowingly or intentionally makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular, in the transaction of any business for the purposes of this Act, shall be liable to a penalty not exceeding five times the value of goods.”

F.13. A bare perusal of the above provisions shows that Section 114AA of the Act can be invoked only in cases where the individual intentionally makes any false particular which he/she knows to be incorrect. Hence, an element of mala-fide intention is necessary for imposition of penalty under Section 114AA. However, in a case where there is no evidence to establish the same, penalty under Section 114AA cannot be imposed.

F.14. It is submitted that there was no false declaration made by the Co-noticee. It is submitted that the Noticee classified the impugned goods under tariff item 15111000 under bona fide belief. Accordingly, there was no false or incorrect statement made by the Co-noticee.

F.15. Reliance is placed on decision of ***Parag Domestic Appliances vs. Commissioner of Customs, Cochin reported in 2018 (360) E.L.T. 547 (Tri. - Bang.)*** wherein it is held that-

“We note that the provisions of Section 114AA will apply in cases where a person knowingly or intentionally makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular. As discussed elaborately above, we find that there is no situation of any false document submitted by the importer or by the Director of the importer. As such, we find that the application of provisions of Section 114AA is not fully justified by the impugned order and accordingly, we set aside the penalties imposed under Section 114AA.”

F.16. It is further submitted that the Co-noticee has not signed or used, any declaration, statement or document which is false or incorrect in any material particular under the Customs Act. Detailed submissions have been made in the Noticee’s reply to the impugned SCN to the effect that the imported products have been rightly classified, and the test reports also substantiate that the product qualifies as CPO. There is no material evidence brought on record to prove that the Co-noticee has

signed or made any false declaration under the Customs Act and accordingly penalty under Section 114AA cannot be invoked.

- F.17. The Co-noticee further clearly stated that the switch BoLs were not manipulated and particulars in the switched BoLs were rightly specified to indicate the changes in the imported products after the blending process. Further, the Co-noticee has also clearly stated that all the relevant documents were submitted to the customs authorities. The impugned SCN grossly erred in holding that the Co-noticee had the knowledge that the imported products were not CPO post the blending process, but failed to provide any evidence to show that Co-Noticee was believed the same. Further, the impugned SCN has, without any justification, alleged that the Co-noticee has played an active role in the mis-declaration of the product as CPO merely because he was aware of the blending on board and submitted the switched BoLs to the Customs authorities.
- F.18. Further, there is no evidence available on record to suggest intentional making, signing, using or causing to make, sign or use of any declaration, statement or document against the Co-noticee to suggest that the documents pertaining to the imported product were manipulated to make it seem like the same was CPO. Hence, penalty under Section 114AA of the Act, is not imposable.

Penalty under Section 114AA is not applicable in the case of a classification dispute

- F.19. It is settled law that penalty under Section 114AA cannot be imposed merely because there is a dispute regarding classification of goods. In this regard, reliance is placed on the decision in **Challenger Cargo Carriers Pvt Ltd. v. Principal Commissioner of Customs (Import), 2022 (12) TMI 621 - CESTAT NEW DELHI** where it was held as follows:

“e) Penalty under section 114AA is imposable if a person knowingly or intentionally makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular, in the transaction of any business under the Act. There is no allegation or evidence that the goods were wrongly declared and the allegation of mis-classification or incorrect assessment of duty, even if it is true, will not attract penalty under section 114AA. Therefore, penalty under section 114AA imposed on the appellant is not sustainable and needs to be set aside.”

- F.20. Therefore, it is submitted that, penalty under Section 114AA is also not applicable in the present case and hence, the impugned SCN is liable to be dropped on this ground also.

X. WITHOUT PREJUDICE, PENALTIES CANNOT BE IMPOSED IN THE PRESENT CASE AS NOTICEE HAS MADE COMPLETE DISCLOURES REQUIRED UNDER THE SELF ASSESSMENT REGIME

- X.1 As submitted in detail supra, for a penalty under Section 112 of the Customs Act to be imposed, the goods must first be liable for confiscation under Section 111. Section 111 is invokable in the case of misdeclaration of imported goods. Further, penalty under Section 114AA is applicable only in the case of mala fide intent. In this regard, it is submitted that there is no misdeclaration or mala fide in the present case as the fact regarding blending was specifically recorded in the relevant contractual documents including the charter party.
- X.2 The impugned SCN alleges mala fide on the ground that bill of lading and other contractual documents evidencing blending were suppressed by the Noticee. In this regard, it is submitted that the Noticee has submitted all documents relevant in the present case for the import transaction as between the Noticee and its suppliers, including invoice, bill of lading etc. The Noticee cannot be expected to submit contractual documents as between suppliers of Noticee and third-party vendors as it is completely extraneous to the import transaction in question. As part of the self-assessment procedure, there is no requirement to submit such documents and hence, it is submitted that mala fide cannot be alleged in the present case. In this regard, reference is made *inter alia* to the recent Supreme Court decision in **Reliance Industries Limited, 2023 (7) TMI 196** where it was held as follows:

*“We also take note of the fact that in the show cause notice itself it has been accepted by the revenue that **the self-assesment procedure did not require an assessee to submit copies of all contracts, agreements and invoices.** This being the admitted position in the notice we do not find any basis for agreeing with the findings of the Commissioner that certain relevant documents had not been filed and thereby suppressed from the scrutiny of the revenue officers. **An assessee can be accused for suppressing only such facts which it was otherwise required to be disclosed under the law.** The counsel for the Revenue has, while pleading that facts was suppressed been unable to show us the provision or rule which required the assessee in this case to make additional disclosures of documents or facts. The assertion that there was suppression of facts is therefore clearly not tenable.”*

X.3 Therefore, it is submitted that mala fide cannot be alleged in the present case and hence, the penalties proposed vide the impugned SCN are liable to be dropped forthwith on this ground alone.

Y. PENALTY UNDER SECTION 117 OF THE CUSTOMS ACT IS NOT APPLICABLE IN THE PRESENT CASE

G.3. Section 117 of the Customs Act reads as under:

“Any person who contravenes any provision of this Act or abets any such contravention or who fails to comply with any provision of this Act with which it was his duty to comply, where no express penalty is elsewhere provided for such contravention or failure, shall be liable to a penalty not exceeding four lakh rupees.”

G.4. Section 117 being residuary penal provision requires ‘existence of provision’, contravention of the same as well as no specific penalty being provided for the same. The impugned SCN alleges that the Co-noticee’s act of alleged misclassification and misdeclaration of the imported goods with intent to evade payment of duty has rendered them liable for penalty under Section 117 of the Customs Act also. However, as submitted in detail supra, the imported products have been rightly classified under tariff item 15111000 and the switched BoLs have not been manipulated. Therefore, in the absence of any contravention of any provision under the Customs Act, the question of imposition of penalty under Section 117 of the Customs Act also does not arise.

Z. The Co-noticee craves leave to add, alter, amend and/or rescind any of the above submissions at the time of or before the personal hearing.

AA. The Co-noticee craves leave to refer and rely upon any judgment/case law as and when produced.

BB. PRAYER

In view of the foregoing, the Co-noticee respectfully prays as below to:

- (x) Drop the proceedings initiated vide Impugned SCN;
- (xi) Drop the demands of penalty under Section 112, Section 114AA and Section 117 of the Customs Act, sought to be raised vide the impugned SCN and
- (xii) For such and other reliefs as the nature and circumstances of the case may require.
- (xiii) Personal hearing be granted before a final decision is taken in the matter.

PERSONAL HEARINGS:

23. Shri Kashyap P. Solanki and Shri Jignesh Ghelani, CA appeared for personal hearing on behalf of (i) M/s. Tata International Limited, Gandhidham, (ii) Shri Shrikanth Subbarayan, Head Agri Business Division, M/s. Tata International Pvt. Ltd. and (iii) Shri Amit Thakkar, Senior, Manager, M/s. Tata International Pvt. Ltd. on 30.01.2025. During the course of hearing, they reiterated the submissions dated 30.01.2025 alongwith compilations including of case laws. They requested to drop the proceedings.

24. Shri B K Singh, Advocate and Shri Sidhant Agarwal appeared for personal hearing on behalf of (i) M/s. Glentech Industries Pvt. Ltd, (ii) Shri Sidhant Agarwal, (iii) Shri Sudhanshu Agarwal, (iv) Shri Amit Agarwal on 05.11.2024. They reiterated the submissions dated 04.11.2024. They opposed the charges against them and requested the same be dropped as without merits. They relied on case laws submitted alongwith the said submissions.

24.1 Opportunities of personal hearing were provided to the remaining following noticees as given below:-

Sr.No.	Name of the notice	Dates of Hearing
1.	Capt. Julio Uytiepo	17.12.2024, 08.01.2025, 15.01.2025, 05.06.2025
2.	Capt. Liu Youyi	17.12.2024, 08.01.2025,

		15.01.2025, 05.06.2025
3.	Capt. Sanjay Kumar	17.12.2024, 07.01.2025, 15.01.2025, 05.06.2025
4.	Telcom International PTE	17.12.2024, 07.01.2025, 17.01.2025,
5.	Oka Tankers PTE Ltd	17.12.2024, 07.01.2025, 15.01.2025 and 05.06.2025
6.	M/s. Sheel and Co-noticees associated with M/s. Mantora	08.01.2025, 28.01.2025, 13.02.2025 and 05.06.2025

24.2. However, they neither appeared nor made any submission in this regard. Sufficient opportunities have been provided to them considering the principle of natural justice.

24.3. EXTENSION OF TIME LIMIT FOR ADJUDICATION-

Since the instant matter involved a large number of noticees and there were other 9 other cases involving the same issue, the adjudication of instant show cause notice could not be completed within stipulated time limit of one year from the date of show cause notice. Therefore, this office vide letter dated 20.12.2024 sought extension of time limit by further one year for the purpose of adjudication. Accordingly, the Chief Commissioner, Customs Zone, Gujarat granted extension of one year in terms of first proviso to Section 28 (9) of the Customs Act, 1962

DISCUSSIONS AND FINDINGS-

25. I have carefully gone through the show cause notice, all the RUDs, written submissions and records of personal hearing and all the evidences available on record.

26. The issues to be decided before me are the following:-

- (i) Whether the imported goods declared as “Crude Palm Oil” under CTH 15111000 as declared by the importer or the said goods are classifiable under CTH 15119090;
- (ii) Whether blending of cargo on board the vessel is allowed;
- (iii) Whether Bills of Lading are allowed to be switched in the facts of present case;
- (iv) Whether the goods are liable for confiscation under Section 111 of the Customs Act, 1962;
- (v) Whether penalties are liable to be imposed under various sections of the Customs Act, 1962;
- (vi) Whether the ex-bonder M/s. Sheel Oil is liable to pay differential duties of Customs amounting to Rs. 2,66,35,824/-under Section 28(4) of the Customs Act, 1962 alongwith interest under Section 28AAA of the Customs Act, 1962;

INVESTIGATION IN RESPECT TO MT DISTYA PUSHTI-

- 27.** I find that the investigation revealed that M/s. GIPL had entered into an agreement dated 09.03.2021 with M/s. Tata International Singapore PTE Ltd (TISPL), which is affiliate Company of M/s. TIL., for commodity supply and service agreement. As per the said agreement M/s. TIL would import the goods viz. Crude Palm Oil/Soya Oil/PFAD and other Edible Oils from the overseas suppliers or from TIL’s affiliates on behalf of M/s GIPL. As per the scope of the said Agreement, TISPL can import the goods from the overseas suppliers through M/s GIPL and/or sell the same in Indian market through M/s GIPL at its sole discretion and option.
- 28.** I find that M/s. TIL had purchased and imported different goods, viz., CPO, RBD and PFAD, however, in the import documents presented before Customs, they declared the product as CPO, by classifying the same under CTH 15111000. On perusal of the test reports, evidences recovered during investigation and statements of various persons recorded, it was revealed that M/s. TIL had procured CPO, RBD and PFAD from the suppliers in Indonesia and blended all the three products during voyage of the vessel ‘MT. Distya Pushti Vo MID-DP-07/21’. They had an arrangement of Switch Bill of Lading for the product such formed after blending of all three goods viz. CPO, RBD and PFAD.
- 29.** With respect to imports by MT Distya Pushti as discussed above, a show cause notice F.No. GEN/ADJ/COMM/764/2023-ADJN dated 23.12.2023 was issued to M/s. TIL and others and the same has been adjudicated vide OIO No. KND-CUSTM-000-COM-05-2025-26 dated 30.06.2025.

