SHOW CAUSE NOTICE

(UNDER SECTION 124 READ WITH SECTION 28(4) OF THE CUSTOMS ACT, 1962)

WHEREAS IT APPEARS THAT,

The information gathered by the Directorate of Revenue Intelligence(referred as 'DRI' hereinafter) indicated that M/s. Tata International Limited, Office No. 11, Ground Floor, Plot No. 40, Sector 8, Gandhidham, Kachchh-370201 (IEC 388024291), (herein after referred as 'M/s TIL' for sake of brevity), have imported 20300 MTs goods consisting of 75% RBD Olein (i.e. Refined Bleached and Deodorised Palm Olein) by mis-declaring the same as "Crude Palm Oil (Edible Grade) in Bulk" (herein after referred to as 'CPO') in the vessel "MT-Distya Pushti", at Deendayal Port, Kandla with intent to evade Customs duty. The intelligence also indicated that a Singapore based trading entity M/s. Glentech Ventures PTE Ltd. Singapore (referred as 'M/s. GVPL' hereinafter) (Indian sister concern M/s. Glentech Industries Private Limited(referred as 'M/s. GIPL')), whose operations were managed by Shri Sudhanshu Agarwal and was looking into purchase of the said cargo from Indonesian Mill Owners and sell to M/s. TIWA, UAE(referred as 'M/s. TIWA' hereinafter) who in turn would sell the consignment to its Indian Counterpart/sister concern M/s. TIL, India. It was also gathered that Master of the vessel along with the Chief Officer of the vessel had manipulated the documents related to the said consignment on the vessel for mis-declaration of the goods.

2. Acting on the said intelligence, the vessel "MT-Distya Pushti" was boarded by the Officers of DRI, Gandhidham Regional Unit along with officers of Customs House, Kandla and Chemical Examiner, CRCL, Kandla under Panchnama dated 02/03.01.2022 **[RUD No. 01]**. During the course of search/rummaging of the vessel, various documents such as (1) Pre cargo meeting documents, (2) Manifest, (3) Mate receipt, (4) Tanker Bill of Lading at Port of Kuala Tanjung, Indonesia, (6) Statement of the Facts, (7) Notice of readiness, (8) Letter of Protest showing 69 MTs shortage of loaded RBD Olein, (9) Testing and sampling reports were taken and placed in a file marked as "Made up file containing e-mail printouts and print outs of ledgers, Pro-forma Invoices, Sales Contract etc." and the same were retrieved alongwith other documents, as mentioned in the Panchnama dated 02/ 03.01.2021.

2.1 Shri Bhaskar, Master of the Vessel "MT-Distya Pushti" also provided the STOWAGE plan of the vessel and informed that there were 16 Tanks for storage of the cargo in the Vessel. Out of the 16 tanks only 15 were loaded with cargo having quantity around 20300 MT and one tank was empty. During the course of Panchnama , printouts of documents/files available in computer system

installed in ship's office were taken. During scrutiny of the files available in the ship's office of the vessel, two documents namely pre cargo meeting for Dumai Port, Indonesia and Kuala Tanjung port, Indonesia which were containing description of cargo as CPO and RBD Palmolein & PFAD respectively were found. Shri Jyotiyana Kulmohit, Chief Officer of the vessel MT Distya Pushti confirmed that the said documents pertained to the cargo loaded on the vessel. During search, the Master of the vessel, Shri Bhaskar informed that their management team of M/s. Phelix Shipping Ventures Pvt. Ltd had directed them not to disclose the actual load port documents to anyone. During the course of rummaging, a sealed packet was found in the cabin of the Chief Officer who stated that the said packet contained the actual load port documents having correct description and other particulars. The said envelope was marked as "VOY-07/2021, DUMAI & KUALA TANJUNG, CPO, RBD & PFAD, NOT TO BE USED, FOR REFERENCE ONLY". The documents contained in the said sealed packet were having description of goods as CPO for Dumai Port and RBD Palm Olein & PFAD for Kuala Tanjung port. The documents contained in the sealed packet were placed in a made-up file marked as Made-Up File-2.

2.2 The DRI and Customs officers again boarded the vessel 'MT-Distya Pushti' and examined the cargo in the presence of master of the vessel and others under Panchnama dated 03/04.01.2022 **[RUD No. 02]** to draw representative samples from each of the 15 tanks in triplicate in which the cargo imported by M/s. TIL., had been stored. During Panchnama total 45 representative samples (03 from each tank) from 15 tanks were drawn and sealed with CUSTOM lac seal.

2.3 Another simultaneous search was carried out by DRI officers on 02.01.2022 under running Panchnama dated 02.01.2022 **[RUD No.03]** at the residence premises of Shri Sudhanshu Agarwal situated at House No. 801, Earth Court-1, Jaypee Greens, Greater Noida, Gautam Budh Nagar - 201308 (UP) and office premises of M/s.GIPL, situated at No. 508, 5th Floor, Wegmans Business Park, Plot No. 3, Sector-Knowledge Park-III, Surajpur Kasna Main Road, Greater Noida, Gautam Budh Nagar-201308 (UP). During the course of search, various documents as mentioned in the Panchnama were withdrawn for further investigation.

2.4 During Panchnama proceeding Shri Sudhanshu Agarwal informed that he looks after the work of four companies namely M/s.GIPL (engaged in trading of Mentha Oil and Palm Oil), M/s. GVPL (engaged in facilitating activity related to charter vessel to M/s. TIL), M/s. Glentech Global Ltd. and M/s. Pt Glentech Global Resources, Indonesia.

2.5 Another simultaneous search was carried out by DRI officers on 03.01.2022 under Panchnama dated 03.01.2022 **[RUD No.04]** at the office premises of M/s. Midas Tankers Pvt. Ltd & M/s. Phelix Shipping Ventures Pvt. Ltd., both situated at 617, the Great Eastern Galleria, Nerul Sector 4, Navi Mumbai 400706. During the Panchnama proceedings the e-mail id accounts@phelixship.com in respect of the office correspondence of M/s. Midas Tankers Pvt. Ltd was opened and print outs of certain emails were taken and placed in two made up files.

2.5.1 During the Panchnama proceedings, on being inquired about the documents viz. Bill of Lading and other shipping documents, Shri Sanjay

1/1826522/2024

Ganpat Shedekar informed that the same are available at the premises of M/s. Phelix Shipping Ventures Pvt Ltd., situated at 207 of The Great Eastern Galleria. The premises of M/s. Phelix Shipping Ventures Pvt. Ltd., situated at 207 of The Great Eastern Galleria were also searched. During the Panchnama proceedings, printouts relevant to the inquiry were taken from the mail id: technical@phelixships.com. During the Panchnama ,printouts relevant to the inquiry were taken out from the mail id operations@midasship.com and the same were resumed under Panchnama dated 03.01.2022.

2.6 TESTING OF SAMPLES:

2.6.1 The said vessel contained 15 tanks of imported goods. The samples from each tank were systematically drawn under above Panchnama dated 03/04.01.2022. These samples along with the samples handed over by the captain of the vessel 'MT Distya Pushti', during his statement dated 02/03.01.2022 were sent to CRCL, Vadodara for testing. After analysis of the samples, test reports No. RCL/2242 to RCL/2260 of samples were submitted by the Chemical Examiner. **[RUD No. 05]**.

2.6.2 On perusal of the test report of the sample "Slop P" **[RUD No. 06]**, which was handed over by the Captain of the vessel during his statement dated 02/03.01.2022, describing the same as "PFAD", it appears that the goods have the characteristics of Palm Fatty Acid Distillate (PFAD).The parameters are as under: -

1.	Moisture content	= 0.05%
2.	Saponification value	= 200.6
3.	Iodine Value	= 52.7
4.	Acid Value	= 208.5
5.	Free Fatty Acid <i>(As Palmitic Acid)</i>	= 95.1%

Image1: Scanned image of Test Report issued by CRCL Vadodara.

Perusal of the above test report confirms that PFAD was loaded on the vessel at load port.

2.6.3 Similarly, on perusal of the test report of the sample “7P” **[RUD No. 07]**, which was handed over by the captain of the vessel during his statement dated 02/03.01.2022, describing the same as “RBD”, it appears that the goods meet the requirement of RBD Palmolein.

As per the opinion offered in the aforementioned test report submitted by the Head/ Chemical Examiner, C.Ex. & Customs Laboratory i.r.o. sample "7P", reveals that "*the sample meets the requirement of RBD Palmolein*". Perusal of the above test report confirms that the sample meets the requirement of RBD Palmolein and accordingly it appears that the RBD Palmolein was loaded on the vessel at load port.

2.6.4 The samples of the goods imported by declaring the same as CPO were drawn under Panchnama dated 03/04.01.2022. As per the opinion offered by

1/1826522/2024

the Head/ Chemical Examiner, C.Ex., & Customs Laboratory Vadodara in the test report of the sample "7S/S-1" [RUD No. 08], "the sample does not meet the requirement of Crude Palm Oil & Palm Oil (Raw)". It is further submitted that the "Carotenoids content in the sample is below the limit; Palm Oil normally contains 500-700 ppm carotenoids. In view of the above it is concluded that sample u/r is an admixture of Crude Palm Oil, Palmolein and other palm based oil".

It is pertinent to mention here that the same opinion was offered by the Head/ Chemical Examiner, CRCL in respect of other samples drawn from the respective 15 tanks under Panchnama dated 03/04.01.2022.

Therefore, it is safe to conclude that all the samples are admixture of Crude Palm Oil, Palmolein and other palm-based oil in the test report. For better comprehension, the scanned image of one of the test reports is reproduced below:

Image3: - Scanned image of one of test reports given by Head/ Chemical Examiner Gr.I, C.Ex. & Customs, Vadodara.(remaining all reports attached in RUDs)

The perusal of the test reports suggest that the goods imported by M/s. TIL, by declaring the same as Crude Palm Oil, do not conform to the parameters of Crude Palm Oil & Palm Oil (raw), but is an admixture of Crude Palm Oil, Palmolein and other palm based oil. The test reports of other samples drawn under Panchnama dated 03/04.01.2022 confirms that in all the samples, the Carotenoid content is below the limit. Thus, from the test reports, it appears that M/s. TIL have mis-declared the goods imported by them as Crude Palm Oil.

2.6.5 From the test reports as discussed hereinabove, it appears that the goods imported by M/s. TIL by declaring the same as Crude Palm Oil do not possess the characteristics of Crude Palm Oil, but, is an admixture of Crude Palm Oil, Palmolein and other palm based oil. On the contrary, from the test report of samples handed over by the Captain of the vessel, it appears that RBD and PFAD were also loaded on the vessel at load ports. Thus, it appears that the goods imported by M/s. TIL is not Crude Palm Oil but is an admixture of Crude Palm Oil, Palmolein and other palm-based oil, but, in order to escape from the payment of duties at higher rates, M/s. TIL have knowingly declared the goods as CPO.

2.7. FILING OF BILLS OF ENTRY:

2.7.1 M/s. TIL filed 83 Bills of Entry all dated 16.12.2021. On perusal of the details of Bills of Entry it appears that M/s. TIL have filed above Bills of Entry by declaring the goods as "CRUDE PALM OIL (EDIBLE GRADE) IN BULK" and have classified the product under CTH 15111000. The declared quantity is 20300.234 MT and assessable value was Rs. 203,84,62,207/-.

2.8 Seizure and Provisional Release of imported goods vide 'MT Distya Pushti':

2.8.1 The evidences/documents, gathered/recovered during Panchnama dated 02/03.01.2022, prima-facie suggest that 4999.869 MT CPO was loaded from Dumai Port, Indonesia and 15000.225 MT Refined Bleached Deodorised Palmolein (RBD Palmolein) and 300.140 MT Palm Fatty Acid Distillate (PFAD) were loaded from Kuala Tanjung Port, Indonesia on the said vessel "MT Distya Pushti". The preliminary investigation revealed that blending of the above goods was done on the vessel during its voyage from Kuala Tanjung Port, Indonesia to Kandla Port, India in the ratio of 24.7% CPO, 74.1% RBD and 1.2% PFAD.

2.8.2 Thus, it appeared that the importer M/s. TIL have mis-declared the goods as "Crude Palm Oil (Edible Grade) and imported by classifying the same under CTH 15111000. However, on preliminary investigation, it appeared that the goods imported by M/s. TIL fall under CTH 15119090 and not under 15111000. Thus, it appeared that the goods imported by M/s. TIL, imported vide 83 Bills of Entry, by mis-declaring the same as CPO were in contravention of provisions of the Customs Act, 1962 and therefore rendered the goods (non-seized- cleared) in past liable for confiscation under Section 111 of the Customs Act, 1962. Further, the said vessel MT Distya Pushti (IMO No. 9179127), which was used for transportation of the said mis-declared cargo also became liable for confiscation under the provisions of Section 115(2) of the Customs Act, 1962. Therefore, the said 20300.234 MT goods, having declared assessable value of Rs. 203,84,62,207/-, imported by M/s. TIL, under the said

83 Bills of Entry and also the vessel MT Distya Pushti, having insured value of Rs. 57,35,40,000/- were placed under seizure under Section 110(1) of the Customs Act, 1962, vide Seizure Memo F. No. CUS/SIIB/FUP/1/2022-SIIB-O/o Commr-Cus-Kandla dated 14.01.2022, issued by the Preventive Officer, Custom House, Kandla.

2.8.3 The goods imported and seized under Panchnama dated 02/03.01.2022 under section 110 of the Customs Act, 1962 were provisionally released on execution of PD Bond of an amount of Rs. 206,73,59,038/- and Bank Guarantee of an amount of Rs. 20,67,35,904/- on the request of the importer M/s. TIL, vide letter F. No. CUS/SIIB/FUP/1/2022-SIIB-O/o Commr-Cus-Kandla dated 03.02.2022.

2.9. SCRUTINY OF DOCUMENTS/RECORDS:

During investigation searches were conducted at various premises and statements of various persons were recorded. During searches incriminating documents were recovered/retrieved. During recording of statements also some documents were produced. The scrutiny of the records/documents revealed that the importer had imported 15000 MT RBD, 5000 MT CPO and 300 MT PFAD, which were procured/purchased from the suppliers in Indonesia. The scrutiny of relevant documents is discussed herein below: -

2.9.1 SCRUTINY OF DOCUMENTS RESUMED FROM THE OFFICE PREMISES OF M/S. GLENTECH INDUSTRIES PVT. LTD:

The office premises of M/s. GIPL, 508, 5th Floor, Wegmans Business Park, Plot No. 3, Knowledge Park-III, Greater Noida, UP was searched under Panchnama dated 02.01.2022 and documents as mentioned in the Panchnama were resumed. These documents contained purchase and sales invoices and various other documents such as COO certificates etc.

