BRIEF FACTS OF THE CASE

M/s. Ashutosh Metal Pvt. Limited, 8 Ashutosh House, Opp. Print Vision, NR. Kalyan Jewellers, Ambawadi, AHMEDABAD-380006 (IEC:0802010857/4) (hereinafter referred to as the 'Importer'), have imported following consignments of metallic Scrap of Myanmar origin, on high seal sale basis, as detailed in Table-A, below and for clearance thereof, filed Bill of Entry detailed in Table-B, below through Customs Brokers mentioned against respective Bill of Entry.

Table-A

Sr. No.	Bill of Lading	Description of goods	Invoice	Qty (MT)
1	BL OOLU2321666770 dated 09.03.2026	Stainless steel Scrap Grade 201	HS/022/25-26 dt 23.03.2026	99.715

Table-B

Sr.No.	B/E No. & date	Qty (MT)	CIF Value (Rs.)	B/E. filed by CB
2	8551776 dated 08.04.2026	99.715	63,67,466/-	CHA M/s Balaji Logistics and Clearing
Total		99.715	63,67,466/-	

2. However, before doing goods registration in above Bills of Entry, the Importer approached Customs vide letters dated 21.04.2026 informing that the above consignment has been imported without Pre-shipment Inspection Certificates and requested to have their consignments inspected by an approved Pre-shipment Inspection Agency.

3. Imports into India and exports out of India are regulated by Foreign Trade Policy notified by Government of India under Section 5 of the Foreign Trade (Development & Regulation) Act, 1992, as amended. Procedures to be followed by an exporter or importer or by any Licensing/Regional Authority or by any other authority for purposes of implementing provisions of FT (D&R) Act, and FTP are contained in Handbook of Procedures issued by Director General of Foreign Trade (DGFT) under Para 1.03 of FTP. Further, Para 2.32 of Foreign Trade Policy (FTP for short) read with Para 2.51 of Handbook of Procedures, requires that any consignment of any form of metallic waste or scrap coming to India is subjected to Inspection by a Pre-shipment Inspection Agency, notified for the purpose by Directorate General of Foreign Trade, for confirming that the consignment does not contain hazardous, toxic waste, radioactive contaminated waste/scrap containing radioactive material, any types of arms, ammunition, mines, shells, live or used cartridge or any other explosive material in any form either used or otherwise. Para 2.32 of FTP and relevant clauses of Para 2.51 of Handbook of Procedures are reproduced below.

Para 2.32 of Foreign Trade Policy:

Import of any form of metallic waste, scrap will be subject to the condition that it will not contain hazardous, toxic waste, radioactive contaminated waste/scrap containing radioactive material, any types of arms, ammunition, mines, shells, live or used cartridge or any other explosive material in any form either used or otherwise as detailed in Para 2.51 of Handbook of Procedures.

Para 2.51 (d) of Handbook of Procedures (which deals with Scrap in un-shredded form)

(d) Import of un-shredded compressed and loose form of metallic waste, scrap shall be subject to the following conditions: -

(i) At the time of the clearance of goods, importer shall furnish to the Customs pre-shipment inspection certificate as per the format in Appendix 2H from any of the Inspection & Certification agencies given in Appendix-2G to the effect that the consignment does not contain any type of arms, ammunition, mines, shells, cartridges, or any other explosive material in any form either used or otherwise, and that the consignment was checked for radiation level and it does not contain radiation level (gamma and neutron) in excess of natural background. The certificate shall give the value of background radiation level at that place as also the maximum radiation level on the scrap.

..

4. Therefore, provisions of Para 2.32 of FTP and Para 2.51 (d)(i) of Handbook of Procedures (HBoP) make it clear that any metallic scrap being imported into India is required to be inspected for presence of arms / ammunition and radioactive contaminated waste before shipment into India and the Importer has to produce a certificate in prescribed format (Appendix 2H) confirming these facts. The agencies which can carry out such inspections are notified by DGFT in Appendix G to HBoP.

