BRIEF FACTS OF THE CASE

The consignments covered under the aforesaid Bills of Entry were flagged pursuant to NCTC Alert No. 2025-26/IMP/2597 dated 06.08.2025, which indicated potential risks of mis-declaration and concealment of prohibited or restricted goods. The importer, M/s. BCM Enterprises (IEC: GMNPS5095A), is a Delhi-based firm that filed the Bills of Entry on a self-filing basis. The consignment pertains to Bills of Entry 3688498 dated 04.08.2025, a container bearing number MSBU7320077 currently lying at FAST TRACK CFS Pvt. Ltd., Adani Port SEZ.

The table below summarizes the goods as described on the invoice, packing list, and BE 3688498 dated 04.08.2025:

Sr. No.	Product Name / Description	CTNS/PLT	QTY	UQC	N.W. (KG)	G.W. (KG)

	TOTAL	1107			27420	27900

The consignments were examined on 21.08.2025 and 22.08.2025 at the SEZ unit of Fast Track CFS Pvt. Ltd., Adani Port in the presence of Shri Chirag Sudhakar More, Deputy Manager (Operations), Fast Track CFS, and Shri Narendra Singh Gamubha Jadeja, Authorized Representative of M/s. BCM Enterprises. The container MSBU7320077 (BE 3688498), and TLLU8729058 (BE 3688539) was placed at the designated inspection area for examination.

External inspection revealed no signs of tampering or hidden cavities, and all seal numbers matched those declared in the respective Bills of Lading. The container was

then **opened, destuffed**, and goods were **arranged and examined** in detail against the corresponding invoice, packing list, and Bill of Entry to verify **quantity, weight, description, and packing marks**.

2. Action taken: - Examination findings:

Regarding Bill of Entry (BE) 3688498 dated 04.08.2025, the declared weight is 27,900 kgs. The SEZ Unit weight slip shows 29,680 kgs, and the weight found during examination is 29,656 kgs. The following observations are made during the examination, which compared the BE and the packing list.

Table-A

Sr. No.	Product Name	declared CTNS	declared QTY	Mark	Found CTNS	Found QTY	Remarks

7	SUBMERSIBLE PUMP	664	3720 pcs		282	1128 PCS, 4420 KGS	2592 PCS less

On item-wise verification, **Polyester knitted fabric is misdeclared, as 580 rolls weighing 16,650 kgs are found against the declaration of only 25 cartons (659 kgs), showing an excess of 555 rolls**. In the case of zippers, only 100 cartons (2,700 kgs) are found against 280 cartons (8,527 kgs) declared, reflecting a shortage of 180 cartons. In the case of studs, a misdeclaration is detected – 27 cartons containing clipper assemblies and

alloy nuts are found in place of 24 cartons (842 kgs) of studs declared, thereby establishing misdeclaration and undeclared goods. For differential pillets, 3 cartons with 150 pcs (3,550 kgs) are found as against 105 pcs declared, showing an excess of 45 pcs. Submersible pumps also reflect misdeclaration, with 282 cartons containing 1,128 pcs (4,420 kgs) found against 664 cartons with 3,720 pcs declared, indicating a shortage of 2,592 pcs.

In the case of the Polyester Knitted Fabric, the exact nature and characteristics of the material cannot be ascertained through visual examination. Accordingly, **representative samples are drawn in triplicate** for laboratory testing to determine the precise nature and composition of the goods, in the presence of the aforementioned persons.

3. Investigations Conducted:-

3688498 dated 04.08.2025:-

After that the sample sent for testing purpose to CRCL, Kandla vide test memo no. 177/26.08.2025 dated 27.08.2025. The CRCL, Kandla vide Lab No : 4912 dated 16.09.2025 reported the findings as detailed in Table below:-

3.2 Test Report in respect of BE no. 3688498 dated 04.08.2025 was shared with the importer vide e-mail dated 25.09.2025 and the importer not submitted any reply in this matter. As per the test report, the goods have been found to be "Non-texturized polyester filament woven fabric" falling under HS Code 540761. Four digits Heading 5407 pertains to "**Woven fabric of synthetic filament yarn, including woven fabrics obtained from materials of heading 5404**". Under HS Code 540761 (which pertains to containing 85% or more by weight of non-textured polyester filament), three CTH are there, 54076110 (Polyester Shirtings), 54076120 (Polyester Suitings) and 54076190 (Other), duties in all these CTH are same.