INVESTIGATION INTO PAST IMPORTS-

- 30.** Further during the investigation it was revealed that the import of CPO was undertaken by M/s TIL, using similar *modus operandi* in the previous imported consignments imported vide Vessels “FMT GUMULDUR V.202109”, “MT HONG HAI6 V.2106”, “MT FMT EFES V.202111”, which resulted in short payment of Customs duties by various ex-bond filers. The instant case pertains to Ex-Bond Bills of entry filed by M/s. Sheel Oil.
- 31.** The details of the 12199.71 MT of admixture imported vide vessel FMT GUMULDUR V.202109 was purchased from M/s TIWA and declared as CPO in the bill of entry before Indian Customs is as below mentioned table:-

Sr. No.	COMMODITY loaded at load Port	QTY (MTs)	SUPPLIER (M/s.)	LOAD PORT	Warehou se Bill of Entry no.	Bill of Entry date
1	CPO	3499.71	OLAM	DUMAI, INDONESIA	5302477, 5302489,	03.09.2021
	RBD PALM OLEIN	8500	INL	KUALA TANJUBG, INDONESIA	5302500, 5302513, 5302519	
	PFAD	200	INL	KUALA TANJUBG, INDONESIA	& 5302523	

	Total	12199.7				
--	-------	---------	--	--	--	--

32. The details of the 15462.070 MT of admixture imported vide vessel MT HONG HAI6 V.2106 was purchased from M/s. Tata International Singapore PTE Ltd and declared as CPO in the bill of entry before Indian Customs is as below mentioned table:

Sr. No.	COMMODITY loaded at load Port	QTY (MTs)	LOAD PORT	Warehouse Bill of Entry no.	Bill of Entry date
1	RBD PALM OLEIN	6513.520	KUALA TANJUBG, INDONESIA	5916265, 5916285, 5916291 & 5916292	20.10.2021
	CPO	8948.550	Phuket, Thailand		
	Total	15462.070			

33. The details of the 12959.31MT of admixture imported vide vessel MT FMT EFES VOY. 202111was purchased from M/s. TIWA and declared as CPO in the bill of entry before Indian Customs is as below mentioned table:

Sr. No.	COMMODITY loaded at load Port	QTY (MTs)	SUPPLIER (M/s.)	LOAD PORT	Warehouse Bill of Entry no.	Bill of Entry date
3	RBD PALM OLEIN	5086.015	PT INL	KAULA TANJUNG, INDONESIA	6212683 & 6212824	11.11.2021
	CPO	7873.290	THA CHANG	PHUKAT PORT, THAILAND		
	Total	12959.31				

34. The details of above imports are summarised below:-

Sr. No.	VESSEL NAME	SELLER	COMMODITY loaded at load Port	QTY (MTs)	SUPPLIER (M/s.)	LOAD PORT	Warehouse Bill of Entry no.	Bill of Entry date	Description of imported goods declared in bill of entry	QTY (MTs)
1	FMT GUMUL DUR V.2021 09	M/s. TIWA	CPO	3499.71	OLAM	DUMAI, INDONESIA	5302 477, 5302 489, 5302 500, 5302 513, 5302 519 & 5302 523	03.09 .2021	CPO	12199. 71
			RBD PALM OLEIN	8500	INL	KUALA TANJUBG, INDONESIA				
			PFAD	200	INL	KUALA TANJUBG, INDONESIA				
			Total	12199.7						

2	MT HONG HAI6 V.2106	M/s. TISPL	RBD PALM OLEIN	6513.520		KUALA TANJUBG, INDONESIA	5916 265, 5916 285, 5916 291 & 5916 292	20.10 .2021	CPO	15462.070
			CPO	8948.550		Phuket, Thailand				
			Total	15462.070						
3	MT FMT EFES VOY. 202111	M/s. TIWA	RBD PALM OLEIN	5086.015	PT INL	KAULA TANJUNG, INDONESIA	6212 683 & 6212 824	11.11 .2021	CPO	12959.31
			CPO	7873.290	THA CHANG	PHUKAT PORT, THAILAND				
			Total	12959.31						

35. Further, M/s. Sheel Oil & Fats Private Limited (IEC: 6116901913), (herein after referred as ‘M/s Sheel Oil’) had filed the Ex-Bond BoE for Home consumption in respect of clearance of goods which were imported after blending vide the vessel FMT GUMULDUR V.202109, as listed under Annexure–C to the instant show cause Notice, by mis-declaring the goods as CPO under CTH 15111000 in the said Bills of Entry instead of correct CTH, i.e. 15119090.

36. I find that the refined goods viz. RBD & PFAD are part of the said resultant/ blended goods w.r.t. the Distya Pushti consignment around 74.1% RBD Palmolein & 1.2% PFAD which are refined goods. Further, w.r.t. to consignment imported through MT FMT Gumuldur, Hong Hai & MT FMT EFES, the ratio of refined goods are as under: -

Sr. No.	Name of the Vessel	Quantity of RBD Palmolein (%)	Qty. of PFAD (%)
01.	MT FMT Gumuldur	69.67	1.64
02.	Hong Hai	42.12	--
03.	MT FMT EFES	39.25	--

PRELIMINARY REMARKS TO EVALUATION OF EVIDENCE AND DISCUSSION ON THE QUESTION OF CLASSIFICATION-

37. I find from the record that, SCN alleges blending of CPO, RBD Palmolein and PFAD/ CPO and RBD Palmolein (as given in table above) before arrival of goods in India. It is also seen that importer noticee accepted such blending before arrival of declared goods for import in India and filed various documents such as IGM, Bill of Entry etc. Thus, blending of CPO, RBD and PFAD or CPO and RBD before arrival of goods for import in India is not in dispute.

38. SCN alleges that though CPO, RBD and PFAD or CPO and RBD were blended, the fact of blending was not declared at the time of filing of Bills of Entry for import of goods declared as Crude Palm Oil (Edible Grade) in Bulk. The Show Cause Notice relies upon Test reports issued by Head/Chemical Examiner, Central Excise & Customs Laboratory, Vadodara in respect of samples drawn from the respective 15 tanks, loaded at MT Distya Pushti, under Panchnama dated 03/04.01.2022. One such report dated 02.02.2022 is also reproduced in the show cause notice to seek classification under CTH 15119090 to treat the goods as Others. However, the instant show cause notice is in respect of past imports pertaining to FMT Gumuldur, MT HONG Hai and

MT FMT EFES as shown in the table above. It is seen that the imported goods covered in the instant show cause notice were also obtained by blending CPO, RBD and PFAD or CPO and RBD. It is observed that CPO, RBD and PFAD were blended per vessel Gumuldur whereas CPO and RBD were blended onboard the vessels Hong Hai and EFES. The importer/noticee supports their declared description ‘*Crude Palm Oil (Edible Grade in Bulk)*’ and its classification under CTH 15111000 on the basis of mainly on the gravamen of grounds being ‘common parlance test’.

39. CUSTOMS TARIFF HEADING 1511-

Tariff Item		Description of goods
(1)	(2)	(3)
1511		PALM OIL AND ITS FRACTIONS, WHETHER OR NOT REFINED, BUT NOT CHEMICALLY MODIFIED
15111000	-	Crude oil
151190	-	Other:
15119010	---	Refined bleached deodorised palm oil
15119020	---	Refined bleached deodorised palmolein
15119030	---	Refined bleached deodorised palm stearin
15119090	---	Other

39.1 CTH 1507 to 1515 refers to vegetable oils, whether or not refined but not chemically modified. In terms of structure of Tariff, mixture of different oils get consigned to CTH 1517 or 1518. Mixture of a particular oil and its fractions rest under respective CTH heading.

39.2 In the present case, relevant 4 digit CTH is 1511 meant for Palm Oil and its fractions. Under 1511, there are two entries at single dot level (-) i.e. ‘crude oil’ (15111000) and ‘other’ (151190). Under ‘other’, there are 4 entries at three dot (---) level viz. 15119010, 15119020, 15119030 and 15119090.

39.3 In the present case only two entries are in contest i.e. 15111000 and 15119090. Thus it is necessary to understand the scope of 15111000 and 15119090.

39.4 Under 1511, there is no proposal in SCN nor any plea of importer to classify the goods under 15119010, 15119020 and 15119030 for the obvious reasons that the goods are not described or found to be of such description.

VALID PARAMETERS TO BE APPLIED TO ASCERTAIN THE SCOPE OF 15111000 and 15119090 TO CLASSIFY THE IMPUGNED GOODS -

40. From SCN and submissions of the noticees and relevant judicial pronouncements on the subject, it is seen that-

Crude Oil is not defined in tariff including chapter notes. However, there were judicial pronouncements that held raw palm oil to be crude oil (2017 (357) E.L.T. 899 (Tri.-Bom)) in the decision of Godrej Industries Ltd. Vs Commissioner of Customs Mumbai. In certain notifications of earlier period (such as Notification No. 21/2002-Cus. (Now 12/2012-Cus.), where exemption was available to ‘edible’ grade w.r.t specifications of acidic value and carotenoid value, the Tribunal held that ‘edible’ needs to be understood in view of supplementary note to Chapter 15 w.r.t Appendix B to the Prevention of Food Adulteration Rules, 1955 (PFA).

40.1 In this regard, it is necessary to state that word ‘edible’ doesn’t find mention under CTH 1511 and also that crude palm oil is not mentioned under Appendix to PFA Rules, 1955. Said Appendix B refers to the standards pertaining to RBD Palm oil and RBD Palmolein.

40.2 It is also understood from the case of Cargill India Pvt. Ltd (2013(288) ELT.209 (Guj.) that the parameters of standards in PFA relating to items of CTH 1511 should not be used to decide classification of Crude Palm Oil, though they may be used to ascertain their eligibility to exemption notification meant for edible oils.

EVALUATING EVIDENCES TO ASCERTAIN CORRECT CLASSIFICATION-

- 41.** In view of above findings, considering issues raised in SCN and submissions of importer/noticee, what becomes relevant in the facts of the present case, to ascertain the scope of 15111000 and 15119090, are as below and they are discussed in subsequent paras with the help of evidence on record-
- (i) Details of blending of CPO, RBD Palmolein and PFAD, and identity of resultant item - Is it ‘Crude Palm Oil’ or other than ‘Crude Palm Oil’?
 - (ii) In absence of definition of ‘crude’ in tariff, what is the relevance of HSN to decide the scope of two competing entries.
 - (iii) Common Parlance Test
 - (iv) Scope of 15111000 and 15119090

ISSUE OF CLASSIFICATION-

BLENDING OF CPO, RBD AND PFAD; IDENTITY OF RESULTANT PRODUCT: WHETHER THE PRODUCT SO OBTAINED BY BLENDING CAN BE TERMED AS “CRUDE” PALM OIL FOR THE PURPOSE OF CLASSIFICATION-

- 42.** I find that it is not disputed by the importer-noticee i.e M/s. TIL that CPO, RBD Palmolein and PFAD (in case of Vessel GUMULDUR) and CPO and RBD in case of vessels HONGHAI and EFES were loaded at the ports of export and the said cargoes were blended onboard the vessels en-route to India. They have admitted to having blended the said goods in order to obtain the customized product i.e. CPO (Edible Grade) having lower Free Fatty Acid (FFA). They have argued that mixing CPO, PFAD and RBD Palmolein presented a strategic avenue for ‘tailoring’ the ‘resulting oil’ to specific industry requirements. They have further added that such blended CPO not only exhibited a lower FFA content but also retained all the essential characteristics of CPO as per the standard set

by FSSAI. In support of such a gravamen of grounds they have relied upon various case laws.

NOTE ON ITEMS USED IN BLENDING-

43. Before proceeding further, it is necessary to understand the manufacturing/production process of CPO, RBD Palm oil, RBD Palm olein and PFAD in order to ascertain the true nature of the comingled cargo wherein CPO, RBD olein and PFAD were mixed in 24.7%, 74% and 0.12% respectively.

On going through the website <https://inl.co.id/bulk-products/> of M/s. Pt. Industri Nabati Lestari (One of the suppliers in the investigation), the process of CPO, RBD and PFAD are as given below:-

Crude Palm Oil (CPO)

is an edible oil that is extracted from the pulp of oil palm fruits and it is an important vegetable oil that is used as the raw material for both food and non-food industries. Main usage of Crude Palm Oil is for edible purposes after refining, and some was also used for energy purpose by turning it into biodiesel with Glycerine as the by product.