SCRUTINY OF INVOICES

2.9.1.2 File marked at Sr. No. 7 of the Annexure-A to the above Panchnama dated 02.01.2022 [RUD NO.3] contains documents pertaining to purchase of imported goods in Indonesia. M/s. TIWA had purchased 4999.868 MT CPO, 15000 MT RBD and 300 MT PFAD in Indonesia. The details of the few invoices is as under: -

2.9.1.3 Page No. 85 of the above mentioned file is an invoice bearing No. CPO/I/004 showing purchase of 2499.869 MT Crude Palm Oil (Edible Grade) in Bulk. The above goods were purchased by M/s. M/s. TIWA had purchased 4999.868 MT CPO, 15000 MT RBD and 300 MT PFAD in Indonesia. However, in the sales invoice, they have shown sale of 15300.365 MT CPO and 4999.869 MT CPO to M/s. TIL. Thus, it appears that in order to hide the actual identity of the goods, the importer has manipulated the documents to show import of CPO instead of CPO, RBD and PFAD, actually imported by them, in order to escape from the payment of higher rate of Customs duties. For better comprehension, a flowchart depicting movement of goods under different invoices i.r.o. consignment imported vide vessel 'MT Distya Pushti V.MID-DP-07/21' is as below: -

PART II

1. WARRANTY.

(a) The Owner shall, before and at the commencement of the voyage, exercise due diligence to make the Vessel seaworthy, properly manned, equipped, and supplied for and during the voyage, and to make the pipes, pumps, and heater coils tight, staunch, and strong, in every respect fit for the voyage, and to make the tanks, holds, and other spaces in which cargo is carried fit and safe fit its carriage and preservation.

(b) It is understood that if the tank or tanks, into which the particular cargo covered by this Charter is to be placed, upon testing prove to be defective the Owner undertakes to execute the necessary repairs, provided repairs can be effected within 24 hours and at reasonable expense; otherwise, Owner has the option of cancelling this Charter in which case no responsibility shall rest with the Vessel, Owners, or Agents.

TIME FOR READINESS OF CARGO

Charter warrants that the cargo shall be available for loading at the designated loading port upon arrival of the Vessel within the Readiness and Cancelling date shown in Part I hereof. Any delay suffered by the Vessel for failure to conform to this warranty shall count as used laytime.

3. **READINESS AND CANCELLING DATE.**
Actions shall not commence before the 2nd

Latetime shall not commence before the readiness date named in Part I, unless otherwise provided in this Charter, or unless the Charterer accepts a notice of readiness or orders or permits the Vessel to berth before that date, or otherwise waives the provisions of this paragraph. If the Vessel is not ready to load by 4:00p.m. (local time) on the cancellation date named in Part I, the Charterer shall have the right to cancel the charter.

As per the above agreement, 5000 MT CPO was to be loaded from Dumai port, Indonesia; 15000 MT Palm Olein and about 400 MT PFAD from Kuala Tanjung port, Indonesia. Further, as per the agreement, the Charterer has option of blending in port Klang/Tanjung Bruas. The clause reads as under:

“Charterer has option to do ITT of blending in port Klang/TanjungBruas at Charterer’s time and costs – owner is to provide minimum 2000 MT space for blending purpose.”

Another clause regarding blending of goods reads as under:

“Charterer will blend 10,000 MT Olein with 5000 MT CPO and 200 MT PFAD, and remaining 5000 MT Olein will be imported/manifested to India as Olein only – Owner confirms.”

1/1826522/2024

Thus, as per the above clauses, the Charterer will blend the goods viz. Olein, CPO and PFAD.

Image19: Scanned copy of E-mail from shipping@glentech.co to sbs@sbstanker.com enclosing voyage order of MT Distya Pushti.

As per the voyage order, the load ports are Dumai, Kuala Tanjung, Indonesia and Linggi Melaka, Malaysia; Cargo to be loaded is Crude Palm Oil/RBD Palmolein/PFAD; Quantity 5000 MT CPO, 15000 MT Olein, 250 MT PFAD.

As regards blending, vide aforementioned e-mails, it is mentioned that due to covid restrictions, blending operation cannot happen at Klang port and blending operation to be performed at nearby port Linggi Melaka; Blending operation will be handled by Geochem Surveyors; 10000 MT Olein will be blended with 5000 MT CPO and 250 MT PFAD and remaining 5000 MT Olein will be imported in India separately; Vessel will discharge 15000 MT CPO and 5000 MT Olein at Kandla; vessel will issue switch BL immediately after blending and sailing of vessel from Malaysia for filing IGM at discharge port; owner to issue second set (Global) Bills of Lading in Singapore or any other place required by charterers, through agents nominated by owners at the cost which is to be mutually agreed with charterers; once the first set of Bills of Lading are surrendered, vessel owners has to issue second set of Bills of Lading to charterer simultaneously.

From the foregoing, it is safe to conclude that 5000MT CPO, 10000MT RBD Palmolein and 250MT PFAD were loaded at different ports under different B/Ls and the blending operations of 5000MT CPO, 10000MT RBD Palmolein and 250MT PFAD was undertaken onboard vessel during the voyage. As per the Switching BL Cause of the Voyage Order and Charter Party, the original Bills of lading were switched to second set of Bills of Lading showing description as CPO only which otherwise, was admixture of CPO, RBD Palmolein and PFAD.

2.9.1.22 Page No.146 of the above mentioned file is print-out of an email correspondence dated 25.11.2021 from Mr. Amit Thakkar (amit.thakkar@tatainternational.com) to Shri Sudhanshu Agarwal of M/s Glentech (Sudhanshu@glentech.co) & Shri Sidhant Agarwal of M/s. Glentech (sidhant@glentech.co) wherein discussion w.r.t. the terms for 20250MT shipment have been conveyed by Mr Amit of M/s. TIL to M/s. GIPL, as per terms: -

5000 MT CPO to be procured from M/s. KPBN; 15000MT RBD Palmolein and 250 MT PFAD from INL; Blended cargo would be 5000 MT, 10000 MT RBD Palmolein and 250 MT PFAD totalling to 15000 MT approx.; Balance 5000 MT RBD Palmolein shall be loaded separately and sold independently as RBD Palmolein; Entire cargo of 20000 MT shall be sold off before arrival of the vessel in India; Tata trade margin shall be USD 25 per MT.

The scanned image of the above mail is reproduced below: -

Image20: Scanned copy of the e-mail correspondence between M/s. TIL and M/s. GIPL

From the above e-mail and terms for the shipment, it is clear that it was pre-decided that 15000 MT RBD and 5000 MT CPO shall be procured separately and blended before arrival of the cargo into India.

2.9.2 SCRUTINY OF DOCUMENTS RESUMED FROM THE VESSEL MT DISTYA PUSHTI Voy. MID-DP-07/21:

The vessel Distya Pushti was boarded by the Officers of DRI, Gandhidham Regional Unit along with officers of Customs House, Kandla under Panchnama dated 02/03.01.2022. [RUD-1] During the course of search / rummaging of the vessel under Panchnama dated 02/03.01.2022, documents/records were withdrawn.

1/1826522/2024

CLEAN ON BOARD
 DECEMBER 06TH, 2021

FREIGHT PAYABLE AS PER CHARTER PARTY

OCEAN CARRIAGE STOWAGE: SLOP P

This shipment of 250,000 Metric tons was loaded on board the Vessel as part of one original lot of 250,140 Metric tons stowed in SLOP P, with no segregation as to parcels. For the whole shipment 02 (TWO) sets of Bill of Lading have been issued for which the Vessel is relieved from all responsibilities to the extent it would be if one set only would have been issued.

The quantity, measurement, weight, gauge, quality, nature and value and general condition of the cargo unknown to the Vessel and the Master, to be delivered to the port of discharge or so near thereof as the Vessel can safely get, always about upon prior payment of freight as agreed. Cargo is warranted free of danger to Vessel except for the usual risks inherent in the carriage of the commodity as described.

This shipment is carried under and pursuant to the terms of the Charter dated 03rd NOVEMBER 2021 between AS PER CHARTER PARTY as Owner and AS PER CHARTER PARTY as Charterer, and all conditions, Aberrations and exceptions whatsoever of the said Charter apply to and govern the rights contained in this shipment. The Chinese Particular, New Japan Clause and Both to Blame Collision Clause as set out on the reverse of this Bill of Lading are hereby incorporated herein and shall remain in effect even if unenforceable in the United States of America. General Average payment according to the York-Antwerp Rules 1974.

The Master is authorized to act for all interests in arranging for salvage assistance or terms of Lloyd's Open Form. The freight is payable discount less and is carried document with loading, ship and/or cargo lost or not lost or abandoned.

The Owners shall have an absolute lien on the cargo for all freight, total freight, damage, damages for detention and all other expenses due under the above-mentioned Charter or under this Bill of Lading, together with the costs and expenses, including attorneys' fees, of recovering same, and shall be entitled to sell or otherwise dispose of the property needed and apply the proceeds towards satisfaction of such liability.

The contract of carriage evidenced by this Bill of Lading is between the shipper, consignee and/or owner or demise charterer of the Vessel named herein to carry the cargo described above.

It is understood and agreed that, other than said ship owner or demise charterer, no person, firm or corporation or other legal entity whatsoever, is or shall be deemed to be liable with respect to the shipment as carrier, bailee or otherwise in contract or in law. If, however, it shall be adjudged that any other than said ship owner or demise charterer is carrier or bailee of said shipment or under any responsibility with respect thereto, all limitations of or exemptions from liability and all defenses provided by law or by the terms of the contract of carriage shall be available to such other.

All of the previous written, printed or stamped on either side hereof are part of this Bill of Lading Contract.

In witness whereof, the master has signed 3 (THREE) ORIGINALS
 Bill of Lading of this tenor and date, one of which being accomplished, the others will be void.

07/21 showing HSN 3823 19 20 from Kuala Tanjung. The name of the shipper is M/s. INL, Indonesia and Name of the Notified Party is M/s. TIWA.

Image40: Scanned copy of Tanker Bill of Lading No. DP-KTG-DEE-03 dated 05.12.2021

It is apparent from the above mentioned documents that 15000.25MTS REFINED BLEACHED AND DEODORISED PALM OIL (EDIBLE GRADE) IN BULK and 300.140 MTS 'PALM FATTY ACID DISTILATE (PFAD) IN BULK' was loaded on vessel MT Distya Pushti Voy.07/21 from Kuala Tanjung.

2.9.3.4 Page No. 39 to 203 of the said documents are Tanker Bills of Lading No. KTG/DEE/01 to KTG/DEE/83 issued by M/s. SBS Shipbrokers PTE Ltd. B/L No. KTG/DEE/01 to KTG/DEE/20 are issued on 28.11.2021 at the DUMAI Port, Indonesia whereas B/L No. KTG/DEE/21 to KTG/DEE/83 is issued on 30.11.2021 at the KUALA Tanjung Port, Indonesia by M/s. SBS Shipbrokers PTE Ltd. B/L No. KTG/DEE/01 to KTG/DEE/80 each shows loading of 250 MTS CPO on the vessel in tanks. B/L No. KTG/DEE/81 shows loading of 200 MTS CPO on the vessel in tanks. B/L No. KTG/DEE/82 shows loading of 50 MTS CPO on the vessel in tanks. B/L No. KTG/DEE/83 shows loading of 50.365 MTS CPO on the vessel in tanks.

2.9.3.5 Comparison of Bills of Lading No. DP-KTG-DEE-01 dated 06.12.2021, DP-KTG-DEE-02 & DP-KTG-DEE-03 dated 05.12.2021 vis-à-vis B/L No. KTG/DEE/01 to KTG/DEE/20 dated 28.11.2021 and B/L No. KTG/DEE/21 to KTG/DEE/83 dated 30.11.2021:

<p>These BLs are in respect of 15000.250 MTS Refined Bleached AND DEODORISED PALM OIL (EDIBLE GRADE) IN BULK loaded on vessel MT Distya Pushti Voy. 07/21 showing HSN 15119037 from Kuala Tanjung and 300.140 MTS 'PALM FATTY ACID DISTILATE (PFAD) IN BULK' was loaded on vessel MT Distya Pushti Voy. 07/21 showing HSN 3823 19 20 from Kuala Tanjung respectively.</p> <p>These BLs were kept sealed inside the cabin of the Chief Officer of the vessel and resumed under Panchnama during rummaging.</p>	<p>These BLs are in respect of 20300.365 MT CRUDE PALM OIL (EDIBLE GRADE) IN BULK loaded on vessel MT Distya Pushti Voy. 07/21 showing HSN 15111000 from DUMAI Port, Indonesia.</p> <p>These are the BLs which were meant to be submitted at Customs Port, Kandla, India and were switch BL which are switched by the vessel owner as per the terms of the charter party agreement and voyage order after blending of 15000.250 MTs RBD Palmolein, 300.140MTs PFAD, and 5000 MTS CPO., declaring entire quantity as CPO only</p>

On comparison of the "B/L DP-KTG-DEE-01 dated 06.12.2021, DP-KTG-DEE-02 & DP-KTG-DEE-03 dated 05.12.2021" with "B/L KTG/DEE/01 to KTG/DEE/20 dated 28.11.2021 and B/L KTG/DEE/21 to KTG/DEE/83 dated 30.11.2021", it appears that the original BLs issued at the port of load are in respect of 15000.250 MTS Refined Bleached AND DEODORISED PALM OIL (EDIBLE GRADE) IN BULK loaded on vessel MT Distya Pushti Voy. 07/21 showing HSN 15119037 from Kuala Tanjung port and 300.140 MTS 'PALM FATTY ACID DISTILATE (PFAD) IN BULK' loaded on vessel MT Distya Pushti Voy. 07/21 showing HSN 38231920 from Kuala Tanjung port whereas the latter ones are in respect of CRUDE PALM OIL (EDIBLE GRADE) IN BULK loaded on vessel MT Distya Pushti Voy. 07/21 showing HSN 15111000 from DUMAI Port, Indonesia.

From the above, it is apparent that though RBD and PFAD were loaded in the vessel at Kuala Tanjung port, the B/Ls were manipulated to show that the entire cargo loaded in the vessel was CPO.