The importer has declared the goods as "**Polyester Knitted Fabrics**" under CTH **60063400** and as per the test report, the goods have been described as "**Non-texturized polyester filament woven fabric**". Though there is variation in description declared by the importer, both these fall under different CTH and accordingly, duty may be calculated based on the correct classification of the imported goods.

Sr. No.	B/E No. and date	Report

3.3 As per the test reports and Customs Tariff, most appropriate CTH for the goods imported by the importer appears to be declared as above are not correct. The correct classification of the goods are as under:-

Table-B

Sr. No	BE No. & Container Number	Description of Goods - As per Test Report	Correct HSN
1	BE no. 3688498 dated 04.08.2025 MSBU7320077	"Non-texturized polyester filament woven fabric"	54076190

In view of the above, Shri Rahul Sharma, proprietor of M/s. BCM Enterprises, in his statement dated 25.09.2025 has accepted the test report. Accordingly, it appears that the importer has misclassified and misdeclared the goods in respect of their nature, composition, description and quantity. The imported goods, declared as "**Polyster Knitted Fabric (CTH 60063400)**" in the said Bill of Entry, thus appear to be **incorrectly declared**.

3.4 The importer declared the goods as "**Decorative Accessories (CTH 95059090)**", which fall under the category of festive, carnival, or other entertainment articles. However, upon physical examination, it was found that the goods were actually **artificial flowers (CTH 67021090)**. Although there is a variation in the description and the goods fall under different Customs Tariff Headings (CTH), the rate of duty applicable under both classifications is the same.

3.5 Rejection of declared value & Redetermination of Assessable Value:

Rule 3 of the Customs Valuation (Determination of Price of Imported Goods) Rules, 2007 (hereinafter referred to as "the CVR, 2007") provides the method of valuation. Rule 3(1) of the CVRs, 2007 provides that subject to Rule 12, the value of imported goods shall be the transaction value adjusted in accordance with provisions of Rule 10. Rule 3(4) ibid states that if the value cannot be determined under the provisions of sub-rule (1), the value shall be determined by proceeding sequentially through Rule 4 to 9 of CVR, 2007. Whereas, it appears that, transaction value in terms of Rule 3 of the CVR, 2007, is to be accepted only where there are direct evidences with regard to the price actually paid or payable in respect of the imported goods by the importer. Whereas, in the present case, it appears that, there is reasonable doubt regarding the truth and accuracy of the declared value as the goods have been found to be misdeclared in terms of quantity, and hence the transaction value appears to be liable to be rejected in terms of Rule 12 of the CVR, 2007. Since the items found during the examination with no specification, the valuation of the same could not be determined in

terms of Rule 4 to 8 of the CV Rules, *ibid*. Therefore, valuation of the goods appears liable to be done under residual method of valuation provided under Rule 9 of the CV Rules *ibid* and accordingly, opinion of the empanelled Chartered Engineer was sought for determination of the value of the imported goods. The Chartered Engineer vide his Report No. – VC/CFS/MUN/BE/@TKS697936*/3688498/X/2025-26 Date: 10/10/2025 has suggested the value of the imported goods as 86,533.25 USD as detailed in Table-C below:-

3.6. On the basis of CE report, the Assessable Value of the goods imported by the importer comes to Rs. 65,09,497/- as follows:-

3.7. The duty on the imported goods requires re-determination based on the applicable rates. Accordingly, there appears to be a case of non/short levy of Customs duty as declared by the importer. The details of duty re-determined/calculated on the basis of test reports are furnished in **Table-F** below:-

3.8. Statement of Shri Rahul Sharma, proprietor, M/s. BCM Enterprises, G-79, Vijay Chowk, Office No. B-104, Laxmi Nagar, Delhi – 110092, recorded on 25.09.2025, He perused the CRCL, Kandla, test reports no. 4912 dated 16.09.2025 and agreed with the findings given in report. In the statement, he inter-alia stated that:-

- The proprietor, in his statement, agreed with the examination findings and stated that the shortage appeared to have occurred due to an error or omission at the supplier's end, as the actual shipment did not match the quantities declared in the invoice and shipping documents. In respect of **Fabric**, which was found in **huge excess – 580 rolls (16,650 kgs)** against the declared **25 cartons (659 kgs)**, he explained that the excess quantity seemed to have been shipped **inadvertently by the overseas supplier**, and he had **no prior knowledge** of the excess at the time of filing the Bill of Entry.
- In view of the repeated mis-declarations observed across all three Bills of Entry, including shortages, excess quantities, undeclared items, and substitution of goods, the proprietor stated that they had no role in these discrepancies and were unaware of any mis-declarations at the time of filing the Bills of Entry. He further explained that the

discrepancies appeared to have arisen due to miscommunication and lapses at the supplier's end.