Crude Palm Oil specifications as below:-

- FFA as Palmitic : 5.0% Max
- Moisture & Impurities (M&I) : 0.5% Max

PFAD (Palm Fatty Acid Distillate)

is product of crude palm oil after refining. PFAD is used in many industries such as laundry soap, animal feed industries and also as raw material for the oleo chemical industry. PFAD is also often considered as a valuable and low cost raw material for bio-diesel production. It is composed of free fatty acids which are oleic, stearic and palmitic.

Palm Fatty Acid Distillate specifications as below :

- FFA as Palmitic : 70% Min
- Moisture & Impurities (M&I) : 1% Max

- Saponifiable Matter : 95% Min

Palm Fatty Acid Distillate (PFAD)

RBD PALM OIL

is derived from the process of refined, bleached and deodorized crude palm oil. One of the main applications of RBD Palm Oil is for cooking oil and formula for shortening, margarine and other edible purposes. RBD PO can also be processed further into RBD Palm Olein and RBD Palm Stearin.

RBD Palm Oil specifications as below :

- FFA as Palmitic : 0.1% Max
- Moisture & Impurities (M&I) : 0.1% Max
- Iodine Value (IV) : 50 – 55
- Melting Point : 36 – 39°C
- Color (5 1/4 Lovibond Cell) : 3 Red Max

RBDPO

RBD PALM OLEIN

Obtained from the fractionation of RBD Palm Oil which undergoes a crystallization process at a controlled temperature. One of the most prominent applications of RBD Palm Olein includes salads and cooking oil. RBD Palm Olein specifications are as follows:

Olein IV 56

- FFA as Palmitic : 0.1% Max
- M&I : 0.1% Max
- Melting Point : 24°C Max
- Color : 3 Red Max

Olein IV 58

- FFA as Palmitic : 0.1% Max
- M & I : 0.1% Max
- CP : 8 °C Max
- Color : 3 Red Max

Olein IV 60

- FFA as Palmitic : 0.1% Max
- M & I : 0.1% Max
- C P : 6 °C Max
- Color : 2 Red Max

RBDP OLEIN

RBD PALM STEARIN

RBD Palm Stearin is obtained from fractionating RBD Palm Oil to separate Olein from Stearin. RBD Palm Stearin is an essential raw materials used by shortening and margarine industries, as a source for producing specialty fats for coating in confectionery and also used in the manufacturing of oleochemicals.

RBD Palm Stearin specifications as below:

- *FFA as Palmitic : 0.2% Max*
- *Moisture & Impurities (M&I) : 0.15% Max*
- *Iodine Value (IV) : 48 Max*
- *Melting Point : 44°C Min*
- *Color (5 1/4 Lovibond Cell) : 3 Red Max*

RBD PALM STEARIN

- 44.** From the above discussion, it is apparent that CPO is a crude form of palm oil whereas RBD olein and PFAD are obtained from refining from CPO. Therefore, the pertinent question that arises is whether the product so obtained by blending can be termed as “CRUDE” Palm Oil for the purpose of classification.

ARGUMENT THAT BLENDING WAS DONE IN PRECISE PROPORTION TO GET CPO WITH LOWER FFA-

- 45.** I find that M/s. TIL, M/s. Glentech in their submission has argued that mixing CPO, RBD and PFAD presented as strategic avenue for tailoring the resulting oil to specific industry requirements. By blending these components in precise proportions, it becomes feasible to create a customized CPO with a reduced FFA content. They further argued that GIPL gave a proposal that there is more demand for CPO having FFA value below 3.5 in market and accordingly, proposed for blending of three different products. They further argued that the precise proportion

in which the blending was to be done was decided by surveyor appointed by them as per the availability and other factors.

In this regard, I find that the arguments are contradictory as on the one hand they stated that certain FFA was achieved by blending in very precise proportions and on the other hand they argued that the blending was done as per the availability of oils. This shows that there was no fixed proportion and it was mixed as per the availability. The quantity (in %) of RBD and PFAD is discussed as below:-

Sr. No.	Name of the Vessel	Quantity of RBD Palmolein (%)	Qty. of PFAD (%)
01.	MT FMT Gumuldur	69.67	1.64
02.	Hong Hai	42.12	--
03.	MT FMT EFES	39.25	--
04.	MT Distya Pushti	74.10	1.20

Thus, it can be said that there was no precise proportion in which the goods were to be blended and it is just an afterthought that blending was done in precise proportions to get CPO with lesser FFA.

Therefore, the argument of the importer is not substantiated with evidence to prove that the blending was done to reduce the FFA content of CPO when the percentage of RBD is varying from 39% to 74% as mentioned above. Since CPO is mixed with RBD Palmolein, which is a refined product, the blended product can not be identified as ‘Crude’ as mixing Crude with Refined would not give a product being ‘crude’ in nature as provided under 15111000 in terms of compliance with HSN note discussed below, notwithstanding the fact that such product may require refining to conform to the standards of PFA Rules for further use. Such requirement of refining as per PFA rules or also that the agreements made thereto ipso facto cannot render HS Note inapplicable to facts of the case.

IN ABSENCE OF DEFINITION OF ‘CRUDE’ IN TARIFF, WHAT IS THE RELEVANCE OF HSN TO DECIDE THE SCOPE OF TWO COMPETING ENTRIES-

46.

I find that the importer has relied on various case laws wherein import of crude palm oil has been examined by the respective courts/Tribunal for the purpose of checking eligibility for availing exemption as per the Notification and the courts/Tribunal in said cases have held that reliance on definition of CPO provided in the Notification can not be relied upon for the purpose of classification in order to deny the exemption as per the Notification. Further, it is worth noting that in neither of the cases, it has been ascertained whether the imported Palm oil was Crude or otherwise as the said Notification allowed exemption from the duties of Customs to goods declared as CPO and its fractions having fixed FFA and carotenoid content. Further, HSN notes have also never been examined in the said cited decisions.
47.

Therefore, it becomes imperative on my part to examine and evaluate the HSN Note for the purpose of ascertaining whether the imported Palm Oil could be termed as “Crude” or otherwise for the purpose of 15111000.

47.1

According to the Explanatory Notes to the HSN, Oil is considered to be crude if it has not undergone any processing other than decantation, centrifugation or filtration provided that in order to separate the oil from the solid particles only mechanical force such as gravity, pressure or centrifugal

force has been employed excluding any adsorption filtering process, fractionation or any other physical or chemical process.

47.2 The HSN notes has been discussed in the decision of Hon'ble CESTAT in the matter of M/s. Gujarat Ambuja Exports vs. Commissioner of Customs, kandla 2011 (269) E.L.T. 239 (Tri. - Ahmd.). The relevant paragraphs of the decision of Tribunal are reproduced herein below:-

"6. Admittedly, Crude Palm Oil has not been defined in the tariff. However, as pointed out by the learned advocate, the HSN provides the definition of crude oil, which is reproduced below :

"Fixed vegetable oils, fluid or solid, obtained by pressure shall be considered as 'Crude' if they have undergone no processing other than decantation, centrifugation or filtration, provided that in order to separate the oils from solid particles only mechanical force, such as gravity, pressure or centrifugal force, has been employed, excluding any adsorption filtering process, fractionation or any other physical or chemical process. If obtained by extraction oil shall continue to be considered as 'crude', provided it has undergone no change in colour, odour or taste when compared with corresponding oil obtained by pressure."

7. The above discussion about the tariff heading leads us to conclusion that the palm oil produced by mechanical extraction shall be considered to be 'Crude' provided it has undergone no change in colour, odour or taste when compared with corresponding oil obtained by pressure. The oil imported by the appellant has been tested and the test report by the Chemical Examiner reads as follows: The sample is in the form of reddish orange semi-liquid. It is palm oil having FFA (as palmitic acid) 4.1%, acid value 8.99%, total carotenoids (as beta carotene) 395 mg/kg.

8. In view of the fact that tariff heading clearly segregates the crude oil and others between 1511 00 and 1511 90 (divided to further headings), what we have to decide is as to whether the imported palm oil in this case is Crude or not. The Chemical Examiner has clearly stated that it was raw oil and he was not in a position to say whether any of the process as which according to HSN, would take the palm oil out of the description of the crude palm oil, have been carried out or not. We find considerable force in the argument advanced by the learned advocate that the imported product has to be classified under CTH 1511 10 00 only."

47.3 In view of the above decision, it is amply clear that an oil can be termed as crude if they had undergone no processing other than decantation, centrifugation or filtration. In case the adsorption process, fractionation or any other physical or chemical process is employed, the oil can not be considered as crude. Thus, I find that, test is to see whether an item under 1511 is Crude or not, and it is not merely Crude or Refined.

47.4 In the instant case, RBD and PFAD or RBD were blended with CPO. Both RBD and PFAD are obtained by such physical processes viz. demugging, de-acidification, refining, bleaching, odorizing, fractionation etc. which are beyond the scope of above processes listed in HSN Note and also changes the color of the goods as well as

taste, odor and other characteristics like FFA and carotenoids. Therefore, in terms of HSN notes, blending RBD, PFAD and CPO or RBD and CPO, the admixture loses the characteristic of “Crude”.

47.5 Board Circular No. 85/2003-Cus dated 24.09.2003 underscores the importance of HS Note while understanding the nature of palm oil to be crude, and Circular is an evidence in the form of Contemporanea expositio.

47.6 Thus it is to state that *Oil can be termed as “Crude” if they have undergone no processing other than decantation, centrifugation of filtration, provided that, in order to separate the oils from solid particles only mechanical force, such as gravity, pressure or centrifugal force has been employed, excluding any absorption filtering process, fractionation or any other physical or chemical process.* Therefore, the admixture of CPO, RBD and PFAD can not be termed as crude as the said product has been obtained by mixing crude oil with refined oil and a by product of the refinery process. The resultant product of blending has travelled beyond the nature of being ‘crude’ interms of HSN though resultant product require further refining.

COMMON PARLANCE TEST- WHAT IS IT AND WHICH VIEW IT VALIDATES-

48. The importer Noticee has argued that the imported product can be classified as CPO by relying on the principle of common parlance test.

48.1. In this regard, Importer Noticee relies on following two grounds:-

- (i) Various parties to the transaction understood the goods to be CPO and in support of the same, that their supply was not disputed by the buyers in India, and insupport they referred to the transaction between M/s. TIL and M/s. TIWA and the transactions between M/s. TIL and its customers in India.
- (ii) FSSAI NOC for clearane of goods, as the goods complied to the specifications prescribed under FSSA 2006 and regulations made thereunder, is evidence enough to find goods to be CPO and such certification is the same as trade understanding.

48.2. As regards (i) above, as stated in foregoing paras, it is stated that what is sought to be imported is a product created by blending CPO, RBD Palmolein and PFAD to achieve lower FFA that will undergo refining subsequently. Importer noticee called it as CPO and SCN referred to it as admixture.

48.3. Regarding (ii) above, I find that the said NOC of FSSAI can not be relied upon while deciding the classification of the imported goods as the process of blending was not disclosed to the FSSAI authorities. Further, the said certification is an NOC for release of goods from the port only and not a test to certify whether the goods were Crude in nature or otherwise. The said certification doesn’t verify the crude nature of the imported goods w.r.t HSN.

49. Accordingly, whether common parlance test is applicable in the instant case is discussed below:-

49.1 In the case of HITACHI HOME & LIFE SOLUTION LTD. Versus C.C. (IMPORT), NHAVA SHEVA, 2012 (285) E.L.T. 504 (Tri.-Bom), the Hon’ble Tribunal in Para 5.12 has held that-

An argument has been advanced to say that the term “refrigerator” used in the customs tariff should be interpreted not in technical terms but according to commercial parlance. This argument is fallacious as the

customs duty applies to import and export transactions in commodity trade and the tariff takes into account the commercial parlance while classifying the products. The Indian Customs Tariff is based on the Harmonised System of Nomenclature (HSN in short). According to World Customs Organisation website -

“HSN is a multi-purpose international product nomenclature developed by the World Customs Organization. It comprises about 5000 commodity groups, each identified by a six digit code, arranged in a legal and logical structure and is supported by well-defined rules to achieve uniform classification. The system is used by more than 200 countries and economies as a basis for their Customs Tariffs and for the collection of international trade statistics. Over 98% of the merchandise in international trade is classified in terms of the HS.”

