An appeal against this order shall lie before the Commissioner (A) on payment of 7.5% of the duty demanded where duty or duty and penalty are in dispute, or penalty, where penalty alone is in dispute.

BRIEF FACTS OF THE CASE

M/s. SHREEJI MET TRADE PLOT NO. 8/4, R.S. NO.61 PAIKI 2 KANSUMARA ROAD, B/H. ESSAR PETROL P JAMNAGAR 361004 (IEC: BAOPD7049B) (hereinafter referred to as the 'Importer'), has imported the following consignments of SHREDDED ZINC DIE CAST SCRAP SAVES AS PER ISRI, from JAPAN, wherein the supplier is M/s. DAIKI ALUMINIUM INDUSTRY CO., LTD 15F DAIBIRU HONKAN BUILDING 3-6-32 NAKANOSHIMA KITA KU

OSAKA 530-0005 JAPAN as detailed in Table-A below and for clearance thereof, filed Bill of Entry detailed in Table-B below through Customs Broker M/s. NEXUS SHIPTRANS PRIVATE LIMITED.

Table-A

Sr. No.	Bill of Lading	Description of goods	Gross Qty. (KG)	COO of goods	Invoice No. & date (3 Invoices)
1	A11GX08121 dated 21.08.2026	SHREDDED ZINC DIE CAST SCRAP SAVES AS PER ISRI	20820.000 KGS	JAPAN	X265297 dated 26.08.2026

Table-B

Sr. No.	BE & Date	Gross Qty (Kgs)	Invoice value (USD)	BE filed by CB
1	3949905 dated 23.09.2026	20820.000	61250.85	M/s. NEXUS SHIPTRANS PRIVATE LIMITED

2. However, before doing goods registration in the above Bills of Entry, the Importer approached Customs vide letter dated 22.09.2026 informing that the above consignments have been imported without Pre-shipment Inspection Certificates and requested to have their consignments inspected by a DGFT-approved Pre-Shipment Inspection Agency.

3. Imports into India and exports out of India are regulated by Foreign Trade Policy notified by Government of India under Section 5 of the Foreign Trade (Development & Regulation) Act, 1992, as amended. Procedures to be followed by an exporter or importer or by any Licensing/Regional Authority or by any other authority for purposes of implementing provisions of FT (D&R) Act, and FTP are contained in Handbook of Procedures issued by Director General of Foreign Trade (DGFT) under Para 1.03 of FTP. Further, Para 2.32 of Foreign Trade Policy (FTP for short), read with Para 2.51 of Handbook of Procedures, requires that any consignment of any form of metallic waste or scrap coming to India is subjected to Inspection by a Pre-Shipment Inspection Agency, notified for the purpose by the Directorate General of Foreign Trade, to confirm that the consignment does not contain hazardous, toxic waste, radioactive contaminated waste/scrap containing radioactive material, any type of arms, ammunition, mines, shells, live or used cartridge or any other explosive material in any form, either used or otherwise. Para 2.32 of FTP and relevant clauses of Para 2.51 of Handbook of Procedures are reproduced below.

Para 2.32 of Foreign Trade Policy:

Import of any form of metallic waste, scrap will be subject to the condition that it will not contain hazardous, toxic waste, radioactive contaminated waste/scrap containing radioactive material, any types of arms, ammunition, mines, shells, live or used cartridge or any other explosive material in any form either used or otherwise as detailed in Para 2.51 of Handbook of Procedures.

Para 2.51 (d) of Handbook of Procedures (which deals with Scrap in un-shredded from)

(d) Import of un-shredded compressed and loose form of metallic waste, scrap shall be subject to the following conditions:

(i) At the time of the clearance of goods, importer shall furnish to the Customs pre shipment inspection certificate as per the format in Appendix 2H from any of the Inspection& Certification agencies given in Appendix-2G to the effect that the consignment does not contain any type of arms, ammunition, mines, shells, cartridges, or any other explosive material in any form either used or otherwise, and that the consignment was checked for radiation level and it does not contain radiation level (gamma and neutron) in excess of natural background. The certificate shall give the value of background radiation level at that place as also the maximum radiation level on the scrap.

4. Therefore, provisions of Para 2.32 of FTP and Para 2.51 (d)(i) of Handbook of Procedures (HBoP) make it clear that any metallic scrap being imported into India is required to be inspected for presence of arms/ammunition and radioactive contaminated waste before shipment into India and the Importer has to produce a certificate in prescribed format (Appendix 2H) confirming these facts. DGFT notifies the agencies that can carry out such inspections in Appendix 2G to HBoP.