- When asked to clarify whether the discrepancies were due to a supplier's error, intentional misdeclaration, or any other reason, the proprietor stated that the discrepancies were solely due to errors on the part of the supplier. He further affirmed that there was no intention to misdeclare or conceal any goods and submitted the relevant purchase orders and correspondence with the supplier to substantiate his explanation.
- When asked whether he accepted the findings of the examination report regarding shortages, excess quantities, and mis-declarations under all three Bills of Entry, and whether he was willing to accept the revised classification, valuation, and pay applicable duty, fine, and penalty, the proprietor stated that they accept the findings of the Customs examination report. He further confirmed that they are willing to accept the revised classification and valuation as determined by Customs and undertake to pay all applicable duty, fine, and penalty as may be imposed. He also requested that the matter be settled without issuance of a Show Cause Notice and personal hearing.
- During the course of the statement, he stated that he had perused the test reports received from CRCL, Kandla, and confirmed that he fully agrees with the findings mentioned therein.

- a. who, in relation to any goods, does or omits to do any act which act or omission would render such goods liable to confiscation under section 111, or abets the doing or omission of such an act, or
 - (b) who acquires possession of or is in any way concerned in carrying, removing, depositing, harbouring, keeping, concealing, selling or purchasing, or in any other manner dealing with any goods which he knows or has reason to believe are liable to confiscation under section 111,

shall be liable,-

- i.
- ii. in the case of dutiable goods, other than prohibited goods, subject to the provisions of section 114A, to a penalty not exceeding ten per cent. of the duty sought to be evaded or five thousand rupees, whichever is higher:

114AA. Penalty for use of false and incorrect material. –

If a person knowingly or intentionally makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document which is false or incorrect in any material particular, in the transaction of any business for the purposes of this Act, shall be liable to a penalty not exceeding five times the value of goods.

(C) Relevant Provisions of Customs Valuation (Determination of Value of Imported Goods) Rules, 2007:

"Rule 4. Transaction value of identical goods. - (1) (a) Subject to the provisions of rule 3, the value of imported goods shall be the transaction value of identical goods sold for export to India and imported at or about the same time as the goods being valued;

.....

(3) In applying this rule, if more than one transaction value of identical goods is found, the lowest such value shall be used to determine the value of imported goods.

"Rule 5. Transaction value of similar goods . - (1) Subject to the provisions of rule 3, the value of imported goods shall be the transaction value of similar goods sold for export

to India and imported at or about the same time as the goods being valued:

Provided that

(2) *The provisions of clauses (b) and (c) of sub-rule (1), sub-rule (2) and sub-rule (3), of rule 4 shall, mutatis mutandis, also apply in respect of similar goods.*

Rule 12. Rejection of declared value . - (1) *When the proper officer has reason to doubt the truth or accuracy of the value declared in relation to any imported goods, he may ask the importer of such goods to furnish further information including documents or other evidence and if, after receiving such further information, or in the absence of a response of such importer, the proper officer still has reasonable doubt about the truth or accuracy of the value so declared, it shall be deemed that the transaction value of such imported goods cannot be determined under the provisions of sub-rule (1) of rule 3.*

5. Summary of Investigations Conducted:

5.1 The consignment covered under the aforesaid Bill of Entry was flagged pursuant to NCTC Alert No. 2025-26/IMP/2597 dated 06.08.2025, indicating potential risks of mis-declaration and concealment of prohibited or restricted goods. The importer, M/s. BCM Enterprises (IEC: GMNPS5095A), a Delhi-based firm, had filed the Bill of Entry on a self-filing basis. consignment pertains to Bills of Entry 3688498 dated 04.08.2025, a container bearing number MSBU7320077 currently lying at FAST TRACK CFS Pvt. Ltd., Adani Port SEZ. The examination of the consignments was conducted on 21.08.2025 at the SEZ unit of Fast Track CFS Pvt. Ltd., Adani Port.