In other words, the commercial parlance in international trade is already built into the Customs Tariff. Therefore, when the commodity classification is done under the HS code, it automatically satisfies the trade parlance test.”

49.2. Further, in the case of *Oswal Agro Mills Ltd. Vs. CCE 1993 (66) E.L.T. 37 (S.C.)*, the Apex court held that-

“The goods are to be identified and then to find the appropriate heading, sub-heading under which the identified goods/products would be classified. To find the appropriate classification description employed in the tariff nomenclature should be appreciated having regard to the terms of the headings read with the relevant provisions or statutory rules of interpretation put up thereon.”

The Hon’ble Supreme Court in the above decision laid down the principle that before deciding the classification, the goods are required to be correctly identified.

49.3. The Hon’ble Apex Court in the case of *AKBAR BADRUDDIN JIWANI Versus COLLECTOR OF CUSTOMS* in para 36 held that-

“.....There is no doubt that the general principle of interpretation of Tariff Entries occurring in a text statute is of a commercial nomenclature and understanding between persons in the trade but it is also a settled legal position that the said doctrine of commercial nomenclature or trade understanding should be departed from in a case where the statutory content in which the Tariff Entry appears, requires such a departure. In other words, in cases where the application of commercial meaning or trade nomenclature runs counter to the statutory context in which the said word was used then the said principle of interpretation should not be applied.”

The Hon’ble Supreme Court in the above decision held that the doctrine of commercial nature (common parlance test) or trade understanding is not to be considered where the statutory content in which the Tariff Entry appears requires so.

49.4. Therefore, first the identity of the product is to be ascertained and then see if the common parlance test can be applied in the instant case. In the

instant case, it is undisputed that CPO was mixed with RBD Palmolein and PFAD. Though the term CPO is not defined under Tariff or chapter/section notes however, whether an oil can be called as crude or otherwise is provided in HSN wherein it is clearly described as-

*“Oil is considered to be crude if it has not undergone any **processing** other than decantation, centrifugation or filtration provided that in order to separate the oil from the solid particles only mechanical force such as gravity, pressure or centrifugal force has been employed excluding any adsorption filtering process, fractionation or any other physical or chemical process.”*

49.5. The Hon’ble Tribunal in the decision of Health India Laboratories Vs. Commissioner of C.Ex., Chennai (2007 (216) E.L.T. 161 (Tri.-Mad)), upheld or maintained in the the Supreme court, held that Classification based on HSN explanatory notes has a overriding precedence over trade parlance in classification of goods involving identical Chapter Headings.

50. As discussed earlier, the imported product is not in the crude form as it is mixed with refined oil (RBD) and a byproduct of such refining process (PFAD). On mixing the said oils, the resultant product (which has been imported) loses the nature of “crude” or raw as the mixture contains RBD and PFAD which are obtained by processes other than decantation, centrifugation or filtration required under HSN.

51. As regards claim to consider NOC of FSSAI as supporting their claim that trade also understood the goods as CPO, it is to state that-

51.1. The said NOC of FSSAI can not be relied upon while deciding the classification of the imported goods as the process of blending was not disclosed to the FSSAI authorities. Further, the said certification is an NOC for release of goods from the port only and not a test to certify whether the goods were Crude in nature or otherwise. The said certification doesn’t verify the crude nature of the imported goods w.r.t HSN.

51.2. Further, Hon’ble HC of Gujarat in the case of Cargill India Pvt. Ltd (2013(288) ELT.209 (Guj.))laid down the principle that application of PFA certification to import of goods under CTH 1511 is only to the extent of understanding scope of exemption notification but not for the purpose of classification under CTH 1511.

52. Further, Noticees in their submission stated that the CPO was mixed with RBD and PFAD in order to reduce FFA content as per the requirement of the domestic buyers in India. Therefore, it is amply clear that CPO (having higher FFA) and importer goods termed as CPO (having Lower FFA) have distinct marketability.

53. Further, there is no evidence to suggest that such blended products are used in the trade parlance as “CPO”. In the instant case, it is clear that it was only an arrangement by the Indian domestic buyers and importer and other noticees to mis-declare their product as “CPO” in order to evade duties of Customs. There is no evidence to suggest that such blending of CPO with RBD and PFAD results in CPO and the same is used as “CPO” in the trade.

54. In view of the above, common parlance test is not of any assistance to the importer noticee in the instant case for the following reasons:-

(i) To understand Tariff entry for Palm oil and its fractions, scientific and technical requirement of HSN prevails as explained in Akbar Badruddin Jiwani Versus Collector Of Customs 1990 (47) E.L.T. 161 (S.C.). and HEALTH INDIA LABORATORIES VERSUS COMMISSIONER OF C. EX., CHENNAI 2007 (216) E.L.T. 161 (Tri. - Chennai)

(ii) The imported product can not be identified as Crude Palm Oil as the goods have been created by blending Crude Oil with refined Oil and fraction of such refining process (PFAD), and the nature of goods have travelled beyond the scope of relevant HSN Note .

(iii) There is no evidence to suggest that such blended products are used as CPO in the market apart from the current transactions.

(iv) Customs tariff being based on the HSN is already built on the Common/ Trade test as held in HITACHI HOME & LIFE SOLUTION LTD. Versus C.C. (IMPORT), NHAVA SHEVA, 2012 (285) E.L.T. 504 (Tri.-Bom).

SCOPE OF 15111000 and 15119090- Whether the classification of imported goods is 15111000 or 15119090-

55. In this regard, first scope of CTH 15111000, 151190 and 15119090 are to be examined. The Tariff Sub-Headings of CTH 1511 are once again reproduced as under:-

Tariff Item		Description of goods
(1)	(2)	(3)
1511		PALM OIL AND ITS FRACTIONS, WHETHER OR NOT REFINED, BUT NOT CHEMICALLY MODIFIED
15111000	-	Crude oil
151190	-	Other:
15119010	---	Refined bleached deodorised palm oil
15119020	---	Refined bleached deodorised palmolein
15119030	---	Refined bleached deodorised palm stearin
15119090	---	Other

56. I find that Chapter heading 1511 includes Palm oil and its fractions whether or not refined but not chemically modified. In this regard, I reproduce General Note (B) to Chapter 15 that interalia states the scope of CTH 1511-

“(B) Heading 15.07 to 15.15 of this chapter cover the single (i.e. not mixed with fats or oils of another nature), fixed vegetable fats and oils mentioned in the headings, together with their fractions, whether or not refined, but not chemically modified
Vegetable fats and oils occur widely in the nature and are found in the cells of certain parts of plants (e.g. seeds and fruit) from which they are extracted by pressure or by means of solvents.”

SCOPE OF 15111000-

57. The said Tariff Entry having single dash (-) includes Crude Oil. Thus, the said entry is exclusively for Crude Palm Oil. In terms of HSN note as explained above, the tariff entry 15111000 shall include Crude Palm Oil obtained from the process of decantation, centrifugation or filtration. Once any other process is carried out, it takes the goods out of the scope of 15111000.

SCOPE OF 151190-

- 58.** The Chapter sub heading 151190 having single dash (-) refers to Other which implies that this sub heading is for goods other than provided in CTH 15111000 i.e. Palm oil and its fractions which are not crude, and shall fall within the scope of CTH 151190-Other. 151190 is further divided into entries RBD Palm Oil (15119010), RBD Palm olein (15119020), RBD palm stearin (15119030) and Others (15119090). RBD Palm stearin is a fraction obtained during refining process of RBD Palm oil to RBD Palmolein. Clearly, CTH 151190 includes goods other than 'crude as provided for under 15111000'. Thus, 151190 includes refined Palm Oil&fractions and also impugned goods that fail to fit in under 15111000

SCOPE OF 15119090-

- 59.** Clearly, CTH 151190 includes goods other than 'crude as provided for under 15111000'. Thus, 151190 includes refined Palm Oil&fractions and also impugned goods that fail to fit in under 15111000
- 60.** As already discussed in the foregoing paras, the imported goods cannot be considered as "Crude Oil" therefore, the goods don't merit classification under CTH 15111000. Whether the said imported goods can be classified as RBD palm olein or not is not the case of importer noticee and also of SCN.
- 61.** In this regard, reference is once again invited towards the Para 5 of the decision of Hon'ble CESTAT, Chennai in the matter of Pandi Devi Oil Industry Vs Commissioner of Customs, Trichy, referred supra, wherein the Hon'ble Court noted that:-

"5. We also find that the Commissioner has correctly identified the issue by discussing the tariff headings as under:-

"There are two sub-divisions of Entry 1511. First is 1511 10 00 which covers Crude Palm Oil and second 1511 90 which covers Palm Oil other than Crude Oil. The second category has been further divided into three sub-categories. First, if the Oil is refined, bleached and deodorized, then it is to be classified under Heading 1511 90 10 or 1511 90 20 depending on whether the oil is Palm or Palmolein. If a non-crude oil is not covered under 1511 90 10 or 1511 90 20, then the same is classifiable under Heading 1511 90 90. Therefore, the basic issue is whether the imported goods are Crude Oil."

- 62.** The judgements referred by the noticee viz. Kanchan Oil Industries Ltd. v. Commr. Of Cus. (Port), Kolkata [2019 (368) E.L.T. 96 (Tri. - Kolkata)] affirmed by the Hon'ble Supreme Court in 2023 (386) E.L.T. 4 (SC) and Pandi Devi Oil Industry v. Commissioner of Customs, Trichy and Vice – Versa [2015 (9) TMI 817 - CESTAT CHENNAI] are not applicable in the instant case as the said case pertained to import of Crude Palmolein whereas in the instant case, the imported goods are composed of admixtures of RBD, PFAD and CPO.
- 63.** In view of the above discussion and findings, I hold that the goods imported and warehoused by the noticee (M/s. TIL) and cleared by M/s. Sheel Oil in domestic market on filing of ex-bond bills of entry are correctly classifiable under CTH 15119090 as Other and they are liable to

pay differential duties of customs as proposed in the show cause notice alongwith interest under Section 28(4) of the Customs Act, 1962.

- 64.** Both SCN and noticee have accepted the fact of blending resulting goods that are imported into India. SCN refer to such resultant product as admixture, whereas importer noticee declared it as 'CPO'.
- 64.1.** As per HSN, fixed vegetable oils obtained by pressure shall be considered as 'Crude' if they have undergone no processing other than decantation, centrifugation or filtration,
- 64.2.** Therefore, the argument of the importer is not substantiated with evidence to prove that goods in question underwent only the processes specified in HSN i.e. decantation, centrifugation or filtration. In fact, by their own admission of the facts, it is seen that the inputs used for blending had undergone processes other than decantation, centrifugation or filtration as the said inputs were refined in nature.
- 64.3.** Thus, mixing Crude with Refined would not give rise to a product being 'crude' in nature, as provided under 15111000, due to non compliance with HSN note discussed, notwithstanding the fact that such resultant product may require refining to conform to the standards of PFA Rules for further use. For the said reasons, mere NOC of FSSAI or that the agreements made for supply of CPO, ipso facto cannot render HS Note inapplicable to facts of the case. The product arising from blending of CPO, RBD and PFAD, as in the present case, is not the same as CPO obtained through decantation, centrifugation or filtration as provided in HSN notes.
- 64.4.** On mixing the said oils, the resultant product (which has been imported) loses the nature of "crude" as the mixture contains RBD and PFAD which are obtained by processes other than decantation, centrifugation or filtration required under HSN. Test is to see whether an item under 1511 is Crude or not, and it is not merely Crude or Refined. Thus, 1511 refers to goods that are not Crude as understood in terms of HSN note. If a non-crude oil is not covered under 1511 90 10 or 1511 90 20 or 15119030, then the same is classifiable under Heading 1511 90 90.
- 64.5.** Thus, w.r.t said construction of Tariff entry 15111000 read with Rule 2 and Rule 3 of GIR, the subject goods are correctly classifiable under 15119090.