5. Since, goods covered under Bill of Lading listed in Table A above has been imported into India without the valid PSIC certificates, the impugned goods are liable for confiscation under Section 111(d) of the Customs Act, 1962, for having been imported in contravention of Provisions of Foreign Trade (Development & Regulation) Act, 1992 read with relevant provisions of FTP and HBoP. Further, since the Importer M/s. Ashutosh Metal Pvt. Limited have failed to follow procedure prescribed, under Foreign Trade Policy, for import of metallic scrap, they have rendered the goods liable for confiscation under Section 111(d) and are thus liable for penalty under Section 112(a)(i) of the Customs Act, 1962.

6. As per request of the Importer vide letters dated 21.04.2026, the goods were allowed to be inspected by PSIA post import and first check examination by Customs was conducted. The consignments have been inspected by PSIA M/s. Seacor International LLC in ICD Sanand on 24.04.2026 and as per PSIC dated 25.04.2026 issued by said PSIA the import consignments are, inter alia, found free from arms / ammunition and radiation levels are within normal limits. Image of the PSIC is attached below:

S.No. IN1120260019

Post-Shipment Inspection Certificate

This post-shipment inspection certificate is issued in terms of paragraph 2.32.2 A of handbook of Procedure (Vol.1) for import of shredded, unshredded, compressed and loose forms of metallic waste and scrap.

We, Seacor International LLC, conducted Post Shipment Inspection at ICD SANAND, Gujarat & We report as follow:

- (1) We Carried Out The Visual Inspection Of STAINLESS STEEL MELTING SCRAP GRADE 201 at ICD SANAND, Gujarat. We Carried Out The Inspection And Took The Radiation Readings Of The Background With Our Radiation Check Meters. The Details Are As Under:
- (a) The import consignment is actually metallic as per the internationally accepted parameters for such a classification.
- (b) Details of Importer is as Follows:
- (i) Name : MIS. ASHUTOSH METAL PRIVATE LIMITED
(ii) Address : 255 MAHAGUJARAT IND.ESTATE MAURALYA SANAND, CHANGODAR, AHMEDABAD-382213
- (iii) IEC No. : 0802010857
(iv) Telephone No. : +919979858595
(v) E-mail : import@amplgroup.in
(vi) GSTIN : 24AADCA2246A12H
(vii) PAN No. : AADCA2246A
- (c) Type of Metal : UN-SHREDDDED
(d) BL No./BOE: OOLU2321666770/ 8551776/08/04/2026
(e) Details and Quantity of Import:

Description Of Metallic Scrap	Consignment Quantity in (MTs)
STAINLESS STEEL MELTING SCRAP GRADE 201 HS CODE: 72042190	99.715

S. No.	CONTAINER NO.
1.	TEMU3855690
2.	CSLU1473211
3.	DFSU1562639
4.	TEMU0155749
5.	CBHU4355361

- (f) (i) Country Of Inspection : INDIA
(ii) Place of Inspection : ICD SANAND
(iii) Date of Inspection : 24.04.2026
(iv) Duration of Inspection (in hours) : 08 hours
- (g) The following equipment's have been used for inspecting the consignment.
- (i) Make : RADCOMM SYSTEMS CORP
(ii) Model : MSPEC
(iii) Serial No. : 200450
(iv) Last date of calibration : 25/07/2025
1. The consignment does not contain any type of arms, ammunition, mines, shells, cartridges, or any other explosive material in any form, either used or otherwise, and that the consignment was checked for radiation level and it does not have radiation levels (gamma and neutron) in excess of natural background, Following are the values of:-
(i) Background radiation level at the place of examination is 0.08 μ Sv/h.
(ii) Maximum radiation level on the scrap is 0.06 μ Sv/h.
2. We hereby declare that the particulars and statements made in this certificate are true and correct and nothing has been concealed or held there from.

The Customs examination has also found the goods as per declared description. The Importer through letter dated 21.04.2026 have also provided copies of Sales Contracts which, inter alia, mention that the consignment does not contain any types of arms, ammunition or any other explosive material in any form either used or otherwise.