5.2. Whereas, on item-wise verification, polyester knitted fabric is misdeclared, as 580 rolls weighing 16,650 kgs are found against the declaration of only 25 cartons (659 kgs), showing an excess of 555 rolls. In the case of zippers, only 100 cartons (2,700 kgs) are found against 280 cartons (8,527 kgs) declared, reflecting a shortage of 180 cartons. In the case of studs, a misdeclaration is detected – only 3 cartons containing clipper assemblies and alloy nuts are found in place of 24 cartons (842 kgs) of studs declared, thereby establishing misdeclaration and undeclared goods. For differential pillets, 3 cartons with 150 pcs (3,550 kgs) are found as against 105 pcs declared, showing an excess of 45 pcs. Submersible pumps also reflect misdeclaration, with 282 cartons containing 1,128 pcs (4,420 kgs) found against 664 cartons with 3,720 pcs declared, indicating a shortage of 2,592 pcs.

5.3 For BE 3688498 dated 04.08.2025, the imported samples were sent to **CRCL, Kandla** for testing (Test Memos 177, Lab Nos. 4912). As per the test report, the goods have been found to be "Non-texturized polyester filament woven fabric" falling under HS Code 540761. Four digits Heading 5407 pertains to "**Woven fabric of synthetic filament yarn, including woven fabrics obtained from materials of heading 5404**". Under HS Code 540761 (which pertains to containing 85% or more by weight of non-textured polyester filament), three CTH are there, 54076110 (Polyester Shirtings), 54076120 (Polyester Suitings) and 54076190 (Other), duties in all these CTH are same.

The importer has declared the goods as "**Polyester Knitted Fabrics**" under CTH **60063400** and as per the test report, the goods have been described as "**Non-texturized polyester filament woven fabric**". Though there is variation in description declared by the importer, both these fall under different CTH and accordingly, duty calculate as per correct classification of the imported goods.

Further aslo, the importer declared the goods as "**Decorative Accessories (CTH 95059090)**", which fall under the category of festive, carnival, or other entertainment articles. However, upon physical examination, it was found that the goods were actually **artificial flowers (CTH 67021090)**. Although there is a variation in the description and the goods fall under different Customs Tariff Headings (CTH), the rate of duty applicable under both classifications is the same.

5.4 These facts have been admitted in his statement by Shri Rahul Sharma, proprietor of M/s BCM Enterprises, Delhi, recorded on 25.09.2025, confirmed that he has reviewed the CRCL, Kandla test reports Nos. 4912 & and fully agrees with their findings. He stated that the shortages and excesses observed in the Bills of Entry, including polyester knitted fabric is misdeclared, as 580 rolls weighing 16,650 kgs are found against the declaration of only 25 cartons (659 kgs), showing an excess of 555 rolls, arose due to errors or omissions by the overseas supplier, and he had no prior knowledge of these discrepancies at the time of filing. He denied any intention to misdeclare or conceal goods, submitted purchase orders and correspondence to substantiate his explanation, and accepted the findings of the Customs examination report. He further confirmed his willingness to accept the revised classification, valuation, and pay all applicable duty, fines, and penalties, while requesting settlement without issuance of a Show Cause Notice or personal hearing.

5.5. Thus, by the act of omission and commission at the level of importer, it appears that, the importer has contravened the provisions of Section 46 and Section 17 of the Customs Act, 1962, in as much as, they failed to make correct and true declaration and information to the Customs Officer in the form of Bill of Entry and also failed to assess their duty liability correctly and accordingly the goods imported by the importer appear liable to be confiscation under Section 111(l) and Section 111(m) of the Customs Act, 1962 and the importer M/s. BCM Enterprises have rendered themselves liable for penalty under Section 112(a)(ii) of the Customs Act, 1962. Further, it appears that the importer has used Bill of Lading, invoices and packing list while filing Bill of Entry, these documents contain incorrect or false material particulars regarding the quantity, and description of the goods imported by them. Accordingly, the importer appears to have rendered themselves liable for penalty under Section 114AA of the Customs Act, 1962.