Whether the instant case involves mis-declaration in order to evade duties of Customs-

- 65.** I find that there are evidences which indicate that CPO, RBD Palmolein and PFAD were loaded at the load ports and onboard blending was carried out during the voyage to discharge port Kandla. On blending, the new Bills of Lading were issued having the description of goods as 'CPO' switching the original Bills of Lading having the description as CPO, RBD Palmolein and PFAD.
- 66.** In this regard, it is worth noting that none of the noticees has disputed the facts of blending of the said cargos onboard and switching of Bills of lading rather they have argued that blending onboard and switching Bills of lading are internationally accepted trade practices and the resultant product on mixing of the goods was "CPO" (Crude palm Oil) only.
- 67.** Therefore, in view of the above evidences, the following issues are to be addressed in order to decide whether the mis-declaration was done with an intent to evade duties:-
 - (i) Whether blending of cargo onboard the vessel is allowed as per the international maritime laws;

- (ii) Whether the practice of switch Bill of lading allows change in description of goods in pursuance of blending of goods;
- (iii) Whether the argument of M/s. TIL, M/s. GIPL that all the processes including blending and switch bill of lading was well documented in the charter agreement and voyage order and there was no suppression of the facts;

Whether Blending of Cargo is allowed onboard-

- 68.** M/s. GVPL/GIPL and its directors/employees submitted that mixing of CPO, RBD and PFAD does not violate any of the provisions of Customs Act, 1962. They have further argued that the alleged violation is mis-declaring the same before the Customs Authority at the time of filing the In-Bond Bills of Entry/Bills of Entry and then by filing Ex-Bond Bills of Entry or filing home consumption Bills of Entry for home consumption which would result or resulted in mis-declaration of the imported goods and subsequently evasion of Customs Duty. It is submitted that the classification of any imported goods is legal responsibility and within the domain of the Customs Authority and more so, when the commodity involved was Chemicals. Claiming classification of a product is not an offence.
- 69.** In this regard, it is important to note that the show cause notice not only challenges the classification of the goods but also the description of goods and the show cause notice categorically mentions that the imported products were mis-declared in terms of description of the goods. The issue of classification has already been dealt in the earlier section of this order which has established that the goods were mis-declared in order to evade duties of customs.
- 70.** Further the argument of the noticee that mixing of CPO, RBD and PFAD does not violate any of the provisions of Customs Act, 1962 is not sustainable as such admixing/blending of cargoes during the voyage of the vessel has resulted into a new product which has been mis-declared before the authorities of customs, which is in contravention of Section 46 of the Customs Act and such contravention of the provisions of Customs Act, 1962 beyond the territorial waters of India is duly covered under Section 1(2) of the Customs Act, 1962.
- 71.** They have further argued that blending was done on board the vessel and no where it is stated that such blending is against any Indian Law as there is no Indian jurisdiction beyond Indian shores. It is clarified that there was no violation of any Indonesian Law either.
- 72.** Proceeding further, it is important to examine whether onboard mixing or physical blending of two or more liquid cargoes is allowed or otherwise and to what extent.
- 73.** Blending of cargoes during sea voyage—especially in the context of international maritime trade—is governed by a combination of international maritime law, flag state regulations, and the laws of the importing and exporting countries.
- 74.** As of January 1, 2014, the International Maritime Organization (IMO) implemented SOLAS Regulation VI/5-2, which prohibits the blending of bulk liquid cargoes and production processes during sea voyages. This regulation aims to prevent environmental pollution and ensure maritime safety. However, blending operations may be permitted under certain conditions, such as when the vessel is in port and with appropriate approvals. Prohibition of the blending of bulk liquid cargoes and production processes during sea voyages:-
1. The physical blending of bulk liquid cargoes during sea voyages is prohibited. Physical blending refers to the process whereby the ship's cargo pumps and pipelines are used to internally circulate two or more different cargoes with the intent to achieve a cargo

with a new product designation. This prohibition does not preclude the master from undertaking cargo transfers for the safety of the ship or protection of the marine environment.

2. The prohibition in paragraph 1 does not apply to the blending of products for use in the search and exploitation of seabed mineral resources on board ships used to facilitate such operations.
 3. Any production process on board a ship during sea voyages is prohibited. Production processes refer to any deliberate operation whereby a chemical reaction between a ship's cargo and any other substance or cargo takes place.
 4. The prohibition in paragraph 3 does not apply to the production processes of cargoes for use in the search and exploitation of seabed mineral resources on board ships used to facilitate such operations.
- 75.** However, the Maritime Safety Committee (MSC) has agreed that blending operations (and assumingly any production processes) would be permitted on board when conducted in port or while moored, for example, where it is presupposed that safer conditions would exist and additional spill response equipment would be readily available.
- 76.** In view of the above, it is clear that blending onboard the vessel during voyages is not allowed with exceptions as given above. However, such blending is allowed when conducted in port so as to minimize the effect of any spill occurring during such mixing.
- 77.** In the instant case, it is seen that the blending has been carried out during the voyage and not at the port, therefore, in view of the above, it is clear that such blending was in contravention of the International Maritime laws.

Whether Switch Bills of lading are allowed-

- 78.** A switch bill of lading is often used when a “triangle trade” takes place. A Switch Bill of Lading is simply the second set of bills of lading that may be issued by the carrier or their agent “in exchange for” or “substituting” the full first set of bills of lading originally issued when the shipment was effected. Switch bills of lading may be requested or required for a few different reasons.
- (i) When there has been a change in the original trading conditions ;
 - (ii) Goods have been resold (probably high-seas sale) and the discharge port has now changed to another port ;
 - (iii) The seller (who could be an intending agent) does not wish the name of the actual exporter to be known to the consignee in case the consignee strikes a deal with the exporter directly ;
- 79.** In the instant case, it is seen that three different cargoes (having RBD Palmolein, CPO and PFAD) were blended onboard the vessel and bills of lading were switched while declaring the description of goods as ‘CPO’. As already discussed in the previous section of this order, the imported goods merit classification under CTH 15119090 as Others and not as CPO under CTH 15111000, therefore, it is clear that the intention of the importers alongwith other noticees were malafide to evade duties of customs. Thus, the practice of Switch Bill of lading has been misused by the noticees in order to evade duties of Customs. Clearly, as alleged in the Show cause notice, Refined Palm Oil attracts higher rate of duties of customs and Crude Palm Oil attracts lesser rate of duty, therefore, this plan was devised by the noticees to mis-declare the goods in order to defraud the Revenue. The facility of Switch Bill of Lading does not allow mis-declaration of imported goods. The importer and other noticees have failed to declare the correct description, nature and constituents of the imported goods which clearly establishes their malafide intent to evade

the duties of Customs. Clearly, the facts and true nature of the goods have been suppressed by the importer and other noticees from the custom authorities.

80. In this regard, it is important to examine the Schedule to the Indian Carriage of Goods by Sea Act, 1925, reproduced below:-

SCHEDULE

RULES RELATING TO BILLS OF LADING

ARTICLE I.- Definitions.

In these Rules the following expressions have the meanings hereby assigned to them respectively, that is to say-

(a) “carrier” includes the owner or the charterer who enters into a contract of carriage with a shipper:

.....

(e) “Carriage of goods” covers the period from the time when the goods are loaded on to the time when they are discharged from the ship.

ARTICLE III.—Responsibilities and Liabilities

2. Subject to the provisions of Article IV, the carrier shall properly and carefully load, handle, stow, carry, keep, care for and discharge the goods carried.
3. After receiving the goods into his charge, the carrier, or the master or agent of the carrier, shall, on demand of the shipper, issue to the shipper a bill of lading showing among other things-
 - a. The leading marks necessary for identification of the goods as the same are furnished in writing by the shipper before the loading of such goods starts, provided such marks are stamped or otherwise shown clearly upon the goods if uncovered, or on the cases or coverings in which such goods are contained, in such a manner as should ordinarily remain legible until the end of voyage:
 - b. either the number of packages or prices, or the quantity, or weight, as the case may be, as furnished in writing by the shipper;
 - c. the apparent order and condition of the goods:

Provided that no carrier, master or agent of the carrier, shall be bound to state or show in the sea carriage document any marks, number, quantity, or weight which he has reasonable ground for suspecting not accurately to represent the goods actually received, or which he has had no reasonable means of checking.

- 81.** Clearly, Rule 3(a) of Article III.- Responsibilities and Liabilities clearly states that *the Bill of Lading shall show leading marks necessary for identification of the goods as the same are furnished in writing by the shipper before the loading of such goods starts*, provided such marks are stamped or otherwise shown clearly upon the goods if uncovered, or on the cases or coverings in which such goods are contained, in such a manner as should ordinarily remain legible until the end of voyage. This clearly implies that it is the responsibility of the carrier to carry the same goods which have been loaded at the port with clear identification marks which can be identified at the discharge port.
- 82.** However, it is pertinent to note that the above Rule applies to ship/vessel leaving the Indian port. In this regard, on going through the Indian Carriage of Goods by Sea Act, 1925, it is seen that the International Conference on Maritime Law held at Brussels in October, 1992, the

delegates at the Conference, agreed unanimously to recommend their respective Governments to adopt as the basis of a convention a draft convention for the unification of certain rules relating to bills of lading.

- 83.** In view of the above discussion and findings, I find that neither the load port nor the discharge port allows change in description of goods in the Bills of Lading and it is the responsibility of the carrier including charterer (TATA UAE/payment charterer and Glentech Singapore/performance charterer) to discharge the same goods which were loaded on the vessel. Thus, it is clear that the description of goods (nature, grade, quantity, classification, etc.) cannot be changed when issuing a switch bill of lading.
- 84.** Thus, the importer and other noticees have attempted to mis-lead the customs authorities in order to evade duties of customs.

CONFISCATION OF GOODS-

- 85.** I find that despite being aware of the true nature of the impugned goods (i.e. the blended goods having FFA<3.5 and refining is cheaper in respect of such goods as percentage of RBD is more and their resultant product is admixture of Crude Palm oil, PFAD and RBD only), the manner adopted by the importer for mis-classification of impugned goods for the sole purpose of claiming lower rates of duty is indicative of their *Mensrea*. Therefore, by not declaring the true and correct facts, at the time of import in the W.H. Bills of Entry, M/s. TIL by mis-declaring and misclassifying the goods as 'CPO' have indulged in suppression of facts with intent to evade payment of applicable BCD and Additional duty of Customs. In view of the foregoing, the amount of customs duty short paid on account of mis-declaration and misclassification by M/s. TIL and other ex-Bond filers of the Bills of Entry for Home Consumption as per Annexure-B is required to be recovered from such importers. The above action on the part of M/s. TIL and such Ex-Bond filers of Bills of Entry for Home Consumption have rendered the goods(non-seized and already cleared) liable for confiscation under Section 111 of the Customs Act, 1962, which are already cleared on payment of lesser amount of customs duty.
- 86.** I find that Section 111(d), 111(f) and 111(l) are not applicable in the instant case for the following reasons:-

111(d)- there is no prohibition in force in respect of the imported goods and hence, 111(d) of the Customs Act is not applicable;

111(f)-there is no question of non-mention of the imported goods in the import manifest in the present case as the goods, viz. CPO were duly mentioned in the import manifest, and hence, Section 111(f) of the Customs Act is not applicable;

111(l)- there is no question of non-mention of the imported goods in the BoE in the present case as the goods, viz. CPO were duly mentioned in the BoE, and hence, Section 111(l) is not applicable; and

- 87.** However, the goods are liable for confiscation under Section 111(m) of the Customs Act, 1962 as the imported goods do not correspond to the description of goods mentioned in the W/H as well as ex-bond Bills of Entry.
- 88.** In the instant case, it is seen that goods were cleared in the past and were never seized by the department. In such cases, redemption fine is imposable if it is found that the goods were liable for confiscation. In this regard, reliance is placed on the decision *Visteon Automotive Systems India Limited v. CESTAT, Chennai 2018 (9) G.S.T.L. 142 (Mad.)* and

Synergy Fertichem Pvt. Ltd v. State of Gujarat 2020 (33) G.S.T.L. 513 (Guj.) to hold that the availability of the goods is unnecessary for imposing the redemption fine or penalty.

CONFISCATION OF VESSELS-

- 89.** Further, I find that the vessels MT FMT Gumuldur (non-seized- cleared in past), was used for transporting the said goods have been proposed liable for confiscation under Section 115 of the Customs Act, 1962 in the instant Show Cause Notice.
- 89.1.** In this regard, it is observed that the vessel has been held liable for confiscation for the past imports in the case of SCN issued to M/s. G-One Agro Products Ltd. which has been adjudicated vide OIO No. KND-CUSTM-000-COMM-06-2025-26 dated 30.06.2025 and since the vessels were not available for confiscation, redemption fines of Rupees One Crore each were imposed.
- 89.2.** Since the vessel has been used for transporting the subject goods, therefore, the said vessel is liable for confiscation and as the vessel has been allowed to be redeemed on payment of Rs. One crore as mentioned above, in the instant case, a lenient view is taken while imposing the redemption fine.