2.9.4 SCRUTINY OF DOCUMENTS RESUMED FROM THE OFFICE PREMISES OF M/S. MIDAS TANKER & M/S. PHELIX SHIPPING VENTURES PVT. LTD:

2.9.4.1 The office premises of M/s. Midas Tanker & M/s. Phelix Shipping Ventures Pvt. Ltd were searched under Panchnama dated 03.01.2022 and documents as mentioned in the Panchnama were resumed under above Panchnama. The document at Page No. 31 and 34 are the copies of the original Bills of Lading i.e. DUM/DEE/02 and DUM/DEE/01 dated 01.12.2021

1/1826522/2024

respectively. As per the above B/L 2499.869 MTS and 2500 MTS CPO were loaded from DUMAI Port, Indonesia. The name of the supplier is M/s. KPBN, Consignee is M/s. TIWA and notified party is M/s. GVPL, Singapore. Thus, it is apparent that 4999.869MTS CPO was loaded in the vessel in 'MT Distya Pushti' in tanks 1P, 1S, 2P, 2S.

2.9.4.2 Page No. 19 is the copy of E-mail correspondence dated 02.12.2021[RUD-4] from operations@midasship.com to 'Distya Pushti-MASTER' regarding blending of cargo. As per the above mail, the instructions for blending 15000MTS of olein with 5000 MT CPO and 250MT PFAD were communicated. The scanned image of the said page is reproduced below: -

1/1826522/2024

the cancelled 1st set of Bills of Lading for Kuala Tanjung was forwarded. And the 2nd set of BL bearing Nos. KTG/DEE/21 to KTG/DEE/80 (15000 MT). It is also mentioned that the remaining B/L viz. KTG/DEE/81 to KTG/DEE/83 will be switched once they surrender the PFAD BLs on Monday. The scanned image of the said page is reproduced below: -

2.9.5 SCRUTINY OF DOCUMENTS PRODUCED BY SHRI SIDHANT AGARWAL, DIRECTOR OF M/S. GIPL, DURING RECORDING OF HIS STATEMENT DATED 29.01.2023: -

2.9.5.1 Shri Sidhant Agarwal, Director of M/s. GIPL, Greater Noida, U.P. during recording of his statement dated 29.01.2023, produced a file containing Page No. 1 to 104. **[RUD-10]**

2.9.5.2 Page No. 104 of the above mentioned file is Certificate of Origin bearing No. 4863/CO-CC/XII/2021 dated 08.12.2021, issued by Kamar Dagang Dan Industry Sumatera Utara. As per the said Certificate, the goods viz. 300.140 MTs PFAD, shipped to M/s. TIWA by M/s. INL through vessel 'MT Distya Pushti' vide B/L No. DP-KTG-DEE-02 & DP-KTG-DEE-03 both dated 05.12.2021, were of Indonesian Origin.

2.9.5.3 Similarly, Page No. 103 of the above mentioned file is Certificate of Origin bearing No. 4862/CO-CC/XII/2021 dated 08.12.2021 issued by Kamar Dagang Dan Industry Sumatera Utara. As per the said Certificate, the goods viz. 15000.225 MTS RBD Palmolein (Edible) Grade,

shipped to M/s. TIWA by M/s. INL through vessel 'MT Distya Pushti' vide B/L No. DP-KTG-DEE-01 dated 06.12.2021, were of Indonesian Origin.

From the above Certificates of Origin, it appears that the goods viz. 300.140 MT PFAD and 15000.225 MT RBD were purchased by M/s. TIWA from M/s. INL and loaded into the vessel Distya Pushti. Further, another Certificate of Origin, wherein goods viz. 20300.234 MT CPO of Indonesian Origin is shown. Thus, it appears that they have fabricated the Certificate of Origin.

2.9.5.4 Page Nos. 101 and 102 of the said file are Certificates of Origin bearing Reference No. 0007002/KDM/2021 and Ref. No. 0007001/KDM/2021 both dated 04.12.2021 issued by Pt. Sarana Agro Nusantara, Republic of Indonesia. As per the said Certificates, the goods viz. 2500 MTs and 2499.869 MTs CPO, to the order of M/s. TIWA by M/s KPBN through vessel 'MT Distya Pushti' vide B/L No. DUM/DEE/01 and DUM/DEE/02 both dated 01.12.2021, were of Indonesian Origin.

2.9.5.5 Page No. 98 & 99 of the above file is weight and quality certificate dated 08.12.2021, issued by M/s. Pt. Leon Testing and Consultancy. The above certificate pertains to 300.140 MTs PFAD loaded into Slop P of the vessel 'MT Distya Pushti'. As per the test result of the said cargo, the following specifications are mentioned: -

"Free Fatty Acid (As Palmitic)	91.81%
Moisture and Impurities	0.32%
Saponifiable Matter	98.42"

2.9.5.6 Page No. 90 & 91 of the above file is weight and quality certificate dated 08.12.2021, issued by M/s. Pt. Leon Testing and Consultancy. The above certificate pertains to 15000.225 MTs RBD Palmolein (Edible Grade) loaded into the vessel 'MT Distya Pushti'. As per the test result of the said cargo, the following specifications are mentioned: -

"Free Fatty Acid (As Palmitic)	0.062%
Moisture and Impurities	0.04%
IV(WIJS)	56.65
Melting point	22.5 Deg. C
Colour	2.8 (RED)"

2.10 CONCLUSION OF INVESTIGATION I.R.O. IMPORT OF CONSIGNMENT VIDE VESSEL- 'MT DISTYA PUSHTI'

A. On scrutiny of the documents as discussed hereinabove, it appears that 5000 MT CPO, 15000 MT RBD and 300 MT PFAD were purchased/ M/s. GVPL/M/s. TIWA in Indonesia from M/s. KPBN and M/s. INL. The 'CPO' was loaded on the vessel Distya Pushti at Dumai port whereas RBD and PFAD were loaded on the said vessel at Kuala Tanjung port as per below mentioned table.

DP-KTG-DEE-03	05.12.2021	Palm Fatty Acid Distillate (PFAD) in Bulk	38231920	50.140 MTS	Kuala Tanjung	Kandla Port	M/s. INL

B. Further, as per the Charter agreement dated 03.11.2021 of the vessel 'MT Distya Pushti' between M/s. Midas Tankers Pvt. Ltd., Mumbai (Owner) and Performance Charterer M/s.GVPL, Singapore and Payment Charterer M/s. TIWA, 5000 MT CPO was to be loaded from Dumai port, Indonesia; 15000 MT Palm Olein and about 400 MT PFAD from Kuala Tanjung port, Indonesia. As per the instructions from the management team of M/s. Midas Tankers Pvt. Ltd., vide E-mail dated 02.12.2021 to the Master of the Vessel was instructed to proceed to blend the entire 15000 MTs of Olein with 50000 MT CPO and 250 MT PFAD while underway to Linggi or Tanjung Bruas.

C. Similarly, instructions in context of switching of Bills of Lading of RBD Palmolein and PFAD with all B/Ls of CPO were communicated to the master of the vessel by the M/s. Midas Tankers Pvt. Ltd. Further, the original bills of lading of RBD and PFAD were replaced with the manipulated Bills of Lading, showing the cargo as CPO. It was also instructed to conceal the original load port documents and to produce the manipulated Bills of Lading declaring the goods as CPO at the port of discharge, i.e. Kandla.

D. As the manipulated Bills of Lading, IGM were filed declaring the goods as CPO and M/s TIL had filed 83 bills of entry dated 16.12.2021 and the description of goods mentioned as CPO (Edible Grade) in Bulk.

From the investigation conducted, it appears that the importer M/s. TIL in active connivance of M/s. GIPL, attempted to import admixture of CPO, RBD and PFAD, falling under CTH 15119090 through Kandla Customs Port, by way of mis-declaration of the same as CPO falling under CTH 15111000 and suppression of the facts of actual loaded goods on the vessel MT Distya Pushti, to evade higher customs duty payment to Indian Customs.

INVESTIGATION IN RESPECT OF PREVIOUSLY IMPORTED CARGO

3. It was further gathered during the course of investigation of import by M/s. TIL vide vessel 'MT Distya Pushti' that they had imported admixture of CPO, RBD and PFAD, in the manner of mixing/blending the said constituents on board vessel 'MT Distya Pushti Voy.07/21' previously as well. It is further gathered from the documentary as well as oral evidences, that M/s. TIL had

imported admixture of CPO, RBD and PFAD, in the import consignments and mis-declared the cargo as CPO and classified the same under CTH 15111000 in the documents presented before Customs by suppressing the facts that the goods imported were admixture of CPO, RBD and PFAD with maximum constituents of palmolein, which merits classification under CTH 15119090. The above act on the part of importer resulted into short payment of Customs duties by ex-bond filers in the previous consignments as well.

3.1. It was further gathered that the import of CPO was undertaken by M/s TIL, using similar *modus operandi* in the previous imported consignments imported vide Vessels "FMT GUMULDUR V.202109", "MT HONG HAI6 V.2106" and "MT FMT EFES V.202111" as per below mentioned details, which resulted in short payment of Customs duties by various ex-bond filers.

3.1.1 The details of the 12199.71 MT of admixture imported vide vessel FMT GUMULDUR V.202109 was purchased from M/s TIWA and declared the goods as CPO in the bills of entry before Indian Customs is as below mentioned table:

Sr. No.	COMMODITY loaded at load Port	QTY (MTs)	SUPPLIER (M/s.)	LOAD PORT	Warehouse Bill of Entry no.	Bill of Entry date

4. FILING OF WAREHOUSE BILLS OF ENTRY (IN RESPECT OF PREVIOUSLY IMPORTED CONSIGNMENTS BY M/S. TIL, BY WAY OF FILING WAREHOUSE BILLS OF ENTRY AND SUBSEQUENTLY CLEARED BY VARIOUS INDIAN BUYERS):

4.1 M/s. TIL had filed 12 Warehouse Bills of Entries at Kandla Customs House as mentioned in **Annexure-A** to this notice, mis-declaring the cargo as "CPO", which were imported vide aforementioned vessels, "FMT GUMULDUR V.202109", "MT HONG HAI6 V.2106" and "MT FMT EFES V.202111", wherein, it appears that blending of goods as detailed above was undertaken on board vessel(s). The copies of said W.H. Bills of Entries are already available with the importer M/s. TIL. With respect to the aforementioned W.H. Bills of Entry, it appears that the goods have been mis-declared as 'CPO' by M/s. TIL which are further sold, and subsequently cleared by various importers by filing Ex-Bond Bills of Entry for Home Consumption as per **Annexure- B** attached to this notice. The copies of such Bills of Entry are available with the respective Ex-Bond filers of the said cargo.

4.2 Further, one of such Ex-Bond filer and importer M/s. Laxmi Agroils Private limited (IEC: 2913002307), (herein after referred as 'M/s. LAXMI') had filed the Ex-Bond BoE for Home consumption in respect of clearance of goods which were imported after blending vide the vessel FMT GUMULDUR V.202109 and MT.HONG HAI 6 V.2106, as listed under **Annexure-C** to this show cause Notice, by mis-declaring the goods as CPO under CTH 15111000 in the said Bills of Entry instead of correct CTH, i.e. 15119090. The copies of such Bills of Entry are already available with them. [M/s. LAXMI]

5. TARIFF CLASSIFICATION OF CPO & Admixture of RBD Palmolein, CPO and PFAD:

Crude palm Oil is classifiable under the chapter heading 15111000 of the Customs Tariff attracting duties levied thereunder while admixture of RBD Palmolein, CPO and PFAD falls under the Chapter Heading is under CTH 15119090 of the Customs Tariff and attracts duties leviable thereunder.

6. SCRUTINY OF DOCUMENTS (i.r.o. previously imported consignments)

The investigation was conducted in respect of cargo imported vide vessel "MT Distya Pushti Voy. 07/21" and was extended to previously imported consignments by M/s. TIL vide vessels MT FMT Gumuldur 202109, MT HONG HAI6 V.2106, MT FMT EFES 202111 vide W.H. Bills of Entry as per **Annexure-A**. Further investigations revealed that M/s. TIL in connivance with M/s GIPL and other stakeholders viz. Vessel owners, M/s. TIWA, UAE, M/s. TISPL, M/s. GVPL, had filed such Bills of Entry by mis-declaring and mis-classifying the cargo as CPO, with intent to earn commission on the same for use of its brand name to import cargo and suppress the description of actually imported goods. These goods were subsequently cleared by various importers who purchased these goods from M/s. TIL and filed the Ex-Bond Bills of Entry for Home Consumption and had paid lesser amount of customs duty, thus, this entire planning of importing goods by way of mis-declaration by M/s. TIL led to evasion of customs duty by various beneficiaries viz., ex-bond filers (as listed in **Annexure -B** to this show cause).

- On being asked as to from whom the said imported goods were purchased by M/s. TIL, it is stated that M/s. TIL purchased the said goods from M/s. TIWA.
- He affirmed that the same goods viz. 5000MTs CPO, 15000MTs RBD & 300 MTs PFAD which have been purchased by M/s. TIWA from M/s. GVPL & M/s. INL (M/s. INL), Indonesia and were further sold by M/s. TIWA to M/s. TIL.
- On being asked about the entries in the aforesaid 83 Bills of Entry all dated 16.12.2021 as to whether it matches with the entries mentioned in the Bill of Lading (original and other one) for the said consignment, he denied the same and stated that w.r.t goods purchased by M/s. TIWA from M/s. GVPL & M/s INL, Indonesia, goods description mentioned in the Bills of Lading were 5000MTs CPO, 15000MTs RBD & 300 MTs PFAD and mentioned in Original Bills of Lading i.e. DUM/DEE/01-02 dated 1.12.2021, DP-KTG-DEE-01-02-03 dated 5-6.12.2021 whereas as per the 83 Bills of Entry, the description of Goods is shown as CPO (Edible Grade)in Bulk. He produces copies of the Bills of lading No. KTG/DEE/81 to 83.
- On being asked about any declaration in the documents filed before the Kandla Customs w.r.t. current consignment that RBD Olein and PFAD was also loaded in the said vessel, he stated that they have submitted the appropriate documents before the Customs Authority at Kandla as resultant product after blending to derive better quality of CPO, which was certified by the surveyor before arrival in India and accordingly same were appropriately declared as CPO before the Customs.
- He affirmed that the “RBD” and “PFAD” were loaded on Kuala Tanjung Port, Indonesia and CPO was loaded in DUMAI port. He also accepted that post blending local B/Ls were switched to Global B/L and that these products have not been declared in the documents filed before Kandla Customs and M/s.TIL has submitted the ‘CPO’ B/L/documents to the Customs Authority.
- When the goods purchased by M/s. TIWA from M/s INL & M/s. GVPL. were 15000MTs RBD & 300 MTs PFAD, 5000MTs CPO and the same were loaded in MT Distya Pushti- 07/21 at Indonesia and further the same were further sold to M/s. TIL vide the same vessel, In this context, on being asked about the reason for description of goods mentioned as Crude Palm Oil (Edible Oil) in Bulk instead of RBD Palm Oil, PFAD & CPO in Certificate of Origin & in IGM & aforesaid 83 Bills of Entries filed by M/s. TIL before Kandla Customs, it is stated that as per their client M/s.GIPL, three different cargoes purchased in Indonesia and blended

to derive better quality CPO as required and desired by buyers in India and accordingly, post blending and certification received from the surveyors certifying the cargo as CPO and they got certificate of Origin issued from Dubai Chamber, M/s. TIL has accordingly filed the documents for CPO with Customs. He produced a copy of the Country-of-Origin Certificate No. 2117495 dated 20.12.2021.