6. Shri Rahul Sharma, proprietor of M/s BCM Enterprises, in his statement recorded on 25.09.2025, has affirmed that he fully concurs with the findings detailed in the examination report as well as the laboratory test reports. He clarified that the shortages and excesses observed in the respective Bills of Entry occurred due to inadvertent errors or omissions on the part of the overseas supplier. Shri Sharma further stated that he had no prior knowledge of these discrepancies at the time of filing the Bills of Entry and that there was no intention on his part to misdeclare or conceal any information. He also expressed his complete willingness to accept the revised customs classification and valuation of the goods as determined by the authorities. Moreover, he confirmed his readiness to pay all applicable customs duties, fines, and penalties arising from these discrepancies. In this context, Shri Sharma requested that the matter may be settled administratively, without the need for issuance of a Show Cause Notice or the conduct of a personal hearing, relying on the bona fide nature of the discrepancies and his proactive approach to compliance.

PERSONAL HEARING AND SUBMISSIONS

7. The importer M/s. BCM Enterprises vide letter dated 13.11.2025 has submitted the following:

"..... we submit that we had imported goods vide Bill of Lading No. MEDUOT158690 Dated 17/07/2025 HBL NO 177GBLBN5C803A Dated 17/07/2025 and filed Bill of Entry No. 3688498 Dated 04/08/2025

The valuation of the said goods has been duly carried out by a Chartered Engineer (CE). We hereby confirm that we fully agree with and accept the value determined by the Chartered Engineer.

We also request your kind office to waive the issuance of Show Cause Notice (SCN) and Personal Hearing (PH), and to decide the matter on merits,

....."

DISCUSSION AND FINDINGS

8. I have carefully gone through the records of the case and Investigation Report No. 167 dated 13.11.2025. The importer vide letter dated 13.11.2025 has requested for waiver of Show Cause Notice and personal hearing in the matter. Thus, I find that the principles of natural justice as provided under Section 122A of the Customs Act, 1962 have been complied with and I proceed to decide the case on the basis of documentary evidence available on record. The main issues to be decided are:

- (i)** Whether the declared description "Polyester Knitted Fabric" and classification CTH 60063400 for the item Sr. No. 1 of Bill of Entry No. 3688498 dated 04.08.2025 are liable to be rejected and the same are liable to be re-classified as "Non-texturized polyester filament woven fabric" under CTH 54076190 as per the test report;
- (ii)** Whether the declared assessable value of **Rs. 14,73,173/-** for the goods under Bill of Entry No. 3688498 dated 04.08.2025 is liable to be rejected under Rule 12 of CVR, 2007 and re-determined as **Rs. 65,09,497/-** as per the Chartered Engineer valuation report in terms of Rule 9 of CVR, 2007;
- (iii)** Whether the Bill of Entry No. 3688498 dated 04.08.2025 requires re-assessment under Section 17(4) of the Customs Act, 1962 to levy the re-determined duty;
- (iv)** Whether the goods are liable for confiscation under Section 111(l) and Section 111(m) of the Customs Act, 1962;
- (v)** Whether penalty under Section 112(a)(ii) and 114AA of the Customs Act, 1962 is imposable on the importer M/s. BCM Enterprises;

9.1 Regarding the first issue, I find that the importer vide Bill of Entry No. 3688498 dated 04.08.2025 has declared the item at Sr. No. 1 as "Polyester Knitted Fabric" under CTH 60063400. However, representative samples were sent to CRCL, Kandla for testing vide Test Memo No. 177/26.08.2025 dated 27.08.2025. The test report Lab No. 4912 dated 16.09.2025 identified the goods as "Non-texturized polyester filament woven fabric" composed of polyester filament yarn (non-textured), with GSM (As such) = 105.83, Width (Selvedge to Selvedge) = 153 cm, it other than knitted fabrics.

9.2 I find that the declared description "Polyester Knitted Fabric" does not accurately describe the actual goods imported. The test report clearly establishes that the goods are "Non-texturized polyester filament woven fabric" which is fundamentally different from the declared description. The critical distinction is that the actual goods are woven fabric, not knitted fabric as declared. These characteristics were not reflected in the declared description.