CALCULATION OF DIFFERENTIAL DUTY-

- 90.** The documentary as well as oral evidences, as discussed in brief in foregoing paras conclusively establish that though M/s. TIL had imported admixture of CPO, RBD and PFAD and while filing warehouse bill of entry at the Kandla port, M/s TIL in the import documents mis-declared the entire quantity of 40521.39 MT cargo as CPO brought into the country vide vessels MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106, MT FMT EFES V202111 and mis-classified the same under CTH 15111000. It is safe to conclude that the same was done by suppressing the facts that the goods imported were actually admixture of CPO, RBD and PFAD, CPO and RBD respectively which merits classification under CTH 15119090. The above act on the part of M/s. TIL subsequently resulted in short payment of customs duties to the tune of Rs. 2,66,35,824/- at the time of clearance of such imported goods from warehouse by M/s. Sheel Oil and thus, defrauding the government exchequer.
- 90.1.** CBIC vide following notification have notified the tariff rate of items vide various non- tariff notification of Customs. The notifications applicable on the date of presentation of Bills of Entry for Home consumption by M/s. SHEEL OIL are:- Notification No. 69/2021 – Customs (N.T.) dated 31.08.2021, The tariff rate (USD per metric Ton) are notified therein, and mentioned as below:-

Notification No.	Sr No.	Chapter/ heading/ sub-heading/ tariff item	Description of Goods	Tariff rate (US\$ per metric Ton)
69/2021 - Customs (N.T) dated 31-08-2021	6 of Table - I	15119090	Others - Palmolein	1063

- 90.2.** Further, M/s. Sheel Oil had filed the self- assessed Ex-Bond BoE for Home consumption for clearance of goods (approx. 1960 MTs)

imported vide vessel FMT GUMULDUR V.202109 as discussed in Annexure-C. The above act on the part of importer resulted into short payment of Customs duties which appears to be payable under CTH 15119090 as per the below mentioned Customs Tariff notifications: -

**DUTY STRUCTURE ON ADMIXTURE OF CPO, RBD PALMOLEIN & PFAD UNDER CTH 15119090
OVER DIFFERENT PERIOD OF TIME**

Effective Date	BCD (%)	AID C (%)	SWS (@10% of all duties) (%)	IGS T (%)
30.06.2021 to 10.09.2021	37.5% [BCD @37.5% as per Ntn No. 34/2021 – Cus. dated 29.06.2021]	NIL	3.75%	5%
11.09.2021 to 13.10.2021	32.50% [BCD @ 32.5%, amended vide Ntn No. 42/2021- Cus. dated 11.09.2021]	NIL	3.25%	5%
14.10.2021 to 20.12.2021	17.50% [as amended vide Ntn No. 48/2021- Cus. dated 11.09.2021]	NIL	1.75%	5%
21.12.2021 to 15.02.2022	12.5% [as amended vide Ntn no. 5.3/2021-Cus dated 20.12.2021]	NIL	1.25%	5%

Further, the duty paid by M/s. SHEEL OIL vis-à-vis duty actually payable by M/s. Sheel Oil is calculated as per **Annexure –C** to this show cause.

90.3. The total differential duty to be paid by M/s. Sheel Oil on the goods imported by way of mis-declaration and misclassification of the goods as CPO under CTH 15111000 amounts to Rs. 2,66,35,824/- (Rupees Four CroresTen Lakhs Fourteen Thousand Five Hundred and Four only) in respect of goods already cleared by them having assessable value, arrived as per the aforementioned tariff notification equivalent to Rs.17,08,96,764/- (Rupees Seventeen Crores Eight Lakhs Ninety Six Thousand Seven Hundred and Sixty Four Only). The differential duty is required to be recovered from them by invoking the provisions of Section 28of the Customs Act, 1962 along with interest under Section 28AA.

ROLE PLAYED BY VARIOUS COMPANIES/PERSONS:

91. The instant matter is a case of connivance amongst all the parties involved, wherein every stakeholder involved was aware of their illegal role being played by them. It is evident that each stakeholder intended to suppress the facts before Indian Customs, to mis-declare the subject cargo to evade the duties of customs. There are evidences of determinative character which complied with the inference arising from the dubious conduct of stakeholders lead to the conclusion that it was all planned to mis-declare the subject cargo and suppress the information from the department. The role in brief is reproduced below: -

M/s. TATA INTERNATIONAL LTD:

91.1. I find that Scrutiny of the various documents/records as well as facts stated by various persons during investigation revealed that M/s. TIL

and M/s. GIPL, in connivance with each other devised a strategic plan to import admixture of CPO, RBD and PFAD, by mis-declaring the same as CPO. They purchased CPO, RBD and PFAD in Indonesia from different suppliers. M/s. TIL facilitated M/s. GIPL, for procurement of Oil products i.e. CPO, RBD, PFAD from Indonesia. They gave go ahead to M/s. GIPL to enter into Charter Agreement with M/s. Oka Tankers PTE Ltd., Singapore & M/s. Telcom International Trading PTE. Ltd., Singapore for transporting the goods viz. RBD Palmolein, CPO, PFAD from different ports at Indonesia/ Thailand to India through vessels viz., MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106, MT FMT EFES V202111 as discussed in foregoing paragraphs; loaded on the vessels. As per the said Charter Agreement, after loading the above goods on vessel, blending of the above goods was carried out with the help of Owners of the vessel. After blending, they switched Bills of Lading to show the goods imported as CPO and presented the same before Customs. M/s. TIL filed W.H. Bills of Entry for entire quantity of 40486.172 MTs cargo, by mis-declaring the same as CPO, though they knew that the goods imported were actually admixture of CPO, RBD and PFAD. M/s. TIL classified the goods so mis-declared under CTH 15111000, with intent to evade the appropriate duties of Customs by M/s. GIPL & others and to earn commission.

91.2. From the above, it is clear that M/s. TIL imported '*admixture of Crude Palm Oil, Palmolein and other Palm based oil*' by mis-declaring the same as '*Crude Palm Oil*', classifying under CTH 15111000 instead of correct classification under CTH 15119090, which is the appropriate classification of the goods viz. '*admixture of Crude Palm Oil, Palmolein and other Palm based oil*', imported by them.

91.3. I further find that M/s. TIL played an active role in ensuring the blending of CPO, PFAD & RBD Olien, and the act of agreeing/allowing to blend clearly demonstrates that the entire activity right from planning, creation, monitoring and managing of all the operations was with a mala fide intention of evading customs duty. Thus, this is a clear case of suppression of information from the department and mis-declaration. The above action on the part of M/s. TIL had rendered the goods liable for confiscation which has rendered them liable to penalty under Section 112(a) and 112(b) of the Customs Act, 1962.

91.4. With regard to penalty under Section 114AA of the Customs Act, 1962, I find that M/s. TIL were well aware of the correct constituents or composition of the imported goods and filed incorrect details in the W/H Bills of Entry for warehousing the goods. Accordingly, the Ex-Bonders (M/s. Mantora Oils here) also filed incorrect details (description and classification) in the Ex-Bond Bills of Entry, thus M/s. TIL has caused the ex-bonders to declare incorrect information in the Ex-Bond Bills of Entry in order to evade duties of Customs. Thus, their act of commission and omission has rendered them liable for penal action under Section 114AA of the Customs Act, 1962.

91.5. With regard to penal action under Section 117 of the Customs Act, 1962, I find that the importer M/s. TIL was actively involved in switching of Bills of Lading and changed the correct description of the goods in the

said Bills of Lading in order to evade the duties of customs, which has rendered them liable for penal action under Section 117 of the Customs Act, 1962.

M/s. GLENTECH INDUSTRIES-

- 92.** I find that scrutiny of the various documents/records, as well as facts stated by various persons during investigation, as discussed hereinabove, revealed that M/s. GIPL and M/s. TIL, in connivance with each other devised a strategic plan to import admixture of CPO, RBD and PFAD, by mis-declaring the same as CPO. They purchased CPO, RBD and PFAD overseas from different suppliers. They entered into Charter Agreement with M/s. OKA Tankers PTE Ltd., Singapore and M/s. Telcom Trading International PTE Ltd., Singapore for transporting the goods from Indonesia to India through vessels MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106, MT FMT EFES V202111; loaded CPO on the vessels at different ports at Indonesia/ Thailand. As per the Charter Agreement, after loading the above goods on vessel, blending of the above goods was carried out with the help of the Owner(s) of the vessel(s). After blending, they arranged switching of documents to show the goods imported as CPO and presented the same before Customs.
- 92.1.** As per the instructions of Charterers, the original documents viz. Bills of Lading etc. were secreted in the vessel and intentionally not produced before Customs. After import of the goods into India, the importer M/s. TIL filed W.H. Bills of Entry, by mis-declaring the goods as CPO, though they knew that the goods imported were admixture of CPO, RBD and PFAD. Further, after import of the goods into India, it was the responsibility of M/s. GIPL to sell the goods into Indian market. The goods so mis-declared and mis-classified under CTH 15111000, with intent to evade the appropriate duties of Customs.
- 92.2.** Thus, M/s. GIPL has played an active role in the purchase, transport, blending of the cargo during voyage of the vessels and import of the said goods by mis-declaring the same as CPO. From the above, it is clear that M/s. GIPL actively connived in the import of '*admixture of Crude Palm Oil, Palmolein and other Palm based oil*' by mis-declaring the same as '*Crude Palm Oil*', classifying under CTH 15111000 instead of correct classification under CTH 15119090, which is the appropriate classification of the goods imported viz. '*admixture of Crude Palm Oil, Palmolein and other Palm based oil*'. They were actively involved in the entire activity right from planning, creation, monitoring and managing of all the operations with a mala fide intention of evading customs duty. Thus, this is a clear case of mis-declaration with an intent to evade duties of Customs.
- 92.3.** I find that their actions have rendered the goods liable for confiscation and they acquired possession of and were concerned in carrying, removing, depositing, selling and purchasing of imported goods which they knew that were liable for confiscation. Thus, M/s. GIPL has rendered themselves liable to penalty under Section 112(a) and 112(b) of the Customs Act, 1962.
- 92.4.** With regard to penalty under Section 114AA of the Customs Act, 1962, I find that M/s. GIPL were well aware of the correct constituents or composition of the imported goods and being the performance charterer

were actively involved in the whole design of import of admixture of CPO, RBD and Other Palm oils by mis-declaring them as CPO in order to evade duties of Customs. Shri Amit Agarwal, Asst. Vice President M/s. GIPL and M/s. GVPL, Singapore in his statement dated 05.01.2022 stated that he was engaged in preparing Sale contracts/Bond to Bond Agreement with Domestic buyers of Crude Palm Oil (CPO), Refined, Blended & Deodorized (RBD) Palm Oil and Palm Fatty Acid Distillery (PFAD). He further stated that Shri Sudhanshu Agarwal, former CEO of M/s. GIPL and father of Shri Sidhant Agarwal, one of the Directors of M/s. GIPL, looked after sales of M/s. GIPL and he used to be in contact with buyers of Crude Palm Oil (CPO), Refined, Blended & Deodorized (RBD) Palm Oil and Palm Fatty Acid Distillery (PFAD).

I find that the Ex-Bonder (M/s. Mantora Oils here) filed incorrect details (description and classification) in the Ex-Bond Bills of Entry, thus M/s. GIPL has caused the ex-bonder M/s. Mantora Oil to declare incorrect information in the Ex-Bond Bills of Entry in order to evade duties of Customs. Thus, their act of commission and omission has rendered them liable for penal action under Section 114AA of the Customs Act, 1962.

92.5. With regard to penal action under Section 117 of the Customs Act, 1962, I find that M/s. GIPL, in connivance with M/s. TIL, switched Bills of Lading and changed the correct description of the goods in the said Bills of Lading in order to evade the duties of customs, which has rendered them liable for penal action under Section 117 of the Customs Act, 1962.

M/s. Telcom International PTE Ltd.

