Public Notice No. 01 / 2025-26**Subject: Introduction of 'DRISHTI' (Export Sale-Proceeds Monitoring System) Software - reg.**

Attention of Exporters, Customs Brokers, and all stakeholders is invited to the 'RBI-BRC Module' introduced by the Board to effectively monitor realization of export sale proceeds for all Shipping Bills where the Let Export Order (LEO) was granted on or after 01.04.2014. However, issues relating to non-reporting of remittances by banks received in multiple parts, non-accounting of minor differences in forex realization due to bank charges, sales commission, etc., have come to be noticed, highlighting the absence of a provision to close cases after the exporter returns the proportionate drawback, etc.

2 . **Adani Port & SEZ, Mundra**, being a major port in the country, handles a large number of shipping bills in which Drawback / RoDTEP / RoSCTL is claimed. For ease of handling the monitoring of export proceeds for this large volume of shipping bills each year through the RBI-BRC module, a need was felt to develop a software solution. Accordingly, this Custom House has decided to roll-out an Export Sale-Proceeds Monitoring System/Software, namely 'DRISHTI', to effectively monitor the realization of export sale proceeds for the recovery of ineligible Drawback / RoDTEP / RoSCTL.

3. Henceforth, the officers of BRC Section will monitor the realization of export sale proceeds through the 'DRISHTI' software.

4 . The Custom House, Mundra, requests the support of the trade to ensure the effective resolution of issues related to the RBI-BRC module. Situation may arise that although full realization has occurred, the data may show non-realization or partial realization due to factors mentioned above. In such cases, where the exporter believes that full realization has occurred, or they have already submitted the copies of e-BRC or other documents, they are requested to upload the proof of the same in DRISHTI software.

5. The 'DRISHTI' module is effective for all shipping bills where the Let Export Order (LEO) date is on or after 01.04.2014. A list of IECs whose shipping bills are pending for realization with LEO dates between 01.04.2014 and 31.03.2024 is attached herewith. It may be noted this list is dynamic and additional details regarding exporters/IECs with shipping bills pending for realization for subsequent periods will be updated in the DRISHTI software. Exporters are requested to verify this information on the DRISHTI software. Exporters can register on the DRISHTI portal at <https://brc.mundracustoms.com> using their IEC number. Link of the DRISHTI portal is also available on the Custom House Mundra website i.e. <https://mundracustoms.gov.in/>. For first-time registration, exporters are required to click on 'Register as User' and subsequently enter their IEC number. Upon entering their IEC number, the IEC name, registered email ID, and mobile number linked to the IEC will be displayed on the portal. Exporters must then create a password, which will be used for future logins, and reconfirm the password. The provided details must be verified by entering the OTP received on the registered email ID and mobile number linked to the IEC. Thereafter, exporters are required to upload a PDF copy of their IEC certificate. Upon successful completion of the above steps, officers posted at the BRC Section will verify and approve the registration request accordingly.

6. In case the registered email ID and mobile number are not showing upon entering the IEC number, or if exporters face any difficulties while registering on the 'DRISHTI' portal, they are requested to email their IEC certificate along with the details in the following format to brc-mundra@gov.in :

Name of the exporter	
IEC	
Mobile No	
E-mail ID	
Complete Address	
Any other remark	

7. Upon successful registration on the DRISHTI portal, the exporter can log in and click on the 'See All Data' option. This will display a list of shipping bills for which the export proceeds have not been realized or have been partially realized. Subsequently, exporters are required to provide the relevant data, including the actual realized FOB value, bank charges, commission charges, etc., and upload one or more of the following supporting documents on the DRISHTI portal: -

Annexure (IEC Nos. for login into DRISHTI Portal)