9.3 I find that as per the test report and Customs Tariff, the most appropriate CTH for

the goods imported by the importer is CTH 54076190 (Other). Heading 5407 pertains to "Woven fabric of synthetic filament yarn, including woven fabrics obtained from materials of heading 5404". Under HS Code 540761 (which pertains to containing 85% or more by weight of non-textured polyester filament), three CTH are there, 54076110 (Polyester Shirtings), 54076120 (Polyester Suitings) and 54076190 (Other), duties in all these CTH are same. The importer had declared the goods as "Polyester Knitted Fabrics" under CTH 60063400 and as per the test report, the goods have been described as "Non-texturized polyester filament woven fabric". Though there is variation in description declared by the importer, both these fall under different CTH and accordingly, duty may be calculated based on the correct classification of the imported goods.

9.4 I find that Shri Rahul Sharma, proprietor of M/s. BCM Enterprises, was informed of the test report on 25.09.2025 and subsequently accepted the findings in his statement dated 25.09.2025. Accordingly, it appears that the importer has misclassified and misdeclared the goods in respect of their nature, composition and description.

9.5 In view of the above, I hold that the declared description "Polyester Knitted Fabric" and declared classification CTH 60063400 are liable to be rejected and the same are to be re-classified as "Non-texturized polyester filament woven fabric" under CTH 54076190 as per the test report findings.

10.1 Regarding the second issue, I find that the declared assessable value was **Rs. 14,73,173/-** for the goods covered under Bill of Entry No. 3688498 dated 04.08.2025. However, based on the examination, significant discrepancies were found between the declared quantity and the actual quantity found during examination. The examination found excesses in Fabric 580 rolls (16,650 KGS) against 25 CTNS (659 KGS) declared, an excess of 555 rolls, and shortages for Zipper (100 CTNS against 280 CTNS declared), and in the case of studs, a misdeclaration is detected, only 3 cartons containing clipper assemblies and alloy nuts are found in place of 24 cartons (842 kgs) of studs declared, thereby establishing misdeclaration and undeclared goods. For differential pillets, 3 cartons with 150 pcs (3,550 kgs) are found as against 105 pcs declared, showing an excess of 45 pcs. Submersible pumps also reflect misdeclaration, with 282 cartons containing 1,128 pcs (4,420 kgs) found against 664 cartons with 3,720 pcs declared, indicating a shortage of 2,592 pcs.

10.2 I find that since the goods found on examination differ significantly from the declared goods in terms of description, quantity and nature, the declared value cannot be accepted as the true transaction value. As per Rule 12 of CVR, 2007, when the proper officer has reason to doubt the truth or accuracy of the value declared in relation to any imported goods, and after receiving further information or in the absence of a response, the proper officer still has reasonable doubt about the truth or accuracy of the value so declared, it shall be deemed that the transaction value of such imported goods cannot be determined under the provisions of sub-rule (1) of rule 3.

10.3 I find that as per Rule 3(4) of CVR, 2007, if the value cannot be determined under the provisions of sub-rule (1), the value shall be determined by proceeding sequentially through Rules 4 to 9. The subject consignment comprises goods and in the absence of credible data of import of similar/identical goods due to unique quality of goods and other constraints, the value of these goods cannot be determined under Rules 4 to 8 of CVR, 2007.

10.4 I find that accordingly, the value is to be determined under Rule 9 (Residual method) of CVR, 2007. The empanelled Chartered Engineer was engaged for valuation purposes and vide CE Report No. VC/CFS/MUN/BE/@TKS697936*/3688498/X/2025-26 dated 10.10.2025, has provided the valuation of the goods. The Chartered Engineer has determined that the suggestive CIF value of the goods is **Rs. 65,09,497/-**. The

importer vide letter dated 13.11.2025 has accepted the Chartered Engineer valuation report.

10.5 I find that the declared assessable value was **Rs. 14,73,173/-**, whereas the re-determined assessable value as per the Chartered Engineer report is **Rs. 65,09,497/-**, showing an undervaluation of **Rs. 50,36,324/-**. This significant undervaluation, mis-declaration of description and quantity, clearly establishes that the declared value is not acceptable.

10.6 In view of the above, I hold that the declared assessable value of **Rs. 14,73,173/-** is liable to be rejected under Rule 12 of CVR, 2007 and the value is re-determined at **Rs. 65,09,497/-** in terms of Rule 9 of CVR, 2007 based on the Chartered Engineer valuation report dated 10/10/2025.