- On being asked as to why was M/s. GVPL directing the vessel's persons/shipping agent for blending & for switching of Bill of Lading Whereas, the goods were imported by M/s. TIL from their affiliate company M/s. TIWA, Dubai; title of the said goods was with M/s. TIWA, Dubai, it is stated that the M/s. TIL was providing trade facilitation services to M/s GIPL, and entire sourcing and purchase in Indonesia had been undertaken by M/s. GVPL. In the charterer agreement M/s. GVPL is the operational charterer and accordingly directions were issued by M/s. GVPL.
- He produced the copy of Charter party agreement.
- On being asked as to what directions were given to vessel agents/vessel persons with respect to the current import consignment of your company and reasons thereof, it is stated that as per the charterer agreement M/s. GVPL is the operational charter and accordingly directions were issued by M/s. GVPL.
- He produced the details of previous import through Vessel Name "MT FMT Gumuldur", "MT HONG HAI", "MT FMT EFES VOY. 202111". B/E Date 3.9.2021, 20.10.2021 & 11.11.2021 respectively as below: -

- He affirmed the fact that Blending process and switch of Bill of Lading were undertaken/followed in the similar manner of the current consignment i.e. on-board vessel "MT Distya Pusti" in the aforesaid old 03 consignment also. Further he stated that even though M/s. TIL had procured CPO, RBD & PFAD through M/s. GVPL and their identified suppliers in earlier consignments also and blended those to derive better quality of CPO, which was certified by the surveyor before arrival in India and accordingly, they declared the goods as CPO before the Customs.

6.1.4. A Statement of Shri Shrikant Subbarayan, Head of Agri Business Division of M/s. TIL was recorded under Section 108 of the Customs Act, 1962 on 08.01.2022 [RUD No. 15], wherein *interalia* he stated that he is responsible for delivering business performance as per business plan. They deal in commodities like pulses and grains, oils and oilseeds, sugar; that their activities include Trading and Trade facilitation; that the trading means the firm is buying/selling, importing/exporting where the risk or reward is theirs' (M/s. TIL); that in Trade Facilitation, they enable Third Party to do the transaction were in lieu of margin money. Thus, they have a fixed profit and price risk averse. For the oil business transactions, only Trade Facilitation activity is carried out by them. It is stated that the term "margin money" used above refers to the advance payment provided to the company by a third party to protect it from the risk of price fluctuations. In trade facilitation, the company assists third parties in purchasing oil commodities by opening letters of credit (LCs) on their behalf to suppliers based in foreign countries. Before opening the LCs, the original contracts are transferred to the company's name. Prior to entering into the said purchase contract, the company always has a sales contract with the third party, in which the margins for the transaction are agreed upon and the material is presold to the third party. The company handles the financial aspects of the said sale/purchase trade facilitation activity and manages the risk until its funds are returned. His responsibility is to monitor and supervise five traders working under him. He regularly tracks and discusses with these five traders whether the business is going according to plan; that he is the approving authority at M/s. TIL for finalizing any deal in above mentioned two categories viz. Trading and Trade Facilitation. It is further stated that the cargo belongs to the third party and they look after the finance part of the said cargo. He further stated that: -

- for the custom related purpose, the importer will be M/s. TIL. And the supplier will be either, M/s. TIWA, UAE or TISPL, Singapore.
- since entire transactions was about facilitating the M/s. GVPL's trade, hence the purchase of the cargo, the blending of the cargo was all per the instructions issued by M/s. GVPL, as he was the ultimate buyer after the import of the said cargo into the India.

6.1.5. Statement of Shri Sidhant Agarwal, Director of M/s. GIPL recorded under Section 108 of the Customs Act, 1962

A statement of Shri Sidhant Agarwal, Director of M/s. GIPL was recorded on 27/28.01.2022 [RUD No 16 & 17 respectively], wherein, *interalia* he stated that M/s. GVPL entered in contract with KPBN, Indonesia for supply of Crude Palm Oil and accordingly same was supplied by M/s. KPBN, Indonesia to M/s. GVPL; that further, as per agreement between M/s. TIWA & M/s. GVPL, the said goods were supplied to M/s. TIWA; that the said CPO, RBD & PFAD were blended on Vessel 'MT Distya Pushti' and further the said blended goods by imported by 'M/s. TIL' at Kandla Port; that as per understanding between M/s. TIL & M/s. GIPL, the said imported blended goods would be sold to buyers by M/s. GIPL & M/s. TIL; that the requirement to blend has been stated as there was demand of CPO having FFA value below 3.5; that accordingly they then inquired at Indonesia to ascertain the way or place to obtain the CPO having FFA value below 3.5. Against which, it was learnt by them that naturally CPO having FFA value below 3.5 was very rare. But the same can be obtained by blending three different products i.e. CPO, PFAD & RBD olein only and product can be made marketable as per buyer's requirement. It is further stated that: -

1/1826522/2024

- M/s. TIL was the importer w.r.t. consignments imported vide vessel MT FMT Gumuldur (Sep. 2021), Hong Hai (Oct. 2021) & MT FMT EFES (Nov. 2021) & MT Distya Pushti;
- that w.r.t. all the aforesaid consignments of goods imported by M/s. TIL., M/s. TIL was financial charter who make arrangement Letter of Credit (LC) in overseas country for purchasing the said goods and M/s. GVPL was operational charter; that apart from that M/s. TIL & M/s. GIPL are business partner also; Goods imported vide vessel namely, MT FMT Gumuldur, MT Hong Hai & MT FMT EFES were further sold in India on Bond to Bond basis by M/s. GIPL as well as M/s. TIL;
- On being asked about the details of goods imported through vessel namely, MT FMT Gumuldur V.202109, MT Hong Hai V.2106 & MT FMT EFES VOY. 202111 and details of further sale of goods, it is stated that the goods imported vide said vessels are as below : -

- That M/s. GIPL & M/s. TIL mutually decided to import the blended goods obtained through blending of CPO with RBD & PFAD in one specific ratio.
- That their first consignment with M/s. TIL import of 2500 MTs CPO and M/s. GIPL purchased through Bond from M/s. TIL on dated 11.5.2021. It was normal CPO, wherein FFA value (Free Fatty Acid) was around 4.5 to 5, due which some difficulties were experienced in selling the above said CPO. Then on the basis of the market survey it was found by them there is a demand of CPO having FFA value below 3.5. Accordingly, they then inquired at Indonesia to ascertain the way or place to obtain the CPO having FFA value below 3.5. Against which, it was learnt that naturally CPO having FFA value below 3.5 is very rare. But the same can be obtained by blending three different products i.e. CPO, PFAD & RBD olein only and product can be made marketable as per buyer's requirement. Accordingly, above matter was conveyed to M/s. TIL. In response, M/s. TIL confirmed to proceed. Further, accordingly, the next consignments were ordered and goods obtained after blending of CPO with RBD Palmolein or PFAD were imported. The said blended goods imported through vessel namely MT FMT Gumuldur, Hong Hai & MT

FMT EFES, were further sold by M/s. GIPL & M/s. TIL to buyers in the domestic market.

- That the blending ratio is suggested by the surveyor which were nominated by M/s. TIL. It is further stated that in case of consignment imported through vessel "MT HONG HAI 6" & "MT.FMT EFES" M/s. TIL had nominated surveyor namely "AM SPEC". Further, the ratio of blending was decided on availability of quantity of CPO & RBD. As per availability of CPO & RBD surveyor decided the quantity of PFAD which required to blend with CPO & RBD.
- It is stated that the said blended goods have better quality than normal CPO due to lower FFA value i.e. below 3.5, hence, blended goods have more market demand in India. It is also stated that as refined product i.e. RBD Palmolein for which FFA value is less than 0.1% is mixed with normal CPO, therefore the FFA value of the said blended goods/resultant goods is lesser than normal CPO.
- It is stated that the refined goods viz. RBD & PFAD are part of the said resultant/ blended goods w.r.t. the Distya Pushti consignment around 74.1% RBD Palmolein & 1.2% PFAD which are refined goods. Further, w.r.t. to consignment imported through MT FMT Gumuldur, Hong Hai & MT FMT EFES, the ratio of refined goods are as under: -

Sr. No.	Name of the Vessel	Quantity of RBD Palmolein (%)	Qty. of PFAD (%)
01.	MT FMT Gumuldur	69.67	1.64
02.	Hong Hai	42.12	--
03.	MT FMT EFES	39.25	--

- He produced the following documents duly signed with date: -
 - (i) *Documents related to import of goods through MT FMT Gumuldur by M/s. TIL having page no 01 to 346 containing Agreement of M/s. GVPL as well as M/s. TIWA with suppliers of CPO, RBD Palmolein & PFAD, Charterer Party Agreement, LCs, copy of BL, Country of Origin Certificate, into bond Bill of Entry for warehousing, agreement of M/s. GIPL with M/s. TIL, agreements with buyers of M/s. GIPL etc.*
 - (ii) *Documents related to import of goods through Hong Hai by M/s. TIL having page no 01 to 539 containing Agreement of M/s. GVPL as well as M/s. TISPL, Singapore with suppliers of CPO & RBD Palmolein, Tanker Voyage Charterer Party Agreement, LCs, copy of BL, Country of Origin Certificate, into bond Bill of Entry for warehousing, agreement of M/s. GIPL with M/s. TIL, agreements with buyers of M/s. GIPL etc.*
 - (iii) *Documents related to import of goods through MT FMT EFES by M/s. TIL having page no 01 to 211 containing Agreement of M/s. GVPL as well as M/s. 6.1.6. A Statement of Shri Sudhanshu Agrawal, ex-CEO and representative of M/s. GIPL was recorded on 27.01.2022/28.01.2022 **[RUD No.18 & 19 respectively]** under Section 108 of the Customs Act, 1962 wherein *inter alia* he stated that the first consignment they dealt with M/s. TIL was when they imported 2500 MTs CPO through vessel MT Splendour and they

purchase through Bond from M/s. TIL on dated 11.05.2021. It was normal CPO, wherein FFA (Free Fatty Acid) was around 4.5 to 5.1 add and that they experienced difficulties in selling the above said CPO; then they carried out the market survey and found that there is a demand of CPO having FFA value below 3.5. Then, they inquired at Indonesia to ascertain the way or place to obtain the CPO having FFA value below 3.5. Against which, it is learnt that naturally it is not possible to obtain CPO having FFA value below 3.5 but the same can be obtained by blending three different products i.e. CPO, PFAD & RBD olein only and product can be made marketable as per buyer's requirement. Accordingly, above matter was conveyed to M/s. TIL. In response, M/s. TIL informed that they would check the risk & legal aspect and then will confirm. After a long-time they confirmed to proceed. Further, accordingly, the next consignments were ordered and imported. He produced the details of the same as below.

Sr. No.	Vessel Name	Seller	COMMODITY	Qty. Break Up (Approx.)	Total Qty (In Mts)
1	MT FMT GUMULDUR	OLAM	CPO	3500	12100

4	MT.DISTYA PUSHTI	KPBN	CPO	5000	20300
		INL	RBD	15000	
		INL	PFAD	300	

He confirmed that above said consignments were imported by blending of three different products in the above given proportion/ quantities.

- On being asked as to who decides the blending ratio, it is stated that it is mainly suggested by the surveyor, nominated by M/s TIL and may be appointed by them. It is further stated that right to choose of the surveyor always remains with M/s TIL. More particularly, he stated that in case of consignment imported through vessel "MT HONG HAI 6" & "MT.FMT EFES", M/s TIL had nominated surveyor. Further, the ratio depends upon the availability of material i.e. CPO, RBD & PFAD.
- On being asked to explain the reason as to why there is a demand for so called CPO with FFA value below 3.5, it is stated that it is a market practice and whatever he gathered from his experience since 2014 & interaction with the end users, it is learnt that time in refining process as well as costing is lesser.

He also produced list of their main buyers of Edible Oils, i.e, M/s. DIL Exim Commodities Pvt. Ltd., M/s. Sangrur Agro Limited, M/s. DIL Exim Commodities Pvt. Ltd. M/s. Sheel Oil and Fats Pvt. Ltd., M/s. G-One Agro Products Ltd. etc.

6.1.7 A further statement of Shri Sudhanshu Agrawal, representative and founder of M/s. GIPL was recorded on 28.01.2022 under Section 108 of the Customs Act, 1962 **[RUD No.19]**, wherein *inter-alia* he stated that M/s. TIL is financial partner as 100% finance is done by M/s. Tata International Ltd. and

M/s. GIPL had to deposit some amount as margin as decided by M/s TIL for managing the risk. He further stated that that there is demand of product which is having FFA value below 3.5 and the same can be obtained by blending two/ three different products, i.e. CPO, PFAD and RBD Olein only and product can be made marketable as per buyers' requirement. That, in India, blending would not be financially viable as RBD would attract more customs duty and due to duty difference in RBD the resultant cost would increase and buyer would not purchase; that he had knowledge that blending will take place and affirmed that originally idea of blending is through market survey by them and same was approved by M/s TIL. Hence, M/s. GVPL and M/s TIL have full knowledge about blending as it was required to make product marketable and after blending also, they name the product as Crude Palm Oil; that in Bond-to-Bond Sell, bond is executed on stamp paper of Rs.300/- in between seller and buyer and simultaneously, bond invoice is generated. The above sell is considered as sell outside India and as such no GST as well as Customs is payable in Bond-to-Bond sell; that whosoever files Ex-bond Bills of Entry would pay GST and Customs Duty; that they being the operational Charter, they are responsible for any demurrage charges, dead freight and any other liability of vessel arises during operation only; Cargo is insured by M/s. TIL. As such Blending is done as per guidance of the surveyor; that as operational charter, they do not carry the whole risk, that full finance is of M/s. TIL, right to refusal is with M/s. TIL.

- That blending is done as per the charter party agreement and been done under the supervision/guidance of surveyor. Surveyor always nominated by M/s. TIL.