PERSONAL HEARING

7. Importer vide letters dated 21.04.2026 had, inter-alia, conveyed their willingness to pay any penalty / fine and requested for waiver of Show Cause Notice and Personal

Hearing. In view of this I proceed to decide the case on the basis of facts and available records.

DISCUSSION AND FINDINGS

8.1 I have carefully gone through the facts of the case. I find that M/s Ashutosh Metal Pvt. Limited, have imported a consignment of metallic scrap (details as per Table-A) and for custom clearance thereof, 01 Bill of Entry (as detailed in Table-B) has been filed. However, instead of proceeding for customs clearance, the Importer approached Customs, informing that the consignment of metallic scrap have been imported without Pre Shipment Inspection Certificate and that they may be allowed to have the goods inspected by PSIA post import.

8.2 I find that the provisions of Foreign Trade Policy (Para 2.32) read with Handbook of Procedures (Para 2.51) quoted in foregoing paras make it clear that consignments of metallic scrap have to be inspected by a Pre-Shipment Inspection Agency in the country of export itself for confirming that it does not contain hazardous, toxic waste, radioactive contaminated waste/scrap containing radioactive material, any types of arms, ammunition, mines, shells, live or used cartridge or any other explosive material. Para 2.51 (d) (v)(vi) of HBoP makes it more clear, which states "Import consignments of metallic waste and scrap shall be subject to pre-shipment inspection certificate (PSIC) from the country of origin."

8.3 The importer even though have voluntarily informed the fact of consignments not being accompanied by PSIC and the consignment upon post import inspection at ICD Sanand by PSIA have been found to be free from arms / ammunition / radioactive material, the provisions of Foreign Trade (Development & Regulation) Act, 1992 read FTP and HBoP have been contravened by the Importer by importing metallic scrap into India without accompanied by valid PSIC. As such, I find that the subject import goods, are liable for confiscation under Section 111(d) of the Customs Act, 1962. The failure to follow procedure prescribed, under Foreign Trade Policy, for import of metallic scrap, is an omission on part of the Importer M/s. Ashutosh Metal Pvt. Limited. Therefore, M/s. Ashutosh Metal Pvt. Limited are liable for penalty under Section 112 (a)(i) for rendering goods liable for confiscation. However, I find that the Importer did not intend to clear the consignments without prescribed inspection by PSIA and I also find that for this procedural breach the importer had voluntarily informed the fact to Customs Department. The requirement of FTP & HBoP have also been met after completion of post import inspection of goods by PSIA. The Importer vide letters dated 21.04.2026 of Customs Brokers has also provided copies of Sales Contracts in respect of the impugned consignment which, inter alia, contain the clause that the consignment does not contain hazardous; toxic waste, radioactive contaminated waste/ scrap containing radioactive material, any type of arms or ammunition either used or otherwise. In light of these facts I am inclined to be lenient in imposing fine and penalty on the Importer.

9. Accordingly, I pass the following order:

ORDER

- i. I order for confiscation of the impugned goods i.e. 99.715 MTs Stainless Steel scrap valued at Rs. 63,67,466/- sought clearance under Bill of Entry No. (details as per Table-A and B above) under Section 111(d) of the Customs Act, 1962. However, I give the importer an option under provision of Section 125(1) of the Customs Act, 1962, to redeem the said goods on payment of redemption fine of **Rs.30,000/- (Rupees Thirty Thousand only)**.
- ii. I impose a penalty of **Rs. 15000/-(Rupees Fifteen Thousand only)** on Importer M/s. Ashutosh Metal Pvt. Limited, 8 Ashutosh House, Opp. Print Vision, NR. Kalyan Jewellers, Ambawadi, AHMEDABAD-380006 (IEC:0802010857/4) under Section 112(a)(i) of the Customs Act, 1962.

10. This Order is issued without prejudice to any other action that may be taken against the Importer or other in respect of the imported goods under the provisions of the Customs Act, 1962 or any other law for the time being in force in India.

(Shravan Ram)