11.1 Regarding the third issue, I find that Section 17(4) of the Customs Act, 1962 provides that "*where it is found on verification, examination or testing of the goods or otherwise that the self-assessment is not done correctly, the proper officer may, without prejudice to any other action which may be taken under this Act, re-assess the duty leviable on such goods.*" In the present case, I find that the self-assessment is incorrect and incomplete as it is based on wrong classification, incorrect quantity, and undervalued goods. The declared value has been rejected and re-determined as **Rs. 65,09,497/-** as discussed above. The duty liability needs to be re-calculated based on the re-determined assessable value.

11.2 I find that as per the re-determined assessable value of **Rs. 65,09,497/-**, the duty liability is as follows:

Sr. No.	Item Description	Total Re-determined Assessable Value (In Rs.)	BCD (in Rs.)	SWS (in Rs.)	IGST (In Rs.)	Total Re-determined Duty (In Rs.)	Declared Duty (In Rs.)	Differential Duty (In Rs.)
1	Various goods as mentioned in Table-F, supra	65,09,497/-	26,36,179/-	2,63,618/-	6,63,347/-	35,63,144/-	4,73,697/-	30,89,447/-

11.3 Therefore, I hold that Bill of Entry No. 3688498 dated 04.08.2025 is liable to be re-assessed under Section 17(4) of the Customs Act, 1962 and the total re-determined duty liability is **Rs. 35,63,144/-** as against the declared duty of **Rs. 4,73,697/-**, resulting in differential duty of **Rs. 30,89,447/-** (Rupees Thirty Lakh Eighty Nine Thousand Four Hundred Forty Seven Only).

12.1 Regarding the fourth issue, I find that Section 111(l) of the Customs Act, 1962 provides for confiscation of "*any dutiable or prohibited goods which are not included or are in excess of those included in the entry made under this Act, or in the case of baggage in the declaration made under section 77.*" In the present case, I find that the importer declared 25 CTNS / 659 KGS of Polyester Knitted Fabric in the Bill of Entry. However, on examination 580 rolls / 16,650 KGS of Non-texturized polyester filament woven fabric were found, resulting in an excess of 555 rolls. Further, significant excesses and shortages were found in other items as well. This clearly establishes that there were excess goods which were not included in the entry made under the Act.

12.2 I find that Section 111(m) of the Customs Act, 1962 provides for confiscation of "*any goods which do not correspond in respect of value or in any other particular with the entry made under this Act or in the case of baggage with the declaration made under Section 77 in respect*

thereof, or in the case of goods under transhipment, with the declaration for transhipment referred to in the proviso to sub-section (1) of section 54." I find that in the present case, the goods do not correspond with the entry made in the Bill of Entry in multiple respects i.e. classification, description, quantity and value. I find that the importer has violated Section 46(4) of the Customs Act, 1962 by not making a true declaration as to the contents of the Bill of Entry. Further, the importer has violated Section 46(4A) of the Customs Act, 1962 by not ensuring the accuracy and completeness of the information given in the Bill of Entry. The significant discrepancies in classification, description, quantity, and value clearly establish that the declaration made was false and incorrect.

12.3 I find that the importer acts of omission and commission have rendered the goods liable to confiscation. The excess quantity, mis-declaration of classification and description, and significant undervaluation collectively establish that the goods do not correspond with the entry made under the Act. Therefore, I hold that the goods imported vide Bill of Entry No. 3688498 dated 04.08.2025 having re-determined assessable value of **Rs. 65,09,497/-** are liable for confiscation under **Section 111(l)** and **Section 111(m)** of the Customs Act, 1962.

12.4 Further, I note that as per Section 125(1) of the Customs Act, 1962, in case of confiscation of goods other than prohibited goods, an option to pay fine in lieu of confiscation shall be given to the owner. In the present case, since the imported goods are not prohibited goods, I find it appropriate to give the importer an option to redeem the confiscated goods on payment of appropriate redemption fine under **Section 125** of the Customs Act, 1962.