6.1.8. A further statement of Shri Sudhanshu Agrawal, *ex-CEO* of M/s. GIPL was recorded under Section 108 of Customs Act, 1962 on 29.01.2022 **[RUD No. 20]** wherein *inter alia* he stated and affirmed that in the following consignments, blending took place: -

- W.r.t to the above, it is stated that Blending was done in Malaysian port/Thailand Port and as per his memory it was done either at Linggi Port or Port Klang and Phuket port (Thailand). Further, it is informed that in case of cargo imported through FMT Gumuldur, the blending was done on board/ship. But in case of other two cargo mentioned at Sr.No. 3 & 4, it was top blending meaning to say that CPO was added to the RBD filled up tank of the vessel and then stirring process were carried out.
- It is further stated that blending is done by the vessel owner company and as per the instructions issued by us after getting concurrence from M/s. TIL. On being ask he produce the copy of document i.e. standard form letter of indemnity to be given in return for loading into cargo tanks without cleaning or conducting any special treatment of cargo tanks issued by M/s. TIL vide letter dated 17.8.2021 in favour of M/s. TELCOM International Trading PTE Ltd., in case of cargo imported through Vessel namely MT FMT GUMULDUR VOY 202109.
- That M/s. GIPL and M/s. TIL are on the equal platform as far as the policy decision/execution/risk/loss etc. is concerned. And that the imported cargo is being also sold by both of them.

6.1.9 A further statement of Shri Shrikant Subbarayan, Head – Minerals & Agri Trading Business, M/s. TIL., Mumbai was recorded under Section 108 of the Indian Customs Act, 1962 on 20.05.2022 **[RUD No. 21]** wherein *inter-alia*, he stated that there is more demand of CPO having FFA value below 3.5 in market and proposed for blending of three different product i.e. CPO, PFAD & RBD Olien to obtain CPO having FFA value below 3.5; that after making market survey as well as checking risk & legal aspect w.r.t. blending process/Importation of Blending Products, M/s. TIL agreed for the same. And accordingly, they gave their concurrence for importation of goods to be brought after blending. He produced details of consignment imported by us & M/s. GIPL are as below: -

6.2.1.12. From the scrutiny of the above documents as mentioned from A to F viz., sales-purchase contracts, LC, Bills of Lading (original as well as switched), invoices, etc as discussed herein above, it is safe to conclude that the goods viz. 8400.309 MT RBD Palm Olein, 200MT PFAD were procured/purchased by M/s. TIWA in Indonesia from M/s. INL and loaded on the vessel at Kuala Tanjung, Indonesia on 16-17 August, 2021 and the goods viz., 2999.971 MT of Crude Palm Oil (Edible Grade) in Bulk was loaded on the vessel at Dumai Port, Indonesia on 12 August, 2021 on the vessel MT FMT Gumuldur Voy 202109; that the comingling of cargo was carried out and the Original Bills of Lading were switched into the second (Global) set of Bills of Lading analogous to the process of blending/ comingling carried out in MT Distya Pushti. From the above, it is amply clear that switch B/L are meticulously prepared showing different quantities of goods, viz. 12100.02 MT of CPO loaded at different ports in Indonesia which is nothing but aggregate of 3499.71 MT CPO, 8400.309 MT RBD Palmolein and 200 MT PFAD loaded at Dumai and Kuala Tanjung Port of Indonesia respectively. However, as per the itinerary of the vessel MT FMT Gumuldur V.202109 the said vessel was at Dumai Port around 10-12th August for loading 1.5MT CPO, the vessel was at Kuala Tanjung around 13-15th August, 2021 for loading 8.8MT Olein + 200 MT PFAD. The Original Bills of lading at Kuala Tanjung were i.r.o. RBD Palmolein and PFAD, these BL were switched with new set of BL's showing description of goods as CPO were issued by vessel owner. It is therefore, safe to conclude that the sales contracts were for procurement of CPO, RBD Palmolein PFAD, invoices and Bills of Lading were issued i.r.o respective goods at ports at Indonesia, that the blending took place during the voyage of the vessel, and new set of BL showing entire goods as CPO were issued with an intent to mis-declare the goods at discharge port and evade duties of customs at the port of discharge, i.e. Kandla.

6.2.2. SCRUTINY OF DOCUMENTS I.R.O. IMPORT OF GOODS VIDE VESSEL MT HONG HAI6 V.2106

6.2.2.1. During investigation, statements of the various concerned persons were recorded wherein they produce various documents which reveal that M/s. TIL had filed the following Warehouse (W.H.) B.Es for import of total 15462.07MTs of cargo by declaring the same as CPO imported vide vessel MT Hong Hai6 V.2106. The details is as below:

From the perusal of the above-mentioned Bills of Lading issued at Kuala Tanjung, Indonesia and Phuket, Thailand, the total no. of switch B/Ls issued are 64 (Sixty Four) sets of Bills of Lading i.r.o. CPO, totalling to 15462.070 MTs, which is nothing but sum of $((248*26 + 65.520)=6513.520) + (24.35+(248*23)+244.200)=8948.550$ MTs), as per stowage 1P, 1S, 2P, 2S, 3P, which clearly shows comingling of cargo was done in the tanks of the vessel and original bills of lading were switched to new set of Bills of Lading mis-declaring the cargo as CPO.

6.2.2.8. The scrutiny of the documents as discussed herein above, it is safe to conclude that the goods viz. 6513.520 MT of RBD Palm Olein was procured/purchased by M/s. TISPL in Indonesia from M/s. INL, Indonesia loaded on the vessel at Kuala Tanjung, Indonesia on 30th September, 2021 and the goods viz., 8948.550MT of Crude Palm Oil only was procured/purchased by M/s. TISPL from M/s Tha Chang Oil Palm Industries Co. Ltd. and M/s. Thana Palm Products Co. Ltd. was loaded on the vessel at Phuket, Thailand on 6th and 7th October, 2021 on the vessel MT Hong Hai6 V.2106; that the comingling of cargo was carried out and the Original Bills of Entry were switched into the second (Global) set of Bills of Lading analogously to the process of blending/comingling carried out in the vessel MT Distya Pushti V.072021 and

MT Gumuldur V.202109. Further, M/s. TIWA/ Tata International West Asia/ M/s. TISPL/ M/s. TIL and M/s. Oka Tanker PTE Ltd., Singapore had entered into charter party dated 09.09.2021 with explicit mention of switching clause that owner shall blend two-three or more cargo(es) of different grades and the owner shall also give one product BL of CPO(Crude Palm Oil) as switch BL; Further, documents viz. LC shows that M/s. TIWA made payments towards the freight charges of the said vessel MT. FMT EFES V.2021111 for its voyage from Indonesia to India. It is therefore, safe to conclude that the sales contracts were for the procurement of CPO, RBD Palmolein, invoices and Bills of Lading were issued i.r.o these goods at ports at Thailand and Indonesia respectively, that the blending took place on board vessel, and new set of BL showing entire goods as CPO were issued by the vessel owner. All the above documents conclusively establish that though CPO, RBD were purchased in Thailand and Indonesia, the importer M/s. TIL in connivance with vessel owner had manipulated the documents to camouflage the import of above goods and prepared another set of documents showing loading /import of entire goods as CPO. These documents were presented before Customs authorities with intent to mis-declare the goods at discharge port and evade duties of customs at the port of discharge, i.e. Kandla.

OUTCOME OF THE INVESTIGATION:

7.1 From the scrutiny of documents gathered during the course of investigation viz. Contracts of sales-purchase with sellers at Indonesia/ Thailand, copies of invoices, copies of original and switched Bills of Ladings, charter party agreements with various vessel owners, LC etc., it is gathered that M/s. TIL in association with M/s. GIPL and vessel owner viz. M/s. Telcom International Trading PTE Ltd., Singapore/M/s. OKA Tankers PTE Ltd., Singapore had procured CPO, RBD Palmolein, PFAD from different sellers at Thailand and Indonesia respectively and imported the goods viz. CPO, RBD and PFAD, by blending them on board vessels "FMT GUMULDUR V.202109", "MT HONG HAI6 V.2106", "MT FMT EFES V.2021111"; that M/s. TIL were aware that the blending on board vessel has to be undertaken in order to make it marketable in domestic market; that post blending/comingling, the said goods become admixture of CPO, RBD, PFAD. M/s. TIL (as financial charterer) and M/s. GIPL (as operational charterer) had entered into charter party agreement with vessel owners. Such agreements with the vessel owner were agreed upon by all parties with explicit condition of having blending as well as switching of B/L clauses. M/s. Oka Tankers PTE Ltd., Singapore, and M/s. Telcom International PTE Ltd., Singapore had inserted these clauses and subsequently charged for the same from M/s. TIL, which they agreed to pay vide said agreement(s). The documentary evidences also indicate that the payment charterer viz. M/s. TIL had made the payments to the vessel owners. Thus, by allowing the blending of different cargos on board vessel, M/s. Oka Tankers PTE Ltd., Singapore, and M/s. Telcom International PTE Ltd., Singapore had concerned themselves in the wrongful act of blending the cargo and camouflaging the documents by switching the original Bills of Lading with second set of Bills of Lading with mis- declaration of the goods as CPO. They were in due knowledge of such wrongful act on the part of themselves, had been instrumental in the entire scheme of mis-declaration of goods imported into India. M/s. TIL classified the goods so mis-declared goods under CTH 15111000 in the 12 W.H Bills of Entry as mentioned in **Annexure-A** to this show cause, which were otherwise an admixture of 3499.71MTs of CPO,

1/1826522/2024

8500MTs of RBD Palm Olein and 200MTs of PFAD imported vide vessel MTs Gumuldur Voy.202109, 8948.55MTs of CPO, 6513.52MTs of RBD Palmolein imported vide vessel Hong Hai6 V.2106 and 7873.29MTs CPO and 5086.015MTs RBD Palmolein imported vide vessel MT FMT EFES Voy.202111, with an intent to suppress the correct description of goods and to evade the appropriate duties of Customs at the time of clearance and to earn commission on such imports. M/s. TIL mis-declared the entire cargo as 'CPO' in the documents presented before Customs Authorities at Kandla. Such imported goods were cleared by them as well as further sold in the domestic market.

7.2 Further, it was only when a case was booked by the investigative agency in respect of 20300 MTs of goods imported vide 'MT Distya Pushti', they admitted that they had imported the said goods i.r.o. 3 previous consignments vide vessels MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106, MT EFES V.202111 using similar modus operandi as in respect of import of consignments on 'MT Distya Pushti'. A Show Cause Notice to the effect is already issued to M/s. TIL in this context. Thus, by such act they had suppressed this information from the Customs department and continued mis-declaring the said goods in the 12 W.H. Bills of Entry (**Annexure-A**) and subsequently which were cleared by various importers (M/s LAXMI, being one of them) resulting into short payment of duties of Customs of account of mis-declaration and mis-classification in W/H BoE as mentioned in table below:

7.3 The buyers/importers, filed the corresponding Bills of Entry for Home Consumption in respect of the aforementioned W.H Bills of Entry by M/s. TIL mentioning the description of goods as 'CPO', which is incorrect in as much as

the said goods were *admixture of CPO, RBD Palmolein and PFAD* as discussed hereinabove. Further the buyers of such goods from M/s. TIL importers had already cleared the said goods from the warehouse by way of Filing Ex-Bond Bills of Entry for Home Clearance (**as per Annexure -B**) and thus short paid the duties of Customs on account of mis-declaration and mis-classification of subject goods. The total differential duty recoverable on such goods imported and cleared already by them by way of mis-declaration and mis-classification of the goods as CPO under CTH 15111000 in Bills of Entry for Home Consumption by M/s LAXMI is as per **Annexure -C** to this show cause notice. The differential duty is required to be recovered from them by invoking the provisions of Section 28(4) of the Customs Act, 1962 as M/s. TIL had suppressed the information regarding actual contents of the cargo from the department. In the said Bills of Entry for home consumption, the ex-bond filer viz. M/s LAXMI had actually imported '*admixture of Crude Palm Oil, Palmolein and other Palm based oil*' by way of mis-declaring the same as '*Crude Palm Oil*', by mis-classifying it under CTH 15111000 instead of mentioning the classification of such goods as CTH 15119090(Others- Palmolein), which is the appropriate classification of imported goods.

7.4 Further, M/s LAXMI had filed the Ex-Bond BoE for Home consumption for clearance of quantity of 2223 MTS i.r.o. such goods which were mis-declared in the W.H. Bills of Entry and imported vide vessel FMT GUMULDUR V.202109 and Hong Hai6 V.2106 as tabulated in **Annexure -C** to this show cause notice. Vide said Bills of Entry M/s LAXMI had mis-declared & mis-classified the goods as 'CPO' under CTH 15111000 instead of declaring the same under CTH 15119090 (Others). The declared assessable value of 2223 MT of such goods by M/s. LAXMI is Rs. 19,14,37,339/- and accordingly M/s. LAXMI paid Customs Duties of Rs. 3,80,11,330/-. The actual assessable value appears to be Rs.20,20,28,946/- as per relevant customs notifications for such goods which merit classification under CTH 15119090, issued from time to time. The customs duty payable appears to be **Rs. 6,45,06,819/-**. Thus, M/s LAXMI had short paid the Customs duties to the tune of **Rs. 2,64,95,489/-/Rupees Two Crores Sixty Four Lakhs Ninety five Thousand Four Hundred and Eighty Nine Only** by way of mis-declaring and mis-classifying the goods as 'CPO' under CTH 15111000 instead of declaring the said goods under CTH 15119090 which is correct classification of subject goods. From the above, it appears that M/s LAXMI had paid lesser amount of customs duty and defrauded the government exchequer. The same is required to be recovered from them on account of mis-classification and mis-declaration.

8 CLASSIFICATION OF GOODS IMPORTED:

8.1 As discussed in the preceding paragraphs, though it appears that M/s. TIL had purchased different goods, viz., CPO, RBD and PFAD, blended them on board vessel and brought them into warehouse in the country. Further, in the import documents presented before Customs, they declared the warehoused cargo as CPO, by classifying the same under CTH 15111000. Furthermore, from the test reports, evidences recovered during investigation and statements of various persons recorded revealed that M/s. TIL had actually procured CPO, RBD and PFAD from the suppliers in Indonesia and blended all the three products during voyage of the vessels as discussed above.

