**BRIEF FACTS OF THE CASE**

M/s. GRAVITA INDIA LIMITED, Survey No. 41/1,41/2,43,44,46/1,46/ Near National Highway 8A, Patri Gun, Gundala-370410 (IEC- 1394007311) (hereinafter referred to as the 'Importer'), have imported following consignment of Lead Scrap from Jordan Country wherein the supplier is M/s BOSTON WHOLESALE OF RECYCLING NON METAL SCRAP & WASTE TR. LLC, YARD NO. S308 SAJJA INTERNAL STREET, BEHIND AL DHAID STREET, SAJJA, SHARJAH, UAE and for clearance thereof, filed Bill of Entry detailed in Table-B below through Customs Broker M/s. SHAKTI FORWARDERS PVT LTD.

Table-A

|---|---|---|---|---|---|
| 1 | AMN0120926 Dated 04.08.2026 | Lead Scrap as per ISRI Rails (MOEF No. 23/77/2022-HSM dt. 15.05.2025), HSN CODE: 85491100 | 47500 KGS | Jordan | BOST/260601 dated 26.07.2026 |

Table-B

| Sr. No. | BE & Date | Gross Qty (Kgs) | CIF value (USD) | BE filed by CB |
|---|---|---|---|---|
| 1 | 3450937 dated 29.08.2026 | 47500 | 59768.10 | M/s. SHAKTI FORWARDERS PVT LTD |

2. However, before doing goods registration in the above Bill of Entry, the Importer approached Customs vide letter dated 27.08.2026 informing that the above consignment had been imported without Pre-Shipment Inspection Certificate (PSIC) and requested to have the consignment inspected by DGFT approved Pre-Shipment Inspection Agency.

3. Imports into India and exports out of India are regulated by Foreign Trade Policy notified by Government of India under Section 5 of the Foreign Trade (Development & Regulation) Act, 1992, as amended. Procedures to be followed by an exporter or importer or by any Licensing/Regional Authority or by any other authority for purposes of implementing provisions of FT (D&R) Act, and FTP are contained in Handbook of Procedures issued by Director General of Foreign Trade (DGFT) under Para 1.03 of FTP. Further, Para 2.32 of Foreign Trade Policy (FTP for short) read with Para 2.51 of Handbook of Procedures, requires that any consignment of any form of metallic waste or scrap coming to India is subjected to Inspection by a Pre-Shipment Inspection Agency, notified for the purpose by Directorate General of Foreign Trade, for confirming that the consignment does not contain hazardous, toxic waste, radioactive contaminated waste/scrap containing radioactive material, any types of arms, ammunition, mines, shells, live or used cartridge or any other explosive material in any form either used or otherwise. Para 2.32 of FTP and relevant clauses of Para 2.51 of Handbook of Procedures are reproduced below.

**Para 2.32 of Foreign Trade Policy:**

*Import of any form of metallic waste, scrap will be subject to the condition that it will not contain hazardous, toxic waste, radioactive contaminated waste/scrap containing radioactive material, any types of arms, ammunition, mines, shells, live or used cartridge or any other explosive material in any form either used or otherwise as detailed in Para 2.51 of Handbook of Procedures.*

**Para 2.51 (d) of Handbook of Procedures (which deals with Scrap in un-shredded**

**from)**

*(d) Import of un-shredded compressed and loose form of metallic waste, scrap shall be subject to the following conditions:*

*(i) At the time of the clearance of goods, importer shall furnish to the Customs pre shipment inspection certificate as per the format in Appendix 2H from any of the Inspection& Certification agencies given in Appendix-2G to the effect that the consignment does not contain any type of arms, ammunition, mines, shells, cartridges, or any other explosive material in any form either used or otherwise, and that the consignment was checked for radiation level and it does not contain radiation level (gamma and neutron) in excess of natural background. The certificate shall give the value of background radiation level at that place as also the maximum radiation level on the scrap.*

4. Therefore, provisions of Para 2.32 of FTP and Para 2.51 (d)(i) of Handbook of Procedures (HBoP) make it clear that any metallic scrap being imported into India is required to be inspected for presence of arms / ammunition and radioactive contaminated waste before shipment into India and the Importer has to produce a certificate in prescribed format (Appendix 2H) confirming these facts. The agencies which can carry out such inspections are notified by DGFT in Appendix 2G to HBoP.

5. Since, the goods covered under the Bill of Lading listed in Table-A above have been imported into India without the valid PSIC certificate, the impugned goods are liable for confiscation under Section 111(d) of the Customs Act, 1962, for having been imported in contravention of provisions of Foreign Trade (Development & Regulation) Act, 1992 read with relevant provisions of FTP and HBoP. Further, since the Importer M/s. Gravita India Limited have failed to follow the procedure prescribed under Foreign Trade Policy for import of metallic scrap, they have rendered the goods liable for confiscation under Section 111(d) and are thus liable for penalty under Section 112(a)(i) of the Customs Act, 1962.