93. I find that M/s. Telcom International PTE Ltd., Singapore were the owners of the vessels 'MT FMT Gumuldur', 'MT FMT EFES'. They entered into Tanker Voyage Charter Party agreement with M/s. TIWA, UAE/M/s. TISPL/ M/s. TIL and M/s. GIPL for transporting cargo from the ports in Indonesia/ Thailand to Kandla port in India. Further, as per the agreement, the above goods were to be blended on board, which were confirmed by all the parties viz. payment charterer, operational charterer and despondent owners; actively connived to replace the original BLs prepared at the port of loading with switched BLs after blending of the cargo on board; to present the said documents before Customs at the time of arrival of the cargo at discharge port. The switching of Bills of Lading was done by the crew of the vessel owners, under guidance of their management. M/s. Telcom International PTE Ltd. entered into agreement which allowed blending of cargo i.e. CPO, RBD Palmolein and PFAD on board vessel. Therefore, by indulging in such act of blending on board, switching of Bills of Lading etc. in connivance with M/s. GIPL and M/s. TIL., allowing their conveyance to be used in such a manner which rendered the goods (non-seized – cleared in past) liable for confiscation under section 111(m). Accordingly, by indulging in such act of omission and commission, on their part abetted the importer to import goods by mis-declaring the same as CPO, by classifying the same under CTH15111000, by allowing comingling/blending of cargo with led to evasion of the Customs Duty.

93.1 The indulging in the act of manipulation of the documents is punishable offence and thus by concerning themselves in such act of manipulation of documents concerned themselves liable to be charged for violations of Section 30 (Arrival Manifest production) read with Section 38 (Production of the documents) of the Customs Act. Further, they have also concerned themselves in mis-declaration of goods by manipulating the actual documents for filing IGM with intent to help the importer M/s. TIL to evade Customs Duty. By such acts of omission and commission, the goods so imported(non-seized and cleared) by mis-declaring the same as CPO became liable for confiscation and they rendered themselves liable to penalty under Section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962.

ROLE OF CAPT. SHRI SANJAY KUMAR, MASTER OF VESSEL MT FMT GUMULDUR V.202109:

94. I find that Capt. Shri Sanjay Kumar, Master of vessel 'MT FMT Gumuldur V.202109' looked after the supervision of all activities relating to the vessel and responsible for all activities pertaining to the vessel including issuance of documents like Bill of Lading, Mate receipt, IGM/EGM related Customs documentation etc. Therefore, a summons dated 20.12.2023 was issued to him(via e-mail) to join the investigation, which was not responded to by him nor the vessel owner. Further, he allowed blending of 3499.71 MT Crude Palm Oil (CPO), loaded from Dumai (Indonesia), 8400.309 MT RBD and 200 MT PFAD, loaded from Kuala Tanjung Port, Indonesia and accordingly as per the instructions of their management; presented manipulated BLs, showing import of CPO thereby hiding the true nature of the goods onboard vessel. Thus, he was instrumental in blending of all the three cargos loaded on the vessel, preparation of manipulated documents, and presenting manipulated documents before Customs at the port of discharge, i.e., Customs, Kandla. It is pertinent to mention here that he issued/signed the switched Bill of lading by mis-declaring the goods as CPO instead of admixture of CPO and RBD Plamolein and filed the same before Indian Customs.

94.1. Thus, he has failed in discharging his duties in the capacity of Master of vessel to declare and submit the documents received at load port at the discharge port with correct descriptions and other material particulars. Instead, he produced false documents viz. switched Bills of Lading before Customs for clearance of the cargo and suppressed the original Bills of Lading issued at the port of load. Thus, he abetted in blending/comingling of the goods onboard vessel, failed in declaring the correct particulars of the subject cargo in the documents, abetted in manipulation of original documents pertaining to the subject imported goods and mis-declared the same as 'CPO' instead of 'admixture of Crude Palm Oil, RBD olein and PFAD'. He actively assisted the importer to enable them to mis-declare the imported goods as 'CPO'.

94.2. Further, he also concerned himself in mis-declaration of goods by manipulating the actual documents for filing IGM with intent to help the importer M/s. TIL to evade Customs Duty. By such acts of omission and commission, the goods so imported by mis-declaring the same as CPO

became liable for confiscation and he rendered himself liable to penalty under Section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962.

SHRI SIDHANT AGARWAL, DIRECTOR OF M/S. GLENTECH INDUSTRIES PRIVATE LIMITED and M/s GVPL:

95. I find that Shri Sidhant Agarwal, Director of M/s. GIPL and M/s. GVPL, Singapore was the key person in the instant import of '*admixture of Crude Palm Oil, Palmolein and other Palm based oil*', by mis-declaring the same as Crude Palm Oil. M/s. GVPL, Singapore purchased and/or arranged purchase of the goods CPO, RBD and PFAD in Indonesia and sold to/changed the contracts to the name of M/s. TIWA, UAE/ M/s. TISPL, who in turn sold the goods to M/s. TIL., Mumbai, the importer and filer of W.H. Bills of Entry of the goods in the present case, as per the agreement between M/s. TIWA & M/s. GVPL. The said goods viz. CPO, RBD & PFAD were blended during voyage of the Vessels MT Gumuldur, CPO & RBD were blended during the voyage of MT Hong Hai6 and CPO & RBD were blended during the voyage of MT FMT EFES at the behest of charterer M/s. GIPL and M/s. GVPL (operational charterer). The importer, M/s. TIL filed the W.H. Bills of Entry, by mis-declaring the goods as CPO, by classifying the same under CTH 15111000. Further, after import of the goods into India, it was the responsibility of M/s. GIPL to sell the goods into Indian market.

95.1. Further, M/s. GIPL in connivance with M/s. TIL entered into agreement with respective vessel owners for transporting the goods into India. It was decided to blend the goods onboard during voyage of the vessel. Thus, Shri Sidhant Agarwal, Director of M/s. GIPL played active role in ensuring the blending of CPO, PFAD & RBD oil. The above act of import of goods by blending the crude and refined products right from planning, creation, monitoring and managing of all the operations was with a mala fide intention to evade Customs duty. Thus, he knowingly played an important role in effecting the said unscrupulous import which became liable to confiscation under Section 111(m) of the Customs Act, 1962. The acts of omission and commission on the part of Shri Sidhant Agarwal has rendered the imported goods (non-seized- cleared in past) liable for confiscation under Section 111(m) of the Customs Act, 1962. He had knowingly and intentionally caused to be made, signed or used documents relating to import of goods by mis-declaring it as CPO, which he knew or had reason to believe were false and incorrect in material particulars. Hence, the said act on his part rendered him liable for penalty under Section 112(a), 112(b) and 114AA of the Customs Act, 1962.

95.2. With regard to penalty under Section 117 of the Customs Act, 1962, I find that M/s. GIPL, wherein Shri Sidhant Agarwal played an active role, switched Bills of Lading and changed the correct description of the goods in the said Bills of Lading in order to evade the duties of customs, which has rendered Shri Sidhant Agarwal liable for penal action under Section 117 of the Customs Act, 1962.

SHRI SUDHANSU AGARWAL, REPRESENTATIVE AND EX-CEO OF M/S. GIPL:

96. I find that Shri Sudhanshu Agarwal, Representative and Ex-CEO of M/s. GIPL is looking after all the business affairs of the company. He used to execute business deals of M/s. GIPL, got business support through M/s. GVPL, which is parent company of M/s. GIPL M/s. GIPL entered into contract with the vessel owners to blend the different cargoes viz. CPO, RBD Palmolein and PFAD as discussed in foregoing paras and accordingly issued directions for blending of CPO, RBD & PFAD. He was in direct touch with Shri Amit Thakkar of M/s. TIL to obtain concurrence for blending of goods; and also appointed the surveyor, in agreement with M/s. TIL who approved the blending plan. He on behalf of M/s. GIPL, being operational charterer floated inquiry with the vessel broker for requirement of vessel with blending facility only.

96.1. Though the title of the goods always remained with M/s. TIL, he passed the orders/directions in connivance with M/s. TIL. M/s. GIPL in connivance with M/s. TIL imported the cargo after blending RBD, CPO, PFAD on board and indulged in bond to bond sale of the said imported cargo through vessel MT FMT Gumuldur which were mis-declared as CPO under CTH 15111000 instead of appropriate CTH 15119090 with an intent to evade the Customs duty by them as well as to make it marketable and to sell such goods in Indian market. By such acts of omission and commission the goods have been rendered liable for confiscation and he was actively involved in the import, warehousing, selling and purchasing of goods which he knew were liable for confiscation thereby rendering himself liable to penalty under section 112(a) and 112(b) of the Customs Act, 1962.

96.2. I find that he had knowingly and intentionally caused to be made, signed or used documents relating to import of goods by mis-declaring it as CPO, which he knew or had reason to believe were false and incorrect in material particulars. Hence, the said act on his part rendered him liable for penalty under Section 114AA of the Customs Act, 1962.

96.3. With regard to penal action under Section 117 of the Customs Act, 1962, I find that M/s. GIPL switched Bills of Lading and changed the correct description of the goods in the said Bills of Lading in order to evade the duties of customs, in which Shri Sudhanshu has played a crucial role, which has rendered him liable for penal action under Section 117 of the Customs Act, 1962.

ROLE OF SHRI AMIT THAKKAR, SENIOR MANAGER, M/S. TATA INTERNATIONAL LTD (AGRI DIVISION):

97. I find that Shri Amit Thakkar, Senior Manager, M/s. TIL (Agri Division) was aware of the fact that "RBD" and "PFAD" were loaded at Kuala Tanjung Port, Indonesia and CPO was loaded in DUMAI port and Phuket Port, Thailand. He was also aware that after blending, the original BLs were switched and were replaced by switched BLs, showing entire cargo as CPO. Despite the facts that he knew that the goods imported were not CPO, but an admixture of CPO, RBD and PFAD, BL and other documents,

showing import of CPO were submitted before the Customs Authority. He admitted that post blending of the goods onboard, the original Bills of Lading were switched to Global Bills of Lading, showing entire quantity as CPO.

97.1. Thus, Shri Amit Thakkar has played an active role in import of admixture of CPO, RBD and PFAD, by mis-declaring the same as CPO, classifying under CTH 15111000 instead of appropriate CTH 15119090 with an intent to evade the Customs duty. By such acts of omission and commission he has rendered the goods liable for confiscation and he was actively involved in acquiring possession, removing, storing, selling and purchasing of goods which has rendered him liable to penalty under section 112 (a) and 112(b) of the Customs Act, 1962.

97.2. He had knowingly and intentionally caused to be made, signed or used documents relating to import of goods by mis-declaring it as CPO, which he knew or had reason to believe were false and incorrect in material particulars. Hence, the said act on his part rendered him liable for penalty under Section 114AA of the Customs Act, 1962.

97.3. With regard to penal action under Section 117 of the Customs Act, 1962, I find that the M/s. GIPL in connivance with M/s. TIL switched Bills of Lading and changed the correct description of the goods in the said Bills of Lading in order to evade the duties of customs and as discussed Shri Amit Thakkar has played an active role therefore, he has rendered himself liable for penal action under Section 117 of the Customs Act, 1962.

ROLE OF SHRI SHRIKANT SUBBARAYAN, HEAD OF AGRI (BUSINESS) DIVISION, M/S. TIL (AGRI DIVISION):

98. I find that Shri Shrikant Subbarayan had given approval for finalizing the deal in providing Trade Facilitation to M/s. GVPL. He approved the final contract between M/s. TIL and M/s. GVPL to facilitate the latter in import of goods by way of mis-declaration and mis-classification of goods. He was aware of the purchase of CPO, RBD and PFAD in Indonesia, blending of all the three cargo onboard, preparation of manipulated documents. He was also aware that at the time of import the W.H. Bills of Entry were filed mis-declaring the goods as CPO, by classifying the same under CTH 15111000, though he knew that the goods imported is admixture of CPO, RBD and PFAD, which merits classification under CTH 15119090 (non –seized and cleared), with an intent to earn commission and evade the Customs duty. By such acts of omission and commission he has rendered himself liable to penalty under section 112 (a) and 112(b) of the Customs Act, 1962.

98.1. He had knowingly and intentionally caused to be made, signed or used documents relating to import of goods by mis-declaring it as CPO, which he knew or had reason to believe were false and incorrect in material particulars. Hence, the said act on his part rendered him liable for penalty under Section 114AA of the Customs Act, 1962.