8.2 In view of the above, the product imported by M/s. TIL is not CPO but *admixture of Crude Palm Oil, Palmolein and other palm-based oil*. Therefore, it is safe to conclude that the classification presented by M/s. TIL vide 12 Ware House Bills of Entry i.e. 15111000 and subsequently cleared vide 104 BoE for Home Consumption by various importers is not the correct classification. Thus, they have wrongly classified the product under CTH 15111000 and the said classification is required to be rejected and the goods need to be reclassified under appropriate CTH which is 15119090. **The Customs Tariff Heading 1511 covers Palm Oil and its fractions, whether or not Refined, but not chemically modified.** The Tariff Sub-Headings of CTH 1511 are as under: -

Tariff Item	Description of goods
15111000	Crude oil
151190	Other:
15119010	Refined bleached deodorised palm oil
15119020	Refined bleached deodorised Palmolein
15119030	Refined bleached deodorised palm stearin
15119090	Other

8.3 From the tariff sub-headings, it can be seen that CTH 15111000 covers Crude Palm Oil. The product in question imported by M/s. TIL is not Crude Palm Oil, **but, is an admixture of Crude Palm Oil, Palmolein and other palm-based oil**. Therefore, the product imported by M/s. TIL viz. admixture of Crude Palm Oil, Palmolein and other palm-based oil merits classification under CTH 15119090-Others. Hence, classification of the imported goods, done by M/s. TIL under CTH 15111000, is required to be rejected and goods is to be re-classified under CTH 15119090.

8.4 Further, the goods imported by M/s. TIL at Kandla Port, India by mis-declaring the same as Crude Palm Oil (CPO), under CTH 15111000 attracts duties of customs over different period of time during 2021-22, as per the following duty structure: -

DUTY STRUCTURE ON CPO UNDER CTH 15111000 OVER DIFFERENT PERIOD OF TIME

Effective Date	BCD (%)	AIDC (%)	SWS (SWS (@10% of all duties) (%)	IGST (%)
30.06.2021 to 10.09.2021	10% [BCD as per Ntnf No. 34/2021 – Cus. dated 29.06.2021]	17.5% [AIDC @ 17.5% as per Ntnf No. 11/2021 - Cus dated 01.02.2021]	2.75	5

	BCD on CPO withdrawn vide Ntnf. 43/2021 dated 10.09.2021]			
14.10.2021 to 20.12.2021	NIL [as amended vide Ntnf No. 48/2021- Cus. dated 11.09.2021]	7.5% [AIDC @ 7.5% as amended vide Ntnf. No. 49/2021-Cus dated	0.75	5
21.12.2021 to 15.02.2022	NIL	7.5%	0.75	5

8.4.1 However, the goods actually imported viz., admixture of Crude Palm Oil, Palmolein and other palm-based oil which merits classification under CTH 15119090 (Others- Palmolein) attracts duties as per the following duty structure: -

DUTY STRUCTURE ON ADMIXTURE OF CPO, RBD PALMOLEIN & PFAD UNDER CTH 15119090 OVER DIFFERENT PERIOD OF TIME

Effective Date	BCD (%)	AIDC (%)	SWS (@10% of all duties) (%)	IGST (%)
30.06.2021 to 10.09.2021	37.5% [as per Ntnf No. 34/2021 – Cus. dated 29.06.2021]	NIL	3.75%	5%
11.09.2021 to 13.10.2021	32.50% [as amended vide Ntnf No. 42/2021- Cus. dated 11.09.2021]	NIL	3.25%	5%
14.10.2021 to 20.12.2021	17.5% [as amended vide Ntnf No. 48/2021- Cus. dated 11.09.2021]	NIL	1.75%	5%
21.12.2021 to 15.02.2022	12.5% [as amended vide Ntnf no. 53/2021-Cus dated 20.12.2021]	NIL	1.25%	5%

8.4.2. From the above, it is apparent that the duty on goods falling under CTH 15111000 vis-a-vis duty on the goods falling under CTH 15119090, which is the correct classification of actually imported goods, appears to be lesser at different points of time. Despite being aware of the true nature of the impugned goods (i.e. the blended goods having FFA<3.5 and refining is cheaper in respect of such goods as percentage of RBD is more and their resultant product is RBD only), the manner adopted by the various importers for mis-classification of impugned goods for the sole purpose of claiming lower rates of duty appears to be indicative of their *Mensrea*. Therefore, by not declaring the true and correct facts, at the time of import in the Warehouse Bills of Entry by M/s. TIL, which mis-declared and mis-classified the goods as 'CPO', they appear to have indulged in mis-declaration & misclassification and suppression of facts with intent to evade payment of applicable BCD and Additional duty of Customs. In view of the foregoing, the amount of customs duty short paid duty on account of mis-declaration and misclassification by M/s. TIL and other ex-Bond filers of the Bills of Entry for Home Consumption as per Annexure-B is required to be

recovered from such importers. The above action on the part of M/s. TIL and such Ex-Bond filers of Bills of Entry for Home Consumption rendered the goods(non-seized and already cleared for home consumption) liable for confiscation under Section 111 of the Customs Act, 1962, which are already cleared on payment of lesser amount of customs duty.

9. STATUTORY LEGAL/PENAL PROVISIONS UNDER CUSTOMS ACT, 1962:

9.1 Section 17(1) of Customs Act 1962:

Where the duty has not been levied or has not been short-levied or the interest has not been charged or paid or has been part paid or the duty or interest has been erroneously refunded by reason of collusion or any wilful mis-statement or suppression of facts, the person who is liable to pay the duty or

interest, as the case may be, as determined under sub-section (2) of section 28 shall, also be liable to pay a penalty equal to the duty or interest so determined.

9.7. Section 30 of the Customs Act, 1962:

Delivery of arrival manifest or import manifest or import report.

30. (1) The person-in-charge of —

- (i) a vessel; or
- (ii) an aircraft; or
- (iii) a vehicle,

carrying imported goods or export goods or any other person as may be specified by the Central Government, by notification in the Official Gazette, in this behalf shall, in the case of a vessel or an aircraft, deliver to the proper officer an arrival manifest or import manifest by presenting electronically prior to the arrival of the vessel or the aircraft, as the case may be, and in the case of a vehicle, an import report within twelve hours after its arrival in the customs station, in such form and manner as may be prescribed and if the arrival manifest or import manifest or the import report or any part thereof, is not delivered to the proper officer within the time specified in this sub-section and if the proper officer is satisfied that there was no sufficient cause for such delay, the person-in-charge or any other person referred to in this sub-section, who caused such delay, shall be liable to a penalty not exceeding fifty thousand rupees:

Provided that the Principal Commissioner of Customs or Commissioner of Customs may, in cases where it is not feasible to deliver arrival manifest or import manifest by presenting electronically, allow the same to be delivered in any other manner.

(2) The person delivering the arrival manifest or import manifest or import report shall at the foot thereof make and subscribe to a declaration as to the truth of its contents.

(3) If the proper officer is satisfied that the arrival manifest or import manifest or import report is in any way incorrect or incomplete, and that there was no fraudulent intention, he may permit it to be amended or supplemented.

9.8 Section 132 of the Customs Act, 1962 - False declaration, false documents etc.:

Whoever makes, signs or uses, or causes to be made, signed or used, any declaration, statement or document in the transaction of any business relating to the customs, knowing or having reason to believe that such declaration, statement or document is false in any material particular, shall be punishable with imprisonment for a term which may extend to two years, or with fine, or with both.

10. OBLIGATIONS UNDER SELF-ASSESSMENT AND PENAL LIABILITY UNDER SECTION 114A OF THE CUSTOMS ACT, 1962

Section 17 of the Customs Act, 1962, was substituted with effect from 08.04.2011 introducing self-assessment of goods imported by the importers. Accordingly, self-assessed Warehouse Bills of Entry vide which the impugned goods of quantity 40521.398 MTs were imported through vessels viz., MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106, MT FMT EFES V202111 by M/s.

TIL were self-assessed by M/s. TIL. These subject goods were subsequently cleared by various importers as such as per Annexure -B to this show cause by way of mis-declaration and misclassification of the goods as CPO under CTH 15111000. The said imported goods were actually an admixture of CPO, RBD Palmolein and PFAD which merits classification under CTH 15119090 (Others-Palmolein). Such actions on the part of M/s. TIL resulted in short payment of duties of Customs by Ex-bond filers and importers who cleared such goods for home consumption.

Under the self-assessment procedure, it is obligatory on the part of importers to declare all the particulars such as description of the goods, appropriate CTH so as to arrive at a proper assessment of the applicable rate of duties by the proper Customs officer. While claiming any classification, it is obligatory on the part of the importer to check applicability of classification claimed by them to the imported goods. Despite being aware of the true nature of the impugned goods, to make the product marketable, and to earn commission on such imported goods, the manner adopted by the importer for mis-classification of impugned goods for the sole purpose of claiming lower rate of Basic Customs duty appears to be indicative of their *Mensrea*. Therefore, by not declaring the true and correct facts, at the time of import in the warehouse bills of entry, M/s. TIL mis-declared and misclassified the goods as 'CPO' appears to have indulged in mis-declaration & misclassification and suppression of facts with intent to evade payment of applicable BCD and Additional duty of Customs. These goods mis-declared/ mis-classified in W.H. Bills of Entry were subsequently led to the mis-declaration and misclassification in Ex-Bond Bills of Entry for Home Consumption presented before Customs for clearance of such goods by such importers who purchased said goods from M/s. TIL, thus, leading to short payment of duties. M/s LAXMI ,being one of them had filed the Ex Bond BoE for Home consumption (**Annexure-C**) and had short paid the customs duty to the tune of **Rs. 2,64,95,489/- [Rupees Two Crores Sixty Four Lakhs Ninety five Thousand Four Hundred and Eighty Nine Only]**.

It is well settled principle in law that buyers (Filers of Bills of Entry for Home Consumption in this case) are obligated to verify the source/antecedent of their supply (M/s TIL in the instant case); *Caveat emptor "let the buyer beware."* Potential buyers are warned by the phrase to do their research and ask pointed questions of the seller. The seller isn't responsible for problems that the buyer encounters with the product after the sale, which in this case such filers of Bills of Entry for Home Consumption have done so by mis-declaring with intent to suppress and falsity. The onus was on such filers of ex-Bond Bills of Entry for Home Consumption to perform due diligence before making the purchase and subsequent removal of goods from warehouse by filing Bills of Entry for Home Consumption.

Thus, in view of the omissions and commissions mentioned above, the total amount of duties which were short paid by **Rs. 2,64,95,489/- [Rupees Two Crores Sixty Four Lakhs Ninety five Thousand Four Hundred and Eighty Nine Only]** is due to be recovered from M/s LAXMI , being a filer of Ex-BoE for Home Consumption by invoking extended period of limitation. Also, by such act of purchase of goods/ clearance of goods from warehouse without verifying the correctness of such goods, M/s LAXMI, they have indulged themselves in such act of omission which rendered themselves liable to imposition of penalty under provisions of the Customs Act, 1962.

11. The subject SCN is being issued in view of the provisions of Section 28 of the Customs Act, 1962, under which Show Cause Notice is required to be given within period of five years where any duty has not been levied or not paid or has been short-levied or short-paid, by reason of suppression by the importer or the exporter or the agent or employee of the importer or exporter.

12. ROLE PLAYED BY VARIOUS COMPANIES/PERSONS:-

This appears a case of connivance amongst all the parties involved, wherein every stakeholder involved was aware of their illegal role being played by them. It appears that each stakeholder intended to suppress the facts before Indian Customs, to mis-declare the subject cargo to defraud the government exchequer. There are evidences of determinative character which complied with the inference arising from the dubious conduct of stakeholders seems to lead to the conclusion it was all planned to mis-declare the subject cargo and suppress the information from the department. The role in brief is reproduced below:-

12.1 M/s. TATA INTERNATIONAL LTD:

12.1.1. Scrutiny of the various documents/records as well as facts stated by various persons during investigation revealed that M/s. TIL and M/s. GIPL, in connivance with each other devised a strategic plan to import admixture of CPO, RBD and PFAD, by mis-declaring the same as CPO. They purchased CPO, RBD and PFAD in Indonesia from different suppliers. M/s. TIL facilitated M/s. GIPL, for procurement of Oil products i.e. CPO, RBD, PFAD from Indonesia. They gave go ahead to M/s. GIPL to enter into Charter Agreement with M/s. Oka Tankers PTE Ltd., Singapore & M/s. Telcom International Trading PTE. Ltd., Singapore for transporting the goods viz. RBD Palmolein, CPO, PFAD from different ports at Indonesia/ Thailand to India through vessels viz., MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106, MT FMT EFES V202111 as discussed in foregoing paragraphs; loaded on the vessels. As per the said Charter Agreement, after loading the above goods on vessel, blending of the above goods was carried out with the help of Owners of the vessel. After blending, they manipulated various documents to show the goods imported as CPO and presented the same before Customs. M/s. TIL (being the financial charterer of the vessels) filed W.H. Bills of Entry for entire quantity of 40486.172 MTs cargo, by mis-declaring the same as CPO, though they knew that the goods imported were actually admixture of CPO, RBD and PFAD, CPO & RBD respectively to earn commission. M/s. TIL mis-classified the goods so mis-declared under CTH 15111000, with intent which led to evasion of the appropriate duties of Customs by various ex-bond filers and to earn commission of such goods.

12.1.2 From the above, it appears that M/s. TIL, Mumbai imported '*admixture of Crude Palm Oil, Palmolein and other Palm based oil*' by mis-declaring the same as '*Crude Palm Oil*', classifying under CTH 15111000 instead of correct classification under CTH 15119090, which is the appropriate classification of the goods viz. '*admixture of Crude Palm Oil, Palmolein and other Palm based oil*', imported by them. It further appears that M/s. TIL played active role in ensuring the blending of CPO, PFAD & RBD Olien, which is not only prohibited, but also the act of agreeing/allowing to blend clearly demonstrates that the entire activity right from planning, creation, monitoring and managing

of all the operations was with a mala fide intention of evading customs duty. Thus, this appears to be is a clear case of suppression of information from the department and mis-declaration.

12.1.3 The above actions on the part of M/s. TIL had rendered the goods liable for confiscation under Section 111 of the Customs Act, 1962. The acts of omission and commission on the part of M/s. TIL rendered the imported goods liable for confiscation under Section 111(d), 111(f), 111(l) and 111(m) of the Customs Act, 1962 and rendered themselves liable to penalty under Section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962.