13.1 Regarding the fifth issue, I find that Section 112(a)(ii) of the Customs Act, 1962 provides for penalty in the case of dutiable goods, other than prohibited goods, on any person who, in relation to any goods, does or omits to do any act which act or omission would render such goods liable to confiscation under section 111. In the present case, I find that the importer has imported mis-classified, mis-declared and undervalued goods with differential duty liability of **Rs. 30,89,447/-**. The importer acts of declaring wrong classification, declaring incorrect quantity, and significant undervaluation have rendered the goods liable to confiscation under Section 111(l) and Section 111(m) of the Customs Act, 1962. These acts of omission and commission attract penalty under **Section 112(a)(ii)** of the Customs Act, 1962.

13.2 I find that Section 114AA provides for penalty for "use of false and incorrect material". In the present case, the importer has used invoices and packing list while filing Bill of Entry, and examination revealed significant discrepancies regarding the actual nature and particulars of the goods, including mis-declaring the classification, incorrect quantity, and significantly undervaluing the goods.

13.3 In the present case, I find that the importer knowingly suppressed material facts regarding the actual nature and particulars of the goods, including misdeclaring the classification, stating an incorrect quantity, and significantly undervaluing the goods, resulting in an undervaluation of **Rs. 50,36,324/-**. I find that the importer used invoices and a packing list while filing the Bill of Entry; these documents contain incorrect or false material particulars regarding the classification, quantity, and value of the imported goods, which are material particulars affecting both duty liability and assessment. Further, the importer concealed the actual quantity of the imported goods, thereby suppressing information about the excess goods. This suppression of material facts regarding the classification, description, quantity, and value of the goods, and the significant undervaluation, constitutes the use of false and incorrect material particulars in documents filed for Customs purposes, thereby attracting a penalty under **Section 114AA** of the Customs Act, 1962.

13.4 Therefore, I find that penalties under **Sections 112(a)(ii)** and **114AA** of the Customs Act, 1962 are imposable upon the importer M/s. BCM Enterprises.

ORDER

14. In view of the foregoing discussion and findings, I pass the following order:

(i) I order to reject the declared description "Polyester Knitted Fabric" and classification CTH 60063400 in respect of item Sr. No. 1 of the Bill of Entry No. 3688498 dated 04.08.2025 and order re-classification of the said item as "Non-texturized polyester filament woven fabric" under CTH 54076190 as per the test report dated 16.09.2025 issued by the CRCL, Kandla;

(ii) I order to reject the declared assessable value of **Rs. 14,73,173/-** in respect of goods covered under Bill of Entry No. 3688498 dated 04.08.2025 under Rule 12 of the Customs Valuation (Determination of Value of Imported Goods) Rules, 2007 and order re-determination of assessable value at **Rs. 65,09,497/-** (Rupees Sixty Five Lakh Nine Thousand Four Hundred Ninety Seven Only) in terms of Rule 9 of CVR, 2007;

(iii) I reject the self-assessment of Bill of Entry No. 3688498 dated 04.08.2025 and order to re-assess the same under Section 17(4) of the Customs Act, 1962. The total re-determined duty liability is **Rs. 35,63,144/-** (Rupees Thirty Five Lakh Sixty Three Thousand One Hundred Forty Four Only). The differential duty on the imported goods comes out to **Rs. 30,89,447/-** (Rupees Thirty Lakh Eighty Nine Thousand Four Hundred Forty Seven Only);

(iv) I order to confiscate the imported goods covered under Bill of Entry No. 3688498 dated 04.08.2025 having re-determined assessable value of **Rs. 65,09,497/-** (Rupees Sixty Five Lakh Nine Thousand Four Hundred Ninety Seven Only), under **Sections 111(l)** and **111(m)** of the Customs Act, 1962. However, I give option to the importer to redeem the said goods for home consumption under **Section 125** of Customs Act, 1962 on payment of Redemption Fine of **Rs. 6,50,000/-** (Rupees Six Lakh Fifty Thousand Only);

(v) I impose penalty of **Rs. 3,00,000/-** (Rupees Three Lakh Only) on the importer M/s. BCM Enterprises under **Section 112(a)(ii)** of Customs Act, 1962;

(vi) I impose penalty of **Rs. 1,00,000/-** (Rupees One Lakh Only) on the importer M/s. BCM Enterprises under **Section 114AA** of Customs Act, 1962.

15. This order is issued without prejudice to any other action that may be taken against the importer or any other person under the provisions of the Customs Act, 1962 or any other law for the time being in force in the Republic of India.