98.2. With regard to penal action under Section 117 of the Customs Act, 1962, I find that Shri Shrikant Subbarayan abetted M/s. TIL and M/s. GIPL in switching Bills of Lading and changing the description of the goods in the said Bills of Lading in order to evade the duties of customs, which has rendered him liable for penal action under Section 117 of the Customs Act, 1962.

ROLE OF SHRI AMIT AGARWAL, ASSTT. VICE PRESIDENT, M/S. GLENTECH INDUSTRIES PRIVATE LIMITED & M/S. GLENTECH VENTURE PTE LTD., SINGAPORE:

99. I find that he was actively involved in purchase of imported cargo imported in the name of M/s. TIL., from overseas suppliers. Being Authorized Signatory of M/s. GIPL., he was instrumental in entering into the agreement for commodity supply and service agreement dated 09.03.2021 between M/s. GIPL & M/s. TIL. He was aware of the fact that CPO, RBD and PFAD were purchased from the overseas suppliers in Indonesia. He was also aware that the above goods were blended on board vessel. Being authorised signatory, he concerned himself in signing of charter party agreement with M/s Telcom International PTE Ltd and M/s. Oka Tankers PTE Ltd. As per the agreement, CPO was to be loaded from Dumai port and RBD and PFAD were to be loaded from Kuala Tanjung port. After loading the above goods, all the goods were blended on board. After blending, manipulated documents, switch BL was prepared, showing cargo as CPO, though it was an admixture of CPO, RBD and PFAD.

99.1. Thus, he was actively involved in the acts of omission and commission to assist the importer to import goods by mis-declaring the same as CPO, by classifying the same under CTH 15111000, though the goods imported was admixture of CPO, RBD and PFAD, which merits classification under CTH 15119090, with an intent to evade the Customs duty. The above act on his part rendered the goods liable for confiscation and rendered himself liable to penalty under section 112(a) and 112(b) of the Customs Act, 1962.

99.2. I find that he had knowingly and intentionally caused to be made, signed or used documents relating to import of goods by mis-declaring it as CPO, which he knew or had reason to believe were false and incorrect in material particulars. Hence, the said act on his part has rendered him liable for penalty under Section 114AA of the Customs Act, 1962.

99.3. With regard to penal action under Section 117 of the Customs Act, 1962, I find that Shri Amit Agarwal abetted M/s. TIL and M/s. GIPL in switching Bills of Lading and changing the description of the goods in the said Bills of Lading in order to evade the duties of customs, which has rendered him liable for penal action under Section 117 of the Customs Act, 1962.

M/s. SHEEL OIL & FATS PRIVATE LIMITED.

- 100.** I find that M/s Sheel Oil had purchased the 1960 MTs of said blended goods viz. admixture of CPO, RBD Palmolein, PFAD which were originally imported by M/s TIL by the way of mis-declaration and mis-classifying as CPO under CTH 15111000 in the W.H. B.E.s filed before Kandla Customs with intent to evade the appropriate duties of Customs. M/s. TIL had suppressed this information from Department while filing W.H.B.Es. Also, by entering into charter agreement as financial charterer they were aware that the blending on board vessel has to be undertaken in order to make it marketable in domestic market.
- 100.1.** Further, M/s. Sheel Oil cleared a portion of such imported goods having quantity of 1960 MTs of goods having assessable value of Rs. 17,08,96,764/- (Rupees Seventeen Crores Eight Lakhs Ninety Six Thousand Seven Hundred and Sixty Four only) by way of mis-declaring the same as 'CPO' in the Ex-Bond Bills of Entry filed by them and thus evaded Customs Duty amounting to Rs. 2,66,35,824/- (Two Crores Sixty Six Lakhs Thirty five Thousand Eight hundred and Twenty Four only) under the following Bills of Entries as per Annexure -C.
- 100.2.** M/s Sheel Oil being a buyer has the obligation to verify the source/antecedent of their supply. Thus, Onus was on the M/s Sheel Oil to perform due diligence before making purchase and subsequent clearance of goods from Warehouse by filing Ex-Bond BoE. Thus, in view of the omissions mentioned herein above, the differential duty of Rs. 2,66,35,824/- (Two Crores Sixty Six Lakhs Thirty five Thousand Eight hundred and Twenty Four only) has been short paid by them on account of suppression, mis-declaration and misclassification of goods in the respective Ex- Bond Bills of Entry and is due to be recovered from them. The acts of omission and commission on the part of M/s. Sheel Oil rendered the imported goods (non-seized – cleared in past) liable for confiscation under Section 111(d), 111(f), 111(l) and 111(m) of the Customs Act, 1962 and rendered themselves liable to penalty under Section 112(a), 112(b), 114A and 114AA, 117 of the Customs Act, 1962.
- 100.3.** However, in terms of fifth proviso to Section 114A of the Customs Act, 1962, once penalty is imposed under Section 114A no penalty is imposed under Section 112.
- 100.4.** Further Shri Mohan Goel, Krishna Goyal and Shubhal Goel, Directors of M/s. Sheel Oil and Fats Private Limited being Director has played a crucial role in the overall mis-declaration of good imported and cleared in the domestic market rendering them liable for penal action under Section 112(a), 112(b) and 114AA, 117 of the Customs Act, 1962. However, penal action under Section 114A is not invoked on Directors as the duty liability is fixed on M/s. Sheel Oil and Fats Pvt. Ltd.
- 101.** With regard to penal action under Section 132 of the Customs Act, 1962 against Capt. Shri Sanjay Kumar, Master of Vessel MT FMT Gumuldur, I find that action under Section 132 of the Customs Act, 1962 is beyond the scope of the instant adjudication proceedings.
- 102.** In view of the above discussion and findings, I hereby pass the following order:-

A. ORDER IN RESPECT OF M/s. SHEEL OIL and FATS PVT. LTD-

(i) I reject the declared value of the 1960T of imported goods (non-seized and cleared) imported vide vessel "FMT GUMULDUR V.202109 on account of mis-declaration and mis-classification of goods and order to take the total assessable value as Rs.17,08,96,764/- (Rupees Seventeen Crores Eight Lakhs Ninety Six Thousand Seven Hundred and Sixty Four only) for calculation of customs duty as detailed in Annexure C and as per the relevant Customs Tariff notifications as discussed in foregoing paras.

(ii) I reject the declared classification of the subject goods, i.e. 1960 MT of imported cargo vide vessels "FMT GUMULDUR V.202109 under CTH 15111000 in the Ex- Bond Bills of Entry as detailed in **Annexure – C** and order to re-classify the same under CTH 15119090 of the Customs Tariff Heading of the First Schedule to the Customs Tariff Act, 1975 and order to re-assess the Ex-Bond Bills of entry accordingly.

(iii) I order to confiscate the total imported goods(non-seized and cleared in the past) by way of mis-declaration and mis-classification under Section 111(m) of the Customs Act, 1962

Since the goods are not physically available for confiscation, I impose redemption fine of Rs.2,50,00,000/-(Rupees Two Crore Fifty Lakhs only) under Section 125 of the Customs Act, 1962.

(iv) I determine and confirm the Customs Duty Rs. 2,66,35,824/- (Rupees Two Crores Sixty Six Lakhs Thirty five Thousand Eight hundred and Twenty Four only) which is short paid on account of misclassification and mis-declaration in various Ex- Bond Bills of Entry for Home Consumption (non-seized and cleared) and order to recover the same from them under the provisions of Section 28(4) of the Customs Act, 1962, along with the applicable interest thereon under Section 28AA, ibid;

(v) I impose penalty equal to the duty plus interest confirmed at (iv) above under Section 114A of the Customs Act, 1962.

(vi) I don't impose penalty under Sections 112(a) and 112(b) of the Customs Act, 1962 in terms of fifth proviso to Section 114A of the Customs Act, 1962.

(vii) I impose penalty of Rs. 2,00,00,000/- (Rupees Two Crore only) under Section 114AA of the Customs Act, 1962.

(viii) I impose penalty of Rs. 4,00,000/- under Section 117 of the Customs Act, 1962.

B. ORDER IN RESPECT OF M/S. TATA INTERNATIONAL LIMITED-

(i) I impose penalty equal to Rs.10,00,000/-(Rupees Ten lakhs only) under Section 112(a) of the Customs Act, 1962

(ii) I impose penalty equal to Rs.15,00,000/-(Rupees Fifteen lakh only) under Section 112(b) of the Customs Act, 1962

(iii)I impose penalty equal to Rs. 2,00,00,000/- (Rupees Two Crore only) under Section 114AA of the Customs Act, 1962.

(iv) I impose penalty equal to Rs. 4,00,000/- (Rupees Four Lakhs only) under Section 117 of the Customs Act, 1962.

C. ORDER IN RESPECT OF M/s. GIPL-

(i) I impose penalty equal to Rs.10,00,000/-(Rupees Ten Lakhs only) under Section 112(a) of the Customs Act, 1962

(ii) I impose penalty equal to Rs.15,00,000/-(Rupees Fifteen Lakhs only) under Section 112(b) of the Customs Act, 1962

(iii)I impose penalty equal to Rs.2,00,00,000/-(Rupees Two Crore only) under Section 114AA of the Customs Act, 1962.

(iv) I impose penalty equal to Rs. 4,00,000/- (Rupees Four Lakhs only) under Section 117 of the Customs Act, 1962.

D. ORDER IN RESPECT OF M/S. TELCOM INTERNATIONAL PTE LTD.-

(i) I hold that the vessel MT FMT Gumuldur (non-seized- cleared in past), is not liable for confiscation under Section 115 of the Customs Act, 1962;

(ii) I impose penalty equal to Rs.5,00,000/-(Rupees Five lakhs only) under Section 112(a) of the Customs Act, 1962

(iii) I impose penalty equal to Rs.5,00,000/-(Rupees Five lakhs only) under Section 112(b) of the Customs Act, 1962

(iv)I impose penalty equal to Rs.10,00,000/-(Rupees Ten lakhs only) under Section 114AA of the Customs Act, 1962.

(v) I impose penalty equal to Rs. 2,00,000/- (Rupees Two Lakhs only) under Section 117 of the Customs Act, 1962.

E. PENALTIES IN RESPECT OF OTHER PERSONS-

I impose penalties against various persons (Co-noticees) under sections as given below:-

Sr .N o.	Name of the persons	Section 112(a)	Section 112(b)	Section 114AA	Section 117
1.	Shri Sidhant Agarwal	10,00,000/-(Ten Lakhs)	10,00,000/-(Ten Lakhs)	25,00,000/-(Twenty Five Lakhs)	2,00,000/-(Two Lakhs)
2.	Shri Sudhanshu Agarwal	10,00,000/-(Ten Lakhs)	10,00,000/-(Ten Lakhs)	25,00,000/-(Twenty Five Lakhs)	2,00,000/-(Two Lakhs)
3.	Shri Amit Agarwal	10,00,000/-(Ten Lakhs)	10,00,000/-(Ten Lakhs)	25,00,000/-(Twenty Five Lakhs)	2,00,000/-(Two Lakhs)
4.	Shri Shrikant Subbarayan	10,00,000/-(Ten Lakhs)	10,00,000/-(Ten Lakhs)	35,00,000/-(Thirty Five Lakhs)	1,00,000/-(One Lakh)

5.	Shri Amit Thakkar	10,00,000/-(Ten Lakhs)	10,00,000/-(Ten Lakhs)	35,00,000/-(Thirty Five Lakhs)	1,00,000/-(One Lakh)
6.	Capt. Shri Sanjay Kumar	2,00,000/-(Two Lakhs)	2,00,000/-(Two Lakhs)	2,00,000/-(Two Lakhs)	1,00,000/-(One Lakh)
7.	Shri Mohan Goel	10,00,000/-(Ten Lakhs)	10,00,000/-(Ten Lakhs)	25,00,000/-(Twenty Five Lakhs)	2,00,000/-(Two Lakhs)
8.	Shri Krishna Goel	10,00,000/-(Ten Lakhs)	10,00,000/-(Ten Lakhs)	25,00,000/-(Twenty Five Lakhs)	2,00,000/-(Two Lakhs)
9.	Shri Shubhal Goel	10,00,000/-(Ten Lakhs)	10,00,000/-(Ten Lakhs)	25,00,000/-(Twenty Five Lakhs)	2,00,000/-(Two Lakhs)

103. This order is issued without prejudice to any action that can be taken under any section of the Customs Act, 1962 including Section 132 of the Customs Act, 1962 or any other law for the time being in force.

(M. RAM MOHAN RAO)