6. As per request of the Importer vide letter dated 27.08.2026, the goods, allowed to be inspected by PSIA post import and RMS facilitated by Customs was conducted. The consignments have been inspected by PSIA- M/s. NMCI Inspections & Survey Company Pvt, Ltd., 2nd Floor, Plot No 59/C, Sector 29, Vashi, Navi Mumbai -400705, Maharashtra, India at Mundra Port, Gujarat & issued certificate no. NMCI/MTIUS/C/26-27/2371 on 09.09.2026. As per PSIC issued by said PSIA the import consignments are- LEAD SCRAP AS PER ISRI: RAILS (HS CODE: 85491100) TOTAL N/W: 47.435 MT. The consignment does not contain any type of arms, ammunition, mines, shells, cartridges, or any other explosive material in any form, either used or otherwise, and that the consignment was checked for radiation level and it does not have radiation levels (gamma and neutron) in excess of natural background. The radiation level of the consignment is within the accepted range and is fit to be exported to India.

-

**RECORD OF PERSONAL HEARING AND SUBMISSION OF IMPORTER**

7. Importer vide letter dated 27.08.2026 had, inter-alia, conveyed their

willingness to pay any penalty / fine and requested for waiver of Show Cause Notice and Personal Hearing.

**DISCUSSION AND FINDING**

8.1 I have carefully gone through the facts of the case. I find that M/s. GRAVITA INDIA LIMITED, Survey No. 41/1,41/2,43,44,46/1,46/Near National Highway 8A, Patri Gun, Gundala-370410 (IEC- 1394007311) and for customs clearance thereof, one Bill of Entry (as detailed in Table-B) has been filed. However, instead of proceeding for customs clearance, the Importer approached Customs, informing that the consignment of Lead Scrap as per ISRI Rains had been imported without Pre-Shipment Inspection Certificate due to procedural and system-related constraints and unavailability of the nominated surveyors in Jordan. I find that the goods were imported into India without a PSIC certificate. I also find that the Importer waived their right to a Show Cause Notice and Personal Hearing.

8.2 Now, I take up the above matter in detail. I find that the goods imported vide the said Bill of Entry required a compulsory PSIC certificate for import into India, in terms of the guidelines issued by DGFT in para 2.51, 2.52 & 2.53 of the Handbook of Procedure 2023. However, in the present case, the Importer has voluntarily informed that the consignment was not accompanied by PSIC due to procedural and system-related constraints and unavailability of the nominated surveyors in Jordan; however, as per DGFT guidelines, PSIC must accompany the imported consignment.

8.3 Since the goods were imported into India without a PSIC certificate, the impugned goods have been imported without authorisation and therefore are liable for confiscation under Section 111(d) of the Customs Act, 1962, and for this act of omission and commission, the Importer is liable for penalty under Section 112(a) of the Customs Act, 1962. Since the Importer has submitted the Post PSIC certificate no. NMCI/MTIUS/C/26-27/2371 on 09.09.2026 issued by PSIA- M/s. NMCI Inspections & Survey Company Pvt, Ltd., 2nd Floor, Plot No 59/C, Sector 29, Vashi, Navi Mumbai -400705, Maharashtra, India at Mundra Port, Gujarat on 09.09.2026 after getting approval from the Competent Authority, the goods can be cleared for home consumption under Section 125(1) of the Customs Act, 1962.

9. Accordingly, I pass the following order:

**ORDER**

I. I order for confiscation of the impugned goods i.e. 47500 Kgs (Lead Scrap as per ISRI Rails) having Assessable Value of Rs. 57,67,852/- sought clearance under Bill of Entry No. 3450937 dated 29.08.2026, under Section 111(d) of the Customs Act, 1962. However, I give the Importer an option under provision of Section 125(1) of the Customs Act, 1962, to redeem the said goods on payment of redemption fine of Rs.15,000/- (Rupees Fifteen thousand only).

II. I impose a penalty of Rs. 10,000/- (Rupees Ten Thousand only) on Importer M/s. GRAVITA INDIA LIMITED, Survey No. 41/1,41/2,43,44,46/1,46/ Near National Highway 8A, Patri Gun, Gundala-370410 (IEC- 1394007311) under Section 112(a)(i) of the Customs Act, 1962.

10. This Order is issued without prejudice to any other action that may be taken against the Importer or other in respect of the imported goods under the provisions of the Customs Act, 1962 or any other law for the time being in force in India.

Digitally signed by (Dipak Zala)
Additional Commissioner
Customs House, Mundra