5. Since the goods covered under the Bill of Lading listed in Table-A above have been imported into India without the valid PSIC certificate, the impugned goods are liable for confiscation under Section 111(d) of the Customs Act, 1962, for having been imported in contravention of provisions of Foreign Trade (Development & Regulation) Act, 1992 read with relevant provisions of FTP and HBoP. Further, since the Importer M/s. SHREEJI MET TRADE have failed to follow the procedure prescribed under Foreign Trade Policy for import of metallic scrap, they have rendered the goods liable for confiscation under Section 111(d) and are thus liable for penalty under Section 112(a)(i) of the Customs Act, 1962.

6. As per the request for destination inspection, the goods were allowed to be inspected by a DGFT-approved PSIA post-import. The consignment was inspected by M/s. NMCI INSPECTIONS & SURVEY COMPANY PVT LTD, 2ND FLOOR, PLOT NO 59/C, SECTOR 29, VASHI, NAVI MUMBAI, 400705, India at Mundra Port, Gujarat and Post-Shipment Inspection Certificate No. NMCI/MTIUS/C/26-27/3115 dated 29.09.2026 was issued. As per the said certificate, the consignment is SHREDDED ZINC DIE CAST SCRAP/SAVES AS PER ISRI HS CODE: 79020010. The consignment does not contain any arms, ammunition, mines, shells, cartridges, or any other explosive material in any form, whether used or otherwise, and it was checked for radiation level and does not have radiation levels (gamma and neutron) in excess of natural background. The radiation level of the consignment is within the accepted range and is fit for export to India.

RECORD OF PERSONAL HEARING AND SUBMISSION OF IMPORTER

7. Importer vide letter dated 29.09.2026 had, inter alia, conveyed their willingness to pay any penalty/fine and requested waiver of the Show Cause Notice and Personal Hearing.

DISCUSSION AND FINDING

8.1 I have carefully gone through the facts of the case. I find that M/s. SHREEJI MET TRADE PLOT NO. 8/4, R.S. NO. 61, PAIKI 2, KANSUMARA ROAD, B/H. ESSAR PETROL P JAMNAGAR 361004 (IEC: BAOPD7049B) and for customs clearance thereof, one Bill of Entry No. 3949905 dated 23.09.2026 has been filed. However, instead of proceeding for customs clearance, the Importer approached Customs, informing that the consignment of metallic scrap was imported without a Pre-Shipment Inspection Certificate due to procedural and system-related constraints and the unavailability of the nominated surveyors in Japan. Now, I find that goods were imported into India without a PSIC certificate. I also find that the Importer waived their right to a Show Cause Notice and Personal Hearing.

8.2 Now, I take up the above matter in detail. I find that the goods imported vide the said Bill of Entry required a compulsory PSIC certificate for import into India, in terms of the guidelines issued by DGFT in para 2.51, 2.52 & 2.53 of the Handbook of Procedure 2023. However, in the present case, the importer has voluntarily informed that the consignments were not accompanied by PSIC due to the unavailability of the nominated surveyors in Japan; however, as per DGFT guidelines, PSIC must accompany the imported consignment.

8.3 Since goods were imported into India without a PSIC certificate, the impugned goods have been imported without authorisation and therefore are liable for confiscation under Section 111(d) of the Customs Act, 1962, and for this act of omission and commission, the importer is liable for penalty under Section 112(a) of the Customs Act, 1962. Since the Importer has submitted the Post PSIC certificate No. NMCI/MTIUS/C/26-27/3115 dated 29.09.2026 issued by M/s. NMCI INSPECTIONS & SURVEY COMPANY PVT LTD, 2ND FLOOR, PLOT NO 59/C, SECTOR 29, VASHI, NAVI MUMBAI, 400705, India, on 30.09.2026. After getting permission from the competent authority, the goods can be cleared for home consumption under Section 125(1) of the Customs Act, 1962.

9. Accordingly, I pass the following order:

ORDER

I. I order for confiscation of the impugned goods i.e. 20820 Kgs (SHREDDED ZINC DIE CAST SCRAP/SAVES AS PER ISRI HS CODE: 79020010) having Assessable Value of Rs. 59,29,082/- sought clearance under Bill of Entry No. 3949905 dated 23.09.2026, under Section 111(d) of the Customs Act, 1962. However, I give the importer an option under Section 125(1) of the Customs Act, 1962, to redeem the said goods on payment of a redemption fine of Rs.15,000/- (Rupees Fifteen Thousand only).

II. I impose a penalty of Rs. 10,000/- (Rupees Ten Thousand only) on Importer M/s. SHREEJI MET TRADE PLOT NO. 8/4, R.S. NO. 61, PAIKI 2, KANSUMARA ROAD, B/H. ESSAR PETROL P JAMNAGAR 361004 (IEC: BAOPD7049B) under Section 112(a)(i) of the Customs Act, 1962.

10. This Order is issued without prejudice to any other action that may be taken against the Importer or others in respect of the imported goods under the provisions of the Customs Act, 1962 or any other law for the time being in force in India.