12.2 M/s. GLENTECH INDUSTRIES PRIVATE LIMITED/ M/s. Glentech Ventures PTE Ltd.:-

12.2.1 Scrutiny of the various documents/records, as well as facts stated by various persons during investigation, as discussed hereinabove, revealed that M/s. GIPL and M/s. TIL, in connivance with each other devised a strategic plan to import admixture of CPO, RBD and PFAD, by mis-declaring the same as CPO. They purchased CPO, RBD and PFAD in Indonesia from different suppliers. They entered into Charter Agreement with M/s. OKA Tankers PTE Ltd., Singapore and M/s. Telcom Trading International PTE Ltd., Singapore for transporting the goods from Indonesia to India through vessels MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106, MT FMT EFES V202111; loaded CPO on the vessels at different ports at Indonesia/ Thailand. As per the Charter Agreement, after loading the above goods on vessel, blending of the above goods was carried out with the help of the Owner(s) of the vessel(s). After blending, they arranged manipulated various documents to show the goods imported as CPO and presented the same before Customs. As per the instructions of Charterers the original documents viz. Bills of Lading etc. were secreted in the vessel and intentionally not produced before Customs. After import of the goods into India, the importer M/s. TIL filed W.H. Bills of Entry, by mis-declaring the goods as CPO, though they knew that the goods imported are admixture of CPO, RBD and PFAD. Further, after import of the goods into India, it was the responsibility of M/s. GIPL to get buyers for M/s. TIL for such goods/sell the goods into Indian market. The goods so mis-declared and mis-classified under CTH 15111000, with intent to evade the appropriate duties of Customs.

12.2.2 Thus, M/s. GIPL played active role in the purchase, transport, blending of the cargo during voyage of the vessels and import of the said goods by mis-declaring the same as CPO in W.H. Bills of Entry. From the above, it appears that M/s. GIPL actively connived/ concerned themselves in the import of '*admixture of Crude Palm Oil, Palmolein and other Palm based oil*' by mis-declaring the same as '*Crude Palm Oil*', and mis-classifying under CTH 15111000 instead of correct classification under CTH 15119090, which is the appropriate classification of the goods imported viz. '*admixture of Crude Palm Oil, Palmolein and other Palm based oil*'. It further appears that as a charterer, M/s. GIPL played active role in ensuring the blending of CPO, PFAD & RBD olein onboard vessel, which is not only prohibited, but also the act of agreeing/allowing to blend clearly demonstrates that the entire activity right from planning, creation, monitoring and managing of all the operations was with a mala fide intention of evading customs duty. Thus, this appears to be is a clear case of mis-declaration. Thus, M/s. GIPL has concerned themselves in

mis-declaration and mis-classification which rendered the goods liable for confiscation. The above action on the part of M/s. GIPL had rendered themselves liable to penalty under Section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962.

12.3. M/s. OKA Tankers Pvt. Ltd. and M/s. Telcom International PTE Ltd.

12.3.1. M/s. OKA Tankers Pvt. Ltd., 77 High Street Road, #8-10, High Street Plaza, Singapore 17943 were owner of the vessel MT Hong Hai6 and M/s. Telcom International PTE Ltd., 50 Bukit Batok Street 23, #06-11, Midview Building, Singapore 659578, were the owners of the vessels 'MT FMT Gumuldur', 'MT FMT EFES'. They entered into Tanker Voyage Charter Party agreement with M/s. TIWA, UAE/M/s. TISPL/ M/s. TIL and M/s. GIPL for transporting cargo from the ports in Indonesia/ Thailand to Kandla port in India. Further, as per the agreement, the above goods were to be blended on board, which were confirmed by all the parties viz. payment charterer, operational charterer and despondent owners; actively connived to replace the original BLs prepared at the port of loading with manipulated BLs after blending of the cargo on board; to present the manipulated documents before Customs at the time of arrival of the cargo at discharge port. The switching of Bills of Lading was done by the crew of the vessel owners, under guidance of their management. The Vessel owners viz., M/s. OKA Tankers Pvt. Ltd. and M/s. Telcom International PTE Ltd. entered into agreement which allowed blending of cargo i.e. CPO, RBD Palmolein and PFAD on board vessel, which is otherwise prohibited. Therefore, by indulging in such act of blending on board, manipulation of documents viz. IGM, Bills of Lading etc. in connivance with M/s. GIPL and M/s. TIL., allowing their conveyance to be used in such a manner which rendered the goods (non-seized – cleared in past) as well as vessel (non-seized – cleared in past) liable for confiscation under section 111 and 115 of the Customs Act, 1962. Accordingly, by indulging in such act of omission and commission, on their part abetted the importer to import goods by mis-declaring the same as CPO, by classifying the same under CTH 15111000, by allowing comingling/blending of cargo with led to evasion of the Customs Duty. Accordingly, it appears that they are liable for penal action under Sections under 112(a) & 112(b), 114AA and 117 of the Customs Act, 1962.

12.3.2. The indulging in the act of manipulation of the documents is punishable offence and thus by concerning themselves in such act of manipulation of documents concerned themselves liable to be charged for violations of Section 30 (Arrival Manifest production) read with Section 38 (Production of the documents) of the Customs Act, and therefore liable to be charged under Section 132 (false documentation). Further, he also concerned themselves in mis-declaration of goods by manipulating the actual documents for filing IGM with intent to help the importer M/s. TIL to evade Customs Duty. By such acts of omission and commission, the goods so imported (non-seized and cleared) by mis-declaring the same as CPO became liable for confiscation and they rendered themselves liable to penalty under Section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962 and also under Section 132 and 135(1) of the Customs Act, 1962.

12.4. ROLE OF CAPT. SHRI SANJAY KUMAR, MASTER OF VESSEL MT FMT GUMULDUR V.202109:-

12.4.1 Capt. Shri Sanjay Kumar, Master of vessel 'MT FMT Gumuldur V.202109' looked after the supervision of all activities relating to the vessel and responsible for all activities pertaining to the vessel including issuance of documents like Bill of Lading, Mate receipt, IGM/EGM related Customs documentation etc. Therefore, a summons dated 20.12.2023 was issued to him(via e-mail) to join the investigation, which was not responded to by him nor the vessel owner. Further, he allowed blending of 3499.71 MT Crude Palm Oil (CPO), loaded from Dumai (Indonesia), 8400.309 MT RBD and 200 MT PFAD, loaded from Kuala Tanjung Port, Indonesia and accordingly as per the instructions of their management; presented manipulated BLs, showing import of CPO thereby hiding the true nature of the goods onboard vessel. Thus, he was instrumental in blending of all the three cargos loaded on the vessel, preparation of manipulated documents, and presenting manipulated documents before Customs at the port of discharge, i.e., Customs, Kandla. It is pertinent to mention here that he issued/signed the switched Bill of lading by mis-declaring the goods as CPO instead of admixture of CPO and RBD Plamolein and filed the same before Indian Customs.

12.4.2 Thus, he failed in discharging his duties in the capacity of 'Master' of vessel to declare and submit the documents received at load port, at the discharge port with correct descriptions and other material particulars. Instead, he produced false documents viz. switched/ manipulated Bills of Lading before Customs for clearance of the cargo and suppressed the original Bills of Lading issued at the port of load. Thus, he abetted in blending/comingling of the goods onboard vessel, failed in declaring the correct particulars of the subject cargo in the documents, aided and abetted in manipulation of original documents pertaining to the subject imported goods and mis-declared the same as 'CPO' instead of 'admixture of Crude Palm Oil, RBD olein and PFAD'. He actively assisted the importer to enable them to mis-declare the imported goods as 'CPO'.

12.4.3 The act of manipulation of the documents is punishable offence and he rendered himself liable to be charged for violations of Section 30 (Arrival Manifest production) read with Section 38 (Production of the documents) of the Customs Act, and therefore liable to be charged under Section 132 (false documentation). Further, he also concerned himself in mis-declaration of goods by manipulating the actual documents for filing IGM with intent to help the importer M/s. TIL to evade Customs Duty. By such acts of omission and commission, the goods so imported by mis-declaring the same as CPO became liable for confiscation and he rendered himself liable to penalty under Section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962 and also under Section 132 and 135(1) of the Customs Act, 1962.

12.5. ROLE OF CAPT. SHRI LIU YOUYI, MASTER OF VESSEL MT. HONG HAI6 V.2106:

12.5.1 Capt. Shri Liu Youyi, Master of Vessel MT. Hong Hai6 V.2106, looked after the supervision of all activities relating to the vessel and responsible for all activities pertaining to the vessel including issuance of documents like Bills of Lading, IGM/EGM related Customs documentation etc.

Therefore, a summons dated 20.12.2023 was issued to him(via e-mail) to join the investigation, which was not responded to by him nor the vessel owner. Further, he allowed blending of 8948.55 MT Crude Palm Oil (CPO), loaded from Phuket (Thailand), 6513.52 MT RBD, loaded from Kuala Tanjung Port, Indonesia and accordingly as per the instructions of their management, presented manipulated BLs, showing import of CPO thereby hiding the true nature of the goods onboard vessel. Thus, he was instrumental in blending of all the three cargos loaded on the vessel, preparation of manipulated documents, and presenting manipulated documents before Customs at the port of discharge, i.e. Customs, Kandla. It is pertinent to mention here that he issued/signed the switched Bill of lading by mis-declaring the goods as CPO instead of admixture of CPO and RBD Plamolein and filed the same before Indian Customs.

12.5.2 Thus, he failed in discharging his duties in the capacity of Master of vessel to declare and submit the documents received at load port at the discharge port with correct descriptions and other material particulars. Instead, he produced false documents viz. switched/ manipulated Bills of Lading before Customs for clearance of the cargo and suppressed the original Bills of Lading issued at the port of load. Thus, it appears that he abetted in blending/comingling of the goods on-board vessel, failed in declaring the correct particulars of the subject cargo in the documents, abetted in manipulation of original documents pertaining to the subject imported goods and mis-declared the same as 'CPO' instead of 'admixture of Crude Palm Oil, RBD olein and PFAD'. He actively assisted the importer to enable them to mis-declare the imported goods as 'CPO'.

12.5.3 The act of manipulation of the documents is punishable offence and he rendered himself liable to be charged for violations of Section 30 (Arrival Manifest production) read with Section 38 (Production of the documents) of the Customs Act, and therefore liable to be charged under Section 132 (false documentation). Further, he also concerned himself in mis-declaration of goods by manipulating the actual documents for filing IGM with intent to help the importer M/s. TIL to evade Customs Duty. By such acts of omission and commission, the goods so imported by mis-declaring the same as CPO became liable for confiscation and he rendered himself liable to penalty under Section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962 and also under Section 132 and 135(1) of the Customs Act, 1962.

12.6 SHRI SIDHANT AGARWAL, DIRECTOR OF M/S. GLENTECH INDUSTRIES PRIVATE LIMITED, INDIA & M/s. GLENTECH VENTURES PRIVATE LIMITED, SINGAPORE:

12.6.1 Shri Sidhant Agarwal, Director of M/s. GIPL and M/s. GVPL, Singapore was the key person in the entire racket of import of '*admixture of Crude Palm Oil, Palmolein and other Palm based oil*', by mis-declaring the same as Crude Palm Oil. M/s. GVPL, Singapore purchased and/or arranged purchase of the goods CPO, RBD and PFAD in Indonesia and sold to/ changed the contracts to the name of M/s. TIWA, UAE/ M/s. TISPL, who in turn sold the goods to M/s. TIL, Mumbai, the importer and filer of W.H. Bills of Entry of the goods in the present case, as per the agreement between M/s. TIWA & M/s. GVPL. The said goods viz. CPO, RBD & PFAD were blended during voyage of the Vessels MT FMT Gumuldur V.202109, CPO & RBD were blended during

the voyage of MT Hong Hai6 V.2106 and MT FMT EFES V.202111 at the behest of charterer M/s. GIPL and M/s. GVPL(operational charterer). M/s. TIL (being the financial charterer) filed the W.H. Bills of Entry, by mis-declaring the goods as CPO, by classifying the same under CTH 15111000 for earning commission. Further, after import of the goods into India, it was the responsibility of M/s. GIPL to sell the goods into Indian market.

12.6.2 Further, M/s. GIPL in connivance with M/s. TIL entered into agreement with respective vessel owners for transporting the goods into India. It was decided to blend the goods onboard during voyage of the vessel. The instructions for blending were given by M/s. GIPL to M/s. Midas Tankers Pvt. Ltd. Thus, Shri Sidhant Agarwal, Director of M/s. GIPL played active role in ensuring the blending of CPO, PFAD & RBD oil. The above act of import of goods by blending the three products right from planning, creation, monitoring and managing of all the operations was with a mala fide intention to evade Customs duty. Thus, he knowingly played an important role in effecting the said unscrupulous import which became liable to confiscation under Section 111 of the Customs Act, 1962. The acts of omission and commission on the part of Shri Sidhant Agarwal rendered the imported goods (non-seized- cleared in past) liable for confiscation under Section 111(d), 111(f), 111(l) and 111(m) of the Customs Act, 1962. He had knowingly and intentionally caused to be made, signed or used documents relating to import of goods by mis-declaring it as CPO, which he knew or had reason to believe were false and incorrect in material particulars. Hence, the said act on his part rendered him liable for penalty under Section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962.

12.7 SHRI SUDHANSU AGARWAL, REPRESENTATIVE AND EX-CEO OF M/S. GIPL:

12.7.1 Shri Sudhanshu Agarwal, Representative and Ex-CEO of M/s. GIPL is looking after all the business affairs of the company. He used to execute business deals of M/s. GIPL, got business support through M/s. GVPL, which is parent company of M/s. GIPL M/s. GIPL entered into contract with the vessel owners to blend the different cargoes viz. CPO, RBD Palmolein and PFAD as discussed in foregoing paras and accordingly issued directions for blending of CPO, RBD & PFAD. He was in direct touch with Shri Amit Thakkar of M/s. TIL to obtain concurrence for blending of goods; and also appointed the surveyor, in agreement with M/s. TIL who approved the blending plan. He on behalf of M/s. GIPL, being operational charterer floated inquiry with the vessel broker for requirement of vessel with blending facility only.

12.7.2 Though the title of the goods always remained with M/s. TIL, he passed the orders/directions in connivance with M/s. TIL. M/s. GIPL in connivance with M/s. TIL imported the cargo after blending RBD, CPO, PFAD on board and indulged in bond to bond sale of the said quantity of 40486.172 MT of imported cargo through vessels MT FMT Gumuldur, MT Hong Hai6, MT FMT EFES which were mis-declared as CPO under CTH 15111000 instead of appropriate CTH 15119090 with an intent to evade the Customs duty by them as well as to make it marketable and to sell such goods in Indian market. By such acts of omission and commission he has rendered himself liable to penalty for mis-declaration of imported goods under section 112(a) and 112(b) of the Customs Act, 1962. He had knowingly and intentionally caused to be

made, signed or used documents relating to import of goods by mis-declaring it as CPO, which he knew or had reason to believe were false and incorrect in material particulars. Hence, the said act on his part rendered him liable for penalty under Section(s) 112(a), 112(b), 114AA and 117 of the Customs Act, 1962.

12.8 ROLE OF SHRI AMIT THAKKAR, SENIOR MANAGER, M/S. TATA INTERNATIONAL LTD (AGRI DIVISION):

12.8.1 Shri Amit Thakkar, Senior Manager, M/s. TIL (Agri Division) was aware of the fact that “RBD” and “PFAD” were loaded at Kuala Tanjung Port, Indonesia and CPO was loaded in DUMAI port and Phuket Port, Thailand. He was also aware that after blending, the original BLs were switched and were replaced by manipulated BLs, showing entire cargo as CPO. Despite the facts that he knew that the goods imported were not CPO, but an admixture of CPO, RBD and PFAD, BL and other documents, showing import of CPO were submitted before the Customs Authority. He admitted that post blending of the goods onboard, the original Bills of Lading were switched to Global Bills of Lading, showing entire quantity as CPO.

12.8.2 Thus, Shri Amit Thakkar played active role in import of admixture of CPO, RBD and PFAD, by mis-declaring the same as CPO, classifying under CTH 15111000 instead of appropriate CTH 15119090 with intent to evade the Customs duty. By such acts of omission and commission he has rendered himself liable to penalty for mis-declaration of imported goods under section 112 (a) and 112(b) of the Customs Act, 1962. He had knowingly and intentionally caused to be made, signed or used documents relating to import of goods by mis-declaring it as CPO, which he knew or had reason to believe were false and incorrect in material particulars. Hence, the said act on his part rendered him liable for penalty under Section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962.

12.9 ROLE OF SHRI SHRIKANT SUBBARAYAN, HEAD OF AGRI (BUSINESS) DIVISION, M/S. TIL (AGRI DIVISION):

12.9.1 Shri Shrikant Subbarayan had given approval for finalizing the deal in providing Trade Facilitation to M/s. GIPL/GVPL. He approved the final contract between M/s. TIL and M/s. GVPL to facilitate the latter in import of goods by way of mis-declaration and mis-classification of goods. He was aware of the purchase of CPO, RBD and PFAD in Indonesia, blending of all the three cargo onboard, preparation of manipulated documents. He was also aware that at the time of import the W.H. Bills of Entry were filed mis-declaring the goods as CPO, by classifying the same under CTH 15111000, though he knew that the goods imported is admixture of CPO, RBD and PFAD, which merits classification under CTH 15119090 (non -seized and cleared), with an intent to earn commission and evade the Customs duty. By such acts of omission and commission he has rendered himself liable to penalty under section 112 (a) and 112(b) of the Customs Act, 1962. He had knowingly and intentionally caused to be made, signed or used documents relating to import of goods by mis-declaring it as CPO, which he knew or had reason to believe were false and incorrect in material particulars. Hence, the said act on his part rendered him liable for penalty under Section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962.

12.10 ROLE OF SHRI AMIT AGARWAL, ASSTT. VICE PRESIDENT, M/S. GLENTECH INDUSTRIES PRIVATE LIMITED & M/S. GLENTECH VENTURE PTE LTD., SINGAPORE:

12.10.1 He was actively involved in purchase of imported cargo imported in the name of M/s. TIL., from overseas suppliers. Being Authorized Signatory of M/s. GIPL., he was instrumental in entering into the agreement for commodity supply and service agreement dated 09.03.2021 between M/s. GIPL & M/s. TIL. He was aware of the fact that CPO, RBD and PFAD were purchased from the overseas suppliers in Indonesia. He was also aware that the above goods were blended on board vessel. Being authorised signatory, he concerned himself in signing of charter party agreement with M/s Telcom International PTE Ltd and M/s. Oka Tankers PTE Ltd. As per the agreement, CPO was to be loaded from Dumai port and RBD and PFAD were to be loaded from Kuala Tanjung port. After loading the above goods, all the goods were blended on board. After blending, manipulated documents, switch BL was prepared, showing cargo as CPO, though it was an admixture of CPO, RBD and PFAD.

12.10.2 Thus, he was actively involved in the acts of omission and commission to assist the importer to import goods by mis-declaring the same as CPO, by classifying the same under CTH 15111000, though the goods imported was admixture of CPO, RBD and PFAD, which merits classification under CTH 15119090, with an intent to evade the Customs duty. The above act on his part rendered the goods liable for confiscation and rendered himself liable to penalty under section 112(a), 112(b), 114AA and 117 of the Customs Act, 1962.

12.11 ROLE OF M/s. LAXMI AGROILS PRIVATE LIMITED AND ITS DIRECTOR.

12.11.1 M/s LAXMI had purchased the **2223 MTs** of said blended goods viz. admixture of CPO, RBD Palmolein, PFAD which were originally imported by M/s TIL by the way of mis-declaration and mis-classifying as CPO under CTH 15111000 in the W.H. B.E.s filed before Kandla Customs with intent to evade the appropriate duties of Customs. M/s. TIL had suppressed this information from Department while filing W.H.B.Es. Also, by entering into charter agreement as financial charterer they were aware that the blending on board vessel has to be undertaken in order to make it marketable in domestic market.

12.11.2 Further, M/s. LAXMI cleared a portion of such imported goods having quantity of 2223 MTs of goods having actual assessable value of Rs. 20,20,28,946/- (Rupees Twenty Crores Twenty Lakhs Twenty Eight Thousand Nine Hundred and Forty six only) by way of mis-declaring the same as 'CPO' in the Ex-Bond Bills of Entry filed by them and thus evaded Customs Duty amounting to Rs. **2,64,95,489/-** (Rupees Two Crores Sixty Four Lakhs Ninety five Thousand Four Hundred and Eighty Nine Only) under the Bills of Entries as per Annexure -C.

12.11.3 M/s LAXMI being a buyer has the obligation to verify the source/antecedent of their supply. Thus, onus was on the M/s LAXMI to

perform due diligence before making purchase and subsequent clearance of goods from Warehouse by filing Ex-Bond BoE. Thus, in view of the omissions mentioned herein above, the differential duty of Rs. **2,64,95,489/-** (Rupees Two Crores Sixty Four Lakhs Ninety five Thousand Four Hundred and Eighty Nine Only) has been short paid by them on account of suppression, mis-declaration and misclassification of goods in the respective Ex- Bond Bills of Entry and is due to be recovered from them. The acts of omission on the part of M/s LAXMI rendered the imported goods (non-seized – cleared in past) liable for confiscation under Section 111(d), 111(f), 111(l) and 111(m) of the Customs Act, 1962 and rendered themselves liable to penalty under Section 112(a), 112(b), 114A and 114AA, 117 of the Customs Act, 1962.

13. LIABILITY TO CONFISCATION OF THE IMPORTED GOODS, WHICH WERE NOT SEIZED AND CLEARED:

13.1. Further, in view of the above, it appears that M/s. Tata International Ltd wilfully mis-declared, mis-stated and suppressed the facts regarding description and classification of the impugned goods at the time of filing W.H. Bills of Entry and which were subsequently cleared by various ex-bond filers vide various Bills of Entry (as detailed in **Annexure-B**) and had claimed lower rates of Customs duties as discussed herein above. Due to this deliberate act of mis-classification and mis-declaration in the import of entire quantity of 40521.39 MT vide vessels MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106 and MT FMT EFES V.202111 on the part of M/s. TIL and lead to short payment of Customs duties by various Ex-bond filers on goods non-seized and already cleared by them. Further, by this deliberate act of mis-declaration and mis-classification appears to be with intent to evade Customs duty. Therefore, it appears that the liability to pay the dues arise on the part of actual beneficial owners, i.e. importers of such goods who cleared these goods by way of filing Ex-Bond Bills of Entry for home consumption.

13.2. It further appears that since the duty on the goods imported by M/s LAXMI was short levied on account of mis-declaration and misclassification, which is liable to be demanded and recovered under the provisions of Section 28(4) of the Customs Act, 1962 and clearance of **2223 MTs** (non-seized- cleared in past) of the said goods by M/s LAXMI also appears to be liable for confiscation. Accordingly, M/s LAXMI also appears liable for imposition of penalty under section 112(a) & 112(b), 114A, 114AA and 117 of the Customs Act, 1962.

14. CALCULATION OF DIFFERENTIAL DUTY RECOVERABLE:

14.1. M/s. TIL and M/s. GIPL, in connivance with each other devised a strategic plan to import admixture of CPO, RBD and PFAD, by mis-declaring the same as CPO. They purchased CPO, RBD and PFAD in Indonesia/ Thailand from different suppliers. They entered into Charter Agreement for transporting the goods from Indonesia and Thailand to India with M/s. OKA Tankers PTE Ltd. through vessel 'MT Hong Hai6 V.2106' and M/s. Telcom International PTE Ltd, through vessels 'MT FMT Gumuldur V.202109' and 'MT FMT EFES V.202111' having blending facility and switching of Bills of Lading clause in the agreements. The details of the goods loaded at different ports and imported vide different vessels and after blending, the goods described in the bill of entry are as per below mentioned table-

Sr. No.	VESSEL NAME	COMMODITY loaded at load Port	QTY (MTs)	LOAD PORT	Bill of Lading no.	Ware House Bill of Entry
1	FMT GUMULDUR Voy.202109	CPO	3499.71	DUMAI, INDONESIA	DMI/DEE/02 and DMI/DEE/03 dated 12.08.2021	5302477, 5302489, 5302500, 5302513, 5302519 & 5302523 ; all dated 03.09.2021
		RBD PALM OLEIN	8400.300	KUALA TANJUBG, INDONESIA	KTG/DEE/01 dated 17.08.2021	
		PFAD	200	KUALA TANJUBG, INDONESIA	KTG/DEE/02 dated 16.08.2021	
		Total	12100.01			
2	MT HONG HAI6 V.2106	RBD PALM OLEIN	6513.520	KUALA TANJUBG, INDONESIA	KTG/DEE/01 dated 30.09.2021	5916265, 5916285, 5916291 & 5916292 all dated 20.10.2021
		CPO	8948.550	Phuket, Thailand	HH6V2106PHU-02 , HH6V2106PHU-02 dated 06.10.2021	
		Total	15462.07			
3	MT FMT EFES VOY. 202111	RBD PALM OLEIN	5086.015	KAULA TANJUNG, INDONESIA	KTP/DEE/01 dated 26.10.2021	6212683 & 6212824 ; both dated 11.11.2021
		CPO	7873.290	PHUKET PORT, THAILAND	KTP/DEE/02 and PHP/DEE/03 dated 31.10.2021	
		Total	12959.31			

In view of above, total 40521.398 MT of admixture of CPO, RBD and PFAD were imported through the above mentioned 03 vessels viz., MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106, MT FMT EFES V202111 and mis-declared the same as 'CPO' before Customs Authorities at Kandla Port in Warehouse Bills of Entry (Annexure-A).

14.2. The documentary as well as oral evidences, as discussed in brief in foregoing paras conclusively establish that though M/s. TIL had imported admixture of CPO, RBD and PFAD and while filing warehouse bill of entry at the Kandla port, M/s TIL in the import documents mis-declared the entire quantity of 40521.39 MT cargo as CPO brought into the country vide vessels MT FMT Gumuldur V.202109, MT Hong Hai6 V.2106, MT FMT EFES V202111 and mis-classified the same under CTH 15111000. It is safe to conclude that the same was done by suppressing the facts that the goods imported were actually admixture of CPO, RBD and PFAD, CPO and RBD respectively which merits classification under CTH 15119090. The above act on the part of M/s. TIL subsequently resulted in short payment of customs duties to the tune of **Rs. 2,64,95,489/-** at the time of clearance of such imported goods from warehouse by M/s LAXMI and thus, defrauding the government exchequer.

14.3. CBIC vide following notification have notified the tariff rate of items vide various non- tariff notification of Customs. The notifications applicable on the date of presentation of Bills of Entry for Home consumption by M/s LAXMI are:- Notification No. 69/2021 – Customs (N.T.) dated 31.08.2021 and 81/2021 -Customs (N.T) dated 14-10-2021, The tariff rate (USD per metric Ton) are notified therein, and mentioned as below:-

Notification No.	Sr No.	Chapter/ heading/ sub-heading/ tariff item	Description of Goods	Tariff rate (US\$ per metric Ton)
------------------	--------	--	----------------------	-----------------------------------

69/2021 - Customs (N.T) dated 31-08- 2021	6 of Table - I	15119090	Others - Palmolein	1063
81/2021 - Customs (N.T) dated 14-10- 2021	6 of Table - I	15119090	Others - Palmolein	1223

14.4. Further, M/s. LAXMI had filed the self-assessed Ex-Bond BoE for Home consumption for clearance of goods having quantity equivalent to **735 MTs** imported vide vessel “MT FMT GUMULDUR V.202109” and **1488 MTs** imported vide vessel “MT Hong Hai 6 V. 2106” as discussed in **Annexure-C**. The above act on the part of importer resulted into short payment of Customs duties which appears to be payable under CTH 15119090 as per the below mentioned Customs Tariff notifications:-

**DUTY STRUCTURE ON ADMIXTURE OF CPO, RBD PALMOLEIN & PFAD UNDER CTH 15119090
OVER DIFFERENT PERIOD OF TIME**

Effective Date	BCD (%)	AIDC (%)	SWS (@10% of all duties) (%)	IGST (%)
30.06.2021 to 10.09.2021	37.5% [BCD @37.5% as per Ntn No. 34/2021 – Cus. dated 29.06.2021]	NIL	3.75%	5%
11.09.2021 to 13.10.2021	32.50% [BCD @ 32.5%, amended vide Ntn No. 42/2021- Cus. dated 11.09.2021]	NIL	3.25%	5%
14.10.2021 to 20.12.2021	17.50% [as amended vide Ntn No. 48/2021- Cus. dated 11.09.2021]	NIL	1.75%	5%

Further, the duty paid by M/s. LAXMI vis-à-vis duty actually payable by M/s. LAXMI is calculated as per **Annexure -C** to this show cause.

14.5 The total differential duty to be paid by M/s. LAXMI on the goods imported by way of mis-declaration and misclassification of the goods as CPO under CTH 15111000 amounts to **Rs. 2,64,95,489/-** (Rupees Two Crores Sixty Four Lakhs Ninety five Thousand Four Hundred and Eighty Nine Only) in respect of goods already cleared by them having assessable value, arrived as per the aforementioned tariff notification equivalent to Rs. 20,20,28,946/- (Rupees Twenty Crores Twenty Lakhs Twenty Eight Thousand Nine Hundred and Forty six only). The differential duty is required to be recovered from them by invoking the provisions of Section 28 of the Customs Act, 1962 along with interest under Section 28AA.

15. SHOW CAUSE:

15.1. Now therefore, **M/s. Laxmi Agroils Private Limited. (IEC-2913002307), having regd. office at Flat No. 1028, 10th Floor, Roots Tower, Plot No.7 , District Centre Laxmi Nagar, New Delhi-110092**, are called upon to show cause in writing to the Commissioner of Customs, Kandla as to why: -
